Our Compensation Philosophy and Practices

NVIDIA is building a one-of-a-kind company that invents the future, builds amazing technologies, and strives to achieve the highest level of craft. To achieve this vision, we must attract and retain a high-caliber executive team while balancing our stockholders' interests. While our CC considers numerous factors in making executive pay decisions, our compensation program is guided by the following philosophies:

- **Pay for Performance**: emphasize at-risk and performance-based cash and equity for NEOs based on multiple corporate metrics
- **Provide Competitive Pay**: NEO target compensation should be competitive with our peers, reflect job impact, scope, and responsibilities, and be structured to attract and retain talent
- **Stockholder Alignment**: align NEO pay with stockholders' long-term interests and adjust appropriately for feedback from our annual stockholder engagement efforts and "say-on-pay" vote
- **Simplicity and Transparency**: design a compensation program with simple, objective metrics that are reported publicly

In this CD&A, total target pay refers to (i) an NEO's annual base salary, (ii) the potential payout under our Variable Cash Plan, assuming the Company achieves associated performance goals at a Base Operating Plan level, and (iii) the value of the equity opportunities granted during the year that the CC intended to deliver, assuming the Company achieves associated performance goals at a Base Operating Plan or Target level.

Our executive compensation program adheres to the following practices:

What We Do	What We Don't Do
✓Emphasize at-risk, performance-based compensation, with simple and objective goals for each such component of pay	X Enter into agreements with NEOs providing for specific terms of employment or severance benefits
✓Include multi-year PSU awards	X Give our executive officers special change-in-control benefits
✓Use annual and 3-year performance targets to determine PSU awards earned	X Provide automatic equity vesting upon a change-in-control (except for the provisions in our equity plans that apply to all employees if an acquiring company does not assume or substitute our outstanding stock awards)
✓Require NEOs to provide continuous service for 4 years to fully vest in SY PSU and RSU awards	X Give NEOs supplemental retirement benefits
✓Evaluate our program annually based on feedback from stockholder engagement efforts and make adjustments when appropriate	X Provide tax gross-ups
✓Minimize excessive risk-taking	X Reprice stock options without stockholder approval
✓Cap performance-based variable cash and PSU payouts	X Pay dividends or the equivalent on unearned or unvested equity
✓Retain an independent compensation consultant reporting directly to the CC	X Permit executive officers, employees or directors to hedge their ownership of NVIDIA stock or to pledge NVIDIA stock as collateral for a loan
✓Require NEOs to maintain meaningful stock ownership	
✓Maintain a clawback policy for performance-based compensation	

How We Determine Executive Compensation

Our CC's oversight and decision-making relating to our Fiscal 2023 executive compensation program is a multi-year process:

Dec 2021 - Jan 2022		Dec 2021		Mar 2022		Mar 2023		May 2023		Mar 2025
Members of management and the Board, including our Lead Director and a CC member, engaged in stockholder outreach	→	CC determined peer companies	→	CC considered stockholder feedback and peer companies in determining performance goals and compensation	→	CC certified achievement and payouts for Fiscal 2023 Variable Cash Plan, SY PSUs granted in Fiscal 2023 and MY PSUs granted in Fiscal 2021	→	Completed compensation risk assessment; published executive compensation program details in proxy statement	→	CC certifies achievement and payouts for MY PSUs granted in Fiscal 2023

Roles of the CC, Compensation Consultant and Management

The roles of our CC; our independent compensation consultant, Exequity, which reports directly to our CC; and management, including our CEO, CFO, and Human Resources and Legal departments, in setting our Fiscal 2023 NEO compensation program are summarized below.

During Fiscal 2023, our CC continued to use Exequity for its experience working with our CC and with compensation committees at other technology companies. Our CC analyzed whether Exequity's role raised any conflict of interests, taking into consideration the following:

- Exequity does not provide any services directly to NVIDIA (although we pay Exequity on the CC's behalf);
- The percentage of Exequity's total revenue resulting from fees paid by us on the CC's behalf;
- Exequity's conflict of interest policies and procedures;
- Any business or personal relationship between Exequity and an NEO, or between Exequity's individual compensation advisors and an NEO or any member of our CC; and
- Any NVIDIA stock owned by Exequity or its individual compensation advisors

After considering these factors, our CC determined that Exequity's work did not create any conflict of interests.

Our CC reviews and approves the compensation of all of our NEOs, and solicits the input of Mr. Huang and Exequity for its NEO compensation decisions. Specifically, at the CC's direction, Exequity and management recommended a peer group for our Fiscal 2023 executive pay program, which was approved by the CC. Management gathered peer data from the Radford Global Technology Survey, or the Radford Survey, which was considered by Exequity in its analysis of Mr. Huang's compensation, and by Mr. Huang in his recommendations on our other NEOs' compensation for Fiscal 2023. The CC considered Exequity's advice, Mr. Huang's recommendations, and management's proposed Fiscal 2023 performance goals prior to making its final and sole decision on all Fiscal 2023 NEO compensation. Ultimately, the CC certified performance-based compensation payouts for the applicable performance periods that concluded at the end of Fiscal 2023 relating to the Variable Cash Plan, SY PSUs granted during Fiscal 2023 and MY PSUs granted during Fiscal 2021. Exequity also advised the CC on the Fiscal 2023 compensation risk analysis prepared by management.

Peer Companies and Market Compensation Data

We believe our peers should be companies that (1) compete with us for executive talent; (2) have established businesses, market presence, and complexity similar to us; and (3) are generally of similar size to us, as measured by revenue and/or market capitalization at roughly 0.5-3.5x of us. After consultation with management, the CC determined that the existing peer group generally continued to be appropriate for Fiscal 2023, except for removing Tesla, Inc., as their compensation model differs significantly from ours, and adding Netflix, Inc. and Visa Inc. due to their revenues and market capitalizations being similar to ours:

Fiscal 2023 Peer Group

Adobe Inc. (ADBE)	International Business Machines Corporation (IBM)	Oracle Corporation (ORCL)	SAP SE (SAP)
Advanced Micro Devices, Inc. (AMD)	Intel Corporation (INTC)	PayPal Holdings, Inc. (PYPL)	Texas Instruments Incorporated (TXN)
Broadcom Limited (AVGO)	Intuit Inc. (INTU)	Qualcomm Incorporated (QCOM)	Visa Inc. (V)
Cisco Systems, Inc. (CSCO)	Netflix, Inc. (NFLX)	Salesforce, Inc. (CRM)	VMware, Inc. (VMW)

Our CC chose each member of the peer group after considering a combination of the factors described above. As a result, while some of our compensation peer group members may be smaller or larger than us in terms of market capitalization or revenue, the CC has determined that such companies were still within a reasonable range of sizes compared to us and should be included in the peer group because we compete with them for talent and because they have established businesses with complexity similar to ours.

In determining our Fiscal 2023 peer group, the CC reviewed our trailing 12-month revenue (as previously reported up through our third quarter results for Fiscal 2022) and market capitalization as of November 2021, compared to the median of our peer group companies, which was as follows:

	Revenue	Market Capitalization
Fiscal 2023 Peer Group Median	$27.2 billion	$218.5 billion
NVIDIA	$24.3 billion	$781.8 billion

Our CC reviews market practices and compensation data from the Radford Survey for peer companies' comparably situated executives when determining the components of our executive compensation program, as well as total compensation. We compare the total compensation opportunity for our NEOs and similarly situated executives at the 25th, 50th and 75th percentiles of peer company data where available, and the CC considers the factors below in determining NEO compensation opportunities.

Factors Used in Determining Executive Compensation

In addition to peer data, our CC considers the following factors in making executive compensation decisions. The weight given to each factor may differ among NEOs and each component of pay, and is subject to the CC's sole discretion.

- ✓ The need to attract and retain talent in a highly competitive industry
- ✓ Stockholder feedback regarding our executive pay
- ✓ The simplicity of the overall program and the transparency of the performance metrics
- ✓ An NEO's past performance and anticipated future contributions
- ✓ Our financial performance and forecasted results
- ✓ The need for NEOs to address new business challenges
- ✓ Changes in the scale and complexity of our business
- ✓ Each NEO's current total compensation
- ✓ Each NEO's unvested equity
- ✓ Internal pay equity relative to similarly situated executives and the scope and complexity of the department(s) or function(s) the NEO manages
- ✓ Our CEO's recommendations for the other NEOs, including his understanding of each NEO's performance, capabilities, contributions
- ✓ Our CC's independent judgment
- ✓ Our philosophy that an NEO's total compensation opportunity and percentage of at-risk pay should increase with responsibility
- ✓ The total compensation cost and stockholder dilution, including from executive compensation, to maintain a responsible cost structure for our compensation programs [1]

[1] See Note 4, *Stock-Based Compensation* of our Form 10-K consolidated financial statements for a discussion of stock-based compensation cost.

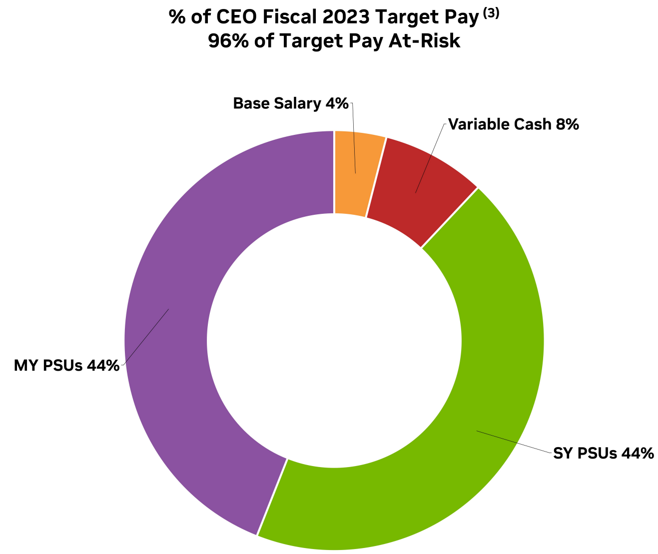
Components of Pay

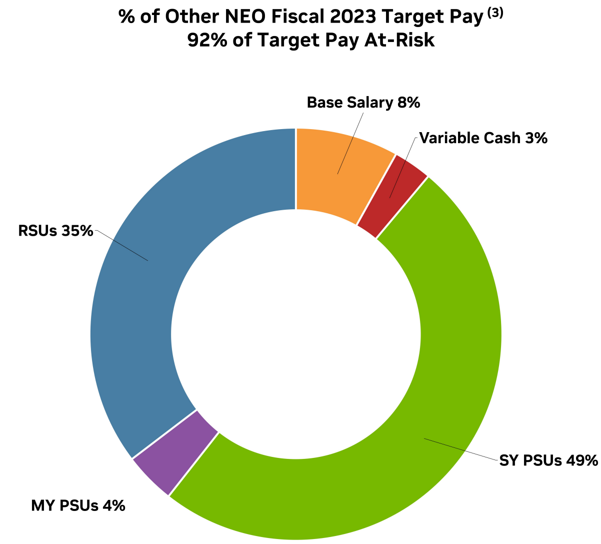
Taking into account (i) the Company's Fiscal 2023 outlook at the time of determining executive compensation, (ii) stockholder feedback from our annual outreach efforts, and (iii) strong Fiscal 2022 say-on-pay approval, the CC maintained the same elements for our executive pay program for Fiscal 2023, with some adjustments to increase the proportion of at-risk pay. The primary components of NVIDIA's Fiscal 2023 executive compensation program, which are granted or determined annually in March, are summarized below:

	Fixed Compensation	**At-Risk Compensation**			
	Base Salary	**Variable Cash**	**SY PSUs**	**MY PSUs**	**RSUs** [1]
Form	Cash	Cash	Equity	Equity	Equity
Who Receives	NEOs	NEOs	NEOs	NEOs	NEOs except our CEO
Performance Measure	N/A	Revenue (determines cash payout)	Non-GAAP Operating Income (determines number of shares eligible to vest)	TSR relative to the S&P 500 (determines number of shares eligible to vest)	N/A
Performance Period	N/A	1 year	1 year	3 years	N/A
Vesting Period	N/A	N/A	4 years from grant	3 years from grant	4 years from grant
Vesting Terms	N/A	N/A	If at least Threshold achieved, 25% on approximately the 1-year anniversary of the grant date; 6.25% quarterly thereafter	If at least Threshold achieved, 100% on approximately the 3-year anniversary of the grant date	6.25% vests quarterly from the grant date [2]
Timeframe Emphasized	Annual	Annual	Long-term	Long-term	Long-term
Purpose	Compensate for expected day-to-day performance	Reward for annual corporate financial performance	Align with stockholder interests by linking NEO pay to annual operational performance	Align with long-term stockholder interests by linking NEO pay to multi-year relative shareholder return	Align with stockholder interests by linking NEO pay to stock price performance
Maximum Amount That Can Be Earned	N/A	200% of target opportunity under our Variable Cash Plan	150% of Mr. Huang's SY PSU target opportunity and 200% of our other NEOs' respective SY PSU target opportunity Ultimate value delivered depends on stock price on date earned and shares vest	150% of Mr. Huang's MY PSU target opportunity and 200% of our other NEOs' respective MY PSU target opportunity Ultimate value delivered depends on stock price on date earned and shares vest	100% of grant Ultimate value delivered depends on stock price on date shares vest

[1] Our CC considers RSUs to be at-risk pay because the realized value depends on our stock price, a financial performance measure.

[2] Reflects vesting schedule for annual performance RSU grants. New hire RSU grants vest as to 25% on approximately the 1-year anniversary of the grant date, and 6.25% quarterly thereafter.





[3] Based on total target pay as approved by the CC, consisting of annual base salary, and, assuming the Company achieves Base Operating Plan or Target level performance goals, target payout opportunity under our Variable Cash Plan, and target equity opportunities the CC intended to deliver.

We provide our NEOs with insurance benefits and eligibility to participate in our ESPP and 401(k) plan on the same basis as our other employees. We may also provide perquisites to our NEOs from time to time. For more information about the other compensation and benefits we provide to our NEOs, including in Fiscal 2023, see the section below titled *Other Compensation and Benefits*.

Compensation Actions and Achievements

Stockholder Outreach and Feedback

We value stockholder feedback and conduct an annual stockholder outreach program. During the Fall of 2021, in preparing for Fiscal 2023 compensation decisions, we contacted our top institutional holders who held approximately 1% or more of our stock, with an aggregate ownership of approximately 32% of our common stock outstanding. Members of management and the Board, including our Lead Director and a member of our CC, ultimately discussed executive compensation with representatives of stockholders holding an aggregate of approximately 18% of our common stock. Our stockholders generally provided positive feedback on our pay for performance alignment, and some inquired whether we would consider incorporating environmental, social and corporate governance metrics into compensation programs.

After considering their feedback and the say-on-pay approval rate of 93% of our NEOs' Fiscal 2022 compensation, our CC determined to maintain the same elements and metrics for our Fiscal 2023 NEO pay program, but (i) increased the target equity value for each NEO by $2 million, which increased the proportion of "at-risk" target pay, and (ii) set the Threshold performance goals for revenue and Non-GAAP Operating Income above record-level Fiscal 2022 results, both of which further aligned pay with performance, as described below. Our CC believes that continuing to structure the performance-based components of our executive pay program solely around NVIDIA's corporate financial performance goals appropriately aligns the motivation of management with the interests of our stockholders.

In the Fall of 2022, members of management and the Board, including our Lead Director and a member of our CC, again engaged in stockholder outreach. The CC considered the feedback from these meetings in making decisions regarding the current Fiscal 2024 executive compensation program.

Total Target Compensation Approach

In evaluating Fiscal 2023 compensation, our CC reviewed each NEO's total target pay opportunity and distribution across different pay elements. Our CC compared Mr. Huang's base salary, target variable cash opportunity, target equity opportunity, and total target pay against chief executives of our peer companies. For our other NEOs, their respective total target pay was reviewed by Mr. Huang against similarly situated executives of our peer companies, where available. This market reference, along with his evaluation of internal pay equity, individual performance, level of unvested equity and increasing complexity of our executives' roles, informed Mr. Huang's recommendations of the other NEOs' compensation to the CC. The CC also considered the factors discussed above in *Factors Used in Determining Executive Compensation* and the CC's compensation objectives for Fiscal 2023. Our CC did not use a single formula or assign a specific weight to any one factor in determining each NEO's target pay. Instead, our CC used its business judgment and experience to set total target compensation, mix of cash and equity, and fixed and at-risk pay opportunities for each NEO to achieve our program's objectives. When the CC set each element of pay for an NEO, it considered the context of the levels of the other pay elements, and the resulting total target pay for such NEO. The CC established amounts and a structure that it believed would allow our NEOs to realize above-market value from equity awards and variable cash incentives only upon exceptional corporate performance.

Continued Emphasis on Long-Term, At-Risk, Performance-Based Equity Awards

For Fiscal 2023, the CC decided that the largest portion of NEOs' total target pay would remain in the form of at-risk equity with performance-based vesting. The CC believes an emphasis on long-term, at-risk opportunities drives results and increases NEO and stockholder alignment, while providing sufficient annual cash compensation to be competitive and retain our NEOs. The PSUs and RSUs provide long-term incentives and retention benefits because our NEOs must achieve, for PSUs, the predetermined performance goal and, for both PSUs and RSUs, remain with us for a longer term (3 years for MY PSUs and 4 years for SY PSUs and RSUs) to fully vest in the awards.

The CC concluded that, given Mr. Huang's position as CEO, 100% of his equity grants should be at-risk and performance-based, tightly aligning his interests with stockholders. Consistent with its practice last year, the CC granted Mr. Huang's target equity opportunity 100% in the form of SY PSUs (which value is aligned with our annual Non-GAAP Operating Income performance) and MY PSUs (which value is aligned with our 3-year relative stock price performance), evenly split between both forms of PSUs to emphasize both shorter-term and longer-term performance. For each of our other NEOs, the CC, after considering Mr. Huang's recommendations, provided 40% of the target equity opportunity in the form of RSUs and 60% of the target equity opportunity in the form of PSUs. The CC determined this mix provided an appropriate balance, by placing a greater emphasis on awards contingent upon achievement of performance goals while still providing a meaningful amount of time-vesting RSUs to encourage retention.

Setting Executive Compensation Values

For Fiscal 2023, the CC determined that increases to each NEO's total target pay were appropriate due to the greater complexity of the Company and the increased scope of their roles and responsibilities within a larger organization.

Specifically, the CC decided to increase Mr. Huang's total target pay by $2 million, representing an increase of approximately 9% from Fiscal 2022 total target pay, to more closely align his compensation to the median of peer company chief executive officers. This increase was equally distributed across SY PSUs and MY PSUs to reinforce the CC's emphasis on at-risk, performance-based awards with a long-term focus.

In recognition of our other NEOs' growing responsibilities within the Company, the CC similarly adjusted each of their target equity opportunities by $2 million, representing an average increase of approximately 22% from Fiscal 2022 total target pay, to maintain internal pay equity with our NEOs. This increase was distributed across RSUs, SY PSUs and MY PSUs to maintain the proportional weighting of 40%, 55% and 5%, respectively. This distribution reinforced the CC's goal to balance at-risk, performance-based awards with a long-term focus.

Determining Equity Award Amounts

To determine actual shares of RSUs and target numbers of SY PSUs and MY PSUs awarded to our NEOs, the CC divided the target compensation values they had set, as described above, by the 30-calendar day trailing average closing price of our common stock ending on the last day of the calendar month prior to the date of grant, which was used instead of the stock price on the date of grant to provide a value less susceptible to possible volatility in the market. The CC understands that using a historical average stock price can result in the ultimate grant date value of an award as required to be reported in the Summary Compensation Table under ASC 718 being different than the target equity opportunity value. The CC considered various approaches to granting awards and determined the process described above is appropriate at this time.

The target number of SY PSUs would be eligible to vest upon the Company's achievement of Fiscal 2023 Non-GAAP Operating Income at the Base Operating Plan level. If the Company achieved Fiscal 2023 Non-GAAP Operating Income at the Stretch Operating Plan level or more, the maximum number of SY PSUs would be eligible to vest, capped at 150% of Mr. Huang's, and 200% of our other NEOs' respective, SY PSU target opportunities. If the Company achieved Fiscal 2023 Non-GAAP Operating Income at the Threshold level, the minimum number of SY PSUs would be eligible to vest, equivalent to 50% of our NEOs' respective SY PSU target opportunities.

The target number of MY PSUs would be eligible to vest upon the Company's achievement of TSR relative to the S&P 500 from the start of Fiscal 2021 to the end of Fiscal 2023, or the 3-Year Relative TSR, at Target level. If the Company achieved 3-Year Relative TSR at Stretch level or more, the maximum number of MY PSUs would be eligible to vest, capped at 150% of Mr. Huang's, and 200% of our other NEOs' respective, MY PSU target opportunities. If the Company achieved 3-Year Relative TSR at Threshold level, the minimum number of MY PSUs would be eligible to vest, equivalent to 25% of our NEOs' respective MY PSU target opportunities.

No PSUs would be eligible to vest if the applicable Threshold performance level was not achieved. Any PSUs determined to be unearned would be cancelled.

Performance Metrics and Goals for Executive Compensation

Based on the Fiscal 2023 plan as approved by the Board, the CC set performance metrics and goals for NEO pay, as set forth below:

PERFORMANCE METRICS			
	Variable Cash Plan	**SY PSUs**	**MY PSUs**
Metric	Revenue	Non-GAAP Operating Income	TSR relative to the S&P 500
Timeframe	1 year	1 year	3 years
CC's Rationale for Metric	Drives value, contributes to Company's long-term success Focuses on growth in new and existing markets Distinct, separate metric from Non-GAAP Operating Income	Drives value, contributes to Company's long-term success Reflects our annual revenue generation and effective operating expense management Distinct, separate metric from revenue	Aligns directly with long-term shareholder value creation Provides comparison of our stock price performance, including dividends, against a capital market index in which we compete Relative performance goal accounts for macroeconomic factors impacting the market

PERFORMANCE GOALS						
	Variable Cash Plan		**SY PSUs**		**MY PSUs**	
	Fiscal 2023 Revenue	**Payout as a % of Target Opportunity [1]**	**Fiscal 2023 Non-GAAP Operating Income [2]**	**Shares Eligible to Vest as a % of Target Opportunity [1]**	**Fiscal 2021 to 2023 3-Year Relative TSR [3]**	**Shares Eligible to Vest as a % of Target Opportunity [1]**
Threshold	$29.6 billion	50%	$13.2 billion	50%	25th percentile	25%
Base Operating Plan (Target for MY PSUs)	$33.5 billion	100%	$15.8 billion	100%	50th percentile	100%
Stretch Operating Plan (Stretch for MY PSUs)	$38.0 billion	200%	$18.3 billion	CEO 150%; Other NEOs 200%	75th percentile	CEO 150%; Other NEOs 200%

[1] For achievement between Threshold and Base Operating Plan (or Target for MY PSUs), or alternatively between Base Operating Plan (or Target for MY PSUs) and Stretch Operating Plan (or Stretch for MY PSUs), payouts would be determined using straight-line interpolation. Achievement less than Threshold would result in no payout, and exceeding Stretch Operating Plan (or Stretch for MY PSUs) would result in the capped maximum payout.

[2] See *Reconciliation of Non-GAAP Financial Measures* below for a reconciliation between the non-GAAP financial measures and GAAP results.

[3] MY PSUs covering the Fiscal 2021 to 2023 performance period were granted in Fiscal 2021. MY PSUs granted in Fiscal 2023 cover the Fiscal 2023 to 2025 performance period and consist of the same performance goal structure and payout opportunities.

Each of the performance goal levels as described above were set by the CC with the following objectives:

- Threshold was uncertain, but attainable and high enough to create value; represented an appropriately decelerated payout for performance below Base Operating Plan (or Target for MY PSUs)
- Base Operating Plan (or Target for MY PSUs) was uncertain but attainable with significant effort and execution success; included budgeted investments in future businesses and revenue growth (and for PSUs, gross margin growth) considering macroeconomic conditions and reasonable but challenging growth estimates for ongoing and new businesses
- Stretch Operating Plan (or Stretch for MY PSUs) required exceptional achievement; only possible with strong market factors and a very high level of management execution and corporate performance

Fiscal 2023 Performance Achievement

In March 2022, when the CC made their decisions regarding Fiscal 2023 executive compensation, the CC intended for the performance goals to be rigorous and uncertain. As a result, the respective Base Operating Plan level goals for Fiscal 2023 revenue and Non-GAAP Operating Income were set significantly higher than the Fiscal 2022 counterpart goals, as well as record-level Fiscal 2022 actual performance.

Due to the impacts of macroeconomic and market headwinds on our business, Fiscal 2023 revenue and Non-GAAP Operating Income fell short of their respective Threshold performance goals.

In March 2023, the CC certified the Company's performance achievement with the following payouts:

PERFORMANCE ACHIEVEMENT AND PAYOUTS			
	Variable Cash Plan	SY PSUs	MY PSUs [1]
Performance Achievement for Period Ended Fiscal 2023	$27.0 billion revenue [2]	$9.0 billion Non-GAAP Operating Income [2] [3]	3-year TSR of 189% [2] 99th percentile relative to S&P 500
Payout as % of Target Opportunity	0%	0%	CEO 150%; Other NEOs 200% [4]

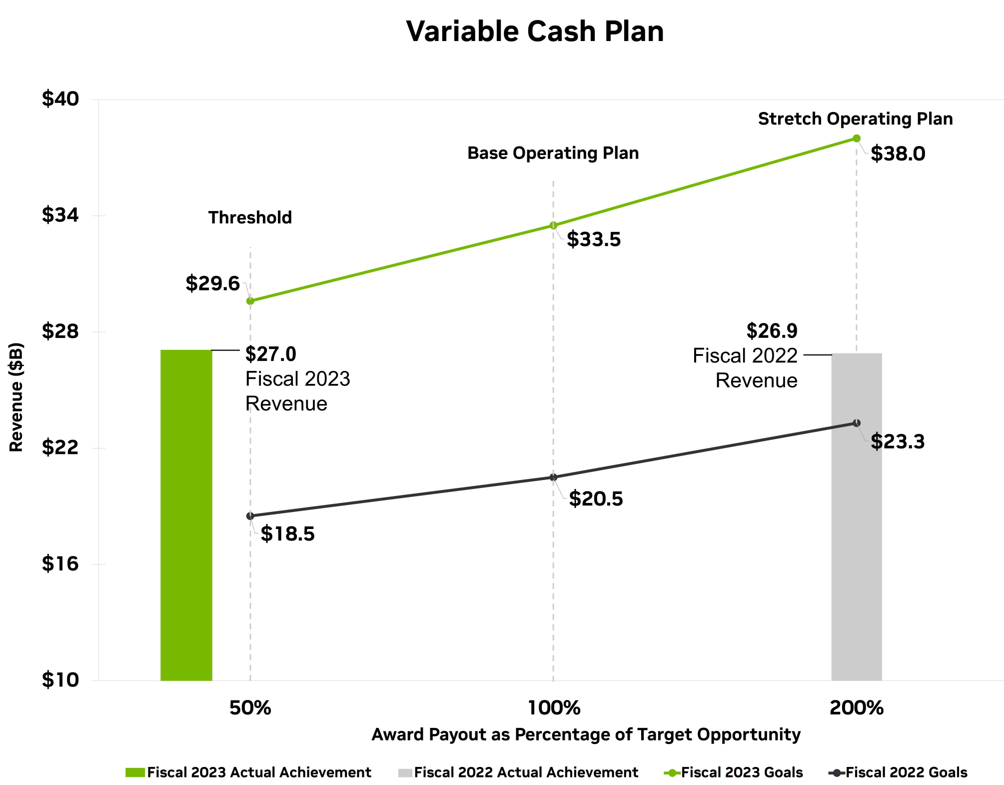
(1) Represents performance achievement and payout of MY PSUs granted in Fiscal 2021, with a performance period measured from the start of Fiscal 2021 to the end of Fiscal 2023.

(2) Revenue is GAAP revenue, as the Company reports in its respective earnings materials. Non-GAAP Operating Income is GAAP operating income as the Company reports in its respective earnings materials, excluding stock-based compensation expense, acquisition termination cost, acquisition-related costs, restructuring costs, IP-related costs, legal settlement costs, contributions and other costs. Consistent with prior years, 3-year TSR for purposes of the MY PSUs represents cumulative stock price appreciation, with dividends reinvested, and is measured based on the average closing stock price for the 60 trading days preceding the start, and preceding and including the last day, of the 3-year performance period. This averaging period mitigates the impact of one-day or short-term stock price fluctuations at the beginning or end of the performance period.

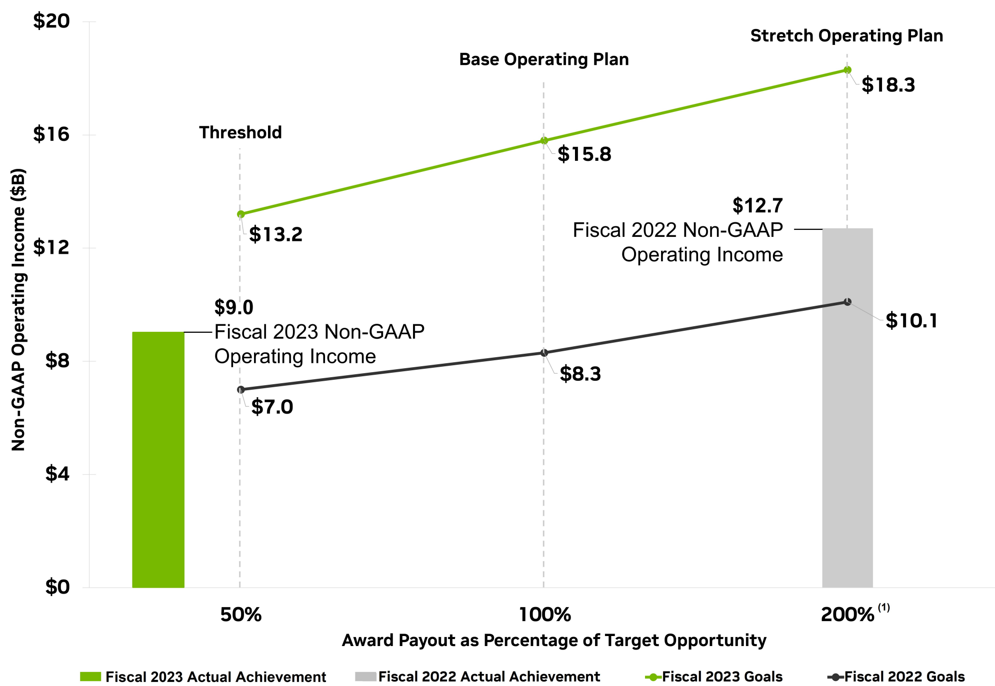
(3) See *Reconciliation of Non-GAAP Financial Measures* below for a reconciliation between the non-GAAP financial measures and GAAP results.

(4) 100% of the eligible MY PSUs vested on March 15, 2023.

The following charts illustrate how the Fiscal 2023 revenue and Non-GAAP Operating Income performance goals and achievement compared to their Fiscal 2022 counterparts.



SY PSUs



(1) A maximum payout of 200% of Fiscal 2022 target opportunity was earned by our NEOs other than our CEO; our CEO earned a maximum payout of 150% of his Fiscal 2022 target opportunity.

For purposes of the MY PSUs granted in Fiscal 2021 and Fiscal 2020, achieving 3-year TSR relative to the S&P 500 at:

- The Threshold level of 25th percentile = 25% of each NEO's target number of MY PSUs becoming eligible to vest
- The Target level of 50th percentile = 100% of each NEO's target number of MY PSUs becoming eligible to vest
- The Stretch level of 75th percentile = 150% of our CEO's, and 200% of our other NEOs', respective target number of MY PSUs becoming eligible to vest

For the MY PSUs granted in Fiscal 2021, NVIDIA's Fiscal 2021 to 2023 3-year TSR of 189% placed the Company in the 99th percentile of the S&P 500. As a result of the Company achieving Stretch performance, the maximum number of our NEOs' MY PSUs granted during Fiscal 2021 — that is, 150% of our CEO's, and 200% of our other NEOs', respective target MY PSU opportunities — became eligible to vest.

For the MY PSUs granted in Fiscal 2020, NVIDIA's Fiscal 2020 to 2022 3-year TSR of 626% placed the Company in the 100th percentile of the S&P 500. As a result of the Company achieving Stretch performance, the maximum number of our NEOs' MY PSUs granted during Fiscal 2020 — that is, 150% of our CEO's, and 200% of our other NEOs', respective target MY PSU opportunities — became eligible to vest.

Achievement of goals for MY PSUs granted during Fiscal 2022 and Fiscal 2023 will be determined after the applicable performance periods conclude in January 2024 and January 2025, respectively.

Target Fiscal 2023 Compensation Actions and Performance-Based Payouts

The CC's target Fiscal 2023 compensation actions are summarized below for each NEO, reflecting the target value of the variable cash and equity opportunities the CC intended to deliver, as well as the variable cash earned and PSUs which became eligible to vest. The performance for MY PSUs granted in Fiscal 2023 will be determined after the end of Fiscal 2025.

The CC considered the factors set forth in *Factors Used in Determining Executive Compensation* above to make Fiscal 2023 changes to and set total target pay opportunity for each NEO, which are described in *Compensation Actions and Achievements - Setting Executive Compensation Values* above.

Additional Executive Compensation Practices, Policies, and Procedures

Other Compensation and Benefits

Consistent with prevalent practices among large, multinational companies, and in accordance with the executive security program established by our Board based on an independent third-party security assessment, NVIDIA provides our CEO with personal security protection. We require that authorized security personnel be present at Mr. Huang's residence, and that Mr. Huang be driven to and from work, and to and from business meetings, by a security driver in a car leased by NVIDIA, or by an authorized car service. We also conduct ongoing third-party assessments to monitor and help determine Mr. Huang's overall security needs.

We do not consider these additional security arrangements to be a personal benefit to Mr. Huang because they arise from the nature of his employment responsibilities and the related costs have been incurred as required by the Board's executive security program. However, they have been disclosed in compliance with SEC rules in the "All Other Compensation" column of the Summary Compensation Table below. In Fiscal 2023, the cost for Mr. Huang's security arrangements included (i) residential security, (ii) security monitoring services, and (iii) the down payment and monthly expenses for a car leased by NVIDIA.

We believe these arrangements are reasonable, necessary and in the best interests of NVIDIA and its stockholders, as they enable Mr. Huang to focus on his duties to the Company while ensuring that he and his family members are not exposed to security threats. The CC has implemented an annual process to provide oversight of the nature and cost of executive security measures. In evaluating potential perquisites, we consider the cost to the Company relative to the perceived value to our executives, as well as other corporate governance and employee relations factors.

We also provide medical, vision, dental, and accidental death and disability insurance, matches for health savings account contributions, as well as time off and paid holidays, for our NEOs, on the same basis as our other employees. Like other employees, our NEOs are eligible to participate in our ESPP, unless otherwise prohibited by the rules of the Internal Revenue Service, and our 401(k) plan, which included a Company match of salary deferral contributions of up to $9,000 for each of calendar 2022 and calendar 2023. For Fiscal 2023 (which consisted of most of calendar year 2022 and a portion of calendar year 2023), our NEOs received the following 401(k) matches: Mr. Huang received $9,000, Ms. Kress received $10,500, Mr. Puri received $9,250, Ms. Shoquist received $9,000, and Mr. Teter received $10,500. We believe these benefits are consistent with benefits provided by companies with which we compete for executive-level talent. We do not provide any other perquisites or other personal benefits to our NEOs.

Equity Grant Timing Practices

The CC approves all equity award grants to our NEOs on or before the grant date. The CC's general practice is to complete its annual executive compensation review and determine performance goals and target compensation for our NEOs, and then equity awards are granted to NEOs and become effective. This process is further described above under the section titled *How We Determine Executive Compensation.* Accordingly, annual equity awards are typically granted to our NEOs in March. On occasion, the CC may grant equity awards outside of our annual grant cycle for new hires, promotions, recognition, retention or other purposes. While the CC has discretionary authority to approve equity awards to our NEOs outside of the cycle described above, the CC does not have a practice or policy of granting equity awards in anticipation of the release of material nonpublic information and, in any event, we do not time the release of material non-public information in coordination with grants of equity awards in a manner that intentionally benefits our NEOs.

Stock Ownership Guidelines

The Board believes that executive officers should hold a significant equity interest in NVIDIA. Our Corporate Governance Policies require the CEO to hold shares of our common stock valued at six times his base salary, and our other NEOs to hold shares of our common stock valued at the NEO's respective base salary. Shares that count toward the ownership guidelines include shares held by the NEO, shares held in trust for the NEO and his/her immediate family, and vested but deferred shares, but not unvested or unexercised equity awards. NEOs have up to five years from appointment to reach the ownership threshold. The stock ownership guidelines are intended to further align NEO interests with stockholder interests. Each NEO currently exceeds the stock ownership requirements.

Compensation Recovery Policy

We have maintained a Compensation Recovery Policy for all employees since 2009. Under this policy, if we are required to prepare an accounting restatement to correct an accounting error on an interim or annual financial statement included in a report on Form 10-Q or Form 10-K due to material noncompliance with any financial reporting requirement under the federal securities laws, or a Restatement, and if the Board or a committee of independent directors concludes that our CEO, our CFO or any other employee received a variable compensation payment that would not have been payable if the original interim or annual financial statements had reflected the Restatement, which we refer to as the Overpayment, then:

- Our CEO and our CFO will disgorge the net after-tax portion of the Overpayment; and
- The Board or the committee of independent directors in its sole discretion may require any other employee to repay the Overpayment. In using its discretion, the Board or the independent committee may consider whether such person was involved in the preparation of our financial statements or otherwise caused the need for the Restatement and may, to the extent permitted by applicable law, recoup amounts by (1) requiring partial or full repayment by such person of any variable or incentive compensation or any gains realized on the exercise of stock options or on the open-market sale of vested shares, (2) canceling up to all and any outstanding equity awards held by such person and/or (3) adjusting the future compensation of such person.

The SEC has recently published finalized rules implementing the clawback provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act, which will require further rulemaking by Nasdaq. We are monitoring the listing standards adopted by Nasdaq and reviewing our Compensation Recovery Policy and will make any necessary updates to comply with the new Nasdaq listing standards regarding clawback policies which are expected to be adopted in calendar year 2023.

Tax and Accounting Implications

Under Section 162(m), compensation paid to each of the Company's "covered employees" that exceeds $1 million per taxable year is generally non-deductible, excluding certain performance-based compensation that qualifies for an exception pursuant to the transition relief provided by the Tax Cuts and Jobs Act.

The CC looks at a variety of factors in making its decisions and retains the flexibility to provide compensation for the NEOs in a manner consistent with the goals of the Company's executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The CC also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Our CC also considers the impact of Section 409A of the Internal Revenue Code, and in general, our executive plans and programs are designed to comply with the requirements of that section to avoid the possible adverse tax consequences that may arise from non-compliance.

Under ASC 718, the Company is required to estimate and record an expense for each award of equity compensation over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to ASC 718.

Reconciliation of Non-GAAP Financial Measures

A reconciliation between our GAAP operating income and Non-GAAP Operating Income is as follows (in millions):

	Fiscal 2023	Fiscal 2022
GAAP operating income	$4,224	$10,041
Stock-based compensation expense	2,710	2,004
Acquisition termination cost	1,353	—
Acquisition-related and other costs	674	636
Restructuring costs and other	54	—
IP-related and legal settlement costs	23	9
Contributions	2	—
Non-GAAP Operating Income	$9,040	$12,690

We believe these non-GAAP financial measures enhance stockholders' overall understanding of our historical financial performance. The presentation of our non-GAAP financial measures is not meant to be considered in isolation nor as a substitute for our financial results prepared in accordance with GAAP, and our non-GAAP financial measures may be different from non-GAAP financial measures used by other companies.

Risk Analysis of Our Compensation Plans

Company management from Legal, Human Resources and Finance, as well as Exequity, performed an assessment of the Company's compensation programs and policies for Fiscal 2023 with the oversight of the CC, as generally applicable to our employees to ascertain any potential material risks that may be created by our compensation programs. The assessment focused on programs with variability of payout and the ability of participants to directly affect payout and the controls over participant action and payout—specifically, the Company's variable cash compensation, equity compensation, and sales incentive compensation programs. We identified the key terms of these programs, potential concerns regarding risk taking behavior, and specific risk mitigation features. The assessment was first presented to our Senior Vice President, Human Resources, our CFO and our General Counsel, and then presented to the CC.

The CC considered the findings of the assessment described above and concluded that our compensation programs, which are structured to recognize both short-term and long-term contributions to the Company, do not create risks which are reasonably likely to have a material adverse effect on our business or financial condition.

The CC believes that the following compensation design features guard against excessive risk-taking:

- ✓ Our compensation program encourages our employees to remain focused on both our short-term and long-term goals
- ✓ We design our variable cash and PSU compensation programs for executives so that payouts are based on achievement of corporate performance targets, and we cap the potential award payout
- ✓ We have internal controls over our financial accounting and reporting which is used to measure and determine the eligible compensation awards under our Variable Cash Plan and our SY PSUs
- ✓ Financial plan target goals and final awards under our Variable Cash Plan and our SY PSUs are approved by the CC and consistent with the annual operating plan approved by the full Board each year
- ✓ MY PSUs are designed with a relative goal
- ✓ We have a compensation recovery policy applicable to all employees that allows NVIDIA to recover compensation paid in situations of fraud or material financial misconduct
- ✓ The CC monitors burn rate and overhang
- ✓ All executive officer equity awards have multi-year vesting
- ✓ We have stock ownership guidelines that we believe are reasonable and are designed to align our executive officers' interests with those of our stockholders
- ✓ We enforce a "no-hedging" policy and a "no-pledging" policy involving our common stock which prevents our employees from insulating themselves from the effects of NVIDIA stock price performance

Summary Compensation Table for Fiscal 2023, 2022 and 2021

The following table summarizes information regarding the compensation earned by our NEOs during Fiscal 2023, 2022 and 2021. Fiscal 2023 and 2022 were 52-week years. Fiscal 2021 was a 53-week year.

(1) Amounts shown in this column do not reflect dollar amounts actually received by the NEO. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with ASC 718 for the respective fiscal year for grants of RSUs, SY PSUs, and MY PSUs, as applicable. The assumptions used in the calculation of values of the awards are set forth under Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. With regard to the stock awards with performance-based vesting conditions, the reported grant date fair value assumes the probable outcome of the conditions at Base Operating Plan for SY PSUs and Target for MY PSUs, determined in accordance with applicable accounting standards.

Assuming Stretch Operating Plan performance for SY PSUs and Stretch performance for MY PSUs in each of Fiscal 2023, 2022 and 2021, and a stock price equal to the grant date fair value of the SY PSUs and MY PSUs, the value of stock awards granted would be:

	Jen-Hsun Huang		Colette M. Kress		Ajay K. Puri		Debora Shoquist		Timothy S. Teter

(2) As applicable, reflects amounts earned in Fiscal 2023, 2022 and 2021 and paid in March or April of each respective year pursuant to the respective Variable Cash Plan. For further information please see our CD&A above.

(3) Reflects the cost of security arrangements, matches of contributions to our 401(k) savings plan and a health savings account, and imputed income from life insurance coverage. The 401(k) and health savings account contribution matches and insurance coverage are available to all eligible NVIDIA employees. NVIDIA does not consider Mr. Huang's security arrangements to be a personal benefit because they arise from the nature of Mr. Huang's employment responsibilities and the related costs have been incurred in accordance with a Board-established security program based on an independent third-party security assessment. However, these expenses are being disclosed in compliance with SEC rules. The cost of Mr. Huang's security arrangements for Fiscal 2023 included (a) $565,305 for residential security, (b) $90,217 for security monitoring services, and (c) $13,483 for a car leased by NVIDIA; the match of 401(k) and health savings account contributions was $11,500; and imputed income from life insurance coverage was $13,206.

(4) Reflects matches of contributions to our 401(k) savings plan and imputed income from life insurance coverage. These benefits are available to all eligible NVIDIA employees. For Fiscal 2023, the match of 401(k) contributions was $10,500 for Ms. Kress, $9,250 for Mr. Puri, $9,000 for Ms. Shoquist and $10,500 for Mr. Teter; and imputed income from life insurance coverage was $37,467 for Mr. Puri and $14,478 for Ms. Shoquist.

Grants of Plan-Based Awards for Fiscal 2023

The following table provides information regarding all grants of plan-based awards that were made to or earned by our NEOs during Fiscal 2023. The information in this table supplements the dollar value of stock awards set forth in the *Summary Compensation Table for Fiscal Years 2023, 2022 and 2021*. The PSU and RSU awards set forth in the following table were made under our 2007 Plan. PSUs are eligible to vest based on performance against pre-established criteria. All equity awards listed are subject to service-based vesting.

(1) Unless otherwise noted, represents the closing price of our common stock as reported by Nasdaq on the date of grant which is the exercise price per share of stock option grants made pursuant to our 2007 Plan.

(2) Calculated by multiplying the number of RSUs or PSUs that have not vested or have not been earned, as applicable, by the closing price ($203.65) of NVIDIA's common stock on January 27, 2023, the last trading day before the end of our Fiscal 2023, as reported by Nasdaq.

(3) The RSU was earned on January 26, 2020, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 18, 2020, and vested as to 6.25% approximately every three months thereafter over the next three years such that the RSU was fully vested on March 15, 2023.

(4) The RSU was earned on January 31, 2021, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 17, 2021, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 20, 2024.

(5) The RSU was earned on January 29, 2023, based on achievement of a performance goal. The RSU vested as to 100% of the shares on March 15, 2023.

(6) The RSU was earned on January 30, 2022, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 16, 2022, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 19, 2025.

(7) Represents shares that could be earned upon achievement of Stretch goals, based on our TSR relative to the S&P 500 from February 1, 2021 through January 28, 2024. If the performance goal is achieved, 100% of the shares earned will vest on March 20, 2024. If the Threshold performance goal is achieved, 17,508 shares will be earned by Mr. Huang, 772 shares will be earned by Ms. Kress, 736 shares will be earned by Mr. Puri, 604 shares will be earned by Ms. Shoquist, and 604 shares will be earned by Mr. Teter. If the Target performance goal is achieved, 70,040 shares will be earned by Mr. Huang, 3,080 shares will be earned by Ms. Kress, 2,940 shares will be earned by Mr. Puri, 2,416 shares will be earned by Ms. Shoquist, and 2,416 shares will be earned by Mr. Teter.

(8) Represents shares that could be earned upon achievement of Stretch goals, based on our TSR relative to the S&P 500 from January 31, 2022 through January 26, 2025. If the performance goal is achieved, 100% of the shares earned will vest on March 19, 2025. If the Threshold performance goal is achieved, 11,169 shares will be earned by Mr. Huang, 548 shares will be earned by Ms. Kress, 528 shares will be earned by Mr. Puri, 452 shares will be earned by Ms. Shoquist, and 452 shares will be earned by Mr. Teter. If the Target performance goal is achieved, 44,675 shares will be earned by Mr. Huang, 2,193 shares will be earned by Ms. Kress, 2,111 shares will be earned by Mr. Puri, 1,807 shares will be earned by Ms. Shoquist, and 1,807 shares will be earned by Mr. Teter.

(9) The RSU vested as to 25% on March 18, 2020, and vested as to 6.25% approximately every three months thereafter over the next three years such that the RSU was fully vested on March 15, 2023.

(10) The RSU vested as to 25% on March 17, 2021, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 20, 2024.

(11) The RSU vested as to 6.25% on June 16, 2021, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 19, 2025.

(12) The RSU vested as to 6.25% on June 15, 2022, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 18, 2026.

Option Exercises and Stock Vested in Fiscal 2023

The following table shows information regarding option exercises by, and stock acquired upon vesting for, our NEOs during Fiscal 2023.

	Option Awards		Stock Awards	
Name	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise ($)	Number of Shares Acquired on Vesting (#) (1)	Value Realized on Vesting ($) (2)
Jen-Hsun Huang	2,917,340	442,805,513	286,412 (3)	61,847,146
Colette M. Kress	—	—	114,089 (4)	22,135,573

(1) Represents the gross number of shares acquired on vesting. Shares were withheld from these amounts to pay taxes due upon vesting.

(2) Represents the gross number of shares acquired on vesting multiplied by the fair market value of our common stock as reported by Nasdaq on the date of vesting.

(3) Includes an aggregate of 142,009 shares that were withheld to pay taxes due upon vesting.

(4) Includes an aggregate of 59,730 shares that were withheld to pay taxes due upon vesting.

(5) Includes an aggregate of 54,370 shares that were withheld to pay taxes due upon vesting.

(6) Includes an aggregate of 44,630 shares that were withheld to pay taxes due upon vesting.

(7) Includes an aggregate of 40,166 shares that were withheld to pay taxes due upon vesting.

Employment, Severance and Change-in-Control Arrangements

Employment Agreements. Our executive officers are "at-will" employees and we do not have employment, severance or change-in-control agreements with our executive officers.

Change-in-Control Arrangements. Our 2007 Plan provides that in the event of a corporate transaction or a change-in-control, outstanding stock awards may be assumed, continued, or substituted by the surviving corporation. If the surviving corporation does not assume, continue, or substitute such stock awards, then (a) with respect to any stock awards that are held by individuals performing services for NVIDIA immediately prior to the effective time of the transaction, the vesting and exercisability provisions of such stock awards will be accelerated in full and such stock awards will be terminated if not exercised prior to the effective date of the corporate transaction or change-in-control, and (b) all other outstanding stock awards will be terminated if not exercised on or prior to the effective date of the corporate transaction or change-in-control.

Potential Payments Upon Termination or Change-in-Control

Upon a change-in-control or certain other corporate transactions of NVIDIA, unvested RSUs and PSUs will fully vest in some cases as described above under *Employment, Severance and Change-in-Control Arrangements—Change-in-Control Arrangements*. The table below shows our estimates of the amount of the benefit each of our NEOs would have received if the unvested RSUs and PSUs held by them as of January 29, 2023 had become fully vested as a result of a change-in-control, calculated by multiplying the number of unvested RSUs and PSUs held by the applicable NEO by the $203.65 closing price of our common stock on January 27, 2023.

Name	Unvested RSUs and PSUs at January 29, 2023 (#) [(1)]	Total Estimated Benefit ($) [(1)]
Jen-Hsun Huang	379,402	77,265,217
Colette M. Kress	155,449	31,657,189
Ajay K. Puri	148,402	30,222,067
Debora Shoquist	127,771	26,020,564
Timothy S. Teter	110,879	22,580,508

(1) With respect to unvested PSUs, the amounts in these columns assume performance at Base Operating Plan with respect to SY PSUs granted in Fiscal 2023, and assume performance at Target with respect to MY PSUs granted in Fiscal 2021, Fiscal 2022 and Fiscal 2023, in accordance with SEC rules. The table below reflects the actual numbers of the MY PSUs granted in Fiscal 2021 that became eligible to vest, based on our performance during the applicable performance period, as certified by our CC shortly after the end of Fiscal 2023. The values of the estimated and actual MY PSUs in the table below were calculated by multiplying the applicable number of MY PSUs held by each respective NEO and listed below, by the $203.65 closing price of our common stock on January 27, 2023. Based on performance during the applicable performance period, none of the SY PSUs granted in Fiscal 2023 were eligible to vest.

MY PSUs granted in Fiscal 2021 - Actual Achievement (versus Target Performance)

Name	Estimated MY PSUs Granted in Fiscal 2021 at Target Performance (#)	Value of Estimated MY PSUs Granted in Fiscal 2021 at Target Performance ($)	Actual MY PSUs Granted in Fiscal 2021 Eligible to Vest (#)	Value of Actual MY PSUs Granted in Fiscal 2021 Eligible to Vest ($)
Jen-Hsun Huang	77,452	15,773,100	116,176	23,659,242
Colette M. Kress	5,268	1,072,828	10,536	2,145,656
Ajay K. Puri	4,960	1,010,104	9,920	2,020,208
Debora Shoquist	4,572	931,088	9,144	1,862,176
Timothy S. Teter	3,024	615,838	6,048	1,231,675

The actual number of MY PSUs granted in Fiscal 2022 and Fiscal 2023 that will become eligible to vest will be determinable after January 28, 2024 and January 26, 2025, respectively, the ending dates of the applicable three-year measurement period for MY PSUs.

Pay Ratio

We determined the ratio of: (a) the annual total compensation of our CEO, to (b) the median of the annual total compensation of all our employees, except for our CEO, both calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

We determined our median employee for purposes of the pay ratio calculation for Fiscal 2023 by using a consistently applied compensation measure which aggregated, for each employee employed by us on the last day of Fiscal 2022, or January 30, 2022: (i) target base salary as of January 30, 2022 (annualized for permanent employees who were employed by us for less than the entire fiscal year), (ii) variable cash earned during Fiscal 2022, and (iii) aggregate full grant date fair value of equity awards granted during Fiscal 2022, calculated in accordance with ASC 718 and assuming the probable outcome of the conditions at Base Operating Plan for performance-based awards. Compensation paid in foreign currencies was converted to U.S. dollars based on exchange rates in effect on January 30, 2022.

After applying the methodology described above, we determined the identity of our median employee for Fiscal 2022. We concluded that because there have been no changes to our employee population or employee compensation arrangements since the end of Fiscal 2022 that would significantly impact our pay ratio disclosure for Fiscal 2023, we would use the same individual in our Fiscal 2023 pay ratio calculation.

Our median employee's compensation for Fiscal 2023 was $228,078. Our CEO's compensation for Fiscal 2023 was $21,356,924. Therefore, our Fiscal 2023 CEO to median employee pay ratio was 94:1.

This pay ratio represents our reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K and applicable guidance, which provide significant flexibility in how companies identify the median employee. Each company may use a different methodology and make different assumptions. As a result, and as explained by the SEC when it adopted these rules, in considering the pay ratio disclosure, stockholders should keep in mind that the rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand and assess each company's compensation practices and pay ratio disclosures. Neither the CC nor management used our Fiscal 2023 CEO to median employee pay ratio in making compensation decisions.

Pay Versus Performance

NVIDIA's executive compensation program is guided by a pay for performance philosophy and is designed to align NEO pay with our stockholders' interests. Accordingly, a substantial portion of our NEOs' total compensation is based on the Company's performance under certain corporate financial metric goals, including annual revenue, annual Non-GAAP Operating Income, and 3-year TSR relative to the S&P 500.

The CC's decisions on executive compensation for Fiscal 2023, 2022 and 2021 were made prior to the final, new SEC rules regarding pay versus performance, which requires disclosure of "compensation actually paid," or CAP, for our NEOs. The disclosure included in this section is prescribed by Item 402(v) of Regulation S-K under the Securities Act and does not necessarily align with how the Company or the CC views the link between the Company's performance and NEO pay. In particular, amounts set forth below as CAP do not represent the value of compensation actually paid to or received by our NEOs. Instead, CAP has been calculated in accordance with the new SEC rules, which include measurement of the changes in the fair value of equity awards. CAP is a supplemental measure to be viewed alongside, not in replacement of, performance measures as an addition to the philosophy and strategy of compensation-setting discussed in greater detail above in CD&A.

Required Tabular Disclosure of Pay Versus Performance

The following table summarizes information regarding compensation for our NEOs, including CAP as well as certain financial performance metrics during Fiscal 2023, 2022 and 2021. Fiscal 2023 and 2022 were 52-week years. Fiscal 2021 was a 53-week year.

(1) For Fiscal 2023, 2022 and 2021, our CEO was Jen-Hsun Huang.

(2) The amounts in this column correspond with total compensation for our CEO as reported in our Summary Compensation Table above for the listed fiscal years.

(3) The amounts in this column, rather than representing the actual compensation paid to or received by our CEO, represent CAP calculated in accordance with Item 402(v) of Regulation S-K during the listed fiscal years, as follows:

(a) The amounts in this column correspond with the full grant date fair value, calculated in accordance with ASC 718, of "Stock Awards" as reported in our Summary Compensation Table above for the listed fiscal years.

(b) The equity award adjustments were calculated in accordance with the SEC methodology for determining CAP for each year shown. The amounts in these columns were determined by reference to (i) for MY PSU awards where the performance period was complete as of or prior to the applicable year end date and for SY PSU awards, the closing price of our common stock on the applicable year end date, as reduced by the present value of dividends expected to be paid on the underlying shares during the requisite service period, or the closing price of our common stock on the applicable vesting dates, and (ii) for MY PSU awards where the performance period was not yet complete as of the applicable year end date, the fair value as calculated by a Monte Carlo simulation model as of the respective year end date, for the listed fiscal years.

(4) For Fiscal 2023, 2022 and 2021, our non-CEO NEOs were Colette M. Kress, Ajay K. Puri, Debora Shoquist and Timothy S. Teter.

(5) The amounts in this column correspond with the average of the total compensation for our non-CEO NEOs as reported in our Summary Compensation Table above for the listed fiscal years.

(6) The amounts in this column, rather than representing the average of the actual compensation paid to or received by our non-CEO NEOs, represent average CAP calculated in accordance with Item 402(v) of Regulation S-K during the listed fiscal years, as follows:

(a) The amounts in this column correspond with the average of the full grant date fair value, calculated in accordance with ASC 718, of “Stock Awards” as reported in our Summary Compensation Table above for the listed fiscal years.

(b) The equity award adjustments were calculated in accordance with the SEC methodology for determining CAP for each year shown. The amounts in these columns were determined by reference to (i) for MY PSU awards where the performance period was complete as of or prior to the applicable year end date, for RSU awards and for SY PSU awards, the closing price of our common stock on the applicable year end date, as reduced by the present value of dividends expected to be paid on the underlying shares during the requisite service period, or the closing price of our common stock on the applicable vesting dates, and (ii) for MY PSU awards where the performance period was not yet complete as of the applicable year end date, the fair value as calculated by a Monte Carlo simulation model as of the respective year end date, for the listed fiscal years.

(7) TSR for each of Fiscal 2023, 2022 and 2021 is cumulative, reflecting the value of a fixed $100 investment beginning with the market close on January 24, 2020, the last trading day before our Fiscal 2021, through and including the end of the respective listed fiscal years.

(8) The Nasdaq 100 Index is the industry peer group we use for purposes of Item 201(e) of Regulation S-K. The separate peer group referenced by the CC for purposes of determining executive compensation is discussed above in CD&A.

(9) Our Company-Selected Measure, as required by Item 402(v) of Regulation S-K, is Non-GAAP Operating Income, which, in our assessment, represents the most important financial performance measure linking Fiscal 2023 NEO CAP to company performance. See *Definitions* for a definition of Non-GAAP Operating Income, and see *Reconciliation of Non-GAAP Financial Measures* in our CD&A for a reconciliation between GAAP operating income and non-GAAP Operating Income.

Required Tabular Disclosure of Most Important Financial Performance Measures

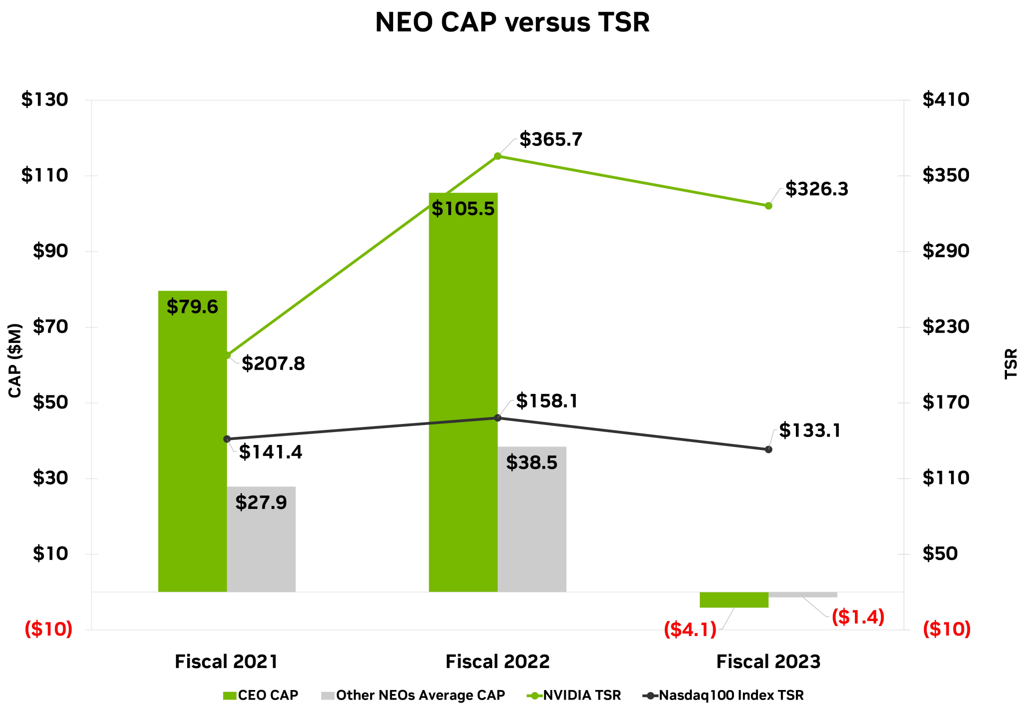
The following table is an unranked list of the most important financial performance measures linking Fiscal 2023 NEO CAP to company performance:

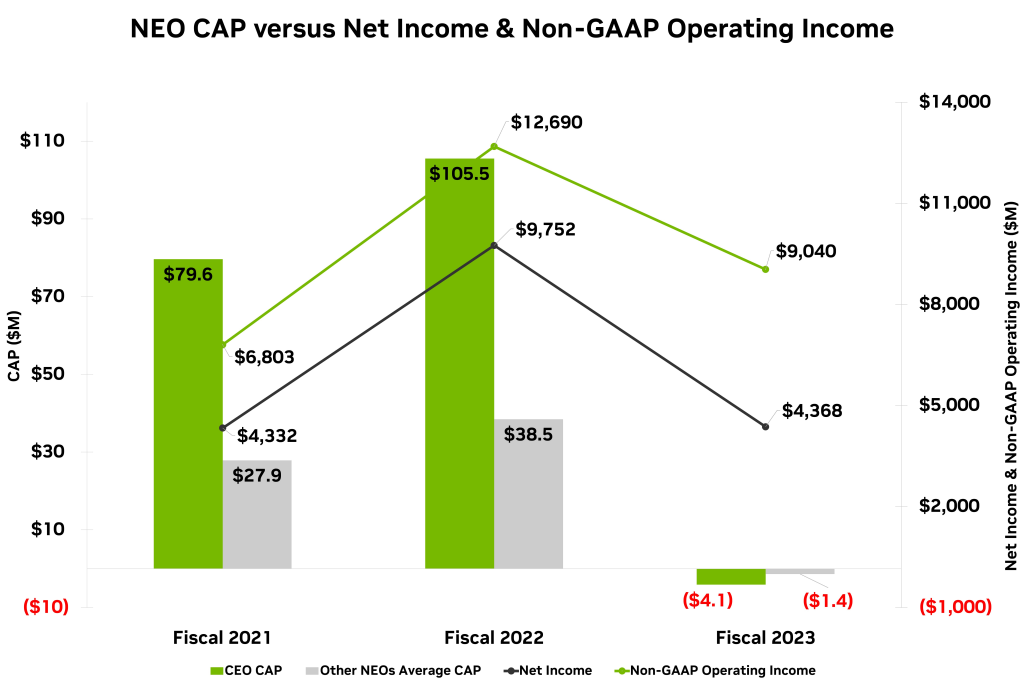
Financial Measures
Revenue
Non-GAAP Operating Income
3-Year TSR relative to the S&P 500

Refer to CD&A above for a description of how each of these performance measures impacts NEO compensation.

Required Tabular Disclosure of Relationships Between CAP and Financial Performance

The following graphs illustrate how CAP for our NEOs aligns with the Company's financial performance measures as detailed in the Pay Versus Performance table above for each of Fiscal 2021, 2022 and 2023, as well as between the TSRs of NVIDIA and the Nasdaq100 Index, reflecting the value of a fixed $100 investment beginning with the market close on January 24, 2020, the last trading day before our Fiscal 2021, through and including the end of the respective listed fiscal years.





All information provided above under the "Pay Versus Performance" heading will not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent the Company specifically incorporates such information by reference.

Compensation Committee Interlocks and Insider Participation

For Fiscal 2023, the CC consisted of Messrs. Burgess, Coxe, Dabiri, and Jones and Ms. Hudson. No member of the CC is an officer or employee of NVIDIA, and none of our executive officers serve as a member of the board or compensation committee of any entity that has one or more executive officers serving as a member of our Board or CC.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of NVIDIA on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement.

In reliance on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Annual Report on Form 10-K of NVIDIA for the year ended January 29, 2023 and in this proxy statement.
