He provides valuable insight regarding corporate strategy development and the analysis of acquisitions and divestitures. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies (as further described below) require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq. After considering all relevant relationships and transactions, our Board determined that, except for Mr. Huang, all of our directors are “independent” as defined by Nasdaq’s rules and regulations. In addition, the Board previously determined that James C. Gaither, a former director who retired from our Board effective June 9, 2020, was independent under applicable Nasdaq listing standards.

The Board also determined that all members of our AC, CC and NCGC are independent under applicable Nasdaq listing standards, and that each of Messrs. McCaffery, Perry and Seawell and Ms. Hudson of the AC are “audit committee financial experts” as defined under applicable SEC rules.

Board Leadership Structure

Our Board believes that each of its members should have an equal voice in the affairs and the management of NVIDIA, and therefore, our stockholders are best served at this time by having an independent Lead Director, rather than having a chairperson. Our Lead Director is an integral part of our Board structure and a critical aspect of our effective corporate governance. The independent directors consider the role and designation of the Lead Director on an annual basis, and Mr. Perry was appointed as our Lead Director in 2018. In addition, Mr. Perry serves on both the NCGC and the AC, which affords him increased engagement with Board governance and composition as well as with risk assessment and management, and financial and regulatory matters of the Company. While the CEO has primary responsibility for preparing the agendas for Board meetings and presiding over the portion of the meetings of the Board where he is present, our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include, in part:

- Determining an appropriate schedule of Board meetings, and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations;
- Working with the CEO, and seeking input from other directors and relevant management, as to the preparation of the agendas for Board meetings;
- Advising the CEO on a regular basis as to the quality, quantity and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material; and
- Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board, and acting as principal liaison between them and the CEO on sensitive issues.

The active involvement of our independent directors, combined with the qualifications and significant responsibilities of our Lead Director, provide balance on the Board and promote strong, independent oversight of our management and affairs.

Role of the Board in Risk Oversight

The Board is responsible for overseeing risk management at NVIDIA and delegates oversight of appropriate topics to its committees. Our AC has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures. The AC also monitors compliance with certain legal and regulatory requirements and oversees the performance of the internal audit function. Our NCGC monitors the effectiveness of our anonymous tip process and corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct, and oversees environmental, social and corporate governance risks, ranging from the impact of artificial intelligence to diversity and inclusion to climate change. Our CC assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The Board exercises direct oversight of strategic risks to NVIDIA and other risk areas not delegated to one of its committees, including business continuity and cybersecurity.

Management periodically provides information, including guidance on risk management and mitigation, to the Board or a relevant committee. Each committee also reports to the Board on those matters.

The Board and its committees have received regular reports from management regarding the impact, risks and opportunities of COVID-19 on our business, operations and people. For example, while our Professional Visualization and Automotive market platforms were negatively affected by the pandemic, our Gaming and Data Center market platforms have benefited from stronger demand as people continue to work, learn, and play from home. COVID-19 has also caused volatility and disruption in global financial markets and global economic activity, and has impacted the supply chain, including logistical services and component supply, topics on which the Board and its committees were briefed regularly. Additionally, the Board has overseen the execution of management's initiatives to protect the health and safety of our workforce, including closure of our offices, compliance with shelter-in-place orders and the temporary prohibition on most business travel, and to support NVIDIANS and their families during a challenging year by moving up our annual focal review to accelerate the timing of raises and implementing a one-week company-wide shut down in December for our people to recharge.

Corporate Governance Policies of the Board of Directors

The Board has adopted Corporate Governance Policies to ensure that it has the necessary authority and processes in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Policies set forth the practices the Board follows with respect to its composition and selection, regular evaluations of the Board and its committees, Board meetings and involvement of senior management, chief executive officer performance evaluation, and Board committees and compensation. Our Corporate Governance Policies may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Executive Sessions of the Board

As required under Nasdaq's listing standards, our independent directors have in the past met, and will continue to meet, regularly in scheduled executive sessions at which only independent directors are present, as well as in sessions with the CEO. In Fiscal 2021, our independent directors met in both types of executive sessions at all four of our scheduled quarterly Board meetings.

Director Attendance at Annual Meeting

We do not have a formal policy regarding attendance by members of the Board at our annual meetings. We expect that our directors will attend each annual meeting, absent a valid reason. All Board members as of the 2020 Meeting attended our 2020 Meeting.

Board Self-Assessments

In Fiscal 2021, the NCGC oversaw an evaluation process, conducted at least annually, whereby outside corporate counsel for NVIDIA interviewed each director to obtain his or her evaluation of the Board as a whole, and of the committees on which he or she serves. The interviews solicited ideas from the directors about, among other things, improving the quality of Board and/or committee oversight effectiveness regarding strategic direction, financial and audit matters, executive compensation, acquisition activity and other key matters. The interviews also focused on Board process and identifying specific issues which should be discussed in the future. After these evaluations were complete, our outside corporate counsel summarized the results, reviewed them with our Lead Director, and then submitted the summary for discussion by the NCGC.

In response to the evaluations conducted in Fiscal 2021, our Board determined to focus recruiting efforts on director candidates with diversity of gender and/or racial/ethnic background, to further strengthen our director onboarding programs, and to dedicate additional time to certain Board agenda items such as cybersecurity, diversity and inclusion, and other ESG matters.

Director Orientation and Continuing Education

The NCGC and our General Counsel are responsible for new director orientation and for administering or approving eligible director continuing education programs. Continuing education programs for directors may include a combination of internally developed materials and presentations, programs presented by third parties, and financial and administrative support for attendance at qualifying academic or other independent programs.

Director Stock Ownership Guidelines

The Board believes that directors should hold a significant equity interest in NVIDIA. Our Corporate Governance Policies require each non-employee director to hold shares of our common stock with a total value equal to six times the annual cash retainer for Board service during the period in which he or she serves as a director (or six times his base salary, in

the case of the CEO). The shares may include vested deferred stock, shares held in trust and shares held by immediate family members. Non-employee directors have five years after their Board appointment to reach the ownership threshold. Our stock ownership guidelines are intended to further align director interests with stockholder interests.

Each non-employee director and Mr. Huang currently meets or exceeds the stock ownership requirements, with the exception of Drs. Dabiri and Shah, who joined our Board in 2020 and have five years from joining the Board to reach the ownership threshold.

Hedging and Pledging Policy

Under our Insider Trading Policy, our directors, executive officers, employees, and their designees may not hedge their ownership of NVIDIA stock, including but not limited to trading in options, puts, calls, or other derivative instruments related to NVIDIA stock or debt to protect against a decline in the value of the Company's stock. Additionally, directors, executive officers, employees, and their designees may not purchase NVIDIA stock on margin, borrow against NVIDIA stock held in a margin account, or pledge NVIDIA stock as collateral for a loan. We allow for certain portfolio diversification transactions, such as investments in exchange funds.

Outside Advisors

The Board and each of its principal committees may retain outside advisors and consultants of their choosing at our expense. The Board need not obtain management's consent to retain outside advisors. In addition, the principal committees need not obtain either the Board's or management's consent to retain outside advisors.

Code of Conduct

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. Our credibility and reputation depend upon the good judgment, ethical standards and personal integrity of each director, executive and employee. We have a Code of Conduct that applies to our executive officers, directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. We also have a Financial Team Code of Conduct that applies to our executive officers, directors and members of our finance department. We regularly review our Code of Conduct and related policies to ensure that they provide clear guidance to our directors, executives and employees.

The Code of Conduct and the Financial Team Code of Conduct are available under Governance in the Investor Relations section of our website at www.nvidia.com. If we make any amendments to the Code of Conduct or the Financial Team Code of Conduct or grant any waiver from a provision of either code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

Corporate Hotline

We have established an independent corporate hotline to allow any employee to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing, Code of Conduct or other matter of concern (unless prohibited by local privacy laws for employees located in the European Union).

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board regarding nominations of directors or other matters may do so by sending electronic written communications addressed to Timothy S. Teter, our Secretary, at shareholdermeeting@nvidia.com. All stockholder communications we receive that are addressed to the Board will be compiled by our Secretary. If no particular director is named, letters will be forwarded, depending on the subject matter, to the chairperson of the AC, CC or NCGC. Matters put forth by our stockholders will be reviewed by the NCGC, which will determine whether these matters should be presented to the Board. The NCGC will give serious consideration to all such matters and will make its determination in accordance with its charter and applicable laws.

Majority Vote Standard

Under our Bylaws, if the votes cast **FOR** an incumbent director in a non-contested election do not exceed the number of **WITHHOLD** votes, such incumbent director shall promptly tender a resignation to the Board. The NCGC will then review the circumstances surrounding the **WITHHOLD** vote and promptly make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board will act on the NCGC's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of certification of the stockholder vote.

In a contested election, in which the number of nominees exceeds the number of directors to be elected, our directors will be elected by a plurality of the shares represented at any such meeting or by proxy and entitled to vote on the election of directors at that meeting. The directors receiving the greatest number of **FOR** votes will be elected.

Board Meeting Information

The Board met 10 times during Fiscal 2021, including meetings during which the Board discussed the strategic direction of NVIDIA, explored and discussed new business and strategic opportunities and the product roadmap, and other matters facing NVIDIA. We expect each Board member to attend each meeting of the Board and the committees on which he or she serves. Each Board member attended 75% or more of the meetings of the Board and of each committee on which he or she served.

Committees of the Board of Directors

The Board has three standing committees: an AC, a CC and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

The composition and functions of our committees are set forth below. Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes that rotations among committees are a good corporate governance practice which allows its members to be more fully informed regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole, as a result of diverse perspectives and ideas that are introduced through new committee formations.

Environmental, Social and Corporate Governance

NVIDIA invents the computing technologies that enable scientists, engineers, designers, researchers, and developers to improve lives everywhere and address global challenges. We integrate sound ESG principles and practices into every aspect of the Company. The following section provides an overview of these principles and practices. More information can be found on the Corporate Social Responsibility section of our website and in our 2020 Corporate Social Responsibility Report, which was prepared in accordance with the Core Option of the Global Reporting Initiative (GRI) Standards: Core Option and is responsive to the Sustainability Accounting Standards Board (SASB) standards for the Technology and Communications sector, Semiconductor industry. Information contained on our website is not incorporated by reference into this Proxy Statement or any other report we file with the SEC.

Human Capital Management

We believe that our employees are our greatest assets, and they play a key role in creating long-term value for our stakeholders. As of the end of Fiscal 2021, we had 18,975 employees in 29 countries. 13,532 were engaged in research and development and 5,443 were engaged in sales, marketing, operations, and administrative positions.

To be competitive and execute our business strategy successfully, we must recruit, develop, and retain talented employees, including qualified executives, scientists, engineers, technical staff, and research and development personnel. The primary ways in which we seek to do this are summarized below.

Recruitment

The demand for talent in new markets, such as AI and deep learning, is increasingly competitive. Our intern and new college graduate recruiting programs are a sustainable source of talent. We partner with higher education institutions globally to develop our candidate pipelines, recruit at industry conferences, and encourage our employees to submit referrals, with over 36% of hires coming from internal recommendations. Collaborations with our community resource groups improve how we reach and attract minority candidates.

Development and Retention

To support employee advancement, we provide training on-the-job through coaching, feedback, and role modeling. We have a rich library of live and on-demand learning experiences such as workshops, panel discussions, speaker-based forums, and internally focused technical conferences. We curate learning libraries around our most common development needs, provide the latest technical platforms to support self-paced learning, and regularly listen to learner feedback through internal messaging channels to improve and update those topics. We offer tuition reimbursement programs and subsidize advanced technical education programs and online technical certifications. We encourage internal mobility through career expos and coaching, as well as foster mentorship connections and provide trained coaches as additional developmental support. Our strong partnerships with internal community resource groups allow us to personalize programs to address specific career development needs.

To evaluate employee sentiment and engagement, we use several listening mechanisms such as pulse surveys, a suggestion box, and an anonymous third-party hotline.

In fiscal year 2021, our overall turnover rate was 3.8%.

Compensation, Benefits, and Well-Being

Our compensation program rewards performance and is structured to encourage employees to invest in the Company's future. Employees receive equity (except where unavailable due to local regulations) with a realized value that is tied to our stock price performance and vests over time to retain employees while simultaneously aligning their interests with those of our stockholders.

We offer comprehensive benefits to support our employees' and their families' well-being, including 401(k) programs in the U.S., statutory pension programs outside the U.S., our employee stock purchase program, flexible work hours and time off, and programs to address mental health, stress, and time-management challenges. We evaluate our benefit offerings globally and are committed to providing tailored benefits based on community needs, including assistance for military members, additional mental health benefits, and support for new parents, and those who wish to become parents.

Safety and COVID-19

We support our people and their families in making their health a top priority. We implemented global protocols to slow the spread of COVID-19 and to keep our workforce safe by closing our offices around the world in March 2020 for all except essential workers. We also eliminated most business travel. We provided our employees with resources to work

remotely and continued to pay all employees and contractors. For essential labs and offices that remain open, we instituted appropriate safety protocols and social distancing guidelines. Additionally, we provided resources for employees, including work from home support, enhanced health coverage, reimbursement for certain work from home expenses, and learning and development resources on how to lead and manage remotely.

Diversity and Inclusion

We believe that diverse teams fuel innovation, and we are committed to a more inclusive culture that supports all employees, regardless of gender, gender identity or expression, veteran status, race, ethnicity, or disability.

We have increased our efforts to recruit, develop, and retain a more diverse workforce with a focus on those historically underrepresented in the technology field, including women, Black, and Hispanic candidates. In Fiscal 2021, we created the role of Head of Diversity, Inclusion, and Belonging, along with hiring a global diversity recruiting leader, and a Head of Strategic Initiatives to build our developer ecosystem and ensure it represents the global population.

Efforts we are undertaking include:

- Shepherding underrepresented candidates through the interviewing process, engaging employees from underrepresented communities for recruiting events and interview panels, and increased investment in minority-serving institutions and professional organizations;
- Developing an internal slate of diverse talent for open management positions, beginning semi-annual talent review sessions with executives to identify internal, diverse talent, and forming sponsorship and career acceleration programs; and
- Increasing inclusion communications and pulse surveys to measure employee sentiments

As of the end of Fiscal 2021, our global workforce was 80% men and 20% women, and 6% of our workforce in the United States was composed of Black or African American, and Hispanic or Latino employees.

Climate Change and the Environment

We drive operational excellence to reduce our environmental impact. Our rapid and significant business growth and the urgent climate action imperative mean that we must focus on expanding strategically, managing our operations efficiently, and sourcing low-carbon and renewable forms of energy to avoid growth in our greenhouse gas (GHG) emissions footprint.

After meeting our goal of a 15 percent reduction in scope 1 and 2 GHG emissions, normalized per employee, from Fiscal 2014 to Fiscal 2020, we developed a new goal to source 65 percent of our global electricity use from renewable energy by the end of Fiscal 2025.

We also integrate energy efficiency principles into our products. Whether it is creation of technology to power next-generation notebooks or designs to support high-performance supercomputers, improving energy efficiency is a principal goal in each step of our research, development, and design processes. As a result, graphics processing units (GPUs) are inherently more energy efficient than other ways of computation because they are optimized for throughput and performance per watt rather than absolute performance.

Public Policy Engagement and Accountability

Our Government Relations team engages in public policy advocacy to affect government action on issues of importance to our business, customers, stockholders, and employees, and to provide thought leadership to global governments on issues that directly affect our business. It is also a platform for educating policymakers through demonstrations of NVIDIA's technology, amplifying our work in targeted areas, and collaborating with various organizations on issues of shared interest. We focus our public policy activities in artificial intelligence (AI), specifically to promote investment in core AI research, support workforce development around AI, and provide educational resources to technology policy advisors. NVIDIA may make expenditures to support or advocate particular viewpoints on public policy issues, including expenditures for intermediaries that advocate on our behalf if it is in our best interest.

NVIDIA does not make contributions of any kind (money, employee time, goods or services or employee expense reimbursements), to political parties or candidates, including any direct contributions to any intermediary organizations, such as political action committees (PAC) or lobbyists, campaign funds, or trade or industry associations and super PACs. This policy applies in all countries and across all levels of government, even where such contributions are permitted by law.

We belong to a number of trade associations worldwide, representing the interests of the technology industry, industries in which we operate and the broader business community. These organizations work to bring about industry consensus and advocacy on major public policy issues. Where required by law, we file lobbying disclosure reports with U.S. federal, state and local governments.

Our NCGC oversees our public policy engagement and accountability. Management reports to the NCGC about our policies and practices in connection with governmental relations, public policy advocacy, and related expenditures.

NVIDIA's policies and practices related to public policy matters, including lobbying activities, trade association memberships, and related expenditures, are available on our website at <https://investor.nvidia.com/governance/governance-documents/default.aspx>.

Director Compensation

The CC reviews our non-employee director compensation program each year with the assistance of Exequity LLP, the CC's independent compensation consultant, who prepares a comprehensive assessment of our program, including comparison to our Fiscal 2020 peer group used for executive compensation purposes, an update on recent trends in director compensation, and a review of related corporate governance best practices. Following this review, the CC recommended no changes to our non-employee director compensation program for the year starting on the date of our 2020 Meeting, which we refer to as the 2020 Program.

The CC subsequently recommended, and the Board approved, a mix of cash and equity awards for each non-employee director with an approximate annual value of \$300,000, which was slightly below the median total annual compensation paid by similarly sized technology peer companies to their non-employee directors. We do not pay additional fees for serving as a Lead Director, chairperson or member of Board committees or for meeting attendance. Directors who are also employees do not receive fees or equity compensation for service on the Board.

Cash Compensation

The cash portion of the annual retainer, representing \$75,000 on an annualized basis, was paid quarterly. Each of Drs. Dabiri and Shah were paid the pro-rata portion of the annual cash retainer for service on the Board from the date of appointment to the date of our 2021 Meeting.

Equity Compensation

The value of the annual equity award, in the form of RSUs, or the 2020 Program RSUs, was \$225,000. The number of shares subject to each RSU award equaled this value, divided by the average closing market price of our common stock over the 60 calendar days ending the business day before the 2020 Meeting. The RSUs were granted on the first trading day following the date of our 2020 Meeting.

To correlate the vesting of the RSUs to the non-employee directors' service on the Board and its committees over the following year, 50% of the 2020 Program RSUs vested on November 18, 2020 (the third Wednesday in November 2020) and the remaining 50% will vest on May 19, 2021 (the third Wednesday in May 2021). If a non-employee director's service terminates due to death, his or her RSU grants will immediately vest in full for the benefit of his or her beneficiary. Non-employee directors do not receive dividend equivalents on unvested RSUs.

In connection with Dr. Dabiri's appointment to the Board in July 2020, he was granted on August 10, 2020: (a) an initial RSU grant with a value of \$225,000, which vests as to 1/6th of the shares approximately every six months, or the Initial Dabiri RSUs, and (b) an annual RSU grant equal to the grant value of the 2020 Program RSUs, pro-rated for the period of time from Dr. Dabiri's appointment in July 2020 to the date of our 2021 Meeting, which vest on the same schedule as the 2020 Program RSUs, with the pro-rated amount vesting on November 18, 2020 and the remainder vesting on May 19, 2021, or the 2020 Program Dabiri RSUs. The number of shares subject to the Initial Dabiri RSUs equaled the value of the grant, divided by the average closing market price of our common stock over the 60 calendar days ending the business day before Dr. Dabiri's appointment to the Board. The number of shares subject to the 2020 Program Dabiri RSUs equaled the number of shares that would have been granted to him pursuant to the 2020 Program RSUs had Dr. Dabiri been in service as of the 2020 Meeting, but pro-rated to reflect the period of service between the date of appointment of Dr. Dabiri to the Board and the date of the 2021 Meeting. If Dr. Dabiri's service terminates due to death, his RSU grants will immediately fully vest. He does not receive dividend equivalents on unvested RSUs. The grants to Dr. Dabiri occurred on the sixth business day of the calendar month following the date of his appointment, in alignment with our typical grant procedures for new employees.

In connection with Dr. Shah's appointment to the Board in November 2020, she was granted on December 8, 2020: (a) an initial RSU grant with a value of \$225,000, which vests as to 1/6th of the shares approximately every six months, or the Initial Shah RSUs, and (b) an annual RSU grant equal to the grant value of the 2020 Program RSUs, pro-rated for the period of time from Dr. Shah's appointment in November 2020 to the date of our 2021 Meeting, which will vest in full on May 19, 2021, or the 2020 Program Shah RSUs. The number of shares subject to the Initial Shah RSUs equaled the value of the grant, divided by the average closing market price of our common stock over the 60 calendar days ending the business day before Dr. Shah's appointment to the Board. The number of shares subject to the 2020 Program Shah RSUs equaled the number of shares that would have been granted to her pursuant to the 2020 Program RSUs had Dr. Shah been in service as of the 2020 Meeting, but pro-rated to reflect the period of service between the date of appointment of Dr. Shah to the Board and the date of the 2021 Meeting. If Dr. Shah's service terminates due to death, her RSU grants will immediately fully vest. She does not receive dividend equivalents on unvested RSUs. The grants to Dr.

Shah occurred on the sixth business day of the calendar month following the date of her appointment, in alignment with our typical grant procedures for new employees.

Deferral of Settlement

Non-employee directors could elect to defer settlement of RSUs upon vesting for tax planning purposes, to be issued on the earliest of (a) the date of the director's "separation from service" (as defined under Treasury Regulation Section 1.409A-1(h)), unless a six month delay would be required under such Section, (b) the date of a change in control of NVIDIA that also would constitute a "change in control event" (as defined under Treasury Regulation Section 1.409A-3(i)(5)), and (c) the third Wednesday in March of the year elected by the director, which year must have been or be no earlier than (i) 2022 for the 2020 Program Dabiri RSUs and 2020 Program Shah RSUs, (ii) 2022 for the 2020 Program RSUs, or (iii) 2024 for the Initial Dabiri RSUs and Initial Shah RSUs. Messrs. Jones, McCaffery, and Neal, Dr. Shah and Ms. Hudson elected to defer settlement of the RSUs granted to them in Fiscal 2021.

Other Compensation/Benefits

Our non-employee directors are reimbursed for expenses incurred in attending Board and committee meetings and continuing educational programs pursuant to our Corporate Governance Policies. However, we do not offer change-in-control benefits to our directors, except for the vesting acceleration provisions in our equity plans that apply to all holders of stock awards under such plans in the event that an acquirer does not assume or substitute for such awards.

⁽¹⁾ Amounts shown in this column do not reflect dollar amounts actually received by the director. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB Accounting Standards Codification Topic 718, or FASB ASC Topic 718, for all RSU awards granted during Fiscal 2021. The assumptions used in the calculation of values of the awards are set forth under Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. On June 10, 2020, each non-employee director serving on the Board received his or her RSU grant for 712 shares. The grant date fair value per share for these awards as determined under FASB ASC Topic 718 was \$374.07.

⁽²⁾ Dr. Dabiri joined the Board in July 2020.

⁽³⁾ On August 10, 2020, Dr. Dabiri received: (a) in connection with his appointment, an initial RSU grant for 620 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$444.77, and (b) as compensation for his service on the Board through the date of the 2021 Meeting, a pro-rated RSU grant for 633 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$446.11.

⁽⁴⁾ Mr. Gaither retired from our Board effective June 9, 2020.

⁽⁵⁾ Dr. Shah joined the Board in November 2020.

⁽⁶⁾ On December 8, 2020, Dr. Shah received: (a) in connection with her appointment, an initial RSU grant for 426 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$532.08, and (b) as compensation for her service on the Board through the date of the 2021 Meeting, a pro-rated RSU grant for 401 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$533.72.

The following aggregate number of vested RSUs for which settlement was previously deferred were ultimately issued in Fiscal 2021: 963 RSUs for Dr. Drell, 2,221 RSUs for Mr. Gaither, 19,551 RSUs for Ms. Hudson, and 963 RSUs for Mr. McCaffery.

Review of Transactions with Related Persons

It is our policy that all employees, officers and directors must avoid any activity that is in conflict with, or has the appearance of conflicting with, our interests. This policy is included in our Code of Conduct and our Financial Team Code of Conduct. We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all transactions involving executive officers or directors must be approved by the NCGC in compliance with the Company's policies and the Listing Standards of The Nasdaq Global Select Market. Except as discussed below, we did not conduct any transactions with related persons in Fiscal 2021 that would require disclosure in this proxy statement or approval by the NCGC.

Transactions with Related Persons

We have entered into indemnity agreements with our executive officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, executive officer or other agent of NVIDIA, and otherwise to the fullest extent permitted under Delaware law and our Bylaws. We intend to execute similar agreements with our future executive officers and directors.

See the section below titled *Employment, Severance and Change-in-Control Arrangements* for a description of the terms of the 2007 Plan, related to a change-in-control of NVIDIA.

During Fiscal 2021, we granted RSUs to our non-employee directors, and RSUs and PSUs to our executive officers. See the section above titled *Director Compensation* and the section below titled *Executive Compensation*.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of March 22, 2021 as to shares of our common stock beneficially owned by each of our NEOs, each of our directors, all of our directors and executive officers as a group, and all known by us to be beneficial owners of 5% or more of our common stock. Beneficial ownership is determined in accordance with the SEC's rules and generally includes voting or investment power with respect to securities as well as shares of common stock subject to options exercisable, or PSUs or RSUs that will vest, within 60 days of March 22, 2021.

This table is based upon information provided to us by our executive officers and directors. Information about principal stockholders, other than percentages of beneficial ownership, is based solely on Schedules 13G/A filed with the SEC. Unless otherwise indicated and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentages are based on 622,345,126 shares of our common stock outstanding as of March 22, 2021, adjusted as required by SEC rules.

Proposal 2—Approval of Executive Compensation

What am I voting on? A non-binding vote, known as “say-on-pay,” to approve our Fiscal 2021 NEO compensation.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None.

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote on an advisory basis, commonly referred to as “say-on-pay”, to approve the Fiscal 2021 compensation paid to our NEOs as disclosed in the CD&A, the compensation tables and the related narrative disclosure contained in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement.

In response to our stockholders’ preference, our Board has adopted a policy of providing for annual “say-on-pay” votes.

This advisory proposal is not binding on the Board or us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the CC intend to consider the results of this vote in making determinations in the future regarding NEO compensation arrangements.

Recommendation of the Board

The Board recommends that our stockholders adopt the following resolution:

“RESOLVED, that the Fiscal 2021 compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**.”

Fiscal 2021 Executive Compensation Highlights

Despite the challenges of the COVID-19 pandemic, in Fiscal 2021, we enhanced our networking technologies by completing the acquisition of Mellanox Technologies, Ltd., launched the NVIDIA Ampere GPU architecture for our Gaming and Data Center platforms, and announced a partnership with Mercedes-Benz to introduce software-defined, intelligent vehicles using end-to-end NVIDIA technology. On the strength of our Gaming and Data Center market platforms, we achieved record revenue for the Company, which directly impacted the performance payouts under our executive compensation program.

NVIDIA's executive compensation program in Fiscal 2021 continued to be guided by a pay for performance philosophy, and was designed to align NEO compensation with the interests of our stockholders. The overall design of the program remained consistent year-over-year, with the following Fiscal 2021 NEO pay highlights:

Components of Pay

BASE SALARY	+	VARIABLE CASH based on annual revenue	+	EQUITY
				RSUs vesting over 4 years (all NEOs other than our CEO)
				SY PSUs based on annual Non-GAAP Operating Income, vesting over 4 years
				MY PSUs based on 3-year TSR relative to the S&P 500, vesting after completion of the performance period

Target Pay Adjustments

- Increase in proportion of "at-risk" target pay to **94%** of CEO target pay and **88%** of other NEO target pay
- Increased CEO target variable cash to 150% of base salary (representing 25th percentile of peers)
- No other changes to NEO base salary or target variable cash for the third consecutive year
- Target equity increased by 51% for CEO and by 111% for other NEOs, after no significant increases in the last three years

Performance Achievement; Maximum Payouts

- Revenue and Non-GAAP Operating Income each adjusted to exclude the impact of acquisitions completed during Fiscal 2021

Revenue, as adjusted, exceeded Stretch Operating Plan goal → Variable cash payout at **200%** of target

Non-GAAP Operating Income, as adjusted, exceeded Stretch Operating Plan goal → **200% (150% for CEO)** of target PSU shares eligible to vest

Increased Performance Goals

- Fiscal 2021 revenue and Non-GAAP Operating Income Threshold goals set above Fiscal 2020 performance
- No adjustments to performance goals due to COVID-19

3-year relative TSR exceeded Stretch goal → **200% (150% for CEO)** of target PSU shares eligible to vest

Our Compensation Philosophy and Practices

NVIDIA's mission is to develop revolutionary technology that improves lives. To achieve this vision, we must attract and retain a high-caliber executive team while balancing our stockholders' interests. While our CC considers numerous factors in making executive pay decisions, our compensation program is guided by the following goals and philosophies:

- **Pay for Performance:** emphasize at-risk and performance-based cash and equity for NEOs based on multiple corporate metrics
- **Provide Competitive Pay:** NEO target compensation should be competitive with our peers; reflects job impact, scope, and responsibilities; and is structured to attract and retain talent
- **Stockholder Alignment:** structure NEO pay to align with stockholders' long-term interests and make adjustments in response to feedback received through our annual stockholder engagement and our annual "say-on-pay" vote
- **Simplicity and Transparency:** utilize clear, simple performance metrics that are defined and reported publicly

Our executive compensation program adheres to the following practices:

What We Do	What We Don't Do
✓ Emphasize at-risk, performance-based compensation, with objective and distinct goals for each such component ✓ Include multi-year PSU awards ✓ Use annual and 3-year performance targets to help determine SY PSU and MY PSU awards earned, respectively ✓ Require NEOs to provide continuous service for 4 years to fully vest in SY PSU and RSU awards ✓ Evaluate and adjust our program annually based on stockholder and corporate governance group feedback ✓ Minimize excessive risk-taking ✓ Cap performance-based variable cash and PSU payouts ✓ Retain an independent compensation consultant reporting directly to the CC ✓ Require NEOs to maintain meaningful stock ownership ✓ Maintain a clawback policy for performance-based compensation	✗ Enter into agreements with NEOs providing for specific terms of employment or severance benefits ✗ Give our executive officers special change-in-control benefits ✗ Provide automatic equity vesting upon a change-in-control (except for the provisions in our equity plans that apply to all employees if an acquiring company does not assume or substitute our outstanding stock awards) ✗ Give NEOs supplemental retirement benefits or perquisites that are not available to all employees ✗ Provide tax gross-ups ✗ Reprice stock options without stockholder approval ✗ Pay dividends or the equivalent on unearned or unvested equity ✗ Permit executive officers, employees or directors to hedge their ownership of NVIDIA stock or to pledge NVIDIA stock as collateral for a loan

How We Determine Executive Compensation

Our CC managed our Fiscal 2021 executive compensation program according to the cycle below:

Roles of the CC, Compensation Consultant and Management

Our CC solicits the input of Mr. Huang and the CC's independent compensation consultant, Exequity, which reports directly to our CC. The roles of our CC, Exequity, and management, including our CEO, CFO, and Human Resources and Legal departments, in setting our Fiscal 2021 NEO compensation program are summarized below.

At the CC's direction, Exequity and management recommended a peer group for our program, which was approved by the CC. Management then gathered peer data from the Radford Global Technology Survey, which was considered by Exequity in its analysis of Mr. Huang's compensation, and by Mr. Huang in his recommendations on our other NEOs' compensation, for Fiscal 2021. The CC considered Exequity's advice, Mr. Huang's recommendations, and management's proposed Fiscal 2021 performance goals prior to making its final and sole decision on all Fiscal 2021 NEO compensation. Exequity also advised the CC on the Fiscal 2021 compensation risk analysis prepared by management. Finally, the CC also certified performance-based compensation payouts for the applicable periods ended Fiscal 2021.

During Fiscal 2021, our CC continued to use Exequity for its experience working with our CC and with compensation committees at other technology companies. Our CC analyzed whether Exequity's role raised any conflict of interest, considering: (i) Exequity does not provide any services directly to NVIDIA (although we pay Exequity on the CC's behalf), (ii) the percentage of Exequity's total revenue resulting from fees paid by us on the CC's behalf, (iii) Exequity's conflict of interest policies and procedures, (iv) any business or personal relationship between Exequity and an NEO, or between Exequity's individual compensation advisors and an NEO or any member of our CC, and (v) any NVIDIA stock owned by Exequity or its individual compensation advisors. After considering these factors, our CC determined that Exequity's work did not create any conflict of interest.

Peer Companies and Market Compensation Data

We believe our peers should be companies that (1) compete with us for executive talent; (2) have established businesses, market presence, and complexity similar to us; and (3) are generally of similar size to us, as measured by revenue and/or market capitalization at roughly 0.5-3.5x of us. At the time our CC determined our Fiscal 2021 peer group in December 2019, our revenue and market capitalization, compared to the median of our peer group companies, was as follows:

	Revenue	Market Capitalization
Fiscal 2021 Peer Group Median	\$22.26 billion	\$122.83 billion
NVIDIA	\$10.02 billion	\$130.47 billion

After consultation with management, the CC determined that the existing peer group continued to be appropriate and did not make changes to our peer group for Fiscal 2021:

Fiscal 2021 Peer Group

Adobe Inc.	Cisco Systems, Inc.	Intuit Inc.	Qualcomm Incorporated	Tesla, Inc.
Advanced Micro Devices, Inc.	IBM	Oracle Corporation	Salesforce.com, Inc.	Texas Instruments
Broadcom Limited	Intel Corporation	PayPal	SAP	VMware, Inc.

Our CC reviews market practices and compensation data from the Radford survey for peer companies' comparably situated executives when determining the components of our executive compensation program as well as total compensation. The CC compares the total compensation opportunity for our NEOs and similarly situated executives at the 50th percentile of peer company data, and also considers the factors below in determining NEO compensation opportunities.

Factors Used in Determining Executive Compensation

In addition to peer data, our CC considers the following factors in making executive compensation decisions. The weight given to each factor may differ among NEOs and each component of pay, and is subject to the CC's sole discretion.

- ✓ The need to attract and retain talent in a highly competitive industry
- ✓ Stockholder feedback regarding our executive pay
- ✓ The simplicity of the overall program and the transparency of the performance metrics
- ✓ An NEO's past performance and anticipated future contributions
- ✓ Our financial performance and forecasted results
- ✓ The need for NEOs to address new business challenges
- ✓ Each NEO's current total compensation
- ✓ Each NEO's unvested equity
- ✓ Internal pay equity relative to similarly situated executives and the scope and complexity of the department(s) or function(s) the NEO manages
- ✓ Our CEO's recommendations for the other NEOs, including his understanding of each NEO's performance, capabilities, contributions
- ✓ Our CC's independent judgment
- ✓ Our philosophy that an NEO's total compensation opportunity and percentage of at-risk pay should increase with responsibility
- ✓ The total compensation cost and stockholder dilution from executive compensation, to maintain a responsible cost structure for our compensation programs*

* See Note 4, *Stock-Based Compensation* of our Form 10-K consolidated financial statements for a discussion of stock-based compensation cost.

Components of Pay

Taking into account (i) the Company's Fiscal 2021 outlook at the time of determining executive compensation (which occurred in early March 2021 prior to the full onset of the COVID-19 pandemic), (ii) stockholder feedback from our annual outreach efforts, and (iii) strong Fiscal 2020 say-on-pay approval, the CC maintained the same elements for our executive pay program for Fiscal 2021, with some adjustments to further strengthen the link between corporate performance and NEO pay, including an increase to the proportion of pay that is at-risk. The primary components of NVIDIA's Fiscal 2021 executive compensation program are summarized below:

We provide medical, vision, dental, and accidental death and disability insurance as well as time off and paid holidays for our NEOs, on the same basis as our other employees. Like other employees, our NEOs are eligible to participate in our 2012 ESPP, unless otherwise prohibited by the rules of the Internal Revenue Service, and our 401(k) plan, which included a Company match of salary deferral contributions of up to \$6,500 for calendar 2020, which increased to up to \$7,000 for calendar 2021. For Fiscal 2021, Mr. Puri, Mr. Teter and Ms. Kress each received a \$7,000 401(k) match, while Mr. Huang and Ms. Shoquist each received matches of \$6,500.

Compensation Actions and Achievements

Stockholder Outreach and Feedback

We value stockholder feedback and conduct an annual stockholder outreach program. During the Fall of 2019, in preparing for Fiscal 2021 compensation decisions, we contacted our top institutional holders who held 1% or more of our stock (with the exception of brokerage firms and index funds who we know do not engage in direct conversations), with an aggregate ownership of approximately 31% of our common stock outstanding. Members of management and the Board, including our Lead Director, ultimately discussed executive compensation with representatives of stockholders holding an aggregate of approximately 19% of our common stock. Our stockholders generally provided positive feedback on our pay for performance alignment and the simplicity of our executive compensation program design.

After considering their feedback, and our Fiscal 2020 say-on-pay approval rate of 95%, our CC determined to maintain the same general elements and metrics for our Fiscal 2021 NEO pay program, but increased the rigor of the corporate goals and increased the proportion of “at-risk” target pay to further align pay with performance, as described below. In the Fall of 2020, members of management and the Board, including our Lead Director and a member of our CC, again engaged in stockholder outreach. The CC considered the feedback from these meetings in making decisions regarding the current Fiscal 2022 executive compensation program.

Total Target Compensation Approach

Our CC reviewed each NEO's total target pay opportunity and distribution across different pay elements. Our CC compared Mr. Huang's base salary, target variable cash opportunity, target equity opportunity, and total target pay against chief executives of our peer companies. For our other NEOs, our CC reviewed their respective total target pay against similarly situated executives of our peer companies. The CC also considered the factors discussed above in *Factors Used in Determining Executive Compensation* and the CC's specific compensation objectives for Fiscal 2021. Our CC did not use a single formula or assign a specific weight to any one factor in determining each NEO's target pay. Instead, our CC used its business judgment and experience to set total target compensation, mix of cash and equity, and fixed and at-risk pay opportunities for each NEO to achieve our program's objectives. When the CC set each element of pay for an NEO, it considered the context of the levels of the other pay elements, and the resulting total target pay for such NEO. These amounts and structure allowed our NEOs to realize above-market value from equity awards and variable cash incentives only upon exceptional corporate performance.

For Fiscal 2021, the CC considered that NEO target pay had been kept essentially flat for the last three years, and made adjustments to better align each NEO's total target pay with those of similarly situated executives at our peer companies. As a result, Mr. Huang's total target pay increased by approximately 46% and each other NEO's total target pay increased by an average of 76%, with all increases pertaining to at-risk pay opportunities only.

While the CC generally made no changes to base salary and target variable cash compared to the prior year, it did increase Mr. Huang's target variable cash to 150% of his base salary, which brought his target variable cash compensation, as a percentage of his base salary, to the 25th percentile of peer company chief executive officers. For our other NEOs, the CC increased their respective target equity opportunities due to their increased responsibilities and scope, to better align their pay with those of peer executives, as well as to provide for retention.

Continued Emphasis on Long-Term, At-Risk, Performance-Based Equity Awards

For Fiscal 2021, the CC decided that the largest portion of NEOs' total target pay would remain in the form of at-risk, performance-based equity. The CC believes an emphasis on long-term, at-risk opportunities drives results and increases NEO and stockholder alignment, while providing sufficient annual cash compensation to be competitive and retain our NEOs. The PSUs and RSUs provide long-term incentives and retention benefits because our NEOs must achieve, for PSUs, the predetermined performance goal and also, for both PSUs and RSUs, remain with us for a multi-year period (3 years for MY PSUs and 4 years for SY PSUs and RSUs) to fully vest in the awards.

The CC concluded that, given Mr. Huang's position as CEO, 100% of his equity grants should be at-risk and performance-based, tightly aligning his interests with stockholders. Consistent with its practice in recent years, the CC granted Mr. Huang's target equity opportunity 100% in the form of SY PSUs (which value is aligned with Non-GAAP Operating Income performance) and MY PSUs (which value is aligned with relative stock price performance). For each of our other NEOs, the CC provided 40% of the target equity opportunity in the form of RSUs and 60% of the target equity opportunity in the form of PSUs. The CC, after considering our CEO's recommendations, determined this mix provided an appropriate balance, by placing a greater emphasis on awards contingent upon performance goal achievement while still providing a meaningful amount of time-vesting RSUs to encourage retention and to reward our other NEOs, in line with our stock performance over the long-term.

The CC evaluated market positioning, internal pay equity, individual performance, and level of unvested equity to determine a target equity opportunity value for our NEOs. Because our CEO's target equity opportunity value had been kept constant for the preceding three years, the CC felt it was appropriate to increase the value for Fiscal 2021 to bring that portion of pay closer to the median of peer company chief executive officers, representing an increase of 51% from Fiscal 2020. The target equity opportunity values for our other NEOs represented an average increase of 111% from Fiscal 2020, which the CC felt was appropriate due to their increased responsibilities and scope, to bring those portions of pay closer to the median of peer company executives, as well as to provide for retention. To determine actual shares awarded, the CC used the eight-week trailing average of our stock price ending the week prior to the date of grant, reducing the impact of daily volatility on compensation decisions. This average stock price determined the number of RSUs and the target numbers of SY PSUs and MY PSUs.

The target numbers of SY PSU and MY PSU shares were eligible to vest upon our achievement of the Base Operating Plan Non-GAAP Operating Income performance goal for Fiscal 2021, and the Target TSR performance goal relative to the S&P 500 over a 3-year period starting at the beginning of Fiscal 2021, respectively. No shares were eligible to vest if at least Threshold performance was not achieved. Shares underlying any PSUs that are not earned are cancelled.

If the Company achieved at least Threshold performance, the minimum number of shares eligible to vest was 50% of the SY PSU target opportunity and 25% of the MY PSU target opportunity. If the Company achieved at least Stretch Operating Plan performance for SY PSUs (or Stretch performance for MY PSUs), the maximum number of shares eligible to vest was capped at 150% of Mr. Huang's, and 200% of our other NEOs' respective, PSU target opportunities.

Goals for and Achievement of Performance-Based Compensation

Based on the Fiscal 2021 strategic plan as approved by the Board, the CC set performance metrics and goals, and certified the Company's performance achievement with resulting payouts to our NEOs, as set forth below:

PERFORMANCE METRICS			
	Variable Cash Plan	SY PSUs	MY PSUs
Metric	Revenue	Non-GAAP Operating Income	TSR relative to the S&P 500
Timeframe	1 year	1 year	3 years
CC's Rationale for Metric	Drives value, contributes to Company's long-term success Focuses on growth in new and existing markets Exclusion of impact from acquisitions to align with stockholder interests Distinct, separate metric from Non-GAAP Operating Income	Drives value, contributes to Company's long-term success Reflects our annual revenue generation and effective operating expense management Exclusion of impact from acquisitions to align with stockholder interests Distinct, separate metric from revenue	Aligns directly with long-term shareholder value creation Provides comparison of our stock price performance, including dividends, against a capital market index in which we compete Relative performance goal accounts for macroeconomic factors impacting the market

PERFORMANCE ACHIEVEMENT AND PAYOUTS

⁽¹⁾ For achievement between Threshold and Base Operating Plan (or Target for MY PSUs) and between Base Operating Plan (or Target for MY PSUs) and Stretch Operating Plan (or Stretch for MY PSUs), payouts would be determined using straight-line interpolation. Achievement less than Threshold would result in no payout, and exceeding Stretch Operating Plan (or Stretch for MY PSUs) would result in the capped maximum payout.

⁽²⁾ 25% of the eligible SY PSU shares vested on March 17, 2021, approximately one year after grant, and 6.25% will vest every quarter thereafter for the next three years.

⁽³⁾ 100% of the eligible MY PSUs vested on March 17, 2021, after the 3-year performance period.

* Revenue, on an adjusted basis, is GAAP revenue, as the Company reports in its respective earnings materials, excluding the impact of acquisitions completed during the applicable fiscal year. Non-GAAP Operating Income, on an adjusted basis, is GAAP operating income as the Company reports in its respective earnings materials, excluding stock-based compensation expense, acquisition-related costs, legal settlement costs and other costs, and the estimated unaudited operating income and costs associated with acquisitions completed during the applicable fiscal year.

Each of the performance goal levels as described above were set by the CC with the following objectives:

- **Threshold** was uncertain, but attainable and high enough to create modest value; represented an appropriately decelerated payout for performance below Base Operating Plan (Target for MY PSUs)
- **Base Operating Plan (Target for MY PSU)** was uncertain but attainable with significant effort and execution success; included budgeted investments in future businesses and revenue growth (and for PSUs, gross margin growth) considering macroeconomic conditions and reasonable but challenging growth estimates for ongoing and new businesses
- **Stretch Operating Plan (Stretch for MY PSU)** required exceptional achievement; only possible with strong market factors and a very high level of management execution and corporate performance

At the time the CC established the Fiscal 2021 goals, the Company had executed a definitive agreement to acquire Mellanox. However, due to uncertainty around the likelihood and timing of the receipt of required regulatory approvals as well as regarding the closing of the transaction, the CC believed that in order to best align our executives' interests with those of our stockholders and to remain consistent with our pay for performance philosophy, the Fiscal 2021 performance goals should exclude the additional revenue and estimated unaudited operating income and costs generated by the acquisition of Mellanox and other acquisitions completed during Fiscal 2021.

In accordance with the performance goals and methodology established by the CC in early Fiscal 2021, the CC excluded the additional revenue and the estimated unaudited operating income and costs generated by acquisitions completed during Fiscal 2021 in its certification of Fiscal 2021 results. Such exclusion had the effect of reducing the overall levels of revenue and Non-GAAP Operating Income. The CC determined the foregoing approach best aligned our executives' interests with those of our stockholders and remained consistent with our pay for performance philosophy.

Achievement of goals for Fiscal 2020 and Fiscal 2021 MY PSU grants will be determined after January 2022 and January 2023, respectively.

Target Fiscal 2021 Compensation Actions

The CC's target Fiscal 2021 compensation actions are summarized below for each NEO, reflecting the target value of the variable cash and equity opportunities the CC intended to deliver, as well as the variable cash earned and PSUs which became eligible to vest. The CC considered the factors set forth in *Factors Used in Determining Executive Compensation* above to set the total target pay opportunity for each NEO and to make the Fiscal 2021 changes to NEO target pay opportunity, which are described in *Compensation Actions and Achievement - Total Target Compensation Approach* above.

Additional Executive Compensation Practices, Policies, and Procedures**Stock Ownership Guidelines**

The Board believes that executive officers should hold a significant equity interest in NVIDIA. Our Corporate Governance Policies require the CEO to hold shares of our common stock valued at six times his base salary, and our other NEOs to hold shares of our common stock valued at the NEO's respective base salary. NEOs have up to five years from appointment to reach the ownership threshold. The stock ownership guidelines are intended to further align NEO interests with stockholder interests. Each NEO currently exceeds the stock ownership requirements.

Compensation Recovery ("Clawback") Policy

We maintain a Compensation Recovery Policy for all employees. Under this policy, if we are required to prepare an accounting restatement to correct an accounting error on an interim or annual financial statement included in a report on Form 10-Q or Form 10-K due to material noncompliance with any financial reporting requirement under the federal securities laws, or a Restatement, and if the Board or a committee of independent directors concludes that our CEO, our CFO or any other employee received a variable compensation payment that would not have been payable if the original interim or annual financial statements had reflected the Restatement, which we refer to as the Overpayment, then:

- Our CEO and our CFO will disgorge the net after-tax portion of the Overpayment; and
- The Board or the committee of independent directors in its sole discretion may require any other employee to repay the Overpayment. In using its discretion, the Board or the independent committee may consider whether such person was involved in the preparation of our financial statements or otherwise caused the need for the Restatement and may, to the extent permitted by applicable law, recoup amounts by (1) requiring partial or full repayment by such person of any variable or incentive compensation or any gains realized on the exercise of stock options or on the open-market sale of vested shares, (2) canceling up to all and any outstanding equity awards held by such person and/or (3) adjusting the future compensation of such person.

We will review and update the Compensation Recovery Policy as necessary for compliance with the clawback policy provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act when the final regulations related to that policy are issued.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, or Section 162(m), compensation paid to each of the Company's "covered employees" that exceeds \$1 million per taxable year is generally non-deductible unless the compensation qualifies for certain grandfathered exceptions (including the "performance-based compensation" exception) for certain compensation paid pursuant to a written binding contract in effect on November 2, 2017 and not materially modified on or after such date.

Although the CC will continue to consider tax implications as one factor in determining executive compensation, the CC also looks at other factors in making its decisions and retains the flexibility to provide compensation for the NEOs in a manner consistent with the goals of the Company's executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The CC also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Our CC also considers the impact of Section 409A of the Internal Revenue Code, and in general, our executive plans and programs are designed to comply with the requirements of that section to avoid the possible adverse tax consequences that may arise from non-compliance.

Under FASB ASC Topic 718, the Company is required to estimate and record an expense for each award of equity compensation over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to FASB ASC Topic 718.

Risk Analysis of Our Compensation Plans

With the oversight of the CC, members from the Company's Legal, Human Resources and Finance departments, as well as Exequity, the independent consultant engaged by the CC, performed an assessment of the Company's compensation programs and policies for Fiscal 2021 as generally applicable to our employees to ascertain any potential material risks that may be created by our compensation programs. The assessment focused on programs with variability of payout and the ability of participants to directly affect payout and the controls over participant action and payout—specifically, the Company's variable cash compensation, equity compensation, and sales incentive compensation programs. We identified the key terms of these programs, potential concerns regarding risk taking behavior, and specific risk mitigation features. The assessment was first presented to our Senior Vice President, Human Resources; our CFO; and our General Counsel, and then presented to the CC.

The CC considered the findings of the assessment described above and concluded that our compensation programs, which are structured to recognize both short-term and long-term contributions to the Company, do not create risks which are reasonably likely to have a material adverse effect on our business or financial condition.

The CC believes that the following compensation design features guard against excessive risk-taking:

- ✓ Our compensation program encourages our employees to remain focused on both our short-term and long-term goals
- ✓ We design our variable cash and PSU compensation programs for executives so that payouts are based on achievement of corporate performance targets, and we cap the potential award payout
- ✓ We have internal controls over our financial accounting and reporting which is used to measure and determine the eligible compensation awards under our Variable Cash Plan and our SY PSUs
- ✓ Financial plan target goals and final awards under our Variable Cash Plan and our SY PSUs are approved by the CC and consistent with the annual operating plan approved by the full Board each year
- ✓ MY PSUs are designed with a relative goal
- ✓ We have a compensation recovery policy applicable to all employees that allows NVIDIA to recover compensation paid in situations of fraud or material financial misconduct
- ✓ All executive officer equity awards have multi-year vesting
- ✓ We have stock ownership guidelines that we believe are reasonable and are designed to align our executive officers' interests with those of our stockholders
- ✓ We enforce a "no-hedging" policy and a "no-pledging" policy involving our common stock which prevents our employees from insulating themselves from the effects of NVIDIA stock price performance

Summary Compensation Table for Fiscal 2021, 2020, and 2019

The following table summarizes information regarding the compensation earned by our NEOs during Fiscal 2021, 2020, and 2019. Fiscal 2021 was a 53-week year. Fiscal 2020, and 2019 were 52-week years.

⁽¹⁾ Amounts shown in this column do not reflect dollar amounts actually received by the NEO. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB ASC Topic 718 for the respective fiscal year for grants of RSUs, SY PSUs, and MY PSUs, as applicable. The assumptions used in the calculation of values of the awards are set forth under Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. With regard to the stock awards with performance-based vesting conditions, the reported grant date fair value assumes the probable outcome of the conditions at Base Operating Plan for SY PSUs and Target for MY PSUs, determined in accordance with applicable accounting standards.

Based on Stretch Operating Plan and Stretch performance in Fiscal 2021, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2021 would be \$11,293,920 and \$7,007,385 for Mr. Huang, \$6,001,079 and \$886,431 for Ms. Kress, \$5,587,212 and \$824,917 for Mr. Puri, \$5,069,877 and \$748,419 for Ms. Shoquist, and \$4,035,208 and \$596,212 for Mr. Teter.

Based on Stretch Operating Plan and Stretch performance in Fiscal 2020, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2020 would be \$9,780,540 and \$4,734,840 for Mr. Huang, \$3,793,664 and \$479,310 for Ms. Kress, \$3,882,578 and \$479,310 for Mr. Puri, \$2,815,610 and \$368,700 for Ms. Shoquist, and \$2,371,040 and \$368,700 for Mr. Teter.

Based on Stretch Operating Plan and Stretch performance in Fiscal 2019, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2019 would be \$11,108,385 and \$6,308,148 for Mr. Huang, \$4,300,020 and \$636,408 for Ms. Kress, \$4,395,576 and \$636,408 for Mr. Puri, \$3,201,126 and \$494,984 for Ms. Shoquist, and \$2,723,346 and \$494,984 for Mr. Teter.

⁽²⁾ As applicable, reflects amounts earned in Fiscal 2021, 2020, and 2019 and paid in March or April of each respective year pursuant to our Variable Cash Plan for each respective year. For further information please see our *Compensation Discussion and Analysis* above.

⁽³⁾ Represents a match of contributions to our 401(k) savings plan, a contribution to a health savings account and imputed income from life insurance coverage. These benefits are available to all eligible NVIDIA employees. For Fiscal 2021, the match of contributions for our 401(k) savings plan was \$6,500 for Mr. Huang and \$7,000 for Mr. Puri. For Fiscal 2021 the match of contributions to a health savings account was \$2,500 for Mr. Huang and \$1,250 for Mr. Puri. For Fiscal 2021 imputed income from life insurance coverage was \$10,266 for Mr. Huang and \$25,138 for Mr. Puri.

⁽⁴⁾ Represents a match of contributions to our 401(k) savings plan and imputed income from life insurance coverage. These benefits are available to all eligible NVIDIA employees. For Fiscal 2021, the match of contributions for our 401(k) savings plan was \$7,000 for Ms. Kress, \$6,500 for Ms. Shoquist and \$7,000 for Mr. Teter. For Fiscal 2021 imputed income from life insurance coverage was \$2,731 for Ms. Kress, \$15,081 for Ms. Shoquist and \$2,921 for Mr. Teter.

⁽⁵⁾ Represents an anniversary bonus paid in Fiscal 2018 that was earned in Fiscal 2019.

Grants of Plan-Based Awards for Fiscal 2021

The following table provides information regarding all grants of plan-based awards that were made to or earned by our NEOs during Fiscal 2021. Disclosure on a separate line item is provided for each grant of an award made to an NEO. The information in this table supplements the dollar value of stock and other awards set forth in the *Summary Compensation Table for Fiscal Years 2021, 2020, and 2019* by providing additional details about the awards. The PSUs and RSUs set forth in the following table were made under our 2007 Plan. PSUs are eligible to vest based on performance against pre-established criteria. Both SY PSUs and RSUs are subject to service-based vesting.

- (1) Unless otherwise noted, represents the closing price of our common stock as reported by Nasdaq on the date of grant which is the exercise price of stock option grants made pursuant to our 2007 Plan.
- (2) Calculated by multiplying the number of RSUs or PSUs by the closing price (\$519.59) of NVIDIA's common stock on January 29, 2021, the last trading day before the end of our Fiscal 2021, as reported by Nasdaq.
- (3) The RSU was earned on January 28, 2018, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 21, 2018, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 17, 2021.
- (4) The RSU was earned on January 27, 2019, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 20, 2019, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 16, 2022.
- (5) The RSU was earned on January 26, 2020, based on achievement of a performance goal. The RSU vested as to 25% of the shares on March 18, 2020, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 15, 2023.
- (6) The RSU was earned on January 31, 2021, based on achievement of a performance goal. The RSU vested as to 100% of the shares on March 17, 2021.
- (7) Represents the number of shares subject to the RSU that became eligible to vest, determined as of January 31, 2021, based on achieving Stretch performance goals. The RSU vested as to 25% of the shares on March 17, 2021, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 20, 2024.
- (8) Represents the possible number of shares that could be earned based on achieving Stretch performance goals. The number of PSUs that could be earned is based on our TSR relative to the S&P 500 from January 28, 2019 through January 30, 2022. If the performance goal is achieved, the shares earned will vest as to 100% on March 16, 2022. If the Threshold performance goal is achieved, 5,500 shares will be earned by Mr. Huang, 325 shares will be earned by Ms. Kress, 325 shares will be earned by Mr. Puri, 250 shares will be earned by Ms. Shoquist, and 250 shares will be earned by Mr. Teter. If the Target performance goal is achieved, 22,000 shares will be earned by Mr. Huang, 1,300 shares will be earned by Ms. Kress, 1,300 shares will be earned by Mr. Puri, 1,000 shares will be earned by Ms. Shoquist, and 1,000 shares will be earned by Mr. Teter.
- (9) Represents the possible number of shares that could be earned based on achieving Stretch performance goals. The number of PSUs that could be earned is based on our TSR relative to the S&P 500 from January 26, 2020 through January 29, 2023. If the performance goal is achieved, the shares earned will vest as to 100% on March 15, 2023. If the Threshold performance goal is achieved, 9,681 shares will be earned by Mr. Huang, 658 shares will be earned by Ms. Kress, 620 shares will be earned by Mr. Puri, 571 shares will be earned by Ms. Shoquist, and 378 shares will be earned by Mr. Teter. If the Target performance goal is achieved, 19,363 shares will be earned by Mr. Huang, 1,317 shares will be earned by Ms. Kress, 1,240 shares will be earned by Mr. Puri, 1,143 shares will be earned by Ms. Shoquist, and 756 shares will be earned by Mr. Teter.

Employment, Severance and Change-in-Control Arrangements

Employment Agreements. Our executive officers are “at-will” employees and we do not have employment, severance or change-in-control agreements with our executive officers.

Change-in-Control Arrangements. Our 2007 Plan provides that in the event of a corporate transaction or a change-in-control, outstanding stock awards may be assumed, continued, or substituted by the surviving corporation. If the surviving corporation does not assume, continue, or substitute such stock awards, then (a) with respect to any stock awards that are held by individuals performing services for NVIDIA immediately prior to the effective time of the transaction, the vesting and exercisability provisions of such stock awards will be accelerated in full and such stock awards will be terminated if not exercised prior to the effective date of the corporate transaction or change-in-control, and (b) all other outstanding stock awards will be terminated if not exercised on or prior to the effective date of the corporate transaction or change-in-control.

Potential Payments Upon Termination or Change-in-Control

Upon a change-in-control or certain other corporate transactions of NVIDIA, unvested RSUs and PSUs will fully vest in some cases as described above under *Employment, Severance and Change-in-Control Arrangements—Change-in-Control Arrangements*. The table below shows our estimates of the amount of the benefit each of our NEOs would have received if the unvested RSUs and PSUs held by them as of January 31, 2021 had become fully vested as a result of a change-in-control, calculated by multiplying the number of unvested RSUs and PSUs held by the applicable NEO by the \$519.59 closing price of our common stock on January 29, 2021.

Name	Unvested RSUs and PSUs at January 31, 2021 (#) ⁽¹⁾	Total Estimated Benefit (\$) ⁽¹⁾
Jen-Hsun Huang	134,933	70,109,837
Colette M. Kress	48,050	24,966,300
Ajay K. Puri	47,144	24,495,551
Debora Shoquist	38,731	20,124,240
Timothy S. Teter	28,876	15,003,681

⁽¹⁾ With respect to unvested PSUs, the amounts in these columns assume performance at Base Operating Plan (with respect to SY PSUs granted in Fiscal 2021) and Target (with respect to MY PSUs granted in Fiscal 2019, Fiscal 2020, and Fiscal 2021) in accordance with SEC rules. The two tables below reflect the actual numbers of the SY PSUs granted in Fiscal 2021 and MY PSUs granted in Fiscal 2019 that would be eligible to vest, based on our performance during the relevant performance period for such awards, as certified by our CC shortly after the end of Fiscal 2021. The values of the estimated and actual SY PSUs and MY PSUs in the tables below were calculated by multiplying the applicable number of SY PSUs and MY PSUs held by each respective NEO and listed below, by the \$519.59 closing price of our common stock on January 29, 2021.

Pay Ratio

In accordance with Item 402(u) of Regulation S-K, promulgated by the Dodd-Frank Wall Street Reform and Consumer Protection Act, we determined the ratio of: (a) the annual total compensation of our CEO, to (b) the median of the annual total compensation of all our employees, except for our CEO, both calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

To determine the median of the annual total compensation of all of our employees, except for our CEO, for Fiscal 2021, we used a consistently applied compensation measure which aggregated, for each employee employed by us on the last business day of Fiscal 2021, or January 29, 2021: (i) target base salary as of January 29, 2021 (annualized for permanent employees who were employed by us for less than the entire fiscal year), (ii) variable cash earned during Fiscal 2021, and (iii) aggregate full grant date fair value of equity awards granted during Fiscal 2021, calculated in accordance with FASB ASC Topic 718 and assuming the probable outcome of the conditions at Base Operating Plan for performance-based awards. Compensation paid in foreign currencies was converted to U.S. dollars based on exchange rates in effect on January 29, 2021.

After applying the methodology described above, we determined the identity of our median employee for Fiscal 2021, whose compensation for Fiscal 2021 was \$215,930. Our CEO's compensation for Fiscal 2021 was \$19,316,401. Therefore, our Fiscal 2021 CEO to median employee pay ratio was 89:1.

This pay ratio represents our reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K and applicable guidance, which provide significant flexibility in how companies identify the median employee. Each company may use a different methodology and make different assumptions. As a result, and as explained by the SEC when it adopted these rules, in considering the pay ratio disclosure, stockholders should keep in mind that the rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand and assess each particular company's compensation practices and pay ratio disclosures. Neither the CC nor our management used our Fiscal 2021 CEO to median employee pay ratio in making compensation decisions.

Compensation Committee Interlocks and Insider Participation

At the beginning of Fiscal 2021, the CC initially consisted of Messrs. Burgess, Coxe, Jones, and Seawell and Dr. Drell. After the 2020 Meeting, the CC became composed of Messrs. Burgess, Coxe, and Jones and Dr. Drell. No member of the CC is an officer or employee of NVIDIA, and none of our executive officers serve as a director or member of a compensation committee of any entity that has one or more executive officers serving as a member of our Board or CC.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of NVIDIA on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement.

In reliance on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Annual Report on Form 10-K of NVIDIA for the year ended January 31, 2021 and in this proxy statement.

Proposal 3—Ratification of the Selection of Independent Registered Public Accounting Firm for Fiscal 2022

What am I voting on? Ratification of the selection of PwC as our independent registered public accounting firm for Fiscal 2022.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None (because this is a routine proposal, there are no broker non-votes).

The AC has selected PwC, which has audited our financial statements annually since 2004, to serve as our independent registered public accounting firm for Fiscal 2022. Our lead audit partner at PwC serves no more than five consecutive years in that role. Stockholder ratification of the AC's selection of PwC is not required by our Bylaws or any other governing documents or laws. As a matter of good corporate governance, we are submitting the selection of PwC to our stockholders for ratification. If our stockholders do not ratify the selection, the AC will reconsider whether or not to retain PwC. Even if the selection is ratified, the AC in its sole discretion may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in our best interests and those of our stockholders. The AC believes it is in the best interests of NVIDIA and our stockholders to retain PwC.

We expect that a representative of PwC will attend the 2021 Meeting. The PwC representative will have an opportunity to make a statement at the 2021 Meeting if he or she so desires and will also be available to respond to appropriate stockholder questions.

Recommendation of the Board

The Board recommends that you vote **FOR** the ratification of the selection of PwC as our independent registered accounting firm for our fiscal year ending January 30, 2022.

Fees Billed by the Independent Registered Public Accounting Firm

The following is a summary of fees billed by PwC for Fiscal 2021 and 2020 for audit, tax and other professional services during each fiscal year:

	Fiscal 2021	Fiscal 2020
Audit Fees ⁽¹⁾	\$ 6,283,381	\$ 5,028,120
Tax Fees ⁽²⁾	609,281	208,062
All Other Fees ⁽³⁾	7,200	4,500
Total Fees	\$ 6,899,862	\$ 5,240,682

⁽¹⁾ Audit fees include fees for the audit of our consolidated financial statements, including business combination activities during the year, the audit of our internal control over financial reporting, reviews of our quarterly financial statements and annual report, reviews of SEC registration statements and related consents, review of an SEC filing for public debt financing and related comfort letter, and fees related to statutory audits of some of our international entities.

⁽²⁾ Tax fees consisted of fees for tax compliance and consultation services.

⁽³⁾ All other fees consisted of fees for products or services other than those included above, including payment to PwC related to the use of accounting research software and an industry report.

All of the services provided for Fiscal 2021 and 2020 described above were pre-approved by the AC or the Chairperson of the AC through the authority granted to him by the AC, which is described below. Our AC determined that the rendering of services other than audit services by PwC was compatible with maintaining PwC's independence.

Pre-Approval Policies and Procedures

The AC has adopted policies and procedures for the pre-approval of all audit and permissible non-audit services rendered by our independent registered public accounting firm. The policy generally permits pre-approvals of specified permissible services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the AC's approval of the scope of the engagement of our independent registered public accounting firm or on an individual case-by-case basis before the independent registered public accounting firm is engaged to provide each service. In some cases the full AC provides pre-approval for up to a year related to a particular defined task or scope. In other cases, the AC has delegated power to Mr. McCaffery, the Chairperson of our AC, to pre-approve additional non-audit services if the need for the service was unanticipated and approval is required prior to the next scheduled meeting of the AC. Mr. McCaffery then communicates such pre-approval to the full AC at its next meeting.

Report of the Audit Committee of the Board of Directors

The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent specifically incorporated by reference therein.

The Audit Committee, or AC, oversees accounting, financial reporting, internal control over financial reporting, financial practices and audit activities of NVIDIA and its subsidiaries. The AC reviews the results and scope of the audit and other services provided by the independent registered public accounting firm and reviews financial statements and the accounting policies followed by NVIDIA prior to the issuance of the financial statements with both management and the independent registered public accounting firm.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States, or GAAP, the system of internal control over financial reporting, and the procedures designed to facilitate compliance with accounting standards and applicable laws and regulations. PricewaterhouseCoopers LLP, or PwC, our independent registered public accounting firm for Fiscal 2021, was responsible for performing an independent audit of the consolidated financial statements and issuing a report on the consolidated financial statements and of the effectiveness of our internal control over financial reporting as of January 31, 2021. PwC's judgments as to the quality, not just the acceptability, of our accounting principles and such other matters are required to be disclosed to the AC under applicable standards. The AC oversees these processes. Also, the AC has ultimate authority and responsibility to select, evaluate and, when appropriate, terminate the independent registered public accounting firm. The AC approves audit fees and non-audit services provided by and fees paid to the independent registered public accounting firm.

NVIDIA has an internal audit function that reports to the AC. This function is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of our system of internal controls and the operating effectiveness of our business processes. The AC approves an annual internal audit plan and monitors the activities and performance of our internal audit function throughout the year to ensure the plan objectives are carried out and met.

The AC members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent registered public accounting firm. The AC does not plan or conduct audits, determine that our financial statements are complete and accurate and in accordance with GAAP or assess our internal control over financial reporting. The AC relies, without additional independent verification, on the information provided by our management and on the representations made by management that the financial statements have been prepared with integrity and objectivity, and the opinion of PwC that such financial statements have been prepared in conformity with GAAP.

In this context, the AC reviewed and discussed the audited consolidated financial statements for Fiscal 2021 with management and our internal control over financial reporting with management and PwC. Specifically, the AC discussed with PwC the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. We have received from PwC the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the AC concerning independence. The AC also considered whether the provision of certain permitted non-audit services by PwC is compatible with PwC's independence and discussed PwC's independence with PwC.

Based on the AC's review and discussions, the AC recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K of NVIDIA for the fiscal year ended January 31, 2021.

Proposal 4—Approval of an Amendment to our Amended and Restated Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock from 2 Billion Shares to 4 Billion Shares

What am I voting on? Approval of an amendment to our Charter to increase the number of authorized shares of common stock from 2 billion shares to 4 billion shares.

Vote required: A majority of the shares outstanding.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: Same as a vote AGAINST.

For purposes of this Proposal 4, the term “**Proposed Amendment**” refers to an amendment and restatement of our Charter.

Description of the Proposed Amendment

Our Charter currently authorizes the issuance of up to two billion shares of common stock, par value \$0.001 per share, and two million shares of preferred stock, par value \$0.001 per share.

On April 7, 2021, our Board adopted resolutions approving an amendment to the Charter to increase the number of authorized shares of common stock from two billion shares to four billion shares. Our Board is recommending the proposed increase in the number of authorized shares of common stock to provide adequate shares of common stock for general corporate purposes, as further described below. The Board determined that the Proposed Amendment is advisable and in the best interests of the Company and directed that the proposed Amendment be submitted for adoption and approval by stockholders at the Meeting.

The full text of the Proposed Amendment is set forth in Appendix A to this Proxy Statement. The Proposed Amendment would not affect the number of authorized shares of preferred stock. Currently, there are no shares of preferred stock issued and outstanding.

Purposes and Effect of the Proposed Amendment and Effect of Stockholder Approval

As of April 5, 2021, we have 622,383,615 shares of common stock outstanding and the number of authorized shares of our common stock is two billion. Following the filing of the Proposed Amendment, the number of authorized shares of our common stock will be increased to four billion.

If our stockholders adopt and approve the Proposed Amendment, the Proposed Amendment will become effective on the date that it is filed with the Secretary of State of the State of Delaware. If the Proposed Amendment is adopted and approved by the stockholders, the Company currently anticipates filing the Proposed Amendment with the Secretary of State of the State of Delaware on or around June 4, 2021. If the Proposed Amendment is not adopted and approved by the stockholders or is subsequently abandoned by the Board, the Proposed Amendment will not be filed with the Secretary of State of the State of Delaware and our authorized number of shares of common stock will remain at two billion. Further, if the Board subsequently determines not to proceed with the filing of the Proposed Amendment, it will not be filed with the Secretary of State of the State of Delaware even if it is approved by stockholders.

As a general matter, the increase in our authorized but unissued shares of common stock as a result of the Proposed Amendment would enable the Board to issue additional shares of common stock in its discretion from time to time for general corporate purposes, including, but not limited to, expanding our business through mergers and acquisitions, including shares we would be obligated to issue in connection with the pending acquisition of Arm Limited; stock dividends and/or stock splits; providing equity incentives to employees, officers or directors; and the raising of additional capital. Such issuances would occur without further action or approval of our stockholders and would be subject to and limited by any rules or listing requirements of Nasdaq or of any other applicable rules or regulations. Except for shares of common stock reserved for grant(s) pursuant to our equity compensation plans, the Company does not currently have any other plans, agreements, commitments or understandings with respect to the issuance of the additional shares (or the currently authorized but unissued shares) of common stock, nor does the Company currently have any plans, arrangements, commitments or understandings with respect to the issuance of any shares of preferred stock.

Failure by the stockholders to approve the Proposed Amendment would reduce the ability of the Board to take the potential future actions to issue additional common stock discussed above.

Any additional authorized shares of common stock, if and when issued, would be part of our existing class of common stock, and would have the same rights and privileges as the currently outstanding shares of common stock. The holders of common stock are not entitled to preemptive rights or cumulative voting.

Effective Date of Proposed Amendment

If the Proposed Amendment is adopted by the required vote of stockholders, it will become effective on the date the Proposed Amendment is filed with the Secretary of State of the State of Delaware, which we anticipate will be on or around June 4, 2021.

Reservation of Right to Abandon Proposed Amendment

Our Board reserves the right to not proceed with the Proposed Amendment and to abandon the Proposed Amendment without further action by our stockholders at any time before the effectiveness of the filing of the Proposed Amendment with the Secretary of State of the State of Delaware, even if the Proposed Amendment is adopted and approved by our stockholders at the Meeting. By voting in favor of the Proposed Amendment, you are expressly also authorizing our Board to delay, not proceed with, and abandon, the Proposed Amendment if it should so decide, in its sole discretion, that such action is in the best interests of our Company and its stockholders. If the Board elects to abandon the Proposed Amendment, the number of authorized shares of common stock will remain at two billion.

Recommendation of the Board

The Board recommends that you vote **FOR** the approval of the Proposed Amendment to increase the number of authorized shares of common stock from two billion shares to four billion shares.

Equity Compensation Plan Information

The number of shares issuable upon exercise of outstanding stock options, RSUs, and PSUs, the weighted-average exercise price of outstanding stock options, and the number of stock awards remaining for future issuance under each of our equity compensation plans as of January 31, 2021 are summarized as follows:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (\$) (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders ⁽¹⁾	2,382,757	14.40 ⁽²⁾	96,439,470 ⁽³⁾
Equity compensation plans not approved by security holders	— ⁽⁴⁾	—	—
Total	2,382,757	14.40 ⁽²⁾	96,439,470 ⁽³⁾

⁽¹⁾ This row includes our 2007 Plan and our 2012 ESPP. Under our 2012 ESPP, participants are permitted to purchase our common stock at a discount on certain dates through payroll deductions within a pre-determined purchase period. Accordingly, the number of shares to be issued upon exercise of outstanding rights under our 2012 ESPP as of January 31, 2021 is not determinable.

⁽²⁾ Represents the weighted-average exercise price of outstanding stock options only.

⁽³⁾ As of January 31, 2021, the number of shares that remained available for future issuance under the 2007 Plan was 36,958,118, and the number of shares that remained available for future issuance under the 2012 ESPP was 59,481,352, of which up to a maximum of 54,723,000 shares may be purchased under the 2012 ESPP in the current purchase period which runs until August 31, 2021.

⁽⁴⁾ Excludes RSUs assumed by NVIDIA in connection with mergers and acquisitions. As of January 31, 2021, a total of 49,106 shares were issuable upon the vesting of such RSUs. Such RSUs have no exercise price. No additional awards were or may be granted by NVIDIA under the plans pursuant to which such RSUs were originally granted.

Additional Information

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership of our common stock and other equity securities with the SEC. Executive officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, all Section 16(a) filing requirements applicable to individuals who were, during Fiscal 2021, our executive officers, directors and greater than 10% beneficial owners were complied with, except for our Chief Accounting Officer, Donald Robertson, who filed one late Form 4 pertaining to one transaction, Mr. Neal who filed one late Form 4 pertaining to six transactions, and Mr. Stevens who filed one late Form 5 pertaining to two transactions.

Other Matters

The Board knows of no other matters that will be presented for consideration at the 2021 Meeting. If any other matters are properly brought before the 2021 Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
