

Our Board believes that having a diverse mix of directors with complementary qualifications, expertise and attributes is essential to meeting its oversight responsibility. The table below reflects certain diversity information based on self-identification by each director.

Board Diversity Matrix (as of May 14, 2024)

	Gender Identity				Demographic Background								
	Male	Female	Non-Binary	Did not disclose	African American or Black	Hispanic or Latinx	Asian	Native American or Alaskan Native	Native Hawaiian or Other Pacific Islander	White	Two or more races or ethnicities	LGBTQ+	Did not disclose
Burgess	✓									✓			
Coxe	✓									✓			
Dabiri	✓				✓								
Drell		✓								✓			
Huang	✓						✓						
Hudson		✓								✓			
Jones	✓									✓			
Lora		✓								✓			
Neal	✓									✓			
Seawell	✓									✓			
Shah		✓					✓						
Stevens	✓									✓			

The NCGC evaluates candidates proposed by stockholders using the same criteria as it uses for other candidates. Stockholders seeking to recommend a prospective nominee should follow the instructions under *Stockholder Communications with the Board of Directors* below. Stockholder submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director, and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

Proxy Access

Our Board has voluntarily adopted proxy access. As a result, we will include in our proxy statement information regarding the greater of (i) up to two director candidates or (ii) up to 20% of the number of directors in office on the last day that a submission may be delivered, if nominated by a stockholder (or group of up to 20 stockholders) owning at least 3% of the voting power of our outstanding capital stock for at least three continuous years. The stockholder(s) must provide timely written notice of such nomination and the stockholder(s) and nominee must satisfy the other requirements specified in our Bylaws. This summary of our proxy access rules is not intended to be complete and is subject to limitations set forth in our Bylaws and Corporate Governance Policies, both of which are available on the Investor Relations section of our website at www.nvidia.com. Stockholders are advised to review these documents, which contain the requirements for director nominations. The NCGC did not receive any stockholder nominations during Fiscal 2024.

Our Director Nominees

The biographies below include information, as of the date of this proxy statement, regarding the particular experience, qualifications, attributes or skills of each director, relative to the skills matrix above, that led the NCGC and Board to believe that he or she should continue to serve on the Board.

ROBERT K. BURGESS

Independent Consultant

Age: 66
Director Since: 2011
Committees: CC
Independent Director
Financial Expert
Other Current Public Company Boards: None

Senior Leadership & Operations Experience

Financial/Financial Community

Governance & Public Company Board

Emerging Technologies & Business Models

Human Capital Management Experience

Robert K. Burgess has served as an independent investor and board member to technology companies since 2005. He was chief executive officer from 1996 to 2005 of Macromedia, Inc., a provider of internet and multimedia software, which was acquired by Adobe Systems Incorporated; he also served from 1996 to 2005 on its board of directors, as chairman of its board of directors from 1998 to 2005 and as executive chairman for his final year. Previously, he held key executive positions from 1984 to 1991 at Silicon Graphics, Inc. (SGI), a graphics and computing company; from 1991 to 1995, served as chief executive officer and a board member of Alias Research, Inc., a publicly traded 3D software company, until its acquisition by SGI; and resumed executive positions at SGI during 1996. Mr. Burgess was a director of Adobe from 2005 to 2019 and of Rogers Communications Inc., a communications and media company, from 2016 to 2019. He holds a BCom degree from McMaster University.

Mr. Burgess brings to the Board senior management and operating experience and expertise in the areas of financial and risk management. He has been in the computer graphics industry since 1984. He has a broad understanding of the roles and responsibilities of a corporate board and provides valuable insight on a range of issues in the technology industry.

TENCH COXE

Former Managing Director,
Sutter Hill Ventures

Age: 66
Director Since: 1993

Independent Director
Other Current Public Company Boards:
• Artisan Partners Asset Management Inc. (since 1995)

Financial/Financial Community

Governance & Public Company Board

Emerging Technologies & Business Models

Human Capital Management Experience

Tench Coxe was a managing director of Sutter Hill Ventures, a venture capital investment firm, from 1989 to 2020, where he focused on investments in the IT sector. Prior to joining Sutter Hill Ventures in 1987, he was director of marketing and MIS at Digital Communication Associates. He serves on the board of directors of Artisan Partners Asset Management Inc., an institutional money management firm. He was a director of Mattersight Corp., a customer loyalty software firm, from 2000 to 2018. Mr. Coxe holds a BA degree in Economics from Dartmouth College and an MBA degree from Harvard Business School.

Mr. Coxe brings to the Board expertise in financial and transactional analysis and provides valuable perspectives on corporate strategy and emerging technology trends. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

JOHN O. DABIRI

Centennial Professor of Aeronautics and Mechanical Engineering, California Institute of Technology

Age: 44

Director Since: 2020

Committees: CC

Independent Director

Other Current Public Company Boards:
None

Industry & Technical

Emerging Technologies & Business Models

Diversity

John O. Dabiri is the Centennial Professor of Aeronautics and Mechanical Engineering at the California Institute of Technology. He is the recipient of a MacArthur Foundation "Genius Grant," the National Science Foundation Alan T. Waterman Award, and the Presidential Early Career Award for Scientists and Engineers. He heads the Dabiri Lab, which conducts research at the intersections of fluid mechanics, energy and environment, and biology. From 2015 to 2019, he served as a Professor of Civil and Environmental Engineering and of Mechanical Engineering at Stanford University, where he was recognized with the Eugene L. Grant Award for Excellence in Teaching. From 2005 to 2015, he was a Professor of Aeronautics and Bioengineering at the California Institute of Technology, during which time he also served as Director of the Center for Bioinspired Wind Energy, Chair of the Faculty, and Dean of Students. Dr. Dabiri is a Fellow of the American Physical Society, where he previously served as Chair of the Division of Fluid Dynamics. He serves on President Biden's Council of Advisors on Science and Technology (PCAST) and Energy Secretary Granholm's Energy Advisory Board (SEAB). He also serves on the Board of Trustees of the Gordon and Betty Moore Foundation and previously served as a member of the National Academies' Committee on Science, Technology, and Law. Dr. Dabiri holds a PhD degree in Bioengineering and an MS degree in Aeronautics from the California Institute of Technology, and a BSE degree summa cum laude in Mechanical and Aerospace Engineering from Princeton University.

Dr. Dabiri brings to the Board a versatile research background and cutting-edge expertise in various engineering fields, along with a proven record of successful innovation.

PERSIS S. DRELL

Professor of Materials Science and Engineering and Physics, and Former Provost, Stanford University

Diversity

Jen-Hsun Huang founded NVIDIA in 1993 and has served since its inception as president, chief executive officer, and a member of the board of directors.

Since its founding, NVIDIA has pioneered accelerated computing. The company's invention of the GPU in 1999 sparked the growth of the PC gaming market, redefined computer graphics, and ignited the era of modern AI. NVIDIA is now driving the platform shift of accelerated computing and generative AI, transforming the world's largest industries and profoundly impacting society.

Mr. Huang has been elected to the National Academy of Engineering and is a recipient of the Semiconductor Industry Association's highest honor, the Robert N. Noyce Award; the IEEE Founder's Medal; the Dr. Morris Chang Exemplary Leadership Award; and honorary doctorate degrees from Taiwan's National Chiao Tung University, National Taiwan University, and Oregon State University. He has been named the world's best CEO by Fortune, the Economist, and Brand Finance, as well as one of TIME magazine's 100 most influential people.

Prior to founding NVIDIA, Mr. Huang worked at LSI Logic, a semiconductor and software company, and Advanced Micro Devices, a global semiconductor company. He holds a BSEE degree from Oregon State University and an MSEE degree from Stanford University.

Mr. Huang is one of the technology industry's most respected executives, having taken NVIDIA from a startup to a world leader in accelerated computing. Under his guidance, NVIDIA has compiled a record of consistent innovation and sharp execution, marked by products that have gained strong market share.

DAWN HUDSON

Former Chief Marketing Officer, National Football League

Age: 66

Director Since: 2013

Committees: CC

Independent Director

Financial Expert

Other Current Public Company Boards:

- The Interpublic Group of Companies, Inc. (since 2011)

Senior Leadership & Operations Experience

Financial/Financial Community

Governance & Public Company Board

Marketing, Communications & Brand Management

Human Capital Management Experience

Diversity

Dawn Hudson serves on the boards of various companies. From 2014 to 2018, Ms. Hudson served as Chief Marketing Officer for the National Football League. Previously, she served from 2009 to 2014 as vice chairman of The Parthenon Group, an advisory firm focused on strategy consulting. She was president and chief executive officer of Pepsi-Cola North America, the beverage division of PepsiCo, Inc. for the U.S. and Canada, from 2005 to 2007 and president from 2002, and simultaneously served as chief executive officer of the foodservice division of PepsiCo, Inc. from 2005 to 2007. Previously, she spent 13 years in marketing, advertising and branding strategy, holding leadership positions at major agencies, such as D'Arcy Masius Benton & Bowles and Omnicom Group Inc. Ms. Hudson currently serves on the board of directors of The Interpublic Group of Companies, Inc., an advertising holding company, and a private skincare company. She was a director of P.F. Chang's China Bistro, Inc., a restaurant chain, from 2010 to 2012; of Allergan, Inc., a biopharmaceutical company, from 2008 to 2014; of Lowes Companies, Inc., a home improvement retailer, from 2001 to 2015; of Amplify Snack Brands, Inc., a snack food company, from 2014 to 2018; and of Modern Times Group MTG AB, a gaming company, from 2020 to 2023. She holds a BA degree in English from Dartmouth College.

Ms. Hudson brings to the board experience in executive leadership. As a longtime marketing executive, she has valuable expertise and insights in leveraging brands, brand development and consumer behavior. She also has considerable corporate governance experience, gained from more than a decade of serving on the boards of public companies.

HARVEY C. JONES

Managing Partner, Square Wave Ventures

Age: 71

Director Since: 1993

Human Capital Management Experience

Harvey C. Jones has been the managing partner of Square Wave Ventures, a private investment firm, since 2004. Mr. Jones has been an entrepreneur, high technology executive, and active venture investor for over 30 years. In 1981, he co-founded Daisy Systems Corp., a computer-aided engineering company, ultimately serving as its president and chief executive officer until 1987. Between 1987 and 1998, he led Synopsys, Inc., a major electronic design automation company, serving as its chief executive officer for seven years and then as executive chairman. In 1997, Mr. Jones co-founded Tensilica Inc., a privately held technology IP company that developed and licensed high performance embedded processing cores. He served as chairman of the Tensilica board of directors from inception through its 2013 acquisition by Cadence Design Systems, Inc. He was a director of Tintri Inc., a company that built data storage solutions for virtual and cloud environments, from 2014 until 2018. Mr. Jones holds a BS degree in Mathematics and Computer Sciences from Georgetown University and an MS degree in Management from Massachusetts Institute of Technology.

Mr. Jones brings to the board an executive management background, an understanding of semiconductor technologies and complex system design. He provides valuable insight into innovation strategies, research and development efforts, as well as management and development of our technical employees. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

* Mr. Jones will serve on the CC until the 2024 Meeting and start to serve on the AC after the 2024 Meeting.

MELISSA B. LORA

Aarti Shah serves on the boards of various companies and non-profit organizations. Dr. Shah worked at Eli Lilly and Company for 27.5 years and served in several functional and business leadership roles, most recently as senior vice president and chief information and digital officer, as well as senior statistician, research scientist, vice president for biometrics, and global brand development leader in Lilly's Bio-Medicines business unit. Dr. Shah has served on the board of Sandoz International GmbH, a pharmaceutical company, since 2023. Dr. Shah has served on the board of trustees of Northwestern Mutual since 2020. She also serves as a trustee of the non-profit organization, Shrimad Rajchandra Love & Care USA. She served on the Indianapolis Public Library Foundation board for the full term of 9 years and on the Center for Interfaith Cooperation for the full term of 4 years. Dr. Shah received her bachelor's and master's degrees in Statistics and Mathematics in India before completing her PhD in Applied Statistics from the University of California, Riverside.

Dr. Shah brings to the Board executive leadership and senior operating experience. Additionally she brings expertise in drug development and technical expertise in the areas of information technology, cybersecurity, advanced analytics, data sciences, and digital health.

Mark A. Stevens has been the managing partner of S-Cubed Capital, a private family office investment firm, since 2012. He was a managing partner from 1993 to 2011 of Sequoia Capital, a venture capital investment firm, where he had been an associate for the preceding four years. Previously, he held technical sales and marketing positions at Intel Corporation, and was a member of the technical staff at Hughes Aircraft Co. Mr. Stevens is a Trustee of the University of Southern California. He was a director of Quantenna Communications, Inc., a provider of Wi-Fi solutions, from 2016 until 2019. Mr. Stevens holds a BSEE degree, a BA degree in Economics and an MS degree in Computer Engineering from the University of Southern California, and an MBA degree from Harvard Business School.

Mr. Stevens brings to the Board a deep understanding of the technology industry, and the drivers of structural change and high-growth opportunities. He provides valuable insight regarding corporate strategy development and the analysis of acquisitions and divestitures. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies (as further described below) require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq.

Dr. Drell served as Provost of Stanford University from 2017 to 2023. NVIDIA has entered into transactions, relationships, or arrangements during the past three fiscal years with Stanford University for the support of research and activities related to NVIDIA's industry and line of business. The amount that NVIDIA paid in each of the last three fiscal years to Stanford University, and the amount received in each fiscal year by NVIDIA from Stanford University, did not, in any of the previous three fiscal years, exceed the greater of \$200,000 or 1% of either entity's consolidated gross revenues.

After considering the above arrangements, and all other relevant relationships and transactions, our Board determined that, except for Mr. Huang, all of our directors are "independent" as defined by Nasdaq's rules and regulations. The Board also determined that all members of our AC, CC, and NCGC are independent under applicable Nasdaq listing standards, and that each of Mr. Seawell and Ms. Lora of the AC, and Mr. Jones who will join the AC after the Annual Meeting, are "audit committee financial experts" as defined under applicable SEC rules.

Board Leadership Structure

Our Board ensures that each member has an equal voice in the affairs and the management of NVIDIA by having an independent Lead Director, rather than a chairperson, which the Board believes best serves our stockholders. Our Lead Director is an integral part of our Board structure and critical to our effective corporate governance. The independent directors consider the role and designation of the person to serve as Lead Director on an annual basis. The Board recognizes that different board leadership structures may be appropriate under different circumstances and its annual review includes consideration of whether having a Lead Director continues to best meet NVIDIA's evolving needs and serves in the best interest of its stockholders.

Our Board believes its current leadership structure is appropriate because the active involvement of each of our independent directors, combined with the qualifications, significant responsibilities, and strong oversight by our Lead Director, provide balance on the Board and promote independent oversight of our management and affairs. Our Board also believes its current leadership structure is appropriate because it effectively allocates authority, responsibility, and oversight between management and our independent directors and it provides the right foundation to pursue the Company's strategic and operational objectives, particularly in light of the evolution of our business and operating environment. Our CEO has primary responsibility for the operational leadership and strategic direction of the Company, and the Lead Director facilitates our Board's independent oversight of management, promotes communication between management and our Board, and supports our Board's consideration of key governance matters. This arrangement promotes open dialogue among the Board, including discussions of the independent directors during quarterly executive sessions without the presence of our CEO, which are led by our Lead Director. We believe that our current structure best serves stockholders, without the need to appoint a person to serve as chairperson of the Board.

Under our corporate governance policies, the Board may select a chairperson in its discretion, but, if it does not, a Lead Director shall be designated annually by a majority of the independent directors and identified in the Company's proxy statement. These policies help to ensure a robust independent leadership structure on our Board.

While the Board has the discretion to consider other leadership structures, including having the Lead Director (or chairperson, if any) and CEO roles filled by a single individual, it would only consider a change if it best aligned with the interests of our stockholders, management, and the Board, and it complied with applicable laws and regulations. If in the future our CEO were to take a leadership position on the Board, such as chairperson, we expect that the Board would continue to appoint an independent Lead Director to maintain a balanced and strong leadership structure and otherwise represent the Board independently from the Company's management team. Any changes to the Board's leadership structure would take into account stockholder views, including through our ongoing stockholder outreach, and would be communicated to stockholders on our Investor Relations website and in our proxy statement.

Mr. Neal has served as our Lead Director since 2023 and currently serves as the Chairperson of the NCGC. Our Lead Director may provide input on the design of the Board as requested by the NCGC. In his role as NCGC Chairperson, our Lead Director will continue to lead discussions, provide input, and oversee the design of the Board itself.

Mr. Neal has served as a director since 2019 and has extensive experience as a trial lawyer and has advised numerous companies, boards of directors, and individuals on corporate governance and legal matters. He has also helped clients manage internal and government investigations. Mr. Neal also has executive experience from his time serving as Cooley LLP's CEO, and board and chairman experience from serving on the Levi Strauss & Co. board of directors. The Board believes Mr. Neal's experience, breadth of knowledge, and contributions to the Board position him well to provide strong leadership and oversight of ongoing Board matters and to contribute valuable insight with respect to the Company's business. The Board believes that Mr. Neal is highly qualified to assist the Board in overseeing the identification,

assessment, and management of the Company's exposure to various risks as a result of his extensive risk management, legal, and executive experience. The Board believes that Mr. Neal will be able to provide leadership and help guide the Board's independent oversight of the Company's risk exposures through his role as Lead Director. Further information on the Board's oversight of risk management is detailed below under *Role of the Board in Risk Oversight*.

Our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include the duties listed below.

Duties of Our Lead Director	
✓	Determining an appropriate schedule of Board meetings and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations
✓	Working with the CEO, and seeking input from other directors and relevant management, as to the preparation of the agendas for Board meetings
✓	Advising the CEO on a regular basis as to the quality, quantity, and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material
✓	Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board and acting as principal liaison between them and the CEO on sensitive issues
✓	Presiding over Board meetings when the CEO is not present
✓	Convening meetings of the independent directors, as necessary or appropriate
✓	Being available to engage with stockholders, as necessary or appropriate
✓	Performing such other duties as the Board may determine from time to time

Our Lead Director may require Board consideration of risk matters, including adding them to board agendas or as topics for executive sessions of the independent members of the Board. As discussed further below, the Board maintains oversight of strategic risks for the Company and works with the CEO to address risk management matters.

In addition, our Lead Director may represent the Board in communications with stockholders and other stakeholders. The Lead Director makes himself available for consultation with major stockholders pursuant to our Corporate Governance Policies. As Lead Director, Mr. Neal has participated in our annual stockholder outreach meetings and we expect this practice to continue.

Committees of the Board of Directors

The Board has three committees: an AC, a CC, and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes regular committee rotations are a good corporate governance practice which introduces diverse perspectives and ideas, more fully informs its members regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole. The composition and functions of our committees are set forth below.

AC

Current Members

- **A. Brooke Seawell (Chairperson)**
- Melissa B. Lora
- Michael G. McCaffery
- Mark L. Perry
- Aarti Shah
- Mark A. Stevens

→

Members as of our 2024 Meeting

- **A. Brooke Seawell (Chairperson)**
- Harvey C. Jones
- Melissa B. Lora
- Aarti Shah
- Mark A. Stevens

In Fiscal 2024, the AC met four times. Selected highlights from its agenda topics included: capitalization review and strategy, tax, treasury, internal audit, information security, and insurance reviews.

Committee Role and Responsibilities

- Oversees our corporate accounting and financial reporting process;
- Oversees our internal audit function;
- Determines and approves the engagement, retention, and termination of the independent registered public accounting firm;
- Evaluates the performance of and assesses the qualifications of our independent registered public accounting firm;
- Reviews and approves the retention of the independent registered public accounting firm for permissible audit and non-audit services;
- Confers with management and our independent registered public accounting firm regarding the results of the annual audit, our quarterly financial statements and results, and the effectiveness of internal control over financial reporting, including those regarding information security;
- Reviews the financial statements to be included in our quarterly reports on Form 10-Q and annual report on Form 10-K;
- Reviews earnings press releases and the substance of financial information and outlook provided to investors and analysts on earnings calls;
- Adopts and maintains policies regarding preapproval of employment of individuals employed or formerly employed by auditors and engaged on our account;
- Prepares the report required to be included by SEC rules in our annual proxy statement or Form 10-K;
- Establishes procedures for the receipt, retention, and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters;
- Oversees risks related to financial reporting and exposures, internal audit functions, regulatory, and accounting policies; and
- Reviews and reports on the adequacy and effectiveness of the Company’s information security policies and practices and the internal controls regarding information security risks

CC

Current Members

- **Dawn Hudson (Chairperson)**
- Robert K. Burgess
- Tench Coxe
- John O. Dabiri
- Harvey C. Jones

Members as of our 2024 Meeting

- **Dawn Hudson (Chairperson)**
- Robert K. Burgess
- Tench Coxe
- John O. Dabiri
- Aarti Shah

In Fiscal 2024, the CC met four times. Selected highlights from its agenda topics included: executive, employee, and director compensation, review of benefits, wellness and retirement programs, regulatory updates related to compensation, and review of pay transparency, human capital management, and employee demographics, including diversity.

Committee Role and Responsibilities

- Reviews and approves our overall compensation strategy and policies;
- Reviews and recommends to the Board the compensation of our Board members;
- Reviews and approves the compensation and other terms of employment of Mr. Huang and other executive officers;
- Reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management;
- Reviews and approves the disclosure contained in CD&A and for inclusion in the proxy statement and Form 10-K;
- Administers our stock purchase plans, variable compensation plans, and other similar programs;
- Oversees our human capital management practices including policies related to diversity, inclusion, and belonging;
- Assesses and monitors whether our compensation policies and programs have the potential to create material risks; and
- Oversees risks related to compensation plans, programs and policies, and human capital management

NCGC

Current Members

- **Stephen C. Neal (Chairperson)**
- Persis S. Drell
- Harvey C. Jones
- Mark L. Perry
- Mark A. Stevens

Members as of our 2024 Meeting

- **Stephen C. Neal (Chairperson)**
- Persis S. Drell
- Harvey C. Jones
- Mark A. Stevens

In Fiscal 2024, the NCGC met three times. Selected highlights from its agenda topics included: consideration of Board recruiting matters and current Board member backgrounds and skills, trade compliance and regulatory matters, the Company's CS efforts, corporate governance matters, and addressing stockholder concerns.

Committee Role and Responsibilities

- Identifies, reviews, and evaluates candidates to serve as directors;
- Recommends candidates for election to our Board;
- Makes recommendations to the Board regarding committee membership and chairpersons;
- Assesses the performance of the Board and its committees;
- Reviews and assesses our corporate governance principles and practices;
- Monitors changes in corporate governance practices and rules and regulations;
- Approves related party transactions;
- Reviews and assesses our CS strategy, risks, and opportunities periodically, including related programs and initiatives;
- Oversees and reviews policies and practices on trade compliance, regulatory matters, and related risks;
- Establishes procedures for the receipt, retention, and treatment of complaints we receive regarding violations of our Code of Conduct;
- Monitors the effectiveness of our anonymous tip process; and
- Oversees the Company's policies, practices, and investigation procedures in connection with the Company's compliance program

Role of the Board in Risk Oversight

The Board oversees risk management at NVIDIA and delegates oversight of appropriate topics to its committees. The oversight responsibility of our Board and its committees is enabled by management reporting processes, including our ERM process, that are designed to provide visibility to our Board about the identification, assessment, and management of critical risks and management's risk mitigation strategies. Our Board retains direct oversight of strategic risks to NVIDIA and other risk areas not delegated to one of its committees.

RISK OVERSIGHT AT NVIDIA		
Board of Directors		
Oversees management of major risks		
✓ Business Model	✓ Strategic Execution	✓ Product Quality and Safety
✓ Operational, including Supply Chain and Sourcing	✓ Regulatory, Public Policy, Legal, Intellectual Property, and Compliance	✓ Financial and Macroeconomic
✓ Information Security, including Cybersecurity	✓ Brand and Reputation	✓ Business Continuity
✓ Corporate Development and Acquisitions	✓ Management Development	✓ Enterprise Resource Planning
AC	CC	NCGC
✓ Financial statement and earnings materials integrity and reporting ✓ Financial risk exposures, including investments, cash management, and foreign exchange management ✓ Disclosure controls and procedures ✓ Information security and cybersecurity policies and practices and the internal controls regarding information security risks ✓ Oversees the performance of the internal audit function, including auditor functions, performance, and independence ✓ Accounting and audit principles and policies, and regulatory and accounting initiatives ✓ Legal and regulatory compliance, particularly as related to the above matters	✓ Compensation policies, plans, practices and programs for directors, executives, and employees ✓ Human capital management, including recruiting, retention, development, diversity, inclusion, and belonging	✓ Governance structure, processes and policies, including as it relates to regulatory changes and other developments ✓ Stockholder concerns, and policies and procedures for communication ✓ Compliance program and effectiveness of our anonymous tip process ✓ Corporate sustainability, including environmental, social, and corporate governance matters ✓ Trade compliance and non-financial regulatory matters ✓ Board and committee composition and refreshment, and board performance assessment ✓ Related party transactions ✓ Policies and practices related to government relations, public policy, and related expenditures
Management		
Management identifies, evaluates, and mitigates business risks and reports to the Board on them		
Internal Audit		
Provides independent assurance on design and effectiveness of internal controls and governance processes		

A review of risk and risk management by our Board, including strategic and information security matters, is integral to NVIDIA's long-term objectives, and by retaining oversight of risks at the Board level, we believe we have established a process allowing for thorough assessment of these matters. Given the importance of topics like information security to our business, which includes cybersecurity, the Board has determined that these matters should remain under the full Board's oversight. The AC also reviews the adequacy and effectiveness of the Company's information security policies and practices and the internal controls regarding information security risks. The AC receives regular information security updates from management, including our Chief Security Officer and members of our security team. The Board also receives annual reports on information security matters from our Chief Security Officer and members of our security team.

The involvement of our Board committees is designed to increase the effectiveness of the Board's risk oversight by allocating authority and responsibility, as set forth in committee charters, to the particular committee that is best equipped to provide guidance and oversight regarding the operations, issues and risks presented, with escalation to the full Board as appropriate. The AC also meets in executive session with the leaders of our key control functions, which ensures that Board members have direct access to these teams, and that these teams are appropriately staffed and resourced. Committee chairpersons provide regular reports to the full Board regarding matters reviewed by their

committees, including key risks, and the committees work together with the full Board to facilitate the receipt of the information deemed necessary to fulfill their oversight responsibilities over our risk management activities. Our Board believes that our Board leadership structure helps to facilitate its oversight of risk at the Company because its strong independent Lead Director and independent committees proactively provide oversight of and engage with management on the Company's key risks. For further discussion, please see *Board Leadership Structure* above.

Each year management leads an ERM process, which includes a formal assessment of the Company's risk environment and facilitates the provision of regular reports to senior management, including the CEO, regarding the actions, strategies, processes, controls, and procedures specific to managing, mitigating, and anticipating significant risks. The ERM process is overseen and reviewed by the Board and the AC on an annual basis. Our ERM process identifies, assesses, and manages the Company's most significant risks and uncertainties that could materially impact the long-term health of the Company or prevent the achievement of strategic objectives.

Our ERM team works with senior management, as well as our Lead Director and committee chairpersons, to identify major risks to the Company. We do not have a member of senior management with the title of Chief Compliance Officer. Instead, our ERM process and action plan are reviewed by our CEO and other NEOs who report directly to our CEO, other members of senior management, and our internal audit team. This full team of leaders is responsible for managing key risks specific to their functional areas.

The ERM process facilitates the incorporation of risk assessment and evaluation into the strategic planning process. Because risks are considered in conjunction with the Company's operations and strategies, including long-term strategies, risks are identified and evaluated across different timeframes, including in the short-, intermediate-, and long-term, depending on the specific risk. In evaluating top risks, the Board and management consider short-, intermediate-, and long-term potential impacts on the Company's business, financial condition, and results of operations, which involves looking at the internal and external environment when evaluating risks, risk amplifiers, and emerging trends, and they consider the risk horizon as part of prioritizing the Company's risk mitigation efforts. The Company's significant risks identified through the ERM process are reviewed periodically, but at least annually with the Board and AC, including the potential impact and likelihood of the risks materializing over the relevant timeframe, future threats and trends, and the actions, strategies, processes, controls, and procedures used or to be implemented to manage and mitigate the risks. As a part of this annual process, the Board provides feedback on risk management strategies, as well as the ERM process.

The Board and its committees receive updates, as appropriate, during the year from management regarding the risk management processes, operations and organization, the mitigation of key existing and emerging risks and, as appropriate, provide feedback to address these matters, including those related to cybersecurity, trade compliance, and strategy. Management's regular attendance at Board and committee meetings provides Board members direct access to our management team and the opportunity for the Board to receive updates on our risk exposure. Further, the agendas for each Board meeting, as determined by our CEO and Lead Director, are developed and adjusted throughout the year, to adapt to any emerging risks or key topics.

The Company's ERM process is designed so that the Board can respond to risks in a manner that closely aligns to the Company's disclosure controls and procedures. The ERM results are reviewed and considered by members of management who are responsible for our public reporting and the Board. Our public reports are prepared by management who participate in the ERM process, and are reviewed by the Board or its committees, as appropriate, and this process contributes to the effective functioning of our disclosure controls and procedures. Our risk oversight processes and disclosure controls and procedures are designed to appropriately identify potential risks for disclosure.

The Board, each of its committees, and senior management have in the past and may continue to engage outside advisors, experts, and consultants, to help develop and analyze the Company's risk management and mitigation efforts and associated controls and procedures, as well as to help the Company anticipate future threats and trends which could have an impact on our business.

Corporate Governance Policies of the Board of Directors

The Board has adopted Corporate Governance Policies to ensure that the Board has the necessary authority and processes in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. These policies include practices the Board follows with respect to its composition and selection, regular evaluations of the Board and its committees, Board meetings and involvement of senior management, senior management performance evaluation, and Board committees and compensation. These policies may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Executive Sessions of the Board

As required under Nasdaq's listing standards, our independent directors meet regularly in scheduled executive sessions at which only independent directors are present, as well as in sessions with the CEO. In Fiscal 2024, our independent directors met in both types of executive sessions at four of our scheduled quarterly Board meetings.

Director Attendance at Annual Meeting

We expect that our directors will attend each annual meeting, absent a valid reason. All Board members as of our 2023 Meeting attended our 2023 Meeting.

Board Self-Assessments

The NCGC oversees an evaluation process, conducted at least annually, whereby outside legal counsel for NVIDIA interviews each director to obtain his or her evaluation of the Board as a whole, and of the committees on which he or she serves. The interviews solicit ideas from the directors about, among other things, improving the quality of Board and/or committee oversight effectiveness regarding strategic direction, financial and audit matters, executive compensation, acquisition activity, and other key matters. The interviews also focus on Board process and identifying specific issues which should be discussed in the future. After these evaluations are complete, our outside corporate counsel summarizes the results, reviews them with our Lead Director, and then submits the summary for discussion by the NCGC.

In response to the evaluations conducted in Fiscal 2024, our Board determined to focus on competitive advantage, growth management, vertical initiatives, AI regulations, supply chain, management development and company culture, and geopolitical and regulatory risks. The Board also determined to continue to focus on the Board's composition and process for Board refreshment.

Director Orientation and Continuing Education

The NCGC and our General Counsel are responsible for new director orientation and for administering or approving eligible director continuing education programs. Continuing education programs for directors may include a combination of internally developed materials and presentations, programs presented by third parties, and financial and administrative support for attendance at qualifying academic or other independent programs.

Director Time Commitment and Outside Board Memberships

Our directors are expected to devote sufficient time to Board and committee duties and to understanding the Company's business. The NCGC reviews the other commitments of potential Board candidates, and does so annually for existing Board members, to determine if this expectation can be met. In making this determination, the NCGC considers, among other factors, stakeholder guidelines regarding numerical limits on public company boards on which a director may sit. None of our directors serve on more than two public company boards (including NVIDIA), and none of our non-employee directors serve as a CEO or executive officer of a public company.

Director Stock Ownership Guidelines

Our Corporate Governance Policies require each non-employee director to hold shares of our common stock with a total value equal to six times the annual cash retainer for Board service during the period in which he or she serves as a director (or six times his base salary, in the case of the CEO). The shares may include vested deferred stock, shares held in trust, and shares held by immediate family members, but unvested or unexercised equity awards do not count for purposes of this ownership calculation. Non-employee directors have five years after their Board appointment to reach the ownership threshold. Our stock ownership guidelines are intended to further align director interests with stockholder interests.

Each non-employee director and Mr. Huang currently meets or exceeds the stock ownership requirements, with the exception of Ms. Lora, who joined our Board in 2023 and has five years from joining the Board to reach the ownership threshold.

Hedging and Pledging Policy

Under our Insider Trading Policy, our directors, executive officers, employees, and their designees may not hedge their ownership of NVIDIA stock, including but not limited to trading in options, puts, calls, or other derivative instruments related to NVIDIA stock or debt. Additionally, directors, executive officers, employees, and their designees may not purchase NVIDIA stock on margin, borrow against NVIDIA stock held in a margin account, or pledge NVIDIA stock as collateral for a loan.

Senior Management Development

We believe in extensive leadership development. Our management structure ensures that over 60 senior managers work directly with our CEO to execute our corporate strategies. This approach results in strategic alignment, exposes leaders to a broad spectrum of corporate activities, and presents the Board with a pool of excellent candidates for future promotion. Our CEO also selects senior leaders to engage directly with the Board on key initiatives and provides periodic updates to our Board on management development.

Outside Advisors

The Board and each of its principal committees may retain outside advisors and consultants of their choosing at our expense. The Board need not obtain management's consent to retain outside advisors. In addition, the principal committees need not obtain either the Board's or management's consent to retain outside advisors.

Code of Conduct

Our directors, executives, and employees are expected to conduct themselves with the highest degree of integrity, ethics, and honesty. Our credibility and reputation depend upon their good judgment, ethical standards, and personal integrity. Our Code of Conduct applies to all executive officers, directors, and employees, including our principal executive officer, principal financial officer, and principal accounting officer. The Financial Team Code of Conduct applies to our executive officers, directors, members of our finance department, and all employees involved in the preparation and review of externally-reported periodic financial reports, filings, and documents. We regularly review our Code of Conduct and related policies to ensure that they provide clear guidance to our directors, executives, and employees. We also regularly train our employees on our Code of Conduct and other policies.

The Code of Conduct and the Financial Team Code of Conduct may be viewed under Governance in the Investor Relations section of our website, at www.nvidia.com. If we make any amendments to either code, or grant any waiver from a provision of either code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website or in a report on Form 8-K. Information contained on our website is not incorporated by reference into this or any other report we file with the SEC.

Corporate Hotline

We have established an independent corporate hotline to allow any employee, contractor, customer, or partner to confidentially and anonymously submit a complaint about any accounting, internal controls, auditing, Code of Conduct, or other matter of concern (unless prohibited by local privacy laws).

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board regarding nominations of directors or other matters may do so by sending electronic written communications addressed to Timothy S. Teter, our Secretary, at shareholdermeeting@nvidia.com. All stockholder communications we receive that are addressed to the Board will be compiled by our Secretary. If no particular director is named, letters will be forwarded, depending on the subject matter, to the chairperson of the AC, CC, or NCGC. Matters put forth by our stockholders will be reviewed by the NCGC, which will determine whether these matters should be presented to the Board. The NCGC will give serious consideration to all such matters and will make its determination in accordance with its charter and applicable laws.

Majority Vote Standard

Under our Bylaws, in an uncontested election, stockholders will be given the choice to cast votes **FOR** or **AGAINST** the election of directors or to **ABSTAIN** from such vote and shall not have the ability to cast any other vote with respect to such election of directors. A director shall be elected by the affirmative vote of the majority of the votes cast with respect to that director, meaning the number of shares voted **FOR** a director must exceed the number of votes cast **AGAINST** that director. If the votes cast **FOR** an incumbent director in a non-contested election do not exceed the number of **AGAINST** votes, such incumbent director shall offer to tender his or her resignation to the Board. The NCGC or other committee that may be designated by the Board will make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board will act on such committee's recommendation and publicly disclose its decision and the rationale within 90 days from the date of certification of the election results. In making their decision, such committee and the Board will evaluate the best interests of the Company and its stockholders and shall consider all factors and information deemed relevant. The director who tenders his or her resignation will not participate in such committee's recommendation or the Board's decision.

In a contested election, in which the number of nominees exceeds the number of directors to be elected, stockholders will be given the choice to cast **FOR** or **WITHHOLD** votes for the election of directors and shall not have the ability to cast any other vote with respect to such election of directors. Our directors will be elected by a plurality of the shares represented at any such meeting or by proxy and entitled to vote on the election of directors at that meeting. The directors receiving the greatest number of **FOR** votes will be elected.

In either case, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will have no effect on the vote.

Stockholder Special Meeting Right

As part of our Board and management's comprehensive review of current corporate governance practices, our Board adopted an amendment to our Bylaws in March 2024 to permit stockholders who own at least 15% of the voting power of all the then-outstanding shares of voting stock of the Company, and who have owned such shares continuously for at

least one year, to request a special meeting of stockholders, provided that the stockholders satisfy the disclosure, timing and other requirements set forth in our Bylaws intended to ensure that stockholders receive adequate, timely, and accurate information in connection with a special meeting. Our Board believes that this special meeting right strikes an appropriate balance by ensuring that stockholders have a meaningful right to call a special meeting to act on extraordinary, pressing events, while also protecting the Company and its broader stockholder base against narrow and short-term interests.

Board Meeting Information

The Board met four times during Fiscal 2024, including meetings during which the Board discussed the strategic direction of NVIDIA, explored and discussed new business and strategic opportunities and the product roadmap, and other matters facing NVIDIA. We expect each Board member to attend each meeting of the Board and the committees on which he or she serves. Each Board member attended 75% or more of the applicable meetings of the Board and of each committee on which he or she served during Fiscal 2024.

Corporate Sustainability

NVIDIA invents computing technologies that improve lives and address global challenges. Our goal is to integrate sound CS principles and practices into every aspect of the Company. Our Board and management believe that environmental stewardship, social responsibility, and solid governance are important to our business strategy and long-term value creation. While the full Board has ultimate responsibility for CS matters that impact our business, each committee of the Board oversees CS matters across our business operations in the areas that align with their respective responsibilities. The NCGC is responsible for reviewing and discussing with management our policies, issues, and reporting related to sustainability, including overall sustainability strategy, risks, and opportunities, and related programs and initiatives. Our CS team updates the NCGC at least semiannually on these topics, as well as pertinent regulations and stakeholder inputs, and gathers feedback from the NCGC on issues such as climate change, human rights, and diversity and inclusion. The CS team also reports on sustainability issues to the full Board annually.

In Fiscal 2024, we launched a Corporate Sustainability Steering Committee, or the CSSC, comprised of members of our executive leadership team. The CSSC is responsible for overseeing and providing input on our sustainability strategy and program. Feedback from the Board, the NCGC and CSSC, along with specific input from our executive team, helps to determine the focus and scope of our sustainability strategy and program.

The following sections provide an overview of our principles and practices. More information can be found on the Corporate Sustainability section of our website and in our annual Sustainability Report. Information contained on our website or in our annual Sustainability Report is not incorporated by reference into this or any other report we file with the SEC. Refer to "Item 1A. Risk Factors" in our Form 10-K for a discussion of risks and uncertainties we face related to CS.

Climate and Efficiency

We assess our carbon footprint across our product lifecycle and assess climate risks, including current and emerging regulations and market impacts. Improving performance and energy efficiency is a principal goal in each step of our research, development, and design processes. NVIDIA GPUs powered 24 of the top 30 systems on the November 2023 Green500 list, including the No. 1 spot with the H100 GPU-based Henri system. Our Earth-2 initiative aims to harness AI and high-performance computing to unlock the potential of vast quantities of climate data to inform decision-making.

We commit to the following greenhouse gas emissions, or GHG emissions, reduction goals:

- Scope 1 and 2: By the end of Fiscal 2025, and annually thereafter, we expect to achieve and maintain 100% renewable electricity for offices and data centers under our operational control. By delivering on this commitment, we aim to reduce our Scope 1 and 2 emissions in line with prevalent climate science standards.
- Scope 3: By the end of Fiscal 2026, we expect to engage manufacturing suppliers comprising at least 67% of NVIDIA's scope 3 category 1 GHG emissions, with the goal of effecting supplier adoption of science-based targets.

Human Capital Management

We believe that our employees are our greatest assets, and they play a key role in creating long-term value for our stakeholders. The CC provides oversight of the Company's human capital management, including policies and strategies regarding recruiting, development, retention, diversity, inclusion, and belonging.

Recruitment, Development, and Retention

As the demand for global technical talent continues to be competitive, we have grown our technical workforce and have been successful in attracting top talent to NVIDIA. We have attracted talent globally through our strong employer brand and differentiated hiring strategies for college, professional, and leadership talent. Our workforce is 83% technical and 49% hold advanced degrees. Additionally, we have increased focus on diversity recruiting, resulting in an increase in global female hiring in each channel. Our own employees help to surface top talent, with over 40% of our new hires in Fiscal 2024 coming from employee referrals.

To support employee development, we provide opportunities to learn on-the-job through training courses, targeted development programs, mentoring and peer coaching and ongoing feedback. We offer tuition reimbursement programs to subsidize educational programs and advanced certifications. We implemented a career coaching service to provide one-on-one guidance to employees, and encourage internal job mobility. We have implemented specifically designed mentoring and development programs for women and employees from traditionally underrepresented groups to ensure widespread readiness for future advancement.

We want NVIDIA to be a place where people can build their careers over their lifetime. Our employees tend to come and stay. In Fiscal 2024, our overall turnover rate was 2.7%.

Compensation, Benefits, and Well-Being

Our compensation program rewards performance and is structured to encourage employees to invest in the Company's future. Employees receive equity, except where unavailable due to local regulations, that is tied to the value of our stock price and vests over time to retain employees while simultaneously aligning their interests with those of our stockholders.

We offer comprehensive benefits to support our employees' and their families' physical health, well-being, and financial health. We are committed to providing tailored benefits based on the needs of our Community Resource Groups and continuing our support for parents, both new birth parents and those who wish to become parents.

Our support has been enhanced during times of crisis, such as war or economic volatility, to take care of our existing team of world-class talent and their families.

Diversity, Inclusion, and Belonging

We believe that diverse teams fuel innovation, and we are committed to creating an inclusive culture that supports all employees.

When recruiting for new talent or developing our current employees, we strive to build a diverse talent pipeline that includes those underrepresented in the technology field, including women, Black/African American, and Hispanic/Latino candidates.

To this end, we have been:

- Partnering with institutions and professional organizations serving historically underrepresented communities;
- Embedding dedicated recruiting teams to business areas to shepherd underrepresented candidates through the interview process and find internal opportunities;
- Supporting the development of women employees through programs aimed at building a pipeline of future leaders;
- Providing peer support and executive sponsors for our internal community resource groups;
- Providing training and education to managers and peers on fostering supportive environments and recruiting for diversity;
- Tracking equity and parity in retention, promotions, pay, and employee engagement scores; and
- Measuring year over year progress and providing leadership visibility on diversity efforts.

As of the end of Fiscal 2024, our global workforce was 79% male, 20% female, and 1% not declared, with 6% of our workforce in the United States composed of Black or African American and Hispanic or Latino employees.

We strive to provide equitable compensation and opportunities for advancement to all employees and to achieve promotion parity based on gender, race, and ethnicity.

Since 2020, we have used a third-party firm to analyze our pay practices and promotion activity across rating, education, years of experience, job function, family, and level. The review has determined that we've achieved pay parity, defined as no statistically significant differences in compensation based on gender, race, or ethnicity, for the past several years, and we plan to continue doing so.

In Fiscal 2024, as we promoted many in our workforce, women continue to be promoted at an approximately equal rate to men.

Flexible Working Environment

We support a flexible work environment, understanding that many employees want the ability to work from home under certain conditions. This flexibility supports diverse hiring, retention, and employee engagement, which we believe makes NVIDIA a great place to work.

During Fiscal 2025, we will continue to have a flexible work environment and maintain our company wide 2-days off a quarter for employees to rest and recharge.

Product Value Chain

We seek to promote human rights throughout our supply chain and expect our suppliers to respect human rights whenever they provide products or services for us.

We are a full member of the RBA, an international industry organization dedicated to corporate social responsibility in global supply chains. Since adopting the RBA Code of Conduct in 2007 when we first became an RBA member, we have continued to integrate its elements into our processes, including auditing strategic suppliers and conducting internal assessments to confirm that we are addressing all aspects of responsible supply chain management. All of our manufacturing suppliers are expected to comply with the RBA Code of Conduct and associated NVIDIA policies, including an Agreement for Manufacturer Environmental Compliance.

We expect our suppliers to maintain progressive employment, environmental, health, safety, and ethical practices that meet or exceed applicable laws, the RBA Code of Conduct, our Code of Conduct, and our Human Rights Policy. We also encourage suppliers to use the RBA Code of Conduct as a platform to go above and beyond compliance. We monitor our supply chain through Validated Assessment Program audits and work directly with suppliers to implement any corrective actions.

Our goal is to use only conflict-free gold, tantalum, tungsten, and tin (3TG) in our products and to achieve 100% Responsible Minerals Assurance Process-compliant tantalum, tin, tungsten, and gold processing facilities, as explained in more detail in our Responsible Minerals Policy.

Human Rights

We define human rights as the fundamental rights, freedoms, and standards of treatment belonging to all humans. We follow the laws of the countries in which we operate, and endorse internationally recognized principles, including the United Nations Global Compact, the United Nations Guiding Principles, the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the International Covenant on Economic, Social and Cultural Rights, the Core Conventions of the International Labour Organization, and the International Labour Organization Declaration on Fundamental Principles and Rights at Work.

We have codified our approach to human rights in our Human Rights Policy and work to embed human rights considerations into decision-making processes throughout the Company.

Trustworthy AI

Our trustworthy artificial intelligence, or AI, principles, which we share with customers and partners, reflect our core values and our Code of Conduct. We endeavor to deliver AI models that comply with privacy and data protection laws, perform safely and as intended, provide transparency about a model's design and limitations, minimize unwanted bias, and give equal opportunity to benefit from AI.

Our products are programmable and general purpose in nature. When we provide tools to help developers create applications for specific industries, we focus on creating products and services that enable developers to create and accelerate socially beneficial applications.

Public Policy Engagement and Accountability

Our NCGC oversees our public policy engagement and accountability. Our Government Relations team engages in public policy advocacy to affect government action on issues of importance to our business, customers, stockholders, and employees, and to provide thought leadership to global governments on issues that directly affect our business. It is also a platform for educating policymakers through demonstrations of NVIDIA's technology, amplifying our work in targeted areas, and collaborating with various organizations on issues of shared interest. We focus our public policy activities in AI, specifically to promote investment in core AI research, support workforce development around AI, and provide educational resources to technology policy advisors. NVIDIA may incur expenditures to support or educate viewpoints on public policy issues, including expenditures for intermediaries that advocate on our behalf if it is in our best interest.

NVIDIA does not make contributions of any kind (money, employee time, goods or services, or employee expense reimbursements) to political parties or candidates, including any direct contributions to any intermediary organizations, such as political action committees, or PACs, or lobbyists, campaign funds, or trade or industry associations or super PACs. This policy applies in all countries and across all levels of government, even where such contributions are permitted by law.

We belong to trade associations worldwide, representing the interests of the technology industry, industries in which we operate and the broader business community. Where required by law, we file lobbying disclosure reports with applicable governments.

Management reports to the NCGC about our policies and practices in connection with governmental relations, public policy advocacy, and related expenditures.

NVIDIA's policies and practices related to public policy matters, including lobbying activities, trade association memberships, and related expenditures, are available on our website at <https://investor.nvidia.com/governance/governance-documents>.

Director Compensation

The CC reviews our non-employee director compensation annually with the assistance of Exequity LLP, the CC's independent compensation consultant. Exequity prepares peer group data and informs the CC on trends in director compensation and corporate governance best practices.

For our non-employee director compensation program for the year starting on the date of our 2023 Meeting, or the 2023 Program, the CC recommended, and the Board approved, maintaining the same compensation as the previous year with an approximate value of \$340,000, slightly below the median paid by the peer group (most recently approved by the CC at the time of its recommendation) to their non-employee directors:

\$85,000	\$255,000
Cash Retainer (1)	Equity Retainer (RSUs) (2)

(1) Annual amount, paid quarterly.

(2) Target annual value of RSUs granted on the first trading day following the date of our 2023 Meeting, or the 2023 Program RSUs. To correlate vesting with Board service, 50% of the RSUs vested on the third Wednesday in November 2023 and 50% will vest on the third Wednesday in May 2024, subject to the director's continuous service with us. If a director's service terminates due to death, their RSU grants will immediately vest in full.

We do not pay additional fees for serving as a Lead Director, as chairperson or member of our committees, or for meeting attendance. Directors who are also employees do not receive compensation for service on the Board.

The number of shares subject to each director's 2023 Program RSUs and to the Initial Lora RSUs (as defined below) equaled the target value of the grant divided by the 30-calendar day trailing average closing price of our common stock that ended the business day before the 2023 Meeting and Ms. Lora's appointment to the Board, respectively, to smooth the effects of possible market volatility. The CC considered various approaches to calculating the number of shares underlying the 2023 Program RSUs and Initial Lora RSUs and determined the process described above was appropriate.

Non-employee directors can elect to defer settlement of RSUs upon vesting for tax planning purposes to the earlier of (i) a future year (no sooner than 2025 for the 2023 Program RSUs and 2023 Program Lora RSUs (as defined below), and no sooner than 2027 for the Initial Lora RSUs) or (ii) in connection with the director's cessation of service or certain change in control events, in accordance with the rules under Section 409A of the Internal Revenue Code. Messrs. Coxe, Jones, McCaffery, and Neal, and Dr. Shah elected to defer settlement of their 2023 Program RSUs, and Ms. Lora elected to defer settlement of her Initial Lora RSUs and 2023 Program Lora RSUs. Directors do not receive dividends on unvested, or vested but deferred, RSUs.

Other Compensation/Benefits

Our directors are reimbursed for expenses incurred in attending Board and committee meetings and continuing educational programs pursuant to our Corporate Governance Policies. We do not offer change-in-control benefits to our directors, except for vesting acceleration under our equity plans that applies to all award holders under such plans if an acquirer does not assume or substitute for those awards, provided that the award holder's continuous service with us has not terminated prior to the applicable change-in-control.

Director Compensation for Fiscal 2024

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$) (1)	Total (\$)
Robert K. Burgess	85,000	274,268	359,268
Tench Coxe	85,000	274,268	359,268
John O. Dabiri	85,000	274,268	359,268
Persis S. Drell	85,000	274,268	359,268
Dawn Hudson	85,000	274,268	359,268
Harvey C. Jones	85,000	274,268	359,268
Melissa B. Lora (2)	56,000	525,372 (3)	581,372

Mark A. Stevens	85,000	274,268	359,268

- (1) Amounts shown do not reflect amounts actually received by the director. Instead, these amounts reflect the aggregate full grant date fair value, calculated in accordance with ASC 718, for RSU awards granted during Fiscal 2024. The assumptions used in the calculation of award values are set forth in Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. On June 23, 2023, each non-employee director then serving on the Board received their RSU grant for 650 shares, representing their 2023 Program RSUs. The grant date fair value per share for these awards as determined under ASC 718 was \$421.95.
- (2) Reflects a pro-rated annual cash retainer for service commencing with Ms. Lora's appointment to the Board in July 2023.
- (3) Ms. Lora was awarded on August 8, 2023: (a) in connection with her appointment to the Board in July 2023, an initial RSU grant for 587 shares with a target value of \$255,000, or the Initial Lora RSUs, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$446.21, and (b) as compensation for her service on the Board through the date of the 2024 Meeting, a pro-rated 2023 Program RSU grant for 590 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$446.52, reflecting the period of service between her appointment date and the date of the 2024 Meeting, or the 2023 Program Lora RSUs. The Initial Lora RSUs vested as to 1/6th of the shares on December 13, 2023 and will vest as to 1/6th of the shares approximately every six months thereafter, subject to Ms. Lora's continuous service with us. A pro rata amount of the 2023 Program Lora RSUs vested on November 15, 2023 and the remainder will vest on May 15, 2024, subject to Ms. Lora's continuous service with us. If Ms. Lora's service terminates due to death, her RSU grants will immediately vest in full.

The following table provides information regarding the aggregate number of unvested RSUs held by each of our non-employee directors as of January 28, 2024:

Name	RSUs	Name	RSUs
Robert K. Burgess	325	Michael G. McCaffery	325
Tench Coxe	325	Stephen C. Neal	325
John O. Dabiri	325	Mark L. Perry	325
Persis S. Drell	325	A. Brooke Seawell	325
Dawn Hudson	325	Aarti Shah	325
Harvey C. Jones	325	Mark A. Stevens	325
Melissa B. Lora	815		

None of our non-employee directors held unexercised stock options as of January 28, 2024.

The following aggregate number of vested RSUs for which settlement was previously deferred were ultimately issued in Fiscal 2024: 1,716 RSUs for Ms. Hudson, 8,884 RSUs for Mr. Jones, 1,716 RSUs for Mr. McCaffery, and 2,848 RSUs for Mr. Neal.

Review of Transactions with Related Persons

Employees, officers, and directors must avoid any activity that conflicts with, or has the appearance of conflicting with, our interests. This policy is included in our Code of Conduct and our Financial Team Code of Conduct. We regularly conduct a review of all related party transactions for potential conflicts of interest and all transactions involving executive officers or directors must be approved by the NCGC in compliance with the Company's policies and the Listing Standards of The Nasdaq Global Select Market. Except as discussed below, there were no transactions with related persons in Fiscal 2024 that would require disclosure in this proxy statement or approval by the NCGC.

Transactions with Related Persons

The daughter and son of Jen-Hsun Huang, our President and Chief Executive Officer and a member of our Board, are employed by the Company. Neither of them shares a household with Mr. Huang, is one of our executive officers, or reports directly to Mr. Huang. Additionally, the son of Dr. Shah, one of our directors, has been employed by the Company since February 2024. He does not share a household with Dr. Shah and is not one of our executive officers.

The compensation of these individuals was determined in accordance with NVIDIA's compensation practices applicable to employees with comparable qualifications and responsibilities and holding similar positions and without the involvement of Mr. Huang or Dr. Shah, respectively. The total compensation for Fiscal 2024 of the daughter and son of Mr. Huang was approximately \$370,000 and \$330,000, respectively. The total compensation for Fiscal 2025 of the son of Dr. Shah is expected to be approximately \$450,000.

Each of them has received and continues to be eligible for equity awards on the same general terms and conditions as applicable to employees in similar positions who do not have such family relationships.

We have entered into indemnity agreements with our executive officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines, and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, executive officer or other agent of NVIDIA, and otherwise to the fullest extent permitted under Delaware law and our Bylaws. We intend to execute similar agreements with our future executive officers and directors.

See *Employment, Severance, and Change-in-Control Arrangements* below for a description of the terms of the 2007 Plan, related to a change-in-control of NVIDIA.

During Fiscal 2024, we granted RSUs to our non-employee directors, and RSUs and PSUs to our executive officers (other than Mr. Huang, who received PSUs only). See *Director Compensation* above and *Executive Compensation* below.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of March 25, 2024 as to shares of our common stock beneficially owned by each of our NEOs, each of our directors, all of our directors and executive officers as a group, and all known by us to be beneficial owners of 5% or more of our common stock. Beneficial ownership is determined in accordance with the SEC's rules and generally includes voting or investment power with respect to securities as well as shares of common stock subject to options exercisable, or PSUs or RSUs that will vest, within 60 days of March 25, 2024.

This table is based upon information provided to us by our executive officers and directors. Information about principal stockholders, other than percentages of beneficial ownership, is based solely on Schedules 13G/A filed with the SEC. Unless otherwise indicated and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentages are based on 2,463,726,581 shares of our common stock outstanding as of March 25, 2024, adjusted as required by SEC rules.

Name of Beneficial Owner	Shares Owned	Shares Issuable Within 60 Days	Total Shares Beneficially Owned	Percent
