

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of January 27, 2019 as to shares of our common stock beneficially owned by each of our NEOs, each of our directors, all of our directors and executive officers as a group, and all known by us to be beneficial owners of 5% or more of our common stock. Beneficial ownership is determined in accordance with the SEC's rules and generally includes voting or investment power with respect to securities as well as shares of common stock subject to options exercisable, or PSUs or RSUs that will vest, within 60 days of January 27, 2019.

This table is based upon information provided to us by our executive officers and directors. Information about principal stockholders, other than percentages of beneficial ownership, is based solely on Schedules 13G/A filed with the SEC. Unless otherwise indicated and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentages are based on 605,855,447 shares of our common stock outstanding as of January 27, 2019, adjusted as required by SEC rules.

Proposal 2—Approval of Executive Compensation

What am I voting on? A non-binding vote, known as “say-on-pay,” to approve our Fiscal 2019 NEO compensation.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None.

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote on an advisory basis, commonly referred to as “say-on-pay”, to approve the compensation paid to our NEOs as disclosed in the CD&A, the compensation tables and the related narrative disclosure contained in this proxy statement. In response to our stockholders’ preference, our Board has adopted a policy of providing for annual “say-on-pay” votes. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement.

This advisory proposal is not binding on the Board or us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the CC intend to consider the results of this vote in making determinations in the future regarding NEO compensation arrangements.

Recommendation of the Board

The Board recommends that our stockholders adopt the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby **APPROVED**.”

Executive Summary

Executive Compensation Goals

We design our executive compensation program to pay for performance; to attract, motivate and retain a high-caliber executive team; and to align our NEOs' interests with those of our stockholders. NEO pay is heavily weighted toward performance-based variable cash and long-term equity awards that are only earned if the Company achieves certain pre-established corporate financial metrics.

Stockholder Feedback

In recent years, our CC has modified our executive compensation program in response to stockholder feedback, which we solicit annually, including:

- Moving Mr. Huang's equity compensation to 100% PSUs and increasing the proportion of PSUs for our other NEOs;
- Increasing the proportion of at-risk compensation to total target pay;
- Introducing PSUs that are based on relative TSR, with a multi-year performance period; and
- Establishing and maintaining separate financial metrics for each type of performance-based compensation

Our Fiscal 2018 executive compensation program received over 97% "say-on-pay" approval from our stockholders. After considering this advisory vote and feedback from our annual stockholder outreach, our CC concluded that our program effectively aligned executive pay with stockholder interests. Therefore, the CC maintained the same general executive compensation structure for Fiscal 2019, but increased the rigor of the target performance goals for revenue and Non-GAAP Operating Income by setting them aggressively above Fiscal 2018 actual achievement in order to motivate our executives.

Executive Compensation Program

Our CC oversees our executive compensation program, determines pay components and target compensation for our NEOs, and certifies corporate achievement. Our Fiscal 2019 executive compensation consisted primarily of the following elements:

Compensation Element	Purpose	Fixed or At-Risk	Performance Measure	% of Fiscal 2019 Target Pay*	
				CEO	Other NEOs
CASH					
Base Salary	Compensate for expected day-to-day performance	Fixed	N/A	8%	22%
Variable Cash	Motivate and reward for annual corporate financial performance	At-Risk	Annual Revenue	9%	9%
EQUITY INCENTIVES					
RSUs	Align with stockholder interests by linking NEO pay to the performance of our common stock	At-Risk	N/A	N/A	24%
SY PSUs	Align with short-term stockholder interests by linking NEO pay to annual operational performance	At-Risk	Annual Non-GAAP Operating Income	55%	41%
MY PSUs	Align with long-term stockholder interests by linking NEO pay to multi-year shareholder return	At-Risk	3-Year TSR Relative to S&P 500	28%	4%
% OF PERFORMANCE-BASED PAY:				92%	54%
% OF AT-RISK PAY:				92%	78%

* Calculations based on total target pay as approved by the CC, consisting of base salary, target opportunity under our Variable Cash Plan, and target value of equity opportunities the CC intended to deliver.

Financial Highlights and Link to Executive Pay

Starting with a focus on PC graphics, NVIDIA invented the graphics processing unit to solve some of the most complex problems in computer science. We have extended our focus in recent years to the revolutionary field of artificial intelligence. Our platform strategy brings together hardware, system software, programmable algorithms, libraries, systems, and services to create unique value for the Gaming, Professional Visualization, Datacenter, and Automotive markets. As described above, a significant portion of our executive pay opportunities are tied to achievement of rigorous financial measures that drive business value and contribute to our long-term success. The charts below show our achievement for each of these measures for the applicable period ended Fiscal 2019, and their respective impact on our executive pay.

⁽¹⁾ Calculated based on the average prices of NVIDIA's common stock during the 60-trading day window that ended on the last trading day before the start of Fiscal 2017 and on the last trading day of Fiscal 2019, assuming all dividends were reinvested on the ex-dividend date.

⁽²⁾ Excludes Mr. Teter, who joined NVIDIA in late Fiscal 2017.

⁽³⁾ Includes dividends paid during the period beginning with Fiscal 2017 and ending with Fiscal 2019.

See *Reconciliation of Non-GAAP Financial Measures* in this CD&A for a reconciliation between the non-GAAP measures and GAAP results.

The Evolution of Our Executive Pay Program

Our CC has evolved our executive compensation program over the last several years in response to stockholder feedback as well as to further strengthen the link between our corporate performance and our NEO pay. Key changes to NEO compensation since Fiscal 2014 include:

- Transitioning equity compensation to 100% PSUs for our CEO, and 100% RSUs and PSUs for our other NEOs;
- Increasing the proportion of “at-risk,” performance-based compensation to total target pay;
- Introducing MY PSUs based on TSR, with a 3-year performance period; and
- Establishing separate financial metrics for each distinct type of performance-based compensation

The charts below identify the components of our CEO’s and other NEOs’ pay and show the performance metrics for applicable awards, as well the first year of any change to those metrics since Fiscal 2014.

CEO Compensation

⁽¹⁾ Represents the cash payable under the Variable Cash Plan for Base Operating Plan performance on the applicable goal.

⁽²⁾ Represents the aggregate fair value of the amount of the equity awards the CC intended to deliver, when approved by the CC, for Base Operating Plan performance on the annual Non-GAAP Operating Income goal for SY PSUs and for Target performance on the relative 3-year TSR goal for MY PSUs.

Other NEO Compensation

⁽¹⁾ Represents the cash payable under the Variable Cash Plan for Base Operating Plan performance on the applicable goal.

⁽²⁾ Represents the aggregate fair value of the equity awards the CC intended to deliver, when approved by the CC.

⁽³⁾ Represents the aggregate fair value of the amount of the equity awards the CC intended to deliver, when approved by the CC, for Base Operating Plan performance on the annual Non-GAAP Operating Income goal for SY PSUs and for Target performance on the relative 3-year TSR goal for MY PSUs.

⁽⁴⁾ Includes compensation for Karen Burns, our then-interim Chief Financial Officer, instead of Ms. Kress, who was appointed Chief Financial Officer partway through Fiscal 2014.

⁽⁵⁾ Excludes a one-time sign-on bonus paid in Fiscal 2014 to Ms. Kress pursuant to her offer letter, and earned in Fiscal 2015 when Ms. Kress reached her anniversary of employment with us.

⁽⁶⁾ Excludes a one-time anniversary bonus paid in Fiscal 2015 to Ms. Kress pursuant to her offer letter, and earned in Fiscal 2016 when Ms. Kress reached her second anniversary of employment with us.

⁽⁷⁾ Excludes the impact of Mr. Teter's new-hire RSU award granted in Fiscal 2018, which our CC assessed was necessary to recruit him and to provide him with an opportunity to earn a significant ownership stake in the Company.

⁽⁸⁾ Excludes a one-time anniversary bonus paid in Fiscal 2018 to Mr. Teter pursuant to his offer letter, and earned in Fiscal 2019 when Mr. Teter reached his second anniversary of employment with us.

Our Compensation Practices

Our executive compensation program adheres to the following practices:

What We Do

- ✓ Emphasize at-risk, performance-based compensation, with objective and distinct goals for each such component
- ✓ Include multi-year PSU awards
- ✓ Use objective annual and 3-year performance targets to determine SY PSU and MY PSU awards earned, respectively
- ✓ Require NEOs to provide continuous service for 12 months to vest in any equity awards and 4 years to fully vest in SY PSU and RSU awards
- ✓ Reevaluate and adjust our program annually based on stockholder and corporate governance group feedback
- ✓ Minimize inappropriate risk-taking
- ✓ Cap performance-based variable cash and PSU payouts
- ✓ Retain an independent compensation consultant reporting directly to the CC
- ✓ Require NEOs to maintain meaningful stock ownership
- ✓ Enforce "no-hedging" and "no-pledging" policies
- ✓ Maintain a clawback policy for performance-based compensation

What We Don't Do

- ✗ Enter into agreements with NEOs providing for specific terms of employment or severance benefits
- ✗ Give our executive officers special change-in-control benefits
- ✗ Provide automatic equity vesting upon a change-in-control (except for the provisions in our equity plans that apply to all employees if an acquiring company does not assume or substitute our outstanding stock awards)
- ✗ Give NEOs supplemental retirement benefits or perquisites that are not available to all employees
- ✗ Provide tax gross-ups
- ✗ Reprice stock options without stockholder approval
- ✗ Use discretion in performance incentive award determination
- ✗ Pay dividends or the equivalent on unearned or unvested shares

How We Determine Executive Compensation

Our CC manages our executive compensation program according to the cycle below:

In the Fall of 2018, management and a member of our Board again conducted outreach to stockholders regarding executive pay, which the CC considered as it determined our Fiscal 2020 compensation program. Feedback from conversations with our stockholders is further described in *Compensation Actions and Achievements* below.

Roles of the CC, Compensation Consultant and Management

Our CC solicits the input of Mr. Huang and the CC's independent compensation consultant, Exequity, which reports directly to our CC. The roles of our CC, Exequity, and management, including our CEO, CFO, and Human Resources and Legal departments, in setting our Fiscal 2019 NEO compensation program are summarized below.

At the CC's direction, Exequity and management recommended a peer group for our program, which was approved by the CC. Management then gathered peer data from the Radford Global Technology Survey, which was considered by Exequity in its analysis of Mr. Huang's compensation, and by Mr. Huang in his recommendations on our other NEOs' compensation, for Fiscal 2019. The CC considered Exequity's advice, Mr. Huang's recommendations, and management's proposed Fiscal 2019 performance goals prior to making its final and sole decision on all Fiscal 2019 NEO compensation. The CC also certified performance-based Fiscal 2018 compensation payouts. Additionally, Exequity advised the CC on the compensation risk analysis prepared by management.

During Fiscal 2019, our CC continued to use Exequity for its experience working with our CC and with compensation committees at other technology companies. Our CC analyzed whether Exequity's role in Fiscal 2019 raised any conflict of interest, considering: (i) Exequity does not provide any services directly to NVIDIA (although we pay Exequity on the CC's behalf), (ii) the percentage of Exequity's total revenue resulting from fees paid by us on the CC's behalf, (iii) Exequity's conflict of interest policies and procedures, (iv) any business or personal relationship between Exequity and an NEO, or between Exequity's individual compensation advisors and an NEO or any member of our CC, and (v) any NVIDIA stock owned by Exequity or its individual compensation advisors. After considering these factors, our CC determined that Exequity's work did not create any conflict of interest.

Peer Companies and Market Compensation Data

Our Fiscal 2019 peer companies (1) compete with us for executive talent; (2) have established businesses, market presence, and complexity similar to us; and (3) are generally of similar size to us, as measured by revenue and/or market capitalization at roughly 0.5-3.5x of us; however, all of our Fiscal 2019 peers had market capitalizations which were lower than ours, which the CC determined was fair given our market capitalization volatility at the time of approval. Our peer group for Fiscal 2019 remained the same as it was for Fiscal 2018, except as noted below:

Fiscal 2019 Peer Group ⁽¹⁾

Activision Blizzard	Analog Devices, Inc.	eBay	Lam Research	Salesforce ⁽²⁾	Texas Instruments
Adobe Systems, Inc.	Applied Materials	Electronic Arts, Inc.	Micron Technology, Inc.	Symantec Corp.	VMWare
Advanced Micro Devices	Broadcom Limited ⁽²⁾	Intuit, Inc.	QUALCOMM ⁽²⁾	Tesla Motors, Inc.	Western Digital

⁽¹⁾ Autodesk, Inc., Network Appliance, Inc., and Xilinx, each a Fiscal 2018 peer, were removed for Fiscal 2019 because their respective revenue and market capitalization fell below our targeted range.

⁽²⁾ Added for similar industry and similar market capitalization to us.

The CC determined our Fiscal 2019 peer group in December 2017. At that time, our Fiscal 2018 revenue and market capitalization compared to our peer group companies as follows:

	Revenue	Market Capitalization
Fiscal 2019 Peer Group	\$3.42 billion - \$23.55 billion	\$12.07 billion - \$98.95 billion
NVIDIA	\$9.50 billion	\$119.00 billion

Our CC reviews market practices and compensation data from the Radford survey for peer companies' comparably-situated executives when determining the components of our executive compensation program as well as total compensation. The CC compares the total compensation opportunity for our NEOs and similarly-situated executives at the 25th, 50th and 75th percentiles of peer company data, and also considers the factors below in determining NEO compensation opportunities.

Factors Used in Determining Executive Compensation

In addition to peer data, our CC considers the following factors in making executive compensation decisions. The weight given to each factor may differ among NEOs and each component of pay, and is subject to the CC's sole discretion.

- ✓ The need to attract and retain talent in a highly competitive industry
- ✓ Stockholder feedback regarding our executive pay
- ✓ An NEO's past performance and anticipated future contributions
- ✓ Our financial performance and forecasted results
- ✓ The need to motivate NEOs to address new business challenges
- ✓ Each NEO's current total compensation
- ✓ Each NEO's unvested equity
- ✓ Internal pay equity relative to similarly situated executives and the scope and complexity of the department or function the NEO manages
- ✓ Our CEO's recommendations for the other NEOs, including his understanding of each NEO's performance, capabilities, contributions
- ✓ Our CC's independent judgment
- ✓ Our philosophy that an NEO's total compensation opportunity and percentage of at-risk pay should increase with responsibility
- ✓ The total compensation cost and stockholder dilution from executive compensation, to maintain a responsible cost structure for our compensation programs*

* See Note 3, *Stock-Based Compensation* of our Form 10-K consolidated financial statements for a discussion of stock-based compensation cost.

Components of Pay

The primary components of NVIDIA's Fiscal 2019 executive compensation program are summarized below:

Form	Fixed Compensation	At-Risk Compensation			
	Base Salary	Variable Cash	SY PSUs	MY PSUs	RSUs*

Maximum Amount That Can Be Earned	N/A	200% of target award opportunity under our Variable Cash Plan	150% of Mr. Huang's SY PSU target opportunity and 200% of our other NEOs' respective SY PSU target opportunity Ultimate value delivered depends on stock price on date earned shares vest	150% of Mr. Huang's MY PSU target opportunity and 200% of our other NEOs' respective MY PSU target opportunity Ultimate value delivered depends on stock price on date earned shares vest	100% of grant Ultimate value delivered depends on stock price on date shares vest

* Our CC considers RSUs to be at-risk pay because the realized value depends on our stock price, which is a financial performance measure.

In addition, we maintain medical, vision, dental, and accidental death and disability insurance as well as time off and paid holidays for all of our NEOs, on the same basis as our other employees. Like our other full-time employees, our NEOs are eligible to participate in our 2012 ESPP, unless otherwise prohibited by the rules of the Internal Revenue Service, and our 401(k) plan, which included a Company match of salary deferral contributions of up to \$6,000 for calendar 2018. Each of our NEOs received a \$6,000 401(k) match in calendar 2018.

Compensation Actions and Achievements

Stockholder Outreach

We value stockholder feedback and conduct an annual stockholder outreach program. During the Fall of 2017, in preparing for Fiscal 2019 compensation decisions, we contacted our top 30 institutional stockholders (except for brokerage firms and index funds who we know do not engage in direct conversations with companies), representing an aggregate ownership of approximately 39% of our shares. A member of our Board and members of management ultimately discussed executive compensation with representatives of stockholders holding an aggregate of approximately 33% of our common stock.

Our stockholders generally provided positive feedback on our executive pay practices. They commended our proportion of variable versus fixed pay, our use of multiple performance metrics in determining pay, as well as the specific metrics we employ for determining variable pay. While some stockholders encouraged our use of TSR as a relative performance figure and its tie to a transparent index, others expressed reservations about TSR due to NVIDIA's lack of control over stock price.

After considering their feedback, our CC concluded that the use of our multi-year relative TSR performance metric continued to, in combination with our annual performance metrics of revenue and Non-GAAP Operating Income, effectively align executive compensation with stockholder interests. Therefore, rather than make major structural changes, the CC refined

our Fiscal 2019 program to increase the rigor of the target performance goals for revenue and Non-GAAP Operating Income by setting them aggressively above Fiscal 2018 actual achievement in order to motivate our executives.

In the Fall of 2018, our management and a member of our Board again engaged in stockholder outreach. The CC considered the feedback from these meetings in making decisions regarding our Fiscal 2020 executive compensation program.

Total Target Compensation Approach

In deciding Fiscal 2019 compensation, our CC reviewed and considered each NEO's total target pay opportunity, as well as how that opportunity was distributed across different pay elements. As part of that process, our CC compared Mr. Huang's base salary, target variable cash opportunity, target equity opportunity, and total target pay against chief executives of our peer companies. For our other NEOs, our CC reviewed their respective total target pay against similarly situated executives of our peers. The CC also considered the factors discussed above in *Factors Used in Determining Executive Compensation*, the CC's specific compensation objectives for Fiscal 2019 and, for our NEOs other than our CEO, Mr. Huang's recommendation. Our CC did not use a single formula or assign a specific weight to any one factor in determining each NEO's target pay. Rather, our CC used its business judgment and experience to set total target compensation, mix of cash and equity, and fixed and at-risk pay opportunities for each NEO to achieve our program's objectives. When the CC set each element of pay for an NEO, it considered that change in the context of the levels of the other pay elements, and the resulting total target pay for such NEO. These amounts and structure allowed our NEOs to realize above-market value from equity awards and variable cash incentives only upon exceptional corporate performance.

The CC did not approve material increases in our NEOs' target pay for Fiscal 2019. There were no increases to base salaries or variable cash targets and only minor adjustments to target equity values, with the exception of Mr. Teter, whose total target compensation decreased significantly from Fiscal 2018, which had included special new-hire compensation.

Continued Emphasis on Long-Term, At-Risk, Performance-Based Equity Awards

For Fiscal 2019, the CC decided that long-term, at-risk, performance-based equity awards would again comprise a meaningful portion of NEO total target compensation. Accordingly, our NEOs received a substantial proportion of their total target compensation in the form of at-risk, performance-based equity awards. The CC continued to emphasize long-term equity awards by structuring them as the largest portion of NEO target pay. The CC believes this emphasis on long-term, at-risk opportunities drives results and increases NEO and stockholder alignment, while providing sufficient annual cash compensation to be competitive and retain our NEOs. The PSUs and RSUs provide long-term incentives and retention benefits because our NEOs must achieve, for PSUs, the predetermined performance goal and also, for both PSUs and RSUs, remain with us for a multi-year period (3 years for MY PSUs and 4 years for SY PSUs and RSUs) to fully vest in the awards.

The CC concluded that a majority of the NEOs' target equity opportunity should be at-risk and performance-based, and that, given Mr. Huang's position as CEO, 100% of his grant should be at-risk and performance-based, tightly aligning his interests with stockholders. For our other NEOs, the CC decided to provide roughly 65% of the target equity opportunity in the form of PSUs and 35% of the target equity opportunity in the form of RSUs, subject to individual adjustments determined appropriate by the CC. The CC decided to grant Mr. Huang's target equity opportunity 100% in the form of SY PSUs (which value is aligned with our Non-GAAP Operating Income performance) and MY PSUs (which value is aligned with our relative stock price performance).

The CC evaluated market positioning, internal pay equity, individual performance, and level of unvested equity to determine a target equity opportunity value for our NEOs, which was set substantially equivalently to the target values for Fiscal 2018, with the exception of Mr. Teter, whose target equity opportunity was lower because he received a new-hire equity award in Fiscal 2018. To determine actual shares awarded to achieve the target value, the CC used the 120-day trailing average of our stock price, as opposed to our stock price on the grant date, reducing the impact of daily volatility on compensation decisions. This average determined the number of RSUs and the target number of SY PSUs and MY PSUs. Despite the fact that the CC did not approve material increases to the NEO target equity opportunities, the value of our NEOs' Fiscal 2019 equity awards reported in the *Summary Compensation Table* is higher than the values reported for Fiscal 2018 (other than for Mr. Teter) because the grant date fair value of the equity awards required to be reported is calculated based on our stock price on the grant date and other accounting assumptions.

Our CC structured RSUs grants to the NEOs other than Mr. Huang in two installments in order to re-assess our executive equity compensation mid-year. At the beginning of Fiscal 2019, the CC determined a total annual RSU award value for each of our NEOs other than Mr. Huang and made initial grants of RSUs representing 50% of that value. In mid-Fiscal 2019, the CC reduced the number of RSUs awarded in the second biannual grant by approximately 12%, which they believed appropriately adjusted for the increase in our stock price since early Fiscal 2019.

The target numbers of SY PSU and MY PSU shares were the numbers of shares eligible to vest upon our achievement of the Base Operating Plan Non-GAAP Operating Income performance goal for Fiscal 2019, and the Target TSR performance goal relative to the S&P 500 over a 3-year period starting at the beginning of Fiscal 2019, respectively. No shares were eligible to vest if Threshold performance was not achieved. Shares underlying any PSUs that are not earned are cancelled.

If the Company achieved at least Threshold performance, the minimum number of shares eligible to vest was 50% of the SY PSU target opportunity and 25% of the MY PSU target opportunity. If the Company achieved Stretch Operating Plan performance for SY PSUs and Stretch performance for MY PSUs, the maximum number of shares eligible to vest was capped at 150% of Mr. Huang's, and 200% of our other NEOs' respective, SY PSU and MY PSU target opportunities. 25% of the eligible SY PSU shares would vest on approximately the one-year anniversary of the grant date and 6.25% would vest every quarter thereafter over the next three years. All of the eligible MY PSUs would vest following the end of the 3-year performance period.

Goals for Certain Performance-Based Compensation

Based on the Fiscal 2019 strategic plan as approved by the Board, the CC set the following performance metrics and goals:

	Variable Cash Plan		SY PSUs		MY PSUs	
Metric	Revenue		Non-GAAP Operating Income		TSR relative to the S&P 500	
Timeframe	1 year		1 year		3 years	
CC's Rationale for Metric	Key indicator of our annual performance which drives value and contributes to Company's long-term success		Key indicator of our annual performance which drives value and contributes to Company's long-term success		Aligns directly with shareholder value creation over a lengthy period	
	Our executive team focuses on growth in the Company's specialized markets where our technologies did not previously exist; revenue growth is a strong predictor of the Company's future success		Reflects both our annual revenue generation and effective management of operating expenses		Provides direct comparison of our stock price performance (including dividends) against an index that represents a broader capital market with which we compete	
	Distinct, separate metric from Non-GAAP Operating Income		To ensure long-term performance emphasis, structured to vest over a 4-year period		Relative (as opposed to absolute) nature of goals accounts for macroeconomic factors impacting the broader market	
	Performance Goal	Payout as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾
Threshold	\$10.00 billion	50%	\$3.45 billion	50%	25 th percentile	25%
Base Operating Plan (Target for MY PSUs)	\$12.00 billion	100%	\$4.65 billion	100%	50 th percentile	100%
Stretch Operating Plan (Stretch for MY PSUs)	\$14.00 billion	200%	\$5.89 billion	150% for Mr. Huang; 200% for our other NEOs	75 th percentile	150% for Mr. Huang; 200% for our other NEOs

⁽¹⁾ For achievement between Threshold and Base Operating Plan (or Target for MY PSUs) and between Base Operating Plan (or Target for MY PSUs) and Stretch Operating Plan (or Stretch for MY PSUs), payouts would be determined using straight-line interpolation. Achievement less than the Threshold goal would result in no payout. Achievement exceeding the Stretch Operating Plan (or Stretch for PSUs) goal would result in a capped payout as indicated.

CC's Rationale for Performance Goals

The CC set performance goals to achieve the program's objectives, with the following rationales:

	Variable Cash Plan	SY PSUs	MY PSUs
Stretch Operating Plan (or Stretch for MY PSUs) goals required significant achievement; only possible with strong market factors and a very high level of management execution and corporate performance	✓	✓	✓
Base Operating Plan (or Target for MY PSUs) goals:			
• Uncertain, but attainable with significant effort and execution success	✓	✓	✓
• Included budgeted investments in future growth businesses and revenue growth (and, for SY PSUs and MY PSUs, gross margin growth) considering both macroeconomic conditions and reasonable but challenging growth estimates for our ongoing and new businesses	✓	✓	✓
• Set higher than Fiscal 2018 actual revenue and actual Non-GAAP Operating Income, as applicable, to recognize strong growth performance	✓	✓	
• Required relative TSR performance to be at or above 50 th percentile of market to earn awards at competitive compensation levels			✓
Threshold goals appropriately decelerated payout for performance below Base Operating Plan (or Target for MY PSUs); uncertain, but attainable and high enough to create modest value	✓	✓	✓

Fiscal 2019 Achievement

The CC reviewed our Fiscal 2019 financial results against the performance goals set at the beginning of the year for our Variable Cash Plan, SY PSUs, and MY PSUs:

Variable Cash Plan

For Fiscal 2019, although we reported record revenue of \$11.72 billion, due to the rigor of the performance goal, our Fiscal 2019 Variable Cash Plan paid out at 93% of the target opportunity.

SY PSUs

For Fiscal 2019, although we reported record Non-GAAP Operating Income of \$4.41 billion, due to the rigor of the performance goal, 90% of the SY PSUs granted in Fiscal 2019 became eligible to vest. 25% of the eligible shares vested on March 20, 2019 and 6.25% of the eligible shares vest quarterly thereafter. The remaining portion of each SY PSU which was not eligible to vest was cancelled on February 15, 2019.

MY PSUs

The MY PSUs granted in Fiscal 2017 completed the three-year performance measurement period on January 27, 2019. NVIDIA's TSR over this period was 426%, representing the 100th percentile of companies in the S&P 500, resulting in the maximum number of MY PSUs becoming eligible to vest at 150% of Mr. Huang's MY PSU target opportunity and 200% of our other NEOs' respective MY PSU target opportunity. 100% of the eligible shares vested on March 20, 2019.

Achievement of the MY PSU goals for grants made in Fiscal 2018 will be determined after January 26, 2020, the ending date of the three-year measurement period for the MY PSUs granted in Fiscal 2018.

Achievement of the MY PSU goals for grants made in Fiscal 2019 will be determined after January 31, 2021, the ending date of the three-year measurement period for the MY PSUs granted in Fiscal 2019.

Target Fiscal 2019 Compensation Actions

The CC's target Fiscal 2019 compensation actions are summarized below for each NEO, reflecting the target value of the variable cash and equity opportunities the CC intended to deliver. The CC considered the factors set forth in *Factors Used in Determining Executive Compensation* above and focused primarily on the total target pay opportunity for each NEO.

JEN-HSUN HUANG

President, CEO & Director

	Target Pay (\$)	Fiscal 2019 Compensation Actions
Base Salary	1,000,000	No change from Fiscal 2018
Variable Cash	1,100,000	No change from Fiscal 2018 target; earned at \$1,021,900
Equity	9,883,200	Flat with Fiscal 2018
SY PSUs	6,603,000	Target award opportunity of 31,000 shares; 27,861 shares became eligible to vest
MY PSUs	3,280,200	Target award opportunity of 15,400 shares
Total	11,983,200	Flat with Fiscal 2018, consistent with all our other NEOs who were also flat (or down) for Fiscal 2018

COLETTE M. KRESS

EVP & CFO

	Target Pay (\$)	Fiscal 2019 Compensation Actions
Base Salary	900,000	No change from Fiscal 2018
Variable Cash	300,000	No change from Fiscal 2018 target; earned at \$278,700
Equity	3,292,695	Flat with Fiscal 2018
SY PSUs	1,917,000	Target award opportunity of 9,000 shares; 8,089 shares became eligible to vest
MY PSUs	191,700	Target award opportunity of 900 shares
RSUs	1,183,995	Granted 5,215 shares
Total	4,492,695	Flat with Fiscal 2018, consistent with all our other NEOs who were also flat (or down) for Fiscal 2018

AJAY K. PURI

EVP, WW Field Operations

	Target Pay (\$)	Fiscal 2019 Compensation Actions
Base Salary	950,000	No change from Fiscal 2018
Variable Cash	650,000	No change from Fiscal 2018 target; earned at \$603,850
Equity	3,388,650	Flat with Fiscal 2018
SY PSUs	1,959,600	Target award opportunity of 9,200 shares; 8,269 shares became eligible to vest
MY PSUs	191,700	Target award opportunity of 900 shares
RSUs	1,237,350	Granted 5,450 shares
Total	4,988,650	Flat with Fiscal 2018, consistent with all our other NEOs who were also flat (or down) for Fiscal 2018

DEBORA SHOQUIST

EVP, Operations

	Target Pay (\$)	Fiscal 2019 Compensation Actions
Base Salary	850,000	No change from Fiscal 2018
Variable Cash	250,000	No change from Fiscal 2018 target; earned at \$232,250
Equity	2,407,080	Flat with Fiscal 2018
SY PSUs	1,427,100	Target award opportunity of 6,700 shares; 6,022 shares became eligible to vest
MY PSUs	149,100	Target award opportunity of 700 shares
RSUs	830,880	Granted 3,660 shares
Total	3,507,080	Flat with Fiscal 2018, consistent with all our other NEOs who were also flat (or down) for Fiscal 2018

TIMOTHY S. TETER

EVP, GC & Secretary

	Target Pay (\$)	Fiscal 2019 Compensation Actions [*]
Base Salary	850,000	No change from Fiscal 2018
Variable Cash	250,000	No change from Fiscal 2018 target; earned at \$232,250
Equity	1,917,120	67% decrease from Fiscal 2018, which had included Mr. Teter's new-hire RSU grant
SY PSUs	1,214,100	Target award opportunity of 5,700 shares; 5,123 shares became eligible to vest
MY PSUs	149,100	Target award opportunity of 700 shares
RSUs	553,920	Granted 2,440 shares
Total	3,017,120	56% decrease from Fiscal 2018, due to cash opportunity being flat with Fiscal 2018, consistent with all our other NEOs who were also flat for Fiscal 2018, as well as absence of new-hire RSU grant, offset by PSU grants

* Excludes an anniversary bonus of \$450,000 paid in Fiscal 2018 pursuant to Mr. Teter's offer letter, which was required to be repaid upon a resignation or termination under certain circumstances prior to his second anniversary of employment. The anniversary bonus was earned in Fiscal 2019. The CC determined that this special bonus was necessary to attract Mr. Teter, in consideration of his compensation opportunity at his prior employer.

Additional Executive Compensation Practices, Policies, and Procedures

Stock Ownership Guidelines

The Board believes that executive officers should hold a significant equity interest in NVIDIA. Our Corporate Governance Policies require the CEO to hold shares of our common stock valued at six times his base salary, and our other NEOs to hold shares of our common stock valued at the NEO's respective base salary. NEOs have up to five years from appointment to reach the ownership threshold. The stock ownership guidelines are intended to further align NEO interests with stockholder interests. Each of our NEOs currently exceeds the stock ownership requirements.

Compensation Recovery ("Clawback") Policy

In April 2009, our Board adopted a Compensation Recovery Policy for all employees. Under this policy, if we are required to prepare an accounting restatement to correct an accounting error on an interim or annual financial statement included in a report on Form 10-Q or Form 10-K due to material noncompliance with any financial reporting requirement under the federal securities laws, or a Restatement, and if the Board or a committee of independent directors concludes that our CEO, our CFO or any other employee received a variable compensation payment that would not have been payable if the original interim or annual financial statements had reflected the Restatement, which we refer to as the Overpayment, then:

- Our CEO and our CFO will disgorge the net after-tax portion of the Overpayment; and
- The Board or the committee of independent directors in its sole discretion may require any other employee to repay the Overpayment. In using its discretion, the Board or the independent committee may consider whether such person was involved in the preparation of our financial statements or otherwise caused the need for the Restatement and may, to the extent permitted by applicable law, recoup amounts by (1) requiring partial or full repayment by such person of any variable or incentive compensation or any gains realized on the exercise of stock options or on the open-market sale of vested shares, (2) canceling up to all and any outstanding equity awards held by such person and/or (3) adjusting the future compensation of such person.

We will review and update the Compensation Recovery Policy as necessary for compliance with the clawback policy provisions of the Dodd Frank Act when the final regulations related to that policy are issued.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, compensation paid to any publicly-held corporation's "covered employees" that exceeds \$1 million per taxable year for any covered employee is generally non-deductible. Prior to the enactment of the Tax Cuts and Jobs Act, Section 162(m) provided an exception pursuant to which the deduction limit did not apply to any compensation that qualified as "performance-based compensation" under Section 162(m).

With the enactment of the Tax Cuts and Jobs Act, the performance-based compensation exception under Section 162(m) was repealed with respect to taxable years beginning after December 31, 2017, except that certain transition relief is provided for compensation paid pursuant to a written binding contract which was in effect on November 2, 2017, and which is not modified in any material respect on or after such date.

As a result, compensation paid to any of our “covered employees” in excess of \$1 million per taxable year generally will not be deductible unless it qualifies for the performance-based compensation exception under Section 162(m) pursuant to the transition relief described above. Because of certain ambiguities and uncertainties as to the application and interpretation of Section 162(m), as well as other factors beyond the control of the CC, no assurance can be given that any compensation paid by the Company will be eligible for such transition relief and be deductible by the Company in the future. Although the CC will continue to consider tax implications as one factor in determining executive compensation, the CC also looks at other factors in making its decisions and retains the flexibility to provide compensation for our NEOs in a manner consistent with the goals of our executive compensation program and the best interests of the Company and its stockholders, which may include providing for compensation that is not deductible by the Company due to the deduction limit under Section 162(m). The CC also retains the flexibility to modify compensation that was initially intended to be exempt from the deduction limit under Section 162(m) if it determines that such modifications are consistent with the Company’s business needs.

Our CC also considers the impact of Section 409A of the Internal Revenue Code, and in general, our executive plans and programs are designed to comply with the requirements of that section to avoid the possible adverse tax consequences that may arise from non-compliance.

Reconciliation of Non-GAAP Financial Measures

A reconciliation between our Non-GAAP Operating Income and GAAP operating income is as follows (in millions):

	Fiscal 2019	Fiscal 2018
GAAP operating income	\$ 3,804	\$ 3,210
Stock-based compensation expense	557	391
Legal settlement costs	44	1
Acquisition-related and other costs	2	15
Non-GAAP Operating Income	<u>\$ 4,407</u>	<u>\$ 3,617</u>

Risk Analysis of Our Compensation Plans

With the oversight of the CC, members from the Company's Legal, Human Resources and Finance departments, as well as Exequity, the independent consultant engaged by the CC, performed an assessment of the Company's compensation programs and policies for Fiscal 2019 as generally applicable to our employees to ascertain any potential material risks that may be created by our compensation programs. The assessment focused on programs with variability of payout and the ability of participants to directly affect payout and the controls over participant action and payout—specifically, the Company's variable cash compensation, equity compensation, and sales incentive compensation programs. We identified the key terms of these programs, potential concerns regarding risk taking behavior, and specific risk mitigation features. The assessment was first presented to our Senior Vice President, Human Resources; our CFO; and our General Counsel, and then presented to the CC.

The CC considered the findings of the assessment described above and concluded that our compensation programs, which are structured to recognize both short-term and long-term contributions to the Company, do not create risks which are reasonably likely to have a material adverse effect on our business or financial condition. The CC believes that the following compensation design features guard against excessive risk-taking:

Compensation Design Features that Guard Against Excessive Risk-Taking

- ✓ Our compensation program encourages our employees to remain focused on both our short-term and long-term goals
- ✓ We design our variable cash and PSU compensation programs for executives so that payouts are based on achievement of corporate performance targets, and we cap the potential award payout
- ✓ We have internal controls over our financial accounting and reporting which is used to measure and determine the eligible compensation awards under our Variable Cash Plan and our SY PSUs
- ✓ Financial plan target goals and final awards under our Variable Cash Plan and our SY PSUs are approved by the CC and consistent with the annual operating plan approved by the full Board each year
- ✓ MY PSUs are designed with a relative goal
- ✓ We have a compensation recovery policy applicable to all employees that allows NVIDIA to recover compensation paid in situations of fraud or material financial misconduct
- ✓ All executive officer equity awards have multi-year vesting
- ✓ We have stock ownership guidelines that we believe are reasonable and are designed to align our executive officers' interests with those of our stockholders
- ✓ We enforce a "no-hedging" policy and a "no-pledging" policy involving our common stock which prevents our employees from insulating themselves from the effects of NVIDIA stock price performance

Summary Compensation Table for Fiscal 2019, 2018, and 2017

The following table summarizes information regarding the compensation earned by our NEOs during Fiscal 2019, 2018, and 2017. Fiscal 2019, 2018, and 2017 were 52-week years.

⁽¹⁾ Amounts shown in this column do not reflect dollar amounts actually received by the NEO. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB ASC Topic 718 for the respective fiscal year for grants of RSUs, SY PSUs, and MY PSUs, as applicable. The assumptions used in the calculation of values of the awards are set forth under Note 3 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. With regard to the NEOs' stock awards with performance-based vesting conditions, the reported grant date fair value assumes the probable outcome of the conditions at Base Operating Plan for SY PSUs and Target for MY PSUs, determined in accordance with applicable accounting standards.

Based on Stretch Operating Plan and Stretch performance in Fiscal 2019, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2019 would be \$11,108,385 and \$6,308,148 for Mr. Huang, \$4,300,020 and \$636,408 for Ms. Kress, \$4,395,576 and \$636,408 for Mr. Puri, \$3,201,126 and \$494,984 for Ms. Shoquist, and \$2,723,346 and \$494,984 for Mr. Teter. Based on Stretch Operating Plan and Stretch performance in Fiscal 2018, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2018 would be \$9,759,488 and \$4,922,490 for Mr. Huang, \$3,759,210 and \$501,000 for Ms. Kress, \$3,855,600 and \$501,000 for Mr. Puri, and \$2,795,310 and \$375,750 for Ms. Shoquist. Based on Stretch Operating Plan and Stretch performance in Fiscal 2017, the respective grant date fair values of SY PSUs and MY PSUs granted in Fiscal 2017 would be \$8,920,500 and \$4,862,100 for Mr. Huang, \$3,474,300 and \$519,720 for Ms. Kress, \$3,599,500 and \$519,720 for Mr. Puri, and \$2,441,400 and \$346,480 for Ms. Shoquist.

⁽²⁾ As applicable, reflects amounts earned in Fiscal 2019, 2018, and 2017 and paid in March or April of each respective year pursuant to our Variable Cash Plan for each respective year. For further information please see our *Compensation Discussion and Analysis* above.

Grants of Plan-Based Awards for Fiscal 2019

The following table provides information regarding all grants of plan-based awards that were made to or earned by our NEOs during Fiscal 2019. Disclosure on a separate line item is provided for each grant of an award made to an NEO. The information in this table supplements the dollar value of stock and other awards set forth in the *Summary Compensation Table for Fiscal Years 2019, 2018, and 2017* by providing additional details about the awards. The PSUs and RSUs set forth in the following table were made under our 2007 Plan. PSUs are eligible to vest based on performance against pre-established criteria. Both SY PSUs and RSUs are subject to service-based vesting.

⁽¹⁾ Represents range of awards payable under our Fiscal 2019 Variable Cash Plan.

⁽²⁾ Amounts shown in this column do not reflect dollar amounts actually received by the NEO. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB ASC Topic 718 for the awards. The assumptions used in the calculation of values of the awards are set forth under Note 3 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. With regard to the stock awards with performance-based vesting conditions, the reported grant date fair value assumes the probable outcome of the conditions at Base Operating Plan and Target, determined in accordance with applicable accounting standards.

⁽³⁾ Represents range of possible shares able to be earned with respect to SY PSUs.

⁽⁴⁾ Based on the performance that was actually achieved for Fiscal 2019, the grant date fair value for the NEOs' SY PSUs would be: \$6,655,714 for Mr. Huang, \$1,932,381 for Ms. Kress, \$1,975,381 for Mr. Puri, \$1,438,596 for Ms. Shoquist, and \$1,223,833 for Mr. Teter.

⁽⁵⁾ Represents range of possible shares able to be earned with respect to MY PSUs.

⁽⁶⁾ Represents RSUs granted to Messrs. Puri and Teter and Meses. Kress and Shoquist in the first quarter of Fiscal 2019 pursuant to the 2007 Plan. The CC approved these grants on March 8, 2018 for grant on March 8, 2018, the same day that semi-annual grants were made to all of our eligible employees.

⁽⁷⁾ Represents RSUs granted to Messrs. Puri and Teter and Meses. Kress and Shoquist in the third quarter of Fiscal 2019 pursuant to the 2007 Plan. The CC approved these grants on August 22, 2018 for grant on September 11, 2018, the same day that semi-annual grants were made to all of our eligible employees.

⁽¹⁾ Unless otherwise noted, represents the closing price of our common stock as reported by Nasdaq on the date of grant which is the exercise price of stock option grants made pursuant to our 2007 Plan.

⁽²⁾ Calculated by multiplying the number of RSUs or PSUs by the closing price (\$160.15) of NVIDIA's common stock on January 25, 2019, the last trading day before the end of our Fiscal 2019, as reported by Nasdaq.

⁽³⁾ The RSU was earned on January 31, 2016 based on achievement of a pre-established performance goal. The RSU vested as to 25% of the shares on March 16, 2016, and vested as to 12.50% approximately every six months thereafter over the next three years such that the RSU was fully vested on March 20, 2019.

⁽⁴⁾ The RSU was earned on January 27, 2019, based on achievement of a pre-established performance goal. The RSU vested as to 100% of the shares on March 20, 2019.

⁽⁵⁾ The RSU was earned on January 29, 2017, based on achievement of a pre-established performance goal. The RSU vested as to 25% of the shares on March 15, 2017, and vests as to 12.50% approximately every six months thereafter over the next three years such that the RSU will be fully vested on March 18, 2020.

⁽⁶⁾ The RSU was earned on January 28, 2018, based on achievement of a pre-established performance goal. The RSU vested as to 25% of the shares on March 21, 2018, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 17, 2021.

⁽⁷⁾ Represents the number of shares subject to the RSU that became eligible to vest, determined as of January 27, 2019, based on partial achievement of the pre-established Base Operating Plan performance goal above Threshold performance. The RSU vested as to 25% of the shares on March 20, 2019, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 16, 2022.

⁽⁸⁾ Represents the number of shares based on achieving Stretch performance goals. The number of PSUs that will be earned, if at all, is based on our TSR relative to the S&P 500 from January 30, 2017 through January 26, 2020. If the pre-established performance goal is achieved, the shares earned will vest as to 100% on March 18, 2020. If the Threshold performance goal is achieved, 8,375 shares will be earned by Mr. Huang, 500 shares will be earned by Ms. Kress, 500 shares will be earned by Mr. Puri, and 375 shares will be earned by Ms. Shoquist. If the Target performance goal is achieved, 33,500 shares will be earned by Mr. Huang, 2,000 shares will be earned by Ms. Kress, 2,000 shares will be earned by Mr. Puri, and 1,500 shares will be earned by Ms. Shoquist.

⁽⁹⁾ Represents the number of shares based on achieving Stretch performance goals. The number of PSUs that will be earned, if at all, is based on our TSR relative to the S&P 500 from January 28, 2018 through January 31, 2021. If the pre-established performance goal is achieved, the shares earned will vest as to 100% on March 17, 2021. If the Threshold performance goal is achieved, 3,850 shares will be earned by Mr. Huang, 225 shares will be earned by Ms. Kress, 225 shares will be earned by Mr. Puri, 175 shares will be earned by Ms. Shoquist, and 175 shares will be earned by Mr. Teter. If the Target performance goal is achieved, 15,400 shares will be earned by Mr. Huang, 900 shares will be earned by Ms. Kress, 900 shares will be earned by Mr. Puri, 700 shares will be earned by Ms. Shoquist, and 700 shares will be earned by Mr. Teter.

⁽¹⁰⁾ The RSU vested as to 25% of the shares on March 16, 2016, and vested as to 12.50% approximately every six months thereafter over the next three years such that the RSU was fully vested on March 20, 2019.

⁽¹¹⁾ The RSU vested as to 25% on September 21, 2016, and vests as to 12.50% approximately every six months thereafter over the next three years such that the RSU will be fully vested on September 18, 2019.

⁽¹²⁾ The RSU vested as to 25% on March 15, 2017, and vests as to 12.50% approximately every six months thereafter over the next three years such that the RSU will be fully vested on March 18, 2020.

⁽¹³⁾ The RSU will vest as to 25% on September 20, 2017, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on September 16, 2020.

⁽¹⁴⁾ The RSU will vest as to 25% on March 21, 2018, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 17, 2021.

- ⁽¹⁵⁾ The RSU will vest as to 25% on September 19, 2018, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on September 15, 2021.
- ⁽¹⁶⁾ The RSU vested as to 25% on March 20, 2019, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on March 16, 2022.
- ⁽¹⁷⁾ The RSU will vest as to 25% on September 18, 2019, and vests as to 6.25% approximately every three months thereafter over the next three years such that the RSU will be fully vested on September 21, 2022.

Option Exercises and Stock Vested in Fiscal 2019

The following table shows information regarding option exercises and stock vested by our NEOs during Fiscal 2019.

Name	Option Awards		Stock Awards

Timothy S. Teter	—	—	21,306 ⁽⁸⁾	5,105,586

- ⁽¹⁾ The value realized on cashless exercise represents the difference between the exercise price per share of the stock option and either (a) the fair market value of our common stock as reported by Nasdaq at cashless exercise or (b) the closing price of our common stock as reported by Nasdaq on the trading day prior to the date of cash exercise, multiplied by the number of shares of common stock underlying the stock options exercised. The exercise price of each such stock option was equal to the closing price of our common stock as reported by Nasdaq on the date of grant. The value realized was determined without considering any taxes that may have been owed.
- ⁽²⁾ Represents the number of shares acquired on vesting multiplied by the fair market value of our common stock as reported by Nasdaq on the date of vesting.
- ⁽³⁾ Includes an aggregate of 217,186 shares that were withheld to pay taxes due upon vesting.
- ⁽⁴⁾ Includes an aggregate of 72,236 shares that were withheld to pay taxes due upon vesting.
- ⁽⁵⁾ Mr. Puri exercised stock options and sold an aggregate of 4,643 shares during Fiscal 2019. Mr. Puri also exercised stock options for an additional 6,857 shares during Fiscal 2019 for an aggregate exercise price of \$99,995.
- ⁽⁶⁾ Includes an aggregate of 71,655 shares that were withheld to pay taxes due upon vesting.
- ⁽⁷⁾ Includes an aggregate of 51,800 shares that were withheld to pay taxes due upon vesting.
- ⁽⁸⁾ Includes an aggregate of 10,536 shares that were withheld to pay taxes due upon vesting.

Employment, Severance and Change-in-Control Arrangements

Employment Agreements. Our executive officers are “at-will” employees and we do not have employment, severance or change-in-control agreements with our executive officers.

Change-in-Control Arrangements. Our 2007 Plan provides that in the event of a corporate transaction or a change-in-control, outstanding stock awards may be assumed, continued, or substituted by the surviving corporation. If the surviving corporation does not assume, continue, or substitute such stock awards, then (a) with respect to any stock awards that are held by individuals performing services for NVIDIA immediately prior to the effective time of the transaction, the vesting and exercisability provisions of such stock awards will be accelerated in full and such stock awards will be terminated if not exercised prior to the effective date of the corporate transaction or change-in-control, and (b) all other outstanding stock awards will be terminated if not exercised on or prior to the effective date of the corporate transaction or change-in-control.

Potential Payments Upon Termination or Change-in-Control

Upon a change-in-control or certain other corporate transactions of NVIDIA, unvested RSUs and PSUs will fully vest in some cases as described above under *Employment, Severance and Change-in-Control Arrangements—Change-in-Control Arrangements*. The table below shows our estimates of the amount of the benefit each of our NEOs would have received if the unvested RSUs and PSUs held by them as of January 27, 2019 had become fully vested as a result of a change-in-control, calculated by multiplying the number of unvested RSUs and PSUs held by the applicable NEO by the \$160.15 closing price of our common stock on January 25, 2019.

Name	Unvested RSUs and PSUs at January 27, 2019 (#) ⁽¹⁾	Total Estimated Benefit (\$) ⁽¹⁾
Jen-Hsun Huang	379,979	60,853,637
Colette M. Kress	130,536	20,905,340

Debora Shoquist	93,587	14,987,958
Timothy S. Teter	36,234	5,802,875

⁽¹⁾ With respect to unvested PSUs, the amounts in these columns assume performance at Base Operating Plan (with respect to SY PSUs granted in Fiscal 2019) and Target (with respect to MY PSUs granted in Fiscal 2017, Fiscal 2018, and Fiscal 2019) in accordance with SEC rules. The two tables below reflect the actual numbers of the SY PSUs granted in Fiscal 2019 and MY PSUs granted in Fiscal 2017 that would be eligible to vest, based on our performance during the relevant performance period for such awards, as certified by our CC shortly after the end of Fiscal 2019. The values of the estimated and actual SY PSUs and MY PSUs in the tables below were calculated by multiplying the applicable number of SY PSUs and MY PSUs held by each respective NEO and listed below, by the \$160.15 closing price of our common stock on January 25, 2019.

Timothy S. Teter *	—	—	—	—

* Mr. Teter joined NVIDIA in January of 2017 and did not receive an equity grant until Fiscal 2018.

The actual number of MY PSUs granted in Fiscal 2018 that will become eligible to vest will be determinable after January 26, 2020, the ending date of the three year measurement period for MY PSUs.

The actual number of MY PSUs granted in Fiscal 2019 that will become eligible to vest will be determinable after January 31, 2021, the ending date of the three year measurement period for MY PSUs.

Pay Ratio

In accordance with Item 402(u) of Regulation S-K, promulgated by the Dodd Frank Act, we determined the ratio of: (a) the annual total compensation of our CEO, to (b) the median of the annual total compensation of all our employees, except for our CEO, both calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K.

We determined our median employee for purposes of the pay ratio calculation for Fiscal 2018 by using a consistently applied compensation measure which aggregated, for each employee employed by us on the last business day of Fiscal 2018, or January 26, 2018: (i) target base salary as of January 26, 2018 (annualized for employees who were employed by us for less than the entire fiscal year), (ii) variable cash earned during Fiscal 2018, and (iii) aggregate full grant date fair value of equity awards granted during Fiscal 2018, calculated in accordance with FASB ASC Topic 718 and assuming the probable outcome of the conditions at Base Operating Plan for performance-based awards. Compensation paid in foreign currencies was converted to U.S. dollars based on exchange rates in effect on January 26, 2018.

After applying the methodology described above, we determined the identity of our median employee for Fiscal 2018. We concluded that because there have been no changes to our employee population or employee compensation arrangements since the end of Fiscal 2018 that would significantly impact our pay ratio disclosure for Fiscal 2019, we would use the same individual in our Fiscal 2019 pay ratio calculation.

Our median employee's compensation for Fiscal 2019 was \$155,035. Our CEO's compensation for Fiscal 2019 was \$13,642,838. Therefore, our Fiscal 2019 CEO to median employee pay ratio was 88:1.

This pay ratio represents our reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K and applicable guidance, which provide significant flexibility in how companies identify the median employee. Each company may use a different methodology and make different assumptions. As a result, and as explained by the SEC when it adopted these rules, in considering the pay ratio disclosure, stockholders should keep in mind that the rule was not designed to facilitate comparisons of pay ratios among different companies, even companies within the same industry, but rather to allow stockholders to better understand and assess each particular company's compensation practices and pay ratio disclosures. Neither the CC nor our management used our Fiscal 2019 CEO to median employee pay ratio in making compensation decisions.

Compensation Committee Interlocks and Insider Participation

For Fiscal 2019, the CC consisted of Messrs. Burgess, Coxe, Jones, and Seawell and Dr. Drell. No member of the CC is an officer or employee of NVIDIA, and none of our executive officers serve as a director or member of a compensation committee of any entity that has one or more executive officers serving as a member of our Board or CC.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of NVIDIA on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement.

In reliance on the review and discussions referred to above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Annual Report on Form 10-K of NVIDIA for the year ended January 27, 2019 and in this proxy statement.

Proposal 3—Ratification of the Selection of Independent Registered Public Accounting Firm for Fiscal 2020

What am I voting on? Ratification of the selection of PwC as our independent registered public accounting firm for Fiscal 2020.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None (because this is a routine proposal, there are no broker non-votes).

The AC has selected PwC, which has audited our financial statements annually since 2004, to serve as our independent registered public accounting firm for Fiscal 2020. Our lead audit partner at PwC serves no more than five consecutive years in that role. Stockholder ratification of the AC's selection of PwC is not required by our Bylaws or any other governing documents or laws. As a matter of good corporate governance, we are submitting the selection of PwC to our stockholders for ratification. If our stockholders do not ratify the selection, the AC will reconsider whether or not to retain PwC. Even if the selection is ratified, the AC in its sole discretion may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in our best interests and those of our stockholders. The AC believes it is in the best interests of NVIDIA and our stockholders to retain PwC.

We expect that a representative of PwC will attend the 2019 Meeting. The PwC representative will have an opportunity to make a statement at the 2019 Meeting if he or she so desires. The representative will also be available to respond to appropriate stockholder questions.

Recommendation of the Board

The Board recommends that you vote **FOR** the ratification of the selection of PwC as our independent registered accounting firm for our fiscal year ending January 26, 2020.

Fees Billed by the Independent Registered Public Accounting Firm

The following is a summary of fees billed by PwC for Fiscal 2019 and 2018 for audit, tax and other professional services during each fiscal year:

	Fiscal 2019	Fiscal 2018
Audit Fees ⁽¹⁾	\$ 5,019,270	\$ 4,415,542
Audit-Related Fees ⁽²⁾	—	100,000
Tax Fees ⁽³⁾	403,816	211,594
All Other Fees ⁽⁴⁾	4,500	3,600
Total Fees	\$ 5,427,586	\$ 4,730,736

⁽¹⁾ Audit fees include fees for the audit of our consolidated financial statements, the audit of our internal control over financial reporting, reviews of our quarterly financial statements and annual report, reviews of SEC registration statements, and related consents and fees related to statutory audits of some of our international entities.

⁽²⁾ Audit-related fees consist of fees for procedures related to the impact of a new accounting pronouncement.

⁽³⁾ Tax fees consisted of fees for tax compliance and consultation services.

⁽⁴⁾ All other fees consisted of fees for products or services other than those included above, including payment to PwC related to the use of an accounting regulatory database.

All of the services provided for Fiscal 2019 and 2018 described above were pre-approved by the AC or the Chairperson of the AC through the authority granted to him by the AC, which is described below. Our AC determined that the rendering of services other than audit services by PwC was compatible with maintaining PwC's independence.

Pre-Approval Policies and Procedures

The AC has adopted policies and procedures for the pre-approval of all audit and permissible non-audit services rendered by our independent registered public accounting firm. The policy generally permits pre-approvals of specified permissible services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the AC's approval of the scope of the engagement of our independent registered public accounting firm or on an individual case-by-case basis before the independent registered public accounting firm is engaged to provide each service. In some cases the full AC provides pre-approval for up to a year related to a particular defined task or scope. In other cases, the AC has delegated power to Mr. McCaffery, the Chairperson of our AC, to pre-approve additional non-audit services if the need for the service was unanticipated and approval is required prior to the next scheduled meeting of the AC. Mr. McCaffery then communicates such pre-approval to the full AC at its next meeting.

Report of the Audit Committee of the Board of Directors

The material in this report is not "soliciting material," is not deemed "filed" with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent specifically incorporated by reference therein.

The Audit Committee, or AC, oversees accounting, financial reporting, internal control over financial reporting, financial practices and audit activities of NVIDIA and its subsidiaries. The AC reviews the results and scope of the audit and other services provided by the independent registered public accounting firm and reviews financial statements and the accounting policies followed by NVIDIA prior to the issuance of the financial statements with both management and the independent registered public accounting firm.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States, or GAAP, the system of internal control over financial reporting, and the procedures designed to facilitate compliance with accounting standards and applicable laws and regulations. PricewaterhouseCoopers LLP, or PwC, our independent registered public accounting firm for Fiscal 2019, was responsible for performing an independent audit of the consolidated financial statements and issuing a report on the consolidated financial statements and of the effectiveness of our internal control over financial reporting as of January 27, 2019. PwC's judgments as to the quality, not just the acceptability, of our accounting principles and such other matters are required to be disclosed to the AC under applicable standards. The AC oversees these processes. Also, the AC has ultimate authority and responsibility to select, evaluate and, when appropriate, terminate the independent registered public accounting firm. The AC approves audit fees and non-audit services provided by and fees paid to the independent registered public accounting firm.

NVIDIA has an internal audit function that reports to the AC. This function is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of our system of internal controls and the operating effectiveness of our business processes. The AC approves an annual internal audit plan and monitors the activities and performance of our internal audit function throughout the year to ensure the plan objectives are carried out and met.

The AC members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent registered public accounting firm. The AC does not plan or conduct audits, determine that our financial statements are complete and accurate and in accordance with GAAP or assess our internal control over financial reporting. The AC relies, without additional independent verification, on the information provided by our management and on the representations made by management that the financial statements have been prepared with integrity and objectivity, and the opinion of PwC that such financial statements have been prepared in conformity with GAAP.

In this context, the AC reviewed and discussed the audited consolidated financial statements for Fiscal 2019 with management and our internal control over financial reporting with management and PwC. Specifically, the AC discussed with PwC the matters required to be discussed by Statement on Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board. We have received from PwC the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the AC concerning independence. The AC also considered whether the provision of certain permitted non-audit services by PwC is compatible with PwC's independence and discussed PwC's independence with PwC.

Based on the AC's review and discussions, the AC recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K of NVIDIA for the fiscal year ended January 27, 2019.

Proposal 4—Approval of an Amendment and Restatement of our Certificate of Incorporation

What am I voting on? Approval of an amendment and restatement of our Charter.

Vote required: 66 2/3% of the shares outstanding.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: Same as a vote AGAINST.

Summary of the Change and Description of the Proposed 2019 A&R Charter

The material features of the proposed 2019 A&R Charter are outlined below. The following description is a summary only and is qualified in its entirety by reference to the complete text of the 2019 A&R Charter, which is appended to this proxy statement as Appendix A and which we encourage stockholders to read in its entirety.

On February 27, 2019, our Board approved an amendment and restatement of our Charter, primarily to remove the 66 2/3% vote requirement to remove a director without cause, and to make non-substantive clarifying changes. The following text is marked to show the effects of the material changes to the Charter:

“3. Subject to the rights of the holders of any series of Preferred Stock, the Board of Directors or any individual director may be removed from office at any time ~~(i)~~ with or without cause by the affirmative vote of the holders of a majority of the voting power of all the then outstanding shares of voting stock of the Corporation, entitled to vote at an election of directors (the “Voting Stock”) ~~or (ii) without cause by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66-2/3%) of the voting power of the then outstanding shares of Voting Stock.~~”

Purpose of the 2019 A&R Charter and Effect of Stockholder Approval

In response to a shareholder’s concern about the validity of the 66 2/3% vote requirement to remove a director without cause, the Board and NCGC reviewed the Charter provision from a legal and policy perspective. Our Board believes that the current Charter provision complies with Delaware law. Nonetheless, in light of evolving practices and stockholder input, our Board has determined that it is in the best interests of the Company and its investors to seek to amend the supermajority director removal provision. The elimination of the supermajority voting requirement would reinforce the Board’s accountability to our stockholders, provide our stockholders with greater ability to participate in the corporate governance of NVIDIA, and demonstrate the Board’s commitment to continued strong governance.

The proposed amendments may, if adopted, make it easier for one or more stockholders to change the composition of our Board and, therefore, make it more difficult for our Board to protect other stockholders’ interests. Nevertheless, there are other actions that our Board can take to protect stockholders’ interests on such occasions.

If this Proposal 4 is approved by our stockholders, the 2019 A&R Charter will become effective upon its filing with the Delaware Secretary of State. Upon the filing of the 2019 A&R Charter with the Delaware Secretary of State, our Bylaws will also be amended and restated, or the 2019 A&R Bylaws, to remove the 66 2/3% supermajority vote requirement. In the event that our stockholders do not approve this Proposal 4, the 2019 A&R Charter and the 2019 A&R Bylaws will not become effective and our Charter and Bylaws will continue in their current forms.

Recommendation of the Board

The Board has declared the 2019 A&R Charter to be advisable and has directed that the amendment and restatement be submitted to NVIDIA’s stockholders for approval at the 2019 Meeting. The Board recommends that our stockholders adopt the following resolution:

“**RESOLVED**, that NVIDIA’s Amended and Restated Certificate of Incorporation, including the following revisions:

- amendment of Article V(A)(3) to remove the 66 2/3% supermajority vote requirement for removal of directors without cause, thereby providing for majority voting; and
- such non-substantive revisions as determined by management to be in the best interests of the Company and its stockholders;

is hereby **APPROVED.**”

Equity Compensation Plan Information

The number of shares issuable upon exercise of outstanding stock options, RSUs, and PSUs, the weighted-average exercise price of outstanding stock options, and the number of stock awards remaining for future issuance under each of our equity compensation plans as of January 27, 2019 are summarized as follows:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (\$) (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders ⁽¹⁾	4,141,061	14.36 ⁽²⁾	94,777,956 ⁽³⁾
Equity compensation plans not approved by security holders	—	—	—
Total	4,141,061	14.36 ⁽²⁾	94,777,956 ⁽³⁾

⁽¹⁾ This row includes our 2007 Plan and our 2012 ESPP. Under our 2012 ESPP, participants are permitted to purchase our common stock at a discount on certain dates through payroll deductions within a pre-determined purchase period. Accordingly, the number of shares to be issued upon exercise of outstanding rights under our 2012 ESPP as of January 27, 2019 is not determinable.

⁽²⁾ Represents the weighted-average exercise price of outstanding stock options only.

⁽³⁾ As of January 27, 2019, the number of shares that remained available for future issuance under the 2007 Plan is 34,944,305, and the number of shares that remained available for future issuance under the 2012 ESPP is 59,833,651, of which up to a maximum of 37,803,000 shares may be purchased under the 2012 ESPP in the current purchase period which runs until August 31, 2019.

Additional Information

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership of our common stock and other equity securities with the SEC. Executive officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, all Section 16(a) filing requirements applicable to individuals who were, during Fiscal 2019, our executive officers, directors and greater than 10% beneficial owners were complied with, except for Mr. Puri, who filed a late Form 4.

Other Matters

The Board knows of no other matters that will be presented for consideration at the 2019 Meeting. If any other matters are properly brought before the 2019 Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors

APPENDIX A

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

NVIDIA Corporation, a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware, hereby certifies as follows:

1. The name of the corporation is NVIDIA Corporation.
2. The corporation's original Certificate of Incorporation was filed with the Secretary of State on February 24, 1998 under the name of NVIDIA Delaware Corporation.
3. The Amended and Restated Certificate of Incorporation of this corporation, in the form attached hereto as Exhibit A, has been duly adopted in accordance with the provisions of Sections 242 and 245 of the General Corporation Law of the State of Delaware by the Board of Directors and by the stockholders of the corporation.
4. The Amended and Restated Certificate of Incorporation so adopted reads in full as set forth in Exhibit A attached hereto and hereby incorporated by reference.

In Witness Whereof, NVIDIA Corporation has caused this Amended and Restated Certificate of Incorporation to be signed by its Executive Vice President, General Counsel & Secretary and attested to by its Vice President, Corporate Affairs & Assistant Secretary this [___] day of [___], 2019.

Exhibit A

**AMENDED AND RESTATED
CERTIFICATE OF INCORPORATION
OF
NVIDIA CORPORATION**

I.

The name of this corporation is NVIDIA Corporation.

II.

The address of the registered office of the corporation in the State of Delaware is 251 Little Falls Drive, City of Wilmington, County of New Castle 19808 and the name of the registered agent of the corporation in the State of Delaware at such address is Corporation Service Company.

III.

The purpose of this corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of the State of Delaware.

IV.

A. This corporation is authorized to issue two classes of stock to be designated, respectively, "Common Stock" and "Preferred Stock." The total number of shares which the corporation is authorized to issue is Two Billion Two Million Shares (2,002,000,000) shares. Two Billion (2,000,000,000) shares shall be Common Stock, each having a par value of one-tenth of one cent (\$.001). Two Million (2,000,000) shares shall be Preferred Stock, each having a par value of one-tenth of one cent (\$.001).

The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is hereby authorized, by filing a certificate (a "Preferred Stock Designation") pursuant to the Delaware General Corporation Law, to fix or alter from time to time the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions of any wholly unissued series of Preferred Stock, and to establish from time to time the number of shares constituting any such series or any of them; and to increase or decrease the number of shares of any series subsequent to the issuance of shares of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series shall be decreased in accordance with the foregoing sentence, the shares constituting such decrease shall resume the status that they had prior to the adoption of the resolution originally fixing the number of shares of such series.

V.

For the management of the business and for the conduct of the affairs of the Corporation, and in further definition, limitation and regulation of the powers of the Corporation, of its directors and of its stockholders or any class thereof, as the case may be, it is further provided that:

A. 1. The management of the business and the conduct of the affairs of the Corporation shall be vested in its Board of Directors. The number of directors which shall constitute the whole Board of Directors shall be fixed exclusively by one or more resolutions adopted by the Board of Directors.

2. Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, directors shall be elected at each annual meeting of the stockholders to hold office until the next annual meeting of the stockholders. Each director shall serve until his successor is duly elected and qualified or until his earlier death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

3. Subject to the rights of the holders of any series of Preferred Stock, the Board of Directors or any individual director may be removed from office at any time with or without cause by the affirmative vote of the holders of a majority of the voting power of all of the then-outstanding shares of voting stock of the Corporation, entitled to vote at an election of directors (the "Voting Stock").

4. Subject to the rights of the holders of any series of Preferred Stock, any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes and any newly created directorships resulting from any increase in the number of directors, shall, unless the Board of Directors determines by resolution that any such vacancies or newly created directorships shall be filled by the stockholders, except as otherwise provided by law, be filled only by the affirmative vote of a majority of the directors then in office, even though less than a quorum of the Board of Directors, and not by the stockholders. Any director elected in accordance with the preceding sentence shall hold office for the remainder of the full term of the director for which the vacancy was created or occurred and until such director's successor shall have been elected and qualified.

5. In the event that Section 2115(a) of the California Corporations Code is applicable to this corporation, then the following shall apply:

a. Every stockholder entitled to vote in any election of directors of this corporation may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder thinks fit;

b. No stockholder, however, may cumulate such stockholder's votes for one or more candidates unless (i) the names of such candidates have been properly placed in nomination, in accordance with the Bylaws of the corporation, prior to the voting, (ii) the stockholder has given advance notice to the corporation of the intention to cumulative votes pursuant to the Bylaws, and (iii) the stockholder has given proper notice to the other stockholders at the meeting, prior to voting, of such stockholder's intention to cumulate such stockholder's votes; and

c. If any stockholder has given proper notice, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. The candidates receiving the highest number of votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares shall be declared elected.

B. 1. Subject to paragraph (h) of Section 46 of the Bylaws, the Bylaws may be altered or amended or new Bylaws adopted by the affirmative vote of at least sixty-six and two-thirds percent (66-2/3%) of the Voting Stock. The Board of Directors shall also have the power to adopt, amend, or repeal Bylaws.

2. The directors of the Corporation need not be elected by written ballot unless the Bylaws so provide.

3. No action shall be taken by the stockholders of the Corporation except at an annual or special meeting of stockholders called in accordance with the Bylaws and no action shall be taken by the stockholders by written consent.

4. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws of the Corporation.

VI.

A. A director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit. If the Delaware General Corporation Law is amended after approval by the stockholders of this Article to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as so amended.

B. Any repeal or modification of this Article VI shall be prospective and shall not affect the rights under this Article VI in effect at the time of the alleged occurrence of any act or omission to act giving rise to liability or indemnification.

VII.

A. The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, except as provided in paragraph B of this Article VII, and all rights conferred upon the stockholders herein are granted subject to this reservation.

B. Notwithstanding any other provisions of this Certificate of Incorporation or any provision of law which might otherwise permit a lesser vote or no vote, but in addition to any affirmative vote of the holders of any particular class or series of the Voting Stock required by law, this Certificate of Incorporation or any Preferred Stock Designation, the affirmative vote of the holders of at least sixty-six and two-thirds percent (66-2/3%) of the voting power of all of the then-outstanding shares of the Voting Stock, voting together as a single class, shall be required to alter, amend or repeal Articles V, VI and VII.

Forward-Looking Statements

This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are subject to the "safe harbor" created by those sections. Forward-looking statements are based on our management's beliefs and assumptions and on information currently available to our management. In some cases, you can identify forward-looking statements by terms such as "may," "will," "should," "could," "goal," "would," "expect," "plan," "anticipate," "believe," "estimate," "project," "predict," "potential" and similar expressions intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors, which may cause our actual results, performance, time frames or achievements to be materially different from any future results, performance, time frames or achievements expressed or implied by the forward-looking statements. We discuss many of these risks, uncertainties and other factors in this Annual Report on Form 10-K in greater detail under the heading "Risk Factors." Given these risks, uncertainties and other factors, you should not place undue reliance on these forward-looking statements. Also, these forward-looking statements represent our estimates and assumptions only as of the date of this filing. You should read this Annual Report on Form 10-K completely and with the understanding that our actual future results may be materially different from what we expect. We hereby qualify our forward-looking statements by these cautionary statements. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

All references to "NVIDIA," "we," "us," "our" or the "Company" mean NVIDIA Corporation and its subsidiaries.

In addition, statements that "we believe" and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based upon information available to us as of the filing date of this Annual Report on Form 10-K, and while we believe such information forms a reasonable basis for such statements, such information may be limited or incomplete, and our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain and investors are cautioned not to unduly rely upon these statements.

PART I

ITEM 1. BUSINESS

Our Company

Starting with a focus on PC graphics, NVIDIA invented the graphics processing unit, or GPU, to solve some of the most complex problems in computer science. We have extended our focus in recent years to the revolutionary field of artificial intelligence, or AI. Fueled by the sustained demand for better 3D graphics and the scale of the gaming market, NVIDIA has evolved the GPU into a computer brain at the intersection of virtual reality, or VR, high performance computing, or HPC, and AI.

The GPU was initially used to simulate human imagination, enabling the virtual worlds of video games and films. Today, it also simulates human intelligence, enabling a deeper understanding of the physical world. Its parallel processing capabilities, supported by up to thousands of computing cores, are essential to running deep learning algorithms. This form of AI, in which software writes itself by learning from data, can serve as the brain of computers, robots and self-driving cars that can perceive and understand the world. GPU-powered deep learning continues to be adopted by thousands of enterprises to deliver services and features that would have been impossible with traditional coding.

NVIDIA has a platform strategy, bringing together hardware, system software, programmable algorithms, libraries, systems, and services to create unique value for the markets we serve. While the requirements of these end markets are diverse, we address them with a unified underlying architecture leveraging our GPUs and Compute Unified Device Architecture, or CUDA, as the fundamental building blocks. The programmable nature of our architecture allows us to support several multi-billion dollar end markets with the same underlying technology by using a variety of software stacks developed either internally or by third party developers and partners. The large and growing number of developers across our platforms strengthens our ecosystem and increases the value of our platform to our customers.

Innovation is at our core. We have invested over \$17 billion in research and development since our inception, yielding inventions that are essential to modern computing. Our invention of the GPU in 1999 defined modern computer graphics and established NVIDIA as the leader in visual computing. With our introduction of the CUDA programming model in 2006, we opened the parallel processing capabilities of the GPU for general purpose computing. This approach significantly accelerates the performance of the most demanding applications in HPC in fields such as aerospace, bio-science research, mechanical and fluid simulations, and energy exploration. Today, our GPUs power the fastest supercomputers across the world. In addition, the massively parallel compute architecture of our GPUs and associated software have proven to be well suited for deep learning and are now expanding into machine learning, powering the era of AI. As the laws of physics have begun to slow down Moore's Law, we continue to deliver GPU performance improvements ahead of Moore's Law, giving the industry a path forward.

Gamers choose NVIDIA GPUs to enjoy immersive, increasingly cinematic virtual worlds. GPUs also help underpin the world's fastest growing spectator sport, eSports, which attracts hundreds of millions of viewers to watch top-quality gaming. A rapidly growing new genre of Battle Royale games, such as Fortnite, is also expanding the gaming market.

Researchers use our GPUs to accelerate a wide range of important applications, from simulating viruses to exploring the origins of the universe. With support for more than 550 applications - including the top 15 HPC applications - NVIDIA GPUs enable some of the most promising areas of discovery, from weather prediction to materials science and from wind tunnel simulation to genomics. In 2018, NVIDIA GPUs powered the top two supercomputers in the world, located at Oak Ridge and Lawrence Livermore National Laboratories in the United States, as well as the top supercomputers in Europe and Japan. Five of the six finalists for the Gordon Bell Prize, awarded by the Association for Computing Machinery for outstanding achievement in the field of computing for applications in science, engineering and large-scale data science, did their work on the NVIDIA-powered top-two supercomputers.

The world's leading cloud service providers use our GPUs to enable, accelerate or enrich the services they deliver to billions of end-users, including search, social networking, online shopping, live video, translation, AI assistants, navigation, and cloud computing.

A rapidly growing number of enterprises and startups use our GPUs to facilitate deep learning that meets, and in several cases surpasses, human perception, in fields ranging from radiology to precision agriculture. For example, the transportation industry is turning to our GPUs and AI to enable autonomous vehicles, or AVs, with several hundred companies and organizations working with NVIDIA's DRIVE platform.
