

Director Qualifications and Nomination of Directors

The NCGC identifies, reviews and assesses the qualifications of existing and potential directors and selects nominees for recommendation to the Board for approval. The committee is committed to Board diversity and shall consider a nominee's background and experience to ensure that a broad range of perspectives is represented on the Board. The NCGC may conduct any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates. The NCGC may also engage a professional search firm to identify and assist the NCGC in identifying, evaluating, and conducting due diligence on potential director nominees. The NCGC has not established specific age, gender, education, experience, or skill requirements for potential members, and instead considers numerous factors regarding the nominee taking into account our current and future business models, including the following:

- Integrity and candor
- Independence
- Senior management and operational experience
- Professional, technical and industry knowledge
- Financial expertise
- Financial community experience (including as an investor in other companies)
- Marketing and brand management
- Public company board experience
- Experience with emerging technologies and new business models
- Legal expertise
- Diversity, including gender and ethnic background
- Experience in academia
- Willingness and ability to devote substantial time and effort to Board responsibilities and Company oversight
- Ability to represent the interests of the stockholders as a whole rather than special interest groups or constituencies
- All relationships between the proposed nominee and any of our stockholders, competitors, customers, suppliers or other persons with a relationship to NVIDIA
- Overall service to NVIDIA, including past attendance at Board and committee meetings and participation and contributions to the activities of the Board

The NCGC and the Board understand the importance of Board refreshment, and strive to maintain an appropriate balance of tenure, diversity, professional experience and backgrounds, skills, and education on the Board. While the Board benefits from the experience and institutional knowledge that our longer-serving directors bring, it has also brought in new perspectives and ideas by appointing three new directors in the last five years. Our longer-tenured directors are familiar with our operations and business areas and have the perspective of overseeing our activities from a variety of economic and competitive environments. Our newer directors bring expertise in consumer marketing, branding, technology developments at leading academic institutions, and deep knowledge from decades of advising numerous companies that are important to supporting NVIDIA as it competes in new markets and as it faces new regulatory and legal challenges. Each year, the NCGC and Board review each director's individual performance, including the director's past contributions, outside experiences and activities, and committee participation, and make a determination concerning how his or her experience and skills continue to add value to NVIDIA and the Board.

The following chart summarizes the skills and competencies of each director nominee that led our Board to conclude that he or she is qualified to serve on our Board. The lack of a check does not mean the director lacks that skill or qualification; rather, a check indicates a specific area of focus or expertise for which the Board relies on such director nominee most.

	Senior Management and Operations <i>provides experienced oversight of our business and with new insights</i>	Industry and Technical <i>facilitates an understanding of innovations and a technical assessment of our products and services</i>	Financial/Financial Community <i>assists with review of our operations and financial matters; those with a venture capital background offer shareholder perspectives</i>	Public Company Board <i>helps identify challenges and risks we face as a public company</i>	Emerging Technologies and Business Models <i>integral to our growth strategies given our unique business model</i>	Marketing and Brand Management <i>offers guidance on our products directly marketed to consumers</i>	Legal <i>important as we are subject to multiple lawsuits, regulatory matters, and new regulations</i>

The NCGC evaluates candidates proposed by stockholders using the same criteria as it uses for other candidates. Stockholders seeking to recommend a prospective nominee should follow the instructions under *Stockholder Communications with the Board of Directors* below. Stockholder submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

In addition, our Board voluntarily adopted proxy access. As a result, we will include in our proxy statement information regarding the greater of (a) up to two director candidates or (b) up to 20% of the number of directors in office on the last day that a submission may be delivered, if nominated by a stockholder (or group of up to 20 stockholders) owning at least 3% of the voting power of our outstanding capital stock for at least three continuous years. The stockholder(s) must provide timely written notice of such nomination and the stockholder(s) and nominee must satisfy the other requirements specified in our Bylaws. This summary of our proxy access rules is not intended to be complete and is subject to limitations set forth in our Bylaws and Corporate Governance Policies. Stockholders are advised to review these documents, which contain the requirements for director nominations. The NCGC did not receive any stockholder nominations during Fiscal 2020.

Our Director Nominees

The biographies below include information, as of the date of this proxy statement, regarding the particular experience, qualifications, attributes or skills of each director, relative to the skills matrix above, that led the NCGC and Board to believe that he or she should continue to serve on the Board.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq. After considering all relevant relationships and transactions, our Board determined that all of our directors are “independent” as defined by Nasdaq’s rules and regulations, except for Mr. Huang. The Board also determined that all members of our AC, CC and NCGC are independent under applicable Nasdaq listing standards. In addition, Messrs. McCaffery and Perry and Ms. Hudson of the AC are “audit committee financial experts” based on SEC rules.

Board Leadership Structure

Our Board believes that all of its members should have an equal voice in the affairs and the management of NVIDIA, and therefore, our stockholders are best served at this time by having an independent Lead Director, who is an integral part of our Board structure and a critical aspect of our effective corporate governance, rather than having a chairperson. The independent directors consider the role and designation of the Lead Director on an annual basis, and Mr. Perry was appointed as our Lead Director in 2018. In addition, Mr. Perry serves on both the NCGC and the AC, which affords him increased engagement with Board governance and composition as well as with risk assessment and management, and financial and regulatory matters of the Company. While the CEO has primary responsibility for preparing the agendas for Board meetings and presiding over the portion of the meetings of the Board where he is present, our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include, in part:

- Determining an appropriate schedule of Board meetings, and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations;
- Working with the CEO, and seeking input from all directors and other relevant management, as to the preparation of the agendas for Board meetings;
- Advising the CEO on a regular basis as to the quality, quantity and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material; and
- Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board, and acting as principal liaison between them and the CEO on sensitive issues.

The active involvement of our independent directors, combined with the qualifications and significant responsibilities of our Lead Director, provide balance on the Board and promote strong, independent oversight of our management and affairs.

Role of the Board in Risk Oversight

The Board is responsible for overseeing risk management at NVIDIA and delegates oversight of appropriate topics to its committees. Our AC has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures. The AC also monitors compliance with certain legal and regulatory requirements and oversees the performance of our internal audit function. Our NCGC monitors the effectiveness of our anonymous tip process and corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct, and oversees environmental, social and corporate governance risks, ranging from artificial intelligence to diversity and inclusion. Our CC assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. The Board exercises direct oversight of strategic risks to NVIDIA and other risk areas not delegated to one of its committees, including business continuity and cybersecurity.

Management periodically provides information, including guidance on risk management and mitigation, to the Board or a relevant committee. Each committee also reports to the Board on those matters.

Corporate Governance Policies of the Board of Directors

The Board has documented our governance practices by adopting Corporate Governance Policies to ensure that the Board has the necessary authority and processes in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. Our Corporate Governance Policies set forth the practices the Board follows with respect to board composition and selection, regular evaluations of the Board and its committees, board meetings and involvement of senior management, chief executive officer performance evaluation, and board committees and compensation. Our Corporate Governance Policies may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Executive Sessions of the Board

As required under Nasdaq's listing standards, our independent directors have in the past met, and will continue to meet, regularly in scheduled executive sessions at which only independent directors are present. In Fiscal 2020, our independent directors met in executive session at all four of our scheduled quarterly Board meetings.

In addition, independent directors have in the past met, and will continue to meet, regularly in scheduled executive sessions with our CEO. In Fiscal 2020, our independent directors met in executive session with the CEO at all four of our scheduled quarterly Board meetings.

Director Attendance at Annual Meeting

We do not have a formal policy regarding attendance by members of the Board at our annual meetings. We generally schedule a Board meeting in conjunction with our annual meeting and expect that all of our directors will attend each annual meeting, absent a valid reason. All of our Board members attended our 2019 Meeting.

Board Self-Assessments

In Fiscal 2020, the NCGC oversaw an evaluation process, conducted at least annually, whereby outside corporate counsel for NVIDIA interviewed each director to obtain his or her evaluation of the Board as a whole, and of the committees on which he or she serves. The interviews solicited ideas from the directors about, among other things, improving the quality of Board and/or committee oversight effectiveness regarding strategic direction, financial and audit matters, executive compensation and other key matters. The interviews also focused on Board process and identifying specific issues which should be discussed in the future. After these evaluations were complete, our outside corporate counsel summarized the results, reviewed with our Lead Director, and then submitted the summary for discussion by the NCGC.

In response to the evaluations conducted in Fiscal 2020, our Board determined to strengthen oversight of the Company's overall financial outlook process by the AC and the full Board, and to continue to prioritize its focus on the overall strength and competence of the Board and the diversity of experience, gender and ethnic background of its members.

Director Orientation and Continuing Education

The NCGC and our General Counsel are responsible for director orientation programs and for director continuing education programs. Continuing education programs for directors may include a combination of internally developed materials and presentations, programs presented by third parties, and financial and administrative support for attendance at qualifying academic or other independent programs.

Director Stock Ownership Guidelines

The Board believes that directors should hold a significant equity interest in NVIDIA. Our Corporate Governance Policies require each non-employee director to hold a number of shares of our common stock with a value equal to six times the annual cash retainer for Board service during the period in which he or she serves as a director (or six times the base salary, in the case of the CEO). The shares may include vested deferred stock, shares held in trust and shares held by immediate family members. Non-employee directors have five years after their Board appointment to reach the ownership threshold. Our stock ownership guidelines are intended to further align director interests with stockholder interests.

Each of our non-employee directors and Mr. Huang currently meets or exceeds the stock ownership requirements, with the exception of Mr. Neal, who joined our Board in 2019.

Hedging and Pledging Policy

Under our Insider Trading Policy, our directors, executive officers, employees, and their designees may not hedge their ownership of NVIDIA stock, including but not limited to trading in options, puts, calls, or other derivative instruments related to NVIDIA stock or debt to protect against a decline in the value of the Company's stock. Additionally, directors, executive

officers and employees may not purchase NVIDIA stock on margin, borrow against NVIDIA stock held in a margin account, or pledge NVIDIA stock as collateral for a loan. We allow for certain portfolio diversification transactions, such as investments in exchange funds.

Outside Advisors

The Board and each of its principal committees may retain outside advisors and consultants of their choosing at our expense. The Board need not obtain management's consent to retain outside advisors. In addition, the principal committees need not obtain either the Board's or management's consent to retain outside advisors.

Code of Conduct

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. Our credibility and reputation depend upon the good judgment, ethical standards and personal integrity of each director, executive and employee. We have a Code of Conduct that applies to our executive officers, directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. We also have a Financial Team Code of Conduct that applies to our executive officers, directors and members of our finance department. We regularly review our Code of Conduct and related policies to ensure that they provide clear guidance to our directors, executives and employees.

The Code of Conduct and the Financial Team Code of Conduct are available under Governance in the Investor Relations section of our website at www.nvidia.com. If we make any amendments to the Code of Conduct or the Financial Team Code of Conduct or grant any waiver from a provision of either code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

Corporate Hotline

We have established an independent corporate hotline to allow any employee to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing, Code of Conduct or other matter of concern (unless prohibited by local privacy laws for employees located in the European Union).

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board regarding nominations of directors or other matters may do so by sending written communications addressed to Timothy S. Teter, our Secretary, at NVIDIA Corporation, 2788 San Tomas Expressway, Santa Clara, California 95051. All stockholder communications we receive that are addressed to the Board will be compiled by our Secretary. If no particular director is named, letters will be forwarded, depending on the subject matter, to the chairperson of the AC, CC or NCGC. Matters put forth by our stockholders will be reviewed by the NCGC, which will determine whether these matters should be presented to the Board. The NCGC will give serious consideration to all such matters and will make its determination in accordance with its charter and applicable laws.

Majority Vote Standard

Under our Bylaws, if the votes cast **FOR** an incumbent director in a non-contested election do not exceed the number of **WITHHOLD** votes, such incumbent director shall promptly tender a resignation to the Board. The NCGC will then review the circumstances surrounding the **WITHHOLD** vote and promptly make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board will act on the NCGC's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of certification of the stockholder vote.

In a contested election, in which the number of nominees exceeds the number of directors to be elected, our directors will be elected by a plurality of the shares represented at any such meeting or by proxy and entitled to vote on the election of directors at that meeting. The directors receiving the greatest number of **FOR** votes will be elected.

Board Meeting Information

The Board met seven times during Fiscal 2020, including meetings during which the Board discussed the strategic direction of NVIDIA, explored and discussed new business and strategic opportunities and the product roadmap, and other matters facing NVIDIA. We expect each Board member to attend each meeting of the Board and the committees on which he or she serves. Each Board member attended 75% or more of the meetings of the Board and of each committee on which he or she served.

Committees of the Board of Directors

The Board has three standing committees: an AC, a CC and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

The composition and functions of our committees are set forth below. Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes that rotations among committees are a good corporate governance practice which allows its members to be more fully informed regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole, as a result of diverse perspectives and ideas that are introduced through new committee formations. In February 2020, upon the recommendation of the NCGC, the Board determined to rotate Mr. Seawell off of the CC and onto the AC, effective as of the 2020 Meeting.

AC

Michael G. McCaffery (Chair), Dawn Hudson, Mark L. Perry, and Mark A. Stevens

In Fiscal 2020, the AC met four times and selected highlights from its agenda topics included: cash usage and strategy, critical audit matters, and business continuity, tax, treasury, and information technology reviews.

Committee Role and Responsibilities

- Oversees our corporate accounting and financial reporting process;
- Oversees our internal audit function;
- Determines and approves the engagement, retention and termination of the independent registered public accounting firm;
- Evaluates the performance of and assesses the qualifications of our independent registered public accounting firm;
- Reviews and approves the retention of the independent registered public accounting firm for permissible non-audit services;
- Confers with management and our independent registered public accounting firm regarding the results of the annual audit, the results of our quarterly financial statements and the effectiveness of internal control over financial reporting;
- Reviews the financial statements to be included in our quarterly report on Form 10-Q and annual report on Form 10-K;
- Reviews earnings press releases and the substance of financial information and outlook provided to analysts on earnings calls;
- Prepares the report required to be included by SEC rules in our annual proxy statement or Form 10-K; and
- Establishes procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

CC

Robert K. Burgess (Chair), Tench Coxe, Persis S. Drell, Harvey C. Jones, and A. Brooke Seawell

In Fiscal 2020, the CC met four times and selected highlights from its agenda topics included: executive and employee compensation practices, review of pay equity, employee retention, and the Company's share usage and strategy.

Committee Role and Responsibilities

- Reviews and approves our overall compensation strategy and policies;
- Reviews and recommends to the Board the compensation of our Board members;
- Reviews and approves the compensation and other terms of employment of Mr. Huang and other executive officers;
- Reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management;
- Reviews and approves the disclosure contained in CD&A and for inclusion in the proxy statement and Form 10-K;
- Administers our stock purchase plans, variable compensation plans and other similar programs; and
- Assesses and monitors whether our compensation policies and programs have the potential to encourage excessive risk-taking.

NCGC

Harvey C. Jones (Chair), James C. Gaither, Stephen C. Neal, Mark L. Perry, and Mark A. Stevens

In Fiscal 2020, the NCGC met three times and selected highlights from its agenda topics included: consideration of Board recruiting matters, review of diversity and inclusion initiatives, the Company's environmental, social, and corporate governance efforts, and addressing stockholder concerns.

Committee Role and Responsibilities

- Identifies, reviews and evaluates candidates to serve as directors;
- Recommends candidates for election to our Board;
- Makes recommendations to the Board regarding committee membership and chairs;
- Assesses the performance of the Board and its committees;
- Reviews and assesses our corporate governance principles and practices;
- Monitors changes in corporate governance practices and rules and regulations;
- Approves related party transactions;
- Reviews and assesses our environmental, social and corporate governance matters periodically;
- Establishes procedures for the receipt, retention and treatment of complaints we receive regarding violations of our Code of Conduct; and
- Monitors the effectiveness of our anonymous tip process.

Director Compensation

The CC reviews our non-employee director compensation program each year with the assistance of Exequity, who prepares a comprehensive assessment of our program, including comparison to our Fiscal 2019 peer group used for executive compensation purposes, an update on recent trends in director compensation, and a review of related corporate governance best practices. Following this review, the CC recommended no changes to our non-employee director compensation program for the year starting on the date of our 2019 Meeting, which we refer to as the 2019 Program.

The CC subsequently recommended, and the Board approved, a mix of cash and equity awards with an approximate annual value of \$300,000, which was slightly below the median total annual compensation paid by similarly-sized technology peer companies to their non-employee directors. We do not pay additional fees for serving as a chairperson or member of Board committees or for meeting attendance. Directors who are also employees do not receive fees or equity compensation for service on the Board.

Cash Compensation

The cash portion of the annual retainer, representing \$75,000 on an annualized basis, was paid quarterly. Mr. Neal was paid the pro-rata portion of the annual cash retainer for his service on the Board from the date of his appointment in March 2019 to the date of our 2019 Meeting.

Equity Compensation

The value of the annual equity award, in the form of RSUs, or the 2019 Program RSUs, was \$225,000. The number of shares subject to each RSU award equaled this value, divided by the average closing market price of our common stock over the 60 calendar days ending the business day before the 2019 Meeting. The RSUs were granted on the first trading day following the date of our 2019 Meeting.

To correlate the vesting of the RSUs to the non-employee directors' service on the Board and its committees over the following year, the RSUs vested as to 50% on November 20, 2019 (the third Wednesday in November 2019) and will vest as to the remaining 50% on May 20, 2020 (the third Wednesday in May 2020). If a non-employee director's service terminates due to death, his or her RSU grants will immediately vest in full for the benefit of his or her beneficiary. Non-employee directors do not receive dividend equivalents on unvested RSUs.

In connection with Mr. Neal's appointment to the Board in March 2019, he was granted on April 8, 2019: (a) an initial RSU grant with a value of \$225,000, which vests as to 1/6th of the shares approximately every six months, or the Initial Neal RSUs, and (b) the pro-rata portion of the annual RSUs for his service on the Board from the date of his appointment in March 2019 to the date of our 2019 Meeting, which vested in full on May 15, 2019, or the 2018 Program Neal RSUs. If Mr. Neal's service terminates due to death, his RSU grants will immediately fully vest. He does not receive dividend equivalents on unvested RSUs.

Deferral of Settlement

Non-employee directors could elect to defer settlement of RSUs upon vesting, to be issued on the earliest of (a) the date of the director's "separation from service" (as defined under Treasury Regulation Section 1.409A-1(h)), unless a six month delay would be required under such Section, (b) the date of a change in control of NVIDIA that also would constitute a "change in control event" (as defined under Treasury Regulation Section 1.409A-3(i)(5)), and (c) the third Wednesday in March of the year elected by the director, which year must have been or be no earlier than (i) 2020 for the 2018 Program Neal RSUs, (ii) 2021 for the 2019 Program RSUs, or (iii) 2023 for the Initial Neal RSUs. Messrs. Gaither, Jones, McCaffery, and Neal, Dr. Drell, and Ms. Hudson elected to defer settlement of the RSUs granted to them in Fiscal 2020.

Other Compensation/Benefits

Our non-employee directors are reimbursed for expenses incurred in attending Board and committee meetings and continuing educational programs pursuant to our Corporate Governance Policies. However, we do not offer change-in-control benefits to our directors, except for the vesting acceleration provisions in our equity plans that apply to all holders of stock awards under such plans in the event that an acquirer does not assume or substitute for such awards.

⁽¹⁾ On May 23, 2019, each non-employee director received his or her RSU grant for 1,258 shares. Amounts shown in this column do not reflect dollar amounts actually received by the director. Instead, these amounts reflect the aggregate full grant date fair value calculated in accordance with FASB Accounting Standards Codification Topic 718, or FASB ASC Topic 718, for awards granted during Fiscal 2020. The assumptions used in the calculation of values of the awards are set forth under Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. The grant date fair value per share for these awards as determined under FASB ASC Topic 718 was \$146.69.

⁽²⁾ Mr. Neal joined the Board in March 2019.

⁽³⁾ On April 8, 2019, Mr. Neal received: (a) in connection with his appointment, an initial RSU grant for 1,419 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$189.98, and (b) as compensation for his service on the Board through the date of the 2019 Meeting, an RSU grant for 139 shares, with a grant date fair value per share as determined under FASB ASC Topic 718 of \$191.79.

The following table provides information regarding the aggregate number of RSUs and stock options held by each of our non-employee directors as of January 26, 2020:

Name	RSUs	Stock Options	Name	RSUs	Stock Options
Robert K. Burgess	629	58,041	Michael G. McCaffery	2,221	—

Dawn Hudson	27,985	83,177	Mark A. Stevens	629	—
Harvey C. Jones	4,279	—			

The following aggregate number of RSUs for which settlement was previously deferred were ultimately issued in Fiscal 2020: 6,213 RSUs for Mr. Burgess, 10,656 RSUs for Dr. Drell, 2,058 RSUs for Mr. Gaither, and 12,714 RSUs for Mr. McCaffery.

Review of Transactions with Related Persons

It is our policy that all employees, officers and directors must avoid any activity that is in conflict with, or has the appearance of conflicting with, our interests. This policy is included in our Code of Conduct and our Financial Team Code of Conduct. We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all transactions involving executive officers or directors must be approved by the NCGC in compliance with the Company's policies and the Listing Standards of The Nasdaq Global Select Market. Except as discussed below, we did not conduct any transactions with related persons in Fiscal 2020 that would require disclosure in this proxy statement or approval by the NCGC.

Transactions with Related Persons

We have entered into indemnity agreements with our executive officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, executive officer or other agent of NVIDIA, and otherwise to the fullest extent permitted under Delaware law and our Bylaws. We intend to execute similar agreements with our future executive officers and directors.

See the section below titled *Employment, Severance and Change-in-Control Arrangements* for a description of the terms of the 2007 Plan, related to a change-in-control of NVIDIA.

During Fiscal 2020, we granted RSUs to our non-employee directors, and RSUs and PSUs to our executive officers. See the section above titled *Director Compensation* and the section below titled *Executive Compensation*.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of March 22, 2020 as to shares of our common stock beneficially owned by each of our NEOs, each of our directors, all of our directors and executive officers as a group, and all known by us to be beneficial owners of 5% or more of our common stock. Beneficial ownership is determined in accordance with the SEC's rules and generally includes voting or investment power with respect to securities as well as shares of common stock subject to options exercisable, or PSUs or RSUs that will vest, within 60 days of March 22, 2020.

This table is based upon information provided to us by our executive officers and directors. Information about principal stockholders, other than percentages of beneficial ownership, is based solely on Schedules 13G/A filed with the SEC. Unless otherwise indicated and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentages are based on 615,108,308 shares of our common stock outstanding as of March 22, 2020, adjusted as required by SEC rules.

Proposal 2—Approval of Executive Compensation

What am I voting on? A non-binding vote, known as “say-on-pay,” to approve our Fiscal 2020 NEO compensation.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None.

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote on an advisory basis, commonly referred to as “say-on-pay”, to approve the compensation paid to our NEOs as disclosed in the CD&A, the compensation tables and the related narrative disclosure contained in this proxy statement. In response to our stockholders’ preference, our Board has adopted a policy of providing for annual “say-on-pay” votes. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement.

This advisory proposal is not binding on the Board or us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the CC intend to consider the results of this vote in making determinations in the future regarding NEO compensation arrangements.

Recommendation of the Board

The Board recommends that our stockholders adopt the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby **APPROVED**.”

Executive Compensation

Compensation Discussion and Analysis

This CD&A describes our Fiscal 2020 executive compensation goals, philosophies and program design, including the CC's process for determining compensation, the various components of pay, and how our corporate results affected performance-based payout. Our Fiscal 2020 NEOs were:

Name	Current Title
Jen-Hsun Huang	President and CEO
Colette M. Kress	Executive Vice President and CFO
Ajay K. Puri	Executive Vice President, Worldwide Field Operations
Debora Shoquist	Executive Vice President, Operations
Timothy S. Teter	Executive Vice President, General Counsel and Secretary

The CC will consider the impact of COVID-19 on the Company's Fiscal 2021 business and financial results in evaluating executive compensation, and any resulting decisions will be described in the proxy statement for the 2021 Meeting.

Executive Summary

Executive Compensation Goals and Philosophies

NVIDIA's mission is to develop revolutionary technology that improves lives. To achieve this vision, we must attract, motivate and retain a high-caliber executive team while balancing our stockholders' interests. While our CC considers numerous factors in making executive pay decisions, our compensation program is guided by the following goals and philosophies:

- **Pay for Performance:** emphasize at-risk and performance-based cash and equity for NEOs based on multiple corporate metrics.
- **Motivation and Retention:** NEO target compensation should be competitive with our peers; reflects job impact, scope, and responsibilities; and is structured to retain talent.
- **Stockholder Alignment:** structure NEO pay to align with stockholders' long-term interests and make adjustments in response to feedback received through our annual stockholder engagement and our annual "say-on-pay" vote.
- **Simplicity and Transparency:** utilize clear, simple performance metrics that are defined and reported publicly.

Fiscal 2020 Executive Compensation Program Design

Taking into account (i) the Company's Fiscal 2020 outlook at the time of determining executive compensation, (ii) stockholder feedback from our annual outreach efforts, and (iii) strong Fiscal 2019 say-on-pay approval, the CC determined to keep target pay essentially flat with Fiscal 2019. Our primary Fiscal 2020 executive compensation components were:

Element	Purpose	Fixed or At-Risk	Performance Measure	% of Fiscal 2020 Target Pay*	
				CEO	Other NEOs
CASH					
Base Salary	Compensate for expected day-to-day performance	Fixed	N/A	8%	22%
Variable Cash	Motivate and reward for annual corporate financial performance	At-Risk	Annual Revenue	9%	9%
EQUITY					
RSUs	Align with stockholder interests by linking NEO pay to the performance of our common stock	At-Risk	N/A	N/A	24%
SY PSUs	Align with stockholder interests by linking NEO pay to annual operational performance	At-Risk	Annual Non-GAAP Operating Income	55%	41%
MY PSUs	Align with long-term stockholder interests by linking NEO pay to multi-year relative shareholder return	At-Risk	3-Year TSR Relative to S&P 500	28%	4%
% OF PERFORMANCE-BASED PAY:				92%	54%
% OF AT-RISK PAY:				92%	78%

* Based on total target pay as approved by the CC, consisting of base salary, target opportunity under our Variable Cash Plan, and target value of equity opportunities the CC intended to deliver.

Financial Performance and Link to Executive Pay

Despite a challenging start to Fiscal 2020 with excess channel inventory in our Gaming business and a pause in hyperscale spending in our Datacenter business, our business recovered in the second half of the year. A significant portion of our executive pay opportunities are tied to achievement of rigorous financial measures that drive business value and contribute to our long-term success. The tables below show our goals and achievement for each of these measures for the applicable period ended Fiscal 2020, and their respective impact on our executive pay:

	Revenue		Non-GAAP Operating Income*		3-Year TSR	
	Performance Goal	Payout as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾
Threshold	\$10.5 billion	50%	\$3.21 billion	50%	25th percentile	25%
Base Operating Plan (Target for MY PSUs)	\$11.4 billion	100%	\$3.75 billion	100%	50th percentile	100%
Stretch Operating Plan (Stretch for MY PSUs)	\$12.0 billion	200%	\$4.23 billion	150% for CEO; 200% for our other NEOs	75th percentile	150% for CEO; 200% for our other NEOs
Performance and Payout	Achieved Fiscal 2020 revenue of \$10.92 billion, resulting in a Variable Cash Plan payout at 73.2% of target		Achieved Fiscal 2020 Non-GAAP Operating Income of \$3.73 billion, resulting in 98.6% of target SY PSUs becoming eligible to vest		Achieved 3-year TSR of 138% (95th percentile of S&P 500), resulting in maximum number of MY PSUs becoming eligible to vest	

⁽¹⁾ For achievement between Threshold and Base Operating Plan (or Target for MY PSUs) and between Base Operating Plan (or Target for MY PSUs) and Stretch Operating Plan (or Stretch for MY PSUs), payouts would be determined using straight-line interpolation. Achievement less than Threshold would result in no payout, and exceeding Stretch Operating Plan (or Stretch for MY PSUs) would result in the capped maximum payout.

* See *Reconciliation of Non-GAAP Financial Measures* in this CD&A for a reconciliation between the non-GAAP measures and GAAP results.

Our Compensation Practices

Our executive compensation program adheres to the following practices:

What We Do	What We Don't Do
✓ Emphasize at-risk, performance-based compensation, with objective and distinct goals for each such component ✓ Include multi-year PSU awards ✓ Use objective annual and 3-year performance targets to determine SY PSU and MY PSU awards earned, respectively ✓ Require NEOs to provide continuous service for 12 months to vest in any equity awards and 4 years to fully vest in SY PSU and RSU awards ✓ Reevaluate and adjust our program annually based on stockholder and corporate governance group feedback ✓ Minimize inappropriate risk-taking ✓ Cap performance-based variable cash and PSU payouts ✓ Retain an independent compensation consultant reporting directly to the CC ✓ Require NEOs to maintain meaningful stock ownership ✓ Maintain a clawback policy for performance-based compensation	✗ Enter into agreements with NEOs providing for specific terms of employment or severance benefits ✗ Give our executive officers special change-in-control benefits ✗ Provide automatic equity vesting upon a change-in-control (except for the provisions in our equity plans that apply to all employees if an acquiring company does not assume or substitute our outstanding stock awards) ✗ Give NEOs supplemental retirement benefits or perquisites that are not available to all employees ✗ Provide tax gross-ups ✗ Reprice stock options without stockholder approval ✗ Pay dividends or the equivalent on unearned or unvested shares ✗ Permit executive officers, employees or directors to hedge their ownership of NVIDIA stock or to pledge NVIDIA stock as collateral for a loan

How We Determine Executive Compensation

Our CC manages our executive compensation program according to the cycle below:

In the Fall of 2019, management and our Lead Director again conducted outreach to stockholders regarding executive pay, which the CC considered as it determined our compensation program for the ongoing Fiscal 2021 year. Feedback from conversations with our stockholders is further described in *Compensation Actions and Achievements* below.

Roles of the CC, Compensation Consultant and Management

Our CC solicits the input of Mr. Huang and the CC's independent compensation consultant, Exequity, which reports directly to our CC. The roles of our CC, Exequity, and management, including our CEO, CFO, and Human Resources and Legal departments, in setting our Fiscal 2020 NEO compensation program are summarized below.

At the CC's direction, Exequity and management recommended a peer group for our program, which was approved by the CC. Management then gathered peer data from the Radford Global Technology Survey, which was considered by Exequity in its analysis of Mr. Huang's compensation, and by Mr. Huang in his recommendations on our other NEOs' compensation, for Fiscal 2020. The CC considered Exequity's advice, Mr. Huang's recommendations, and management's proposed Fiscal 2020 performance goals prior to making its final and sole decision on all Fiscal 2020 NEO compensation. Additionally, Exequity advised the CC on the Fiscal 2020 compensation risk analysis prepared by management. The CC also certified performance-based Fiscal 2019 and Fiscal 2020 compensation payouts.

During Fiscal 2020, our CC continued to use Exequity for its experience working with our CC and with compensation committees at other technology companies. Our CC analyzed whether Exequity's role raised any conflict of interest, considering: (i) Exequity does not provide any services directly to NVIDIA (although we pay Exequity on the CC's behalf), (ii) the percentage of Exequity's total revenue resulting from fees paid by us on the CC's behalf, (iii) Exequity's conflict of interest policies and procedures, (iv) any business or personal relationship between Exequity and an NEO, or between Exequity's individual compensation advisors and an NEO or any member of our CC, and (v) any NVIDIA stock owned by Exequity or its individual compensation advisors. After considering these factors, our CC determined that Exequity's work did not create any conflict of interest.

Peer Companies and Market Compensation Data

We believe our peers should be companies that (1) compete with us for executive talent; (2) have established businesses, market presence, and complexity similar to us; and (3) are generally of similar size to us, as measured by revenue and/or market capitalization at roughly 0.5-3.5x of us. Accordingly, we made significant updates to our peer group for Fiscal 2020:

Fiscal 2020 Peer Group ⁽¹⁾

Adobe Inc.	Cisco Systems, Inc. ⁽²⁾	Intuit Inc.	Qualcomm Incorporated	Tesla, Inc.
Advanced Micro Devices, Inc.	IBM ⁽²⁾	Oracle Corporation ⁽²⁾	Salesforce.com, Inc.	Texas Instruments
Broadcom Limited	Intel Corporation ⁽²⁾	PayPal ⁽²⁾	SAP ⁽²⁾	VMware, Inc.

⁽¹⁾ Activision Blizzard, Analog Devices, Applied Materials, eBay, Electronic Arts, Lam Research, Micron Technology, Symantec, and Western Digital, each a Fiscal 2019 peer, were removed for Fiscal 2020 because their respective market capitalizations fell below our targeted range and/or for lack of competition for talent.

⁽²⁾ Added as a Fiscal 2020 peer for similar market capitalization to us.

The CC determined our Fiscal 2020 peer group in December 2018. At that time, our revenue and market capitalization compared to our peer group companies as follows:

	Revenue	Market Capitalization
Fiscal 2020 Peer Group Median	\$14.97 billion	\$100.18 billion
NVIDIA	\$9.71 billion	\$96.10 billion

Our CC reviews market practices and compensation data from the Radford survey for peer companies' comparably situated executives when determining the components of our executive compensation program as well as total compensation. The CC compares the total compensation opportunity for our NEOs and similarly situated executives at the 50th and 75th percentiles of peer company data, and also considers the factors below in determining NEO compensation opportunities.

Factors Used in Determining Executive Compensation

In addition to peer data, our CC considers the following factors in making executive compensation decisions. The weight given to each factor may differ among NEOs and each component of pay, and is subject to the CC's sole discretion.

- ✓ The need to attract and retain talent in a highly competitive industry
- ✓ Stockholder feedback regarding our executive pay
- ✓ The simplicity of the overall program and the transparency of the performance metrics
- ✓ An NEO's past performance and anticipated future contributions
- ✓ Our financial performance and forecasted results
- ✓ The need to motivate NEOs to address new business challenges
- ✓ Each NEO's current total compensation
- ✓ Each NEO's unvested equity
- ✓ Internal pay equity relative to similarly situated executives and the scope and complexity of the department or function the NEO manages
- ✓ Our CEO's recommendations for the other NEOs, including his understanding of each NEO's performance, capabilities, contributions
- ✓ Our CC's independent judgment
- ✓ Our philosophy that an NEO's total compensation opportunity and percentage of at-risk pay should increase with responsibility
- ✓ The total compensation cost and stockholder dilution from executive compensation, to maintain a responsible cost structure for our compensation programs*

* See Note 4, *Stock-Based Compensation* of our Form 10-K consolidated financial statements for a discussion of stock-based compensation cost.

Components of Pay

The primary components of NVIDIA's Fiscal 2020 executive compensation program are summarized below:

	Fixed Compensation	At-Risk Compensation			
	Base Salary	Variable Cash	SY PSUs	MY PSUs	RSUs*
Form	Cash	Cash	Equity	Equity	Equity
Who Receives	NEOs	NEOs	NEOs	NEOs	NEOs except Mr. Huang

Maximum Amount That Can Be Earned	N/A	200% of target award opportunity under our Variable Cash Plan	150% of Mr. Huang's SY PSU target opportunity and 200% of our other NEOs' respective SY PSU target opportunity Ultimate value delivered depends on stock price on date earned shares vest	150% of Mr. Huang's MY PSU target opportunity and 200% of our other NEOs' respective MY PSU target opportunity Ultimate value delivered depends on stock price on date earned shares vest	100% of grant Ultimate value delivered depends on stock price on date shares vest

* Our CC considers RSUs to be at-risk pay because the realized value depends on our stock price, which is a financial performance measure.

In addition, we maintain medical, vision, dental, and accidental death and disability insurance as well as time off and paid holidays for all of our NEOs, on the same basis as our other employees. Like our other full-time employees, our NEOs are

eligible to participate in our 2012 ESPP, unless otherwise prohibited by the rules of the Internal Revenue Service, and our 401(k) plan, which included a Company match of salary deferral contributions of up to \$6,000 for calendar 2019 and up to \$6,500 for calendar 2020. For Fiscal 2020, Mr. Puri, Mr. Teter and Ms. Kress each received a \$6,500 401(k) match, while our other NEOs each received a \$6,000 401(k) match.

Compensation Actions and Achievements

Stockholder Outreach and Feedback

We value stockholder feedback and conduct an annual stockholder outreach program. During the Fall of 2018, in preparing for Fiscal 2020 compensation decisions, we contacted our top 14 institutional stockholders (except for brokerage firms and index funds who we know do not engage in direct conversations with companies), with an aggregate ownership of approximately 27% of our shares. Our Lead Director and members of management ultimately discussed executive compensation with representatives of stockholders holding an aggregate of approximately 26% of our common stock. Our stockholders generally provided positive feedback on our pay for performance alignment and the proportion of variable versus fixed pay. While some stockholders encouraged our use of TSR as a relative performance figure and its tie to a transparent index, others expressed reservations about TSR due to NVIDIA's lack of control over stock price.

After considering their feedback, and our Fiscal 2019 say-on-pay approval rate of 96%, our CC concluded that the use of our multi-year relative TSR performance metric continued to, in combination with our annual performance metrics of revenue and Non-GAAP Operating Income, effectively align executive compensation with stockholder interests. Therefore, the CC maintained the same general elements and metrics for our Fiscal 2020 NEO pay program, but adjusted the corporate goals to appropriately motivate our executives, as further described below. In the Fall of 2019, our management and Lead Director again engaged in stockholder outreach. The CC considered the feedback from these meetings in making decisions regarding the current Fiscal 2021 executive compensation program.

Total Target Compensation Approach

In deciding Fiscal 2020 compensation, our CC reviewed each NEO's total target pay opportunity and distribution across different pay elements. Our CC compared Mr. Huang's base salary, target variable cash opportunity, target equity opportunity, and total target pay against chief executives of our peer companies. For our other NEOs, our CC reviewed their respective total target pay against similarly situated executives of our peer companies. The CC also considered the factors discussed above in *Factors Used in Determining Executive Compensation* and the CC's specific compensation objectives for Fiscal 2020. Our CC did not use a single formula or assign a specific weight to any one factor in determining each NEO's target pay. Rather, our CC used its business judgment and experience to set total target compensation, mix of cash and equity, and fixed and at-risk pay opportunities for each NEO to achieve our program's objectives. When the CC set each element of pay for an NEO, it considered the context of the levels of the other pay elements, and the resulting total target pay for such NEO. These amounts and structure allowed our NEOs to realize above-market value from equity awards and variable cash incentives only upon exceptional corporate performance. After also considering the Company's forecast of flat to slightly down revenue for Fiscal 2020, the CC ultimately kept our NEOs' target pay essentially flat with Fiscal 2019. There were no increases to base salaries or variable cash targets and only very minor adjustments to target equity values.

Continued Emphasis on Long-Term, At-Risk, Performance-Based Equity Awards

For Fiscal 2020, the CC decided that the largest portion of NEOs' total target pay would again be in the form of at-risk, performance-based equity. The CC believes an emphasis on long-term, at-risk opportunities drives results and increases NEO and stockholder alignment, while providing sufficient annual cash compensation to be competitive and retain our NEOs. The PSUs and RSUs provide long-term incentives and retention benefits because our NEOs must achieve, for PSUs, the predetermined performance goal and also, for both PSUs and RSUs, remain with us for a multi-year period (3 years for MY PSUs and 4 years for SY PSUs and RSUs) to fully vest in the awards.

The CC concluded that, given Mr. Huang's position as CEO, 100% of his equity grants should be at-risk and performance-based, tightly aligning his interests with stockholders. Consistent with its practice over the last five years, the CC granted Mr. Huang's target equity opportunity 100% in the form of SY PSUs (which value is aligned with our Non-GAAP Operating Income performance) and MY PSUs (which value is aligned with our relative stock price performance). For our other NEOs, the CC provided roughly 65% of the target equity opportunity in the form of PSUs and 35% of the target equity opportunity in the form of RSUs, subject to individual adjustments determined appropriate by the CC. The CC evaluated market positioning, internal pay equity, individual performance, and level of unvested equity to determine a target equity opportunity value for our NEOs, which was set substantially equivalently to the target equity values for Fiscal 2019. To determine actual shares awarded, the CC used the 120-day trailing average of our stock price, reducing the impact of daily volatility on compensation decisions. This average determined the number of RSUs and the target number of SY PSUs and MY PSUs.

The target numbers of SY PSU and MY PSU shares were eligible to vest upon our achievement of the Base Operating Plan Non-GAAP Operating Income performance goal for Fiscal 2020, and the Target TSR performance goal relative to the S&P 500 over a 3-year period starting at the beginning of Fiscal 2020, respectively. No shares were eligible to vest if at least Threshold performance was not achieved. Shares underlying any PSUs that are not earned are cancelled.

If the Company achieved at least Threshold performance, the minimum number of shares eligible to vest was 50% of the SY PSU target opportunity and 25% of the MY PSU target opportunity. If the Company achieved at least Stretch Operating Plan performance for SY PSUs (or Stretch performance for MY PSUs), the maximum number of shares eligible to vest was capped at 150% of Mr. Huang's, and 200% of our other NEOs' respective, PSU target opportunities.

Goals for and Achievement of Performance-Based Compensation

Based on the Fiscal 2020 strategic plan as approved by the Board, the CC set performance metrics and goals, and the Company achieved certain performance and paid out to our NEOs, as set forth below:

	Variable Cash Plan		SY PSUs		MY PSUs	
PERFORMANCE METRICS						
Metric	Revenue		Non-GAAP Operating Income*		TSR relative to the S&P 500	
Timeframe	1 year		1 year		3 years	
CC's Rationale for Metric	Annual performance indicator which drives value, contributes to Company's long-term success		Annual performance indicator which drives value, contributes to Company's long-term success		Aligns directly with long-term shareholder value creation	
	Our executives focus on growth in the Company's specialized markets where our technologies did not previously exist; revenue growth is a strong predictor of the Company's future success		Reflects both our annual revenue generation and effective operating expense management		Provides direct comparison of our stock price performance (with dividends) against an index that represents a broader capital market with which we compete	
			To ensure long-term performance emphasis, structured to vest over a 4-year period		Relative (versus absolute) nature of goals accounts for macroeconomic factors impacting the broader market	
	Distinct, separate metric from Non-GAAP Operating Income					
PERFORMANCE LEVELS						
	Performance Goal	Payout as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾	Performance Goal	Shares Eligible to Vest as a % of Target Opportunity ⁽¹⁾
Threshold	\$10.5 billion	50%	\$3.21 billion	50%	25th percentile	25%
Appropriately decelerated payout for performance below Base Operating Plan (Target for MY PSUs); uncertain, but attainable and high enough to create modest value						
Base Operating Plan (Target for MY PSUs)	\$11.4 billion	100%	\$3.75 billion	100%	50th percentile	100%
Uncertain, but attainable with significant effort and execution success. Included budgeted investments in future businesses and revenue growth (and for PSUs, gross margin growth) considering macroeconomic conditions and reasonable but challenging growth estimates for ongoing and new businesses ⁽²⁾						
Stretch Operating Plan (Stretch for MY PSUs)	\$12.0 billion	200%	\$4.23 billion	150% for CEO; 200% for our other NEOs	75th percentile	150% for CEO; 200% for our other NEOs
Required exceptional achievement; only possible with strong market factors and a very high level of management execution and corporate performance						

	Variable Cash Plan	SY PSUs	MY PSUs
ACTUAL RESULTS			
Performance and Payout	Achieved Fiscal 2020 revenue of \$10.92 billion, resulting in a Variable Cash Plan payout at 73.2% of target.	Achieved Fiscal 2020 Non-GAAP Operating Income of \$3.73 billion, resulting in 98.6% of target SY PSUs becoming eligible to vest. 25% of the eligible SY PSU shares vested on March 18, 2020, approximately one year after grant, and 6.25% will vest every quarter thereafter for the next three years. The remaining shares that were ineligible to vest were cancelled in February 2020.	Achieved 3-year TSR ending Fiscal 2020 of 138% (95th percentile of S&P 500), resulting in maximum number of MY PSUs becoming eligible to vest. 100% of the eligible MY PSUs vested on March 18, 2020, after the 3-year performance period.

⁽¹⁾ For achievement between Threshold and Base Operating Plan (or Target for MY PSUs) and between Base Operating Plan (or Target for MY PSUs) and Stretch Operating Plan (or Stretch for MY PSUs), payouts would be determined using straight-line interpolation. Achievement less than Threshold would result in no payout, and exceeding Stretch Operating Plan (or Stretch for MY PSUs) would result in the capped maximum payout.

⁽²⁾ Goals for Variable Cash Plan and SY PSUs were lower than in Fiscal 2019 to account for headwinds from excess channel inventory and hyperscale spending pause.

* See *Reconciliation of Non-GAAP Financial Measures* in this CD&A for a reconciliation between the non-GAAP measures and GAAP results.

Achievement of goals for Fiscal 2019 and Fiscal 2020 MY PSU grants will be determined after January 2021 and January 2022, respectively.

Target Fiscal 2020 Compensation Actions

The CC's target Fiscal 2020 compensation actions are summarized below for each NEO, reflecting the target value of the variable cash and equity opportunities the CC intended to deliver. The CC considered the factors set forth in *Factors Used in Determining Executive Compensation* above and focused primarily on the total target pay opportunity for each NEO.

JEN-HSUN HUANG

President, CEO & Director

	Target Pay (\$)	Fiscal 2020 Compensation Actions
