John O. Dabiri is the Centennial Professor of Aeronautics and Mechanical Engineering at the California Institute of Technology. He is the recipient of a MacArthur Foundation "Genius Grant," the National Science Foundation Alan T. Waterman Award, and the Presidential Early Career Award for Scientists and Engineers. From 2015 to 2019, he served as a Professor of Civil and Environmental Engineering and of Mechanical Engineering at Stanford University, where he was recognized with the Eugene L. Grant Award for Excellence in Teaching, and headed the Dabiri Lab, which conducts research at the intersections of fluid mechanics, energy and environment, and biology. From 2005 to 2015, he was a Professor of Aeronautics and Bioengineering at the California Institute of Technology, during which time he also served as Director of the Center for Bioinspired Wind Energy, Chair of the Faculty, and Dean of Students. Dr. Dabiri is a Fellow of the American Physical Society, where he was also elected to the Chair line of the Division of Fluid Dynamics. He serves on the Board of Trustees of the Gordon and Betty Moore Foundation and on the National Academies' Committee on Science, Technology, and Law. He is also a member of the editorial board of the Journal of the Royal Society Interface. Dr. Dabiri holds a PhD degree in Bioengineering and an MS degree in Aeronautics from the California Institute of Technology, and a BSE degree summa cum laude in Mechanical and Aerospace Engineering from Princeton University.

Dr. Dabiri brings to the Board a versatile research background and cutting-edge expertise in various engineering fields, along with a proven record of successful innovation.

PERSIS S. DRELL

Provost, Stanford University

Age: 65

Director Since: 2015

Current Committees: CC

Committees Effective upon the 2021 Meeting: NCGC

Independent Director

Other Current Public Company Boards:

- None

Persis S. Drell has been the Provost of Stanford University since 2017. A Professor of Materials Science and Engineering and Professor of Physics, as well as Vice President for the U.S. Department of Energy SLAC National Accelerator Laboratory, Dr. Drell has been on the faculty at Stanford since 2002, and was the Dean of the Stanford School of Engineering from 2014 to 2017. She also served as the Director of SLAC from 2007 to 2012. Dr. Drell is a member of the National Academy of Sciences and the American Academy of Arts and Sciences, and is a fellow of the American Physical Society. She has been the recipient of a Guggenheim Fellowship and a National Science Foundation Presidential Young Investigator Award. Dr. Drell holds a Ph.D. from the University of California Berkeley and an AB degree in Mathematics and Physics from Wellesley College.

An accomplished researcher and educator, Dr. Drell brings to the Board expert leadership in guiding innovation in science and technology.

JEN-HSUN HUANG

President and Chief Executive Officer, NVIDIA Corporation

Age: 58

Director Since: 1993

Current Committees: None

Committees Effective upon the 2021 Meeting: None

Other Current Public Company Boards:

- None

Jen-Hsun Huang founded NVIDIA in 1993 and has served since its inception as president, chief executive officer, and a member of the board of directors. Prior to founding NVIDIA, Mr. Huang held a variety of positions from 1985 to 1993 at LSI Logic Corp., a computer chip manufacturer, and from 1984 to 1985 at Advanced Micro Devices, Inc., a semiconductor company. In 2017, he was named Fortune's Businessperson of the Year. In 2019, Harvard Business Review ranked him No. 1 on its list of the world's 100 best-performing CEOs over the lifetime of their tenure. Mr. Huang holds a BSEE degree from Oregon State University and an MSEE degree from Stanford University.

Mr. Huang is one of the technology industry's most respected executives, having taken NVIDIA from a startup to a world leader in visual computing. Under his guidance, NVIDIA has compiled a record of consistent innovation and sharp execution, marked by products that have gained strong market share.
