Corporate Governance Highlights

Our Board is committed to strong corporate governance to promote the long-term interests of NVIDIA and our stockholders. We seek a collaborative approach to stockholder issues that affect our business and to ensure that our stockholders see our governance and executive pay practices as well-structured. In the Fall of 2021, we contacted our top institutional holders who held 1% or more of our stock, representing an aggregate ownership of 32%, to gain insights into their views on corporate governance, diversity and inclusion, and ESG.

Highlights of our corporate governance practices include:

- ✓ All Board members independent, except for our CEO
- ✓ Independent Lead Director
- ✓ Proxy access
- ✓ Declassified Board
- ✓ Majority voting for directors
- ✓ Active Board oversight of enterprise risk and risk management, including for the Company's COVID-19 response
- ✓ 75% or greater attendance by each Board member at meetings of the Board and applicable committees
- ✓ Independent directors frequently meet in executive sessions
- ✓ At least annual Board and committee self-assessments
- ✓ Annual stockholder outreach, including Lead Director participation
- ✓ Stock ownership guidelines for our directors and NEOs

Advisory Approval of Executive Compensation for Fiscal 2022 (Proposal 2)

We are asking our stockholders to cast a non-binding vote, also known as "say-on-pay," to approve our NEOs' compensation. The Board believes that our compensation policies and practices are effective in achieving our goals of paying for performance; providing competitive pay so that we may attract and retain a high-caliber executive team; aligning our executives' interests with those of our stockholders to create long-term value; and achieving simplicity and transparency with our compensation program. The Board and our stockholders have approved holding our "say-on-pay" votes annually.

Executive Compensation Highlights

Our executive compensation program is designed to pay for performance. We utilize compensation elements that align our NEOs' interests with those of our stockholders to create long-term value. Our NEO pay is heavily weighted toward performance-based, "at-risk" variable cash and long-term equity awards that are only earned if the Company achieves pre-established corporate financial metrics, but capped at a maximum of 200% of target (or 150% of target for our CEO's PSUs). For the last several years, over 90% of our CEO's, and over 50% of our other NEOs', target pay has been performance-based and at-risk, and 100% of our CEO's equity awards have been in the form of PSUs only.

At our 2021 Meeting, approximately 95% of the votes cast approved the compensation paid to our NEOs for Fiscal 2021. After considering this advisory vote and the feedback from our annual stockholder outreach, our CC concluded that our program effectively aligned executive pay with stockholder interests. Therefore, the CC maintained the same general executive compensation structure for Fiscal 2022, but (i) set the Threshold performance goals for revenue and Non-GAAP Operating Income above Fiscal 2021 actual results, and (ii) increased the proportion of target pay that is "at-risk" to strengthen the link between corporate performance and executive pay.

Financial Performance and Link to Executive Pay

As described further in our CD&A, a significant portion of our executive pay opportunities are tied to the achievement of financial measures that drive business value and contribute to our long-term success. The table below shows our goals for the applicable period ended Fiscal 2022 and their respective impact on our executive pay.

	Revenue		Non-GAAP Operating Income		3-Year TSR	
	Fiscal 2022 Performance Goal	Payout as a % of Target Opportunity	Fiscal 2022 Performance Goal	Shares Eligible to Vest as a % of Target Opportunity	Fiscal 2020 - 2022 Performance Goal	Shares Eligible to Vest as a % of Target Opportunity
Threshold	\$18.5 billion	50%	\$7.0 billion	50%	25th percentile	25%
Base Operating Plan (Target for MY PSUs)	\$20.5 billion	100%	\$8.3 billion	100%	50th percentile	100%
Stretch Operating Plan (Stretch for MY PSUs)	\$23.3 billion	200%	\$10.1 billion	150% for CEO; 200% for other NEOs	75th percentile	150% for CEO; 200% for other NEOs
	Variable Cash Plan		SY PSUs		MY PSUs	
Performance	Revenue \$26.9 billion*		Non-GAAP Operating Income \$12.7 billion*		3-year TSR 626%* 100th percentile of S&P 500	
Payout	200% of target		150% of CEO's/200% of other NEOs' target SY PSUs		150% of CEO's/200% of other NEOs' target MY PSUs	

*See *Goals for and Achievement of Performance-Based Compensation* in our CD&A for a description and further discussion of Revenue, Non-GAAP Operating Income and 3-Year TSR for the MY PSUs.

Ratification of Selection of PwC as our Independent Registered Public Accounting Firm for Fiscal 2023 (Proposal 3)

Although not required, we are asking our stockholders to ratify the AC's selection of PwC as our independent registered public accounting firm for Fiscal 2023 because we believe it is a matter of good corporate practice. If our stockholders do not ratify the selection, the AC will reconsider the appointment, but may nevertheless retain PwC. Even if the selection is ratified, the AC may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of NVIDIA and our stockholders.

Approval of a Charter Amendment to Increase the Number of Authorized Shares of Common Stock from 4 Billion to 8 Billion Shares (Proposal 4)

We are asking our stockholders to approve a Charter amendment to increase the number of authorized shares of common stock from 4 billion to 8 billion shares. As of April 4, 2022, we have 2,912,755,520 shares of common stock outstanding and reserved for issuance. The Board recommends a vote FOR this proposal so that there are adequate shares of common stock to be used by the Board for general corporate purposes, including, but not limited to, stock dividends and/or stock splits, expanding our business through mergers and acquisitions, providing equity incentives to employees, officers or directors, and the raising of additional capital.

Approval of an Amendment and Restatement of our 2007 Plan to Increase the Share Reserve by 51.5 Million Shares (Proposal 5)

We are asking our stockholders to approve an amendment and restatement of our 2007 Plan to increase the share reserve by 51.5 million shares of common stock. The Board recommends a vote FOR this proposal because providing equity awards is an important component of our compensation program and the continued ability to issue these awards is essential to attracting, retaining and motivating our employees.

Environmental, Social and Corporate Governance Areas

NVIDIA invents the computing technologies that enable scientists, engineers, designers, researchers, and developers to improve lives and address global challenges. We integrate sound ESG principles and practices into every aspect of the Company, including in the following areas:

NVIDIA CORPORATION
2788 SAN TOMAS EXPRESSWAY
SANTA CLARA, CALIFORNIA 95051
(408) 486-2000

PROXY STATEMENT FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS - JUNE 2, 2022

Amounts presented have been adjusted to reflect our four-for-one stock split, which was effective July 2021.

Information About the Meeting

Your proxy is being solicited for use at the 2022 Meeting on behalf of the Board. Our 2022 Meeting will take place virtually on Thursday, June 2, 2022 at 11:00 a.m. Pacific Daylight Time.

Virtual Meeting Philosophy and Benefits

The Board believes that holding the Meeting in a virtual format invites stockholder participation, while reducing the costs to stockholders and the Company associated with an in-person meeting. This balance allows the Meeting to remain focused on matters directly relevant to the interests of stockholders in an efficient way. We have designed the virtual format to protect stockholder rights, including by offering multiple opportunities to ask questions, publishing answers to questions received before or during the Meeting on our Investor Relations website, and providing an archived copy of the webcast after the Meeting.

Meeting Attendance

If you were an NVIDIA stockholder as of the close of business on the April 4, 2022 record date, or if you hold a valid proxy, you can attend, ask questions during, and vote at our 2022 Meeting at www.virtualshareholdermeeting.com/NVDA2022. Our Meeting will be held virtually; use the Control Number included on your Notice or printed proxy card to enter. Anyone can also listen to the Meeting live at www.virtualshareholdermeeting.com/NVDA2022.

If you encounter any difficulties accessing the virtual Meeting during the check-in or the course of the Meeting, please call the technical support number available on www.virtualshareholdermeeting.com/NVDA2022.

An archived copy of the webcast will be available at www.nvidia.com/proxy through June 2, 2023. Even if you plan to attend the 2022 Meeting virtually, we recommend that you also vote by proxy as described below so that your vote will be counted if you later decide not to attend.

Asking Questions

We encourage stockholders to submit questions through our pre-meeting forum located at www.proxyvote.com (using the Control Number included on your Notice or printed proxy card) as well as during the Meeting at www.virtualshareholdermeeting.com/NVDA2022. During the Meeting, we will answer as many stockholder-submitted questions related to the business of the Meeting as time permits. As soon as practicable following the Meeting, we will publish and answer questions received, if pertinent to Company business, on our Investor Relations website. We intend to group questions and answers by topic and substantially similar questions will be answered only once. To promote fairness to all stockholders and efficient use of the Company's resources, we will respond to one question per stockholder.

Quorum and Voting

To hold our 2022 Meeting, we need a majority of the outstanding shares entitled to vote at the close of business on the April 4, 2022 record date, or a quorum, represented at the 2022 Meeting either by attendance virtually or by proxy. On April 4, 2022, there were 2,504,014,351 shares of common stock outstanding and entitled to vote, meaning that 1,252,007,176 shares must be represented at the 2022 Meeting or by proxy to have a quorum. A list of stockholders entitled to vote at the close of business on the April 4, 2022 record date will be available during the Meeting at www.virtualshareholdermeeting.com/NVDA2022 and electronically for 10 days prior to the Meeting to registered stockholders for any legally valid purpose related to the Meeting. For access to the stockholder list, please contact us at shareholdermeeting@nvidia.com.

Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the 2022 Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is not a quorum, a majority of the votes present may adjourn the Meeting to another date.

For each matter to be voted on, you may vote **FOR** or **AGAINST** or **ABSTAIN** from voting.

Stockholder of Record

You are a stockholder of record if your shares were registered directly in your name with our transfer agent, Computershare, on April 4, 2022, and you can vote shares, change your vote or revoke your proxy before the final vote at the 2022 Meeting in any of the following ways:

	Vote	Change Your Vote	Revoke Your Proxy
Attend the 2022 Meeting virtually and vote during the Meeting	✓	✓	
Via mail, by signing and mailing your proxy card to us before the 2022 Meeting	✓		
By telephone or online, by following the instructions provided in the Notice or your proxy materials	✓	✓	
Submit another properly completed proxy card with a later date		✓	
Send a written notice that you are revoking your proxy to NVIDIA Corporation, 2788 San Tomas Expressway, Santa Clara, California 95051, Attention: Timothy S. Teter, Secretary or via email to shareholdermeeting@nvidia.com			✓

If you do not vote using any of the ways described above, your shares will **not** be voted.

Street Name Holder

If your shares are held through a nominee, such as a bank or broker, as of April 4, 2022, then you are the beneficial owner of shares held in "street name," and you have the right to direct the nominee how to vote those shares for the 2022 Meeting. The nominee should provide you a separate Notice or voting instructions, and you should follow those instructions to tell the nominee how to vote. To vote by attending the 2022 Meeting virtually, you must obtain a valid proxy from your nominee.

If you are a beneficial holder and do not provide voting instructions to your nominee, the nominee will not be authorized to vote your shares on "non-routine" matters, including elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation), and amendments of equity plans. This is called a "broker non-vote." However, the nominee can still register your shares as being present at the 2022 Meeting for determining quorum, and the nominee will have discretion to vote for matters considered by the NYSE to be "routine," including Proposals 3 and 4. If you are a beneficial owner and want to ensure that all of the shares you beneficially own are voted in favor or against Proposal 3 and/or Proposal 4, you must give your broker or nominee specific instructions to do so or the broker will have discretion to vote on those proposals. **In addition, you MUST give your nominee instructions in order for your vote to be counted on Proposals 1, 2, and 5, as these are "non-discretionary" items. We strongly encourage you to vote.**

Any NVIDIA stockholder whose shares are held in street name by a member brokerage firm may revoke a proxy and vote his or her shares at the 2022 Meeting only in accordance with applicable rules and procedures of the national stock exchanges, as employed by the street name holder's brokerage firm.

Vote Count

On each matter to be voted upon, stockholders have one vote for each share of NVIDIA common stock owned as of April 4, 2022. Votes will be counted by the inspector of election as follows:

Proposal Number	Proposal Description	Vote Required for Approval	Effect of Abstentions	Effect of Broker Non-Votes
1	Election of thirteen directors	FOR votes from the holders of a majority of shares present and entitled to vote on this matter	None	None
2	Advisory approval of our executive compensation	FOR votes from the holders of a majority of shares present and entitled to vote on this matter	Against	None
3	Ratification of the selection of PwC as our independent registered public accounting firm for Fiscal 2023	FOR votes from the holders of a majority of shares present and entitled to vote on this matter	Against	N/A
4	Approval of a Charter amendment to increase the number of authorized shares of common stock from 4 billion to 8 billion shares	FOR votes from the holders of a majority of the shares outstanding	Against	N/A
5	Approval of an amendment and restatement of our 2007 Plan to increase the share reserve by 51.5 million shares	FOR votes from the holders of a majority of shares present and entitled to vote on this matter	Against	None

If you are a stockholder of record and you return a signed proxy card without marking any selections, your shares will be voted **FOR** each of the nominees listed in Proposal 1, and **FOR** Proposals 2-5. If any other matter is properly presented at the 2022 Meeting, Jen-Hsun Huang or Timothy S. Teter as your proxyholder will vote your shares using his best judgment.

Vote Results

Preliminary voting results will be announced at the 2022 Meeting. Final voting results will be published in a current report on Form 8-K, which will be filed with the SEC by June 8, 2022.

Proxy Materials

As permitted by SEC rules, we are making our proxy materials available to stockholders online at www.nvidia.com/proxy. On or about April 19, 2022, we sent stockholders who own our common stock at the close of business on April 4, 2022 (other than those who previously requested electronic or paper delivery) a Notice containing instructions on how to access our proxy materials, vote online or by telephone, and elect to receive future proxy materials electronically or in printed form by mail.

If you choose to receive future proxy materials electronically (via www.proxyvote.com for stockholders of record and www.icsdelivery.com/nvda for street name holders), you will receive an email next year with links to the proxy materials and proxy voting site.

SEC rules also permit companies and intermediaries, such as brokers, to satisfy Notice and proxy material delivery requirements for multiple stockholders with the same address by delivering a single Notice or set of proxy materials addressed to those stockholders. We follow this practice, known as “householding,” unless we have received contrary instructions from any stockholder at that address.

If you received more than one Notice or full set of proxy materials, then your shares are either registered in more than one name or are held in different accounts. Please vote the shares covered by each Notice or proxy card. To modify your instructions so that you receive one Notice or proxy card for each account or name, please contact your broker. Your “householding” election will continue until you are notified otherwise or until you revoke your consent.

To make a change regarding the form in which you receive proxy materials (electronically or in print), or to request receipt of a separate set of documents to a household, contact our Investor Relations Department (through our website at www.nvidia.com, by email to shareholdermeeting@nvidia.com, by phone at (408) 486-2000 or by mail at 2788 San Tomas Expressway, Santa Clara, California 95051).

We will pay the entire cost of soliciting proxies. Our directors and employees may also solicit proxies in person, by telephone, by mail, via the Internet or by other means of communication. Our directors and employees will not be paid any additional compensation for soliciting proxies. We have also retained MacKenzie Partners on an advisory basis for

an approximate fee of \$15,000 and they may help us solicit proxies from brokers, bank nominees and other institutional owners. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

2023 Meeting Stockholder Proposals

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 20, 2022 to NVIDIA Corporation, 2788 San Tomas Expressway, Santa Clara, California 95051, Attention: Timothy S. Teter, Secretary or by email to shareholdermeeting@nvidia.com, and must comply with all applicable requirements of Rule 14a-8 promulgated under the Exchange Act. However, if we do not hold our 2023 Meeting between May 3, 2023 and July 2, 2023, then the deadline is a reasonable time before we begin to print and send our proxy materials. If you wish to submit a proposal for consideration at the 2023 Meeting that is not to be included in next year's proxy materials, including nominations for election to the Board pursuant to the proxy access provision of our Bylaws, you must do so in writing following the above instructions not later than the close of business on March 4, 2023, and not earlier than February 2, 2023. We also advise you to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals, director nominations, and proxy access nominations.

In addition to satisfying the foregoing requirements under our Bylaws, to comply with the universal proxy rules in connection with our 2023 Meeting, stockholders who intend to solicit proxies in support of director nominees other than our nominees must provide notice to the Company that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 3, 2023.

Proposal 1—Election of Directors

What am I voting on? Electing the 13 director nominees identified below to hold office until the 2023 Meeting and until his or her successor is elected or appointed.

Vote required: Directors are elected if they receive more **FOR** votes than **AGAINST** votes.

Effect of abstentions: None.

Effect of broker non-votes: None.

Our Board has 13 members. All of our directors have one-year terms and stand for election annually. Our nominees include 12 independent directors, as defined by the rules and regulations of Nasdaq, and one NVIDIA officer: Mr. Huang, who serves as our President and CEO. Each of the nominees is currently a director of NVIDIA previously elected by our stockholders.

The Board expects the nominees will be available for election. If a nominee declines or is unable to act as a director, your proxy may be voted for any substitute nominee proposed by the Board or the size of the Board may be reduced.

Recommendation of the Board

The Board recommends that you vote **FOR** the election of each of the following nominees:

Name	Age	Director Since	Occupation	Independent	Financial Expert*	Committee Membership	Other Public Company Boards
Robert K. Burgess	64	2011	Independent Consultant	✓	✓	CC	
Tench Coxe	64	1993	Independent Investor	✓		CC	1

* For purposes of qualifying as an AC financial expert

** Mr. Stevens previously served as a member of our Board from 1993 until 2006

Director Qualifications and Nomination of Directors

The NCGC identifies, reviews and assesses the qualifications of existing and potential directors and selects nominees for recommendation to the Board for approval. The committee is committed to Board diversity and shall consider a nominee's background and experience to ensure that a broad range of perspectives is represented on the Board. The NCGC may conduct appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates and may engage a professional search firm to identify and assist the committee in identifying, evaluating, and conducting due diligence on potential director nominees. The NCGC has not established specific age, gender, education, experience, or skill requirements for potential members, and instead considers numerous factors regarding the nominee taking into account our current and future business models, including the following:

- Integrity and candor
- Independence
- Senior leadership and operational experience
- Professional, technical and industry knowledge
- Financial expertise
- Financial community experience (including as an investor in other companies)
- Marketing, communications and brand management background
- Governance and public company board experience
- Experience with emerging technologies and new business models
- Regulatory, legal and risk management expertise, including in cybersecurity matters
- Diversity, including race, ethnicity, sexuality, gender or membership in another underrepresented community
- Human capital management experience
- Experience in academia
- Willingness and ability to devote substantial time and effort to Board responsibilities and Company oversight
- Ability to represent the interests of the stockholders as a whole rather than special interest groups or constituencies
- All relationships between the proposed nominee and any of our stockholders, competitors, customers, suppliers or other persons with a relationship to NVIDIA
- For nominees for re-election, overall service to NVIDIA, including past attendance, participation and contributions to the activities of the Board and its committees

The NCGC and the Board understand the importance of Board refreshment, and strive to maintain an appropriate balance of tenure, diversity, professional experience and backgrounds, skills, and education on the Board. While the Board benefits from the experience and institutional knowledge that our longer-serving directors bring, it has also brought in new perspectives and ideas through the appointment of two new directors since 2020. Our longer-tenured directors are familiar with our operations and business areas and have the perspective of overseeing our activities from a variety of economic and competitive environments. Our newer directors have brought expertise in brand development and cybersecurity and familiarity with technology developments at leading academic institutions that are important to supporting NVIDIA as it enters new markets. Each year, the NCGC and Board review each director's individual performance, including the director's past contributions, outside experiences and activities, and committee participation, and determine how his or her experience and skills continue to add value to NVIDIA and the Board.

Below are the skills, competencies and attributes that our Board considers important for our directors to have considering our current business and future market opportunities:

Senior Leadership & Operations Experience

Directors with senior leadership and operations experience provide experienced oversight of our business, and unique experiences and perspectives. They are uniquely positioned to contribute practical insight into business strategy and operations, driving growth, building and strengthening corporate culture and supporting the achievement of strategic priorities and objectives.

Industry & Technical

Directors with industry experience and technical backgrounds facilitate within the Board a deeper understanding of innovations and a technical assessment of our products and services.

Financial/Financial Community

Experience in financial matters and the financial community assists our Board with review of our operations and finances, including overseeing our financial statements, capital structure and internal controls. Those with a venture capital background also offer valuable stockholder perspectives.

Governance & Public Company Board

Directors with experience in corporate governance, such as service on boards and board committees, or as executives of other large, public companies, are familiar with the dynamics and operation of a board of directors and the impact that governance policies have on a company. This experience supports our goals of strong Board and management accountability, transparency, and protection of stockholder interests. Public company board experience also helps our directors identify challenges and risks we face as a public company, including oversight of strategic, operational, compliance-related matters and stockholder relations.

Emerging Technologies & Business Models

Experience in emerging technologies and business models is integral to our growth strategies given our unique business model and provides important insights as our business expands into new areas.

Marketing, Communications & Brand Management

Directors with experience in marketing, communications and brand management offer guidance on our products directly marketed to consumers, important perspectives on expanding our market share and communicating with our customers and other stakeholders.

Regulatory, Legal & Risk Management

Our business requires compliance with a variety of regulatory requirements in different jurisdictions. We face new regulatory matters and regulations as our business grows. We are also subject to multiple lawsuits. Directors with experience in governmental, public policy, legal and risk management areas, including cybersecurity, help provide valuable insights and oversight for our Company.

Human Capital Management Experience

Our people are critical to our success. Directors with experience in organizational management, talent development, and developing values and culture in a large global workforce provide key insights. Human capital management experience also assists our Board in overseeing executive and employee compensation, development, and engagement.

Diversity

Directors with diverse backgrounds, experiences, and perspectives improves the dialogue and decision-making in the board room and contributes to overall Board effectiveness. In the director biographies below, this icon indicates gender or ethnic diversity.

Our Board believes that having a diverse mix of directors with complementary qualifications, expertise and attributes is essential to meeting its oversight responsibility. The table below reflects certain diversity information based on self-identification by each director.

Board Diversity Matrix (as of April 19, 2022)

	Gender Identity				Demographic Background								
	Male	Female	Non-Binary	Did not disclose	African American or Black	Hispanic or Latinx	Asian	Native American or Alaskan Native	Native Hawaiian or Other Pacific Islander	White	Two or more races or ethnicities	LGBTQ+	Did not disclose
Burgess	✓									✓			
Coxe	✓									✓			
Dabiri	✓				✓								
Drell		✓								✓			
Huang	✓						✓						
Hudson		✓								✓			
Jones	✓									✓			
McCaffery	✓									✓			
Neal	✓									✓			
Perry	✓									✓			
Seawell	✓									✓			
Shah		✓					✓						
Stevens	✓									✓			

The NCGC evaluates candidates proposed by stockholders using the same criteria as it uses for other candidates. Stockholders seeking to recommend a prospective nominee should follow the instructions under *Stockholder Communications with the Board of Directors* below. Stockholder submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

In addition, our Board voluntarily adopted proxy access. As a result, we will include in our proxy statement information regarding the greater of (a) up to two director candidates or (b) up to 20% of the number of directors in office on the last day that a submission may be delivered, if nominated by a stockholder (or group of up to 20 stockholders) owning at least 3% of the voting power of our outstanding capital stock for at least three continuous years. The stockholder(s) must provide timely written notice of such nomination and the stockholder(s) and nominee must satisfy the other requirements specified in our Bylaws. This summary of our proxy access rules is not intended to be complete and is subject to limitations set forth in our Bylaws and Corporate Governance Policies, both of which are available on the Investor Relations section of our website at www.nvidia.com. Stockholders are advised to review these documents, which contain the requirements for director nominations. The NCGC did not receive any stockholder nominations during Fiscal 2022.

Our Director Nominees

The biographies below include information, as of the date of this proxy statement, regarding the particular experience, qualifications, attributes or skills of each director, relative to the skills matrix above, that led the NCGC and Board to believe that he or she should continue to serve on the Board.

ROBERT K. BURGESS

Independent Consultant

Age: 64

Director Since: 2011

Committees: CC

Independent Director

Financial Expert

Other Current Public Company Boards:

None

Senior Leadership & Operations Experience

Financial/Financial Community

Governance & Public Company Board

Emerging Technologies & Business Models

Human Capital Management Experience

Robert K. Burgess has served as an independent investor and board member to technology companies since 2005. He was chief executive officer from 1996 to 2005 of Macromedia, Inc., a provider of internet and multimedia software, which was acquired by Adobe Systems Incorporated; he also served from 1996 to 2005 on its board of directors, as chairman of its board of directors from 1998 to 2005 and as executive chairman for his final year. Previously, he held key executive positions from 1984 to 1991 at Silicon Graphics, Inc. (SGI), a graphics and computing company; from 1991 to 1995, served as chief executive officer and a board member of Alias Research, Inc., a publicly traded 3D software company, until its acquisition by SGI; and resumed executive positions at SGI during 1996. Mr. Burgess was a director of IMRIS Inc., a provider of image guided therapy solutions, from 2010 to 2013; of Adobe from 2005 to 2019; and of Rogers Communications Inc., a communications and media company, from 2016 to 2019. He holds a BCom degree from McMaster University.

Mr. Burgess brings to the Board senior management and operating experience and expertise in the areas of financial and risk management. He has been in the computer graphics industry since 1984. He has a broad understanding of the roles and responsibilities of a corporate board and provides valuable insight on a range of issues in the technology industry.

Human Capital Management Experience

Tench Cox was managing director of Sutter Hill Ventures, a venture capital investment firm, from 1989 to 2020, where he focused on investments in the IT sector. Prior to joining Sutter Hill Ventures in 1987, he was director of marketing and MIS at Digital Communication Associates. He served on the board of directors of Mattersight Corp., a customer loyalty software firm from 2000 to 2018. Mr. Cox holds a BA degree in Economics from Dartmouth College and an MBA degree from Harvard Business School.

Mr. Cox brings to the Board expertise in financial and transactional analysis and provides valuable perspectives on corporate strategy and emerging technology trends. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

JOHN O. DABIRI

John O. Dabiri is the Centennial Professor of Aeronautics and Mechanical Engineering at the California Institute of Technology. He is the recipient of a MacArthur Foundation "Genius Grant," the National Science Foundation Alan T. Waterman Award, and the Presidential Early Career Award for Scientists and Engineers. He heads the Dabiri Lab, which conducts research at the intersections of fluid mechanics, energy and environment, and biology. From 2015 to 2019, he served as a Professor of Civil and Environmental Engineering and of Mechanical Engineering at Stanford University, where he was recognized with the Eugene L. Grant Award for Excellence in Teaching. From 2005 to 2015, he was a Professor of Aeronautics and Bioengineering at the California Institute of Technology, during which time he also served as Director of the Center for Bioinspired Wind Energy, Chair of the Faculty, and Dean of Students. Dr. Dabiri is a Fellow of the American Physical Society, where he was also elected to the Chair line of the Division of Fluid Dynamics. He serves on President Biden's Council of Advisors on Science and Technology (PCAST) and Energy Secretary Granholm's Energy Advisory Board (SEAB). He also serves on the Board of Trustees of the Gordon and Betty Moore Foundation and as a member of the National Academies' Committee on Science, Technology, and Law. Dr. Dabiri holds a PhD degree in Bioengineering and an MS degree in Aeronautics from the California Institute of Technology, and a BSE degree summa cum laude in Mechanical and Aerospace Engineering from Princeton University.

Dr. Dabiri brings to the Board a versatile research background and cutting-edge expertise in various engineering fields, along with a proven record of successful innovation.

Jen-Hsun Huang founded NVIDIA in 1993 and has served since its inception as president, chief executive officer, and a member of the board of directors. Mr. Huang is a recipient of the Semiconductor Industry Association's highest honor, the Robert N. Noyce Award; IEEE Founder's Medal; the Dr. Morris Chang Exemplary Leadership Award; and honorary doctorate degrees from Taiwan's National Chiao Tung University, National Taiwan University, and Oregon State University. He was included in TIME magazine's 2021 list of the world's 100 most influential people. In 2019, Harvard Business Review ranked him No. 1 on its list of the world's 100 best-performing CEOs over the lifetime of their tenure. In 2017, he was named Fortune's Businessperson of the Year. Prior to founding NVIDIA, Huang worked at LSI Logic and Advanced Micro Devices. Mr. Huang holds a BSEE degree from Oregon State University and an MSEE degree from Stanford University.

Mr. Huang is one of the technology industry's most respected executives, having taken NVIDIA from a startup to a world leader in accelerated computing. Under his guidance, NVIDIA has compiled a record of consistent innovation and sharp execution, marked by products that have gained strong market share.

Dawn Hudson serves on the boards of various companies. From 2014 to 2018, Ms. Hudson served as Chief Marketing Officer for the National Football League. Previously, she served from 2009 to 2014 as vice chairman of The Parthenon Group, an advisory firm focused on strategy consulting. She was president and chief executive officer of Pepsi-Cola North America, the beverage division of PepsiCo, Inc. for the U.S. and Canada, from 2005 to 2007 and president from 2002, and simultaneously served as chief executive officer of the foodservice division of PepsiCo, Inc. from 2005 to 2007. Previously, she spent 13 years in marketing, advertising and branding strategy, holding leadership positions at major agencies, such as D'Arcy Masius Benton & Bowles and Omnicom. Ms. Hudson currently serves on the board of directors of a private skincare company. She was a director of P.F. Chang's China Bistro, Inc., a restaurant chain, from 2010 until 2012; of Allergan, Inc., a biopharmaceutical company, from 2008 until 2014; of Lowes Companies, Inc., a home improvement retailer, from 2001 until 2015; and of Amplify Snack Brands, Inc., a snack food company, from 2014 until 2018. She holds a BA degree in English from Dartmouth College.

Ms. Hudson brings to the board experience in executive leadership. As a longtime marketing executive, she has valuable expertise and insights in leveraging brands, brand development and consumer behavior. She also has considerable corporate governance experience, gained from more than a decade of serving on the boards of public companies.

Harvey C. Jones has been the managing partner of Square Wave Ventures, a private investment firm, since 2004. Mr. Jones has been an entrepreneur, high technology executive and active venture investor for over 30 years. In 1981, he co-founded Daisy Systems Corp., a computer-aided engineering company, ultimately serving as its president and chief executive officer until 1987. Between 1987 and 1998, he led Synopsys, Inc., a major electronic design automation company, serving as its chief executive officer for seven years and then as executive chairman. In 1997, Mr. Jones co-founded Tensilica Inc., a privately held technology IP company that developed and licensed high performance embedded processing cores. He served as chairman of the Tensilica board of directors from inception through its 2013 acquisition by Cadence Design Systems, Inc. He was a director of Tintri Inc., a company that built data storage solutions for virtual and cloud environments, from 2014 until 2018. Mr. Jones holds a BS degree in Mathematics and Computer Sciences from Georgetown University and an MS degree in Management from Massachusetts Institute of Technology.

Mr. Jones brings to the board an executive management background, an understanding of semiconductor technologies and complex system design. He provides valuable insight into innovation strategies, research and development efforts, as well as management and development of our technical employees. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Mark A. Stevens has been the managing partner of S-Cubed Capital, a private family office investment firm, since 2012. He was a managing partner from 1993 to 2011 of Sequoia Capital, a venture capital investment firm, where he had been an associate for the preceding four years. Previously, he held technical sales and marketing positions at Intel Corporation, and was a member of the technical staff at Hughes Aircraft Co. He is a Trustee of the University of Southern California. Mr. Stevens was a director of Quantenna Communications, Inc., a provider of Wi-Fi solutions, from 2016 until 2019. Mr. Stevens holds a BSEE degree, a BA degree in Economics and an MS degree in Computer Engineering from the University of Southern California and an MBA degree from Harvard Business School.

Mr. Stevens brings to the Board a deep understanding of the technology industry, and the drivers of structural change and high-growth opportunities. He provides valuable insight regarding corporate strategy development and the analysis of acquisitions and divestitures. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies (as further described below) require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq.

Dr. Drell has served as Provost of Stanford University since 2017. NVIDIA has entered into transactions, relationships or arrangements during the past three fiscal years with Stanford University for the support of research and activities related to NVIDIA's industry and line of business. The amount that NVIDIA paid in each of the last three fiscal years to Stanford University, and the amount received in each fiscal year by NVIDIA from Stanford University, did not, in any of the previous three fiscal years, exceed the greater of \$200,000 or 1% of either entity's consolidated gross revenues.

After considering the above arrangements, and all other relevant relationships and transactions, our Board determined that, except for Mr. Huang, all of our directors are "independent" as defined by Nasdaq's rules and regulations. The Board also determined that all members of our AC, CC and NCGC are independent under applicable Nasdaq listing standards, and that each of Messrs. McCaffery, Perry and Seawell of the AC are "audit committee financial experts" as defined under applicable SEC rules.

Board Leadership Structure

Our Board ensures that each member has an equal voice in the affairs and the management of NVIDIA, which the Board believes best serves our stockholders, by having an independent Lead Director, rather than a chairperson. Our Lead Director is an integral part of our Board structure and a critical aspect of our effective corporate governance. The independent directors consider the role and designation of the Lead Director on an annual basis, and Mr. Perry was first appointed as our Lead Director in 2018. In addition, Mr. Perry serves on both the NCGC and the AC, which affords him increased engagement with Board governance and composition as well as with risk assessment and management, and financial and regulatory matters of the Company. While the CEO has primary responsibility for preparing the agendas for Board meetings and presiding over the portion of the meetings of the Board where he is present, our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include, in part:

- Determining an appropriate schedule of Board meetings, and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations;
- Working with the CEO, and seeking input from other directors and relevant management, as to the preparation of the agendas for Board meetings;
- Advising the CEO on a regular basis as to the quality, quantity and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material; and
- Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board, and acting as principal liaison between them and the CEO on sensitive issues.

The active involvement of our independent directors, combined with the qualifications and significant responsibilities of our Lead Director, provide balance on the Board and promote strong, independent oversight of our management and affairs.

Role of the Board in Risk Oversight

The Board oversees risk management at NVIDIA and delegates oversight of appropriate topics to its committees. Our AC has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures. The AC also monitors compliance with certain legal and regulatory requirements and oversees the performance of the internal audit function. Our NCGC monitors the effectiveness of our anonymous tip process and corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct, and oversees ESG risks, ranging from the impact of artificial intelligence to climate change. Our CC assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Beginning in Fiscal 2023, the NCGC transitioned oversight of human capital management issues, including diversity and inclusion, to the CC. The Board exercises direct oversight of strategic risks to NVIDIA and other risk areas not delegated to one of its committees.

The full Board has oversight of cybersecurity matters and has delegated to the AC the responsibility of reviewing the adequacy and effectiveness of the Company's information security policies and practices and the internal controls regarding information security. Management reviews information security topics with the AC, and the full Board receives detailed reports on cybersecurity matters from our Chief Information Officer and members of our Information Security team, and/or from the AC, on a regular cadence.

Management periodically provides information, including guidance on risk management and mitigation, to the Board or a relevant committee. Each committee also reports to the Board on those matters. The Board and its committees have received regular reports from management regarding the impact, risks and opportunities of COVID-19 on our business, operations and people.

Corporate Governance Policies of the Board of Directors

The Board has adopted Corporate Governance Policies to ensure that the Board has the necessary authority and processes in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. These policies include practices the Board follows with respect to its composition and selection, regular evaluations of the Board and its committees, Board meetings and involvement of senior management, chief executive officer performance evaluation, and Board committees and compensation. These policies may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Executive Sessions of the Board

As required under Nasdaq's listing standards, our independent directors meet regularly in scheduled executive sessions at which only independent directors are present, as well as in sessions with the CEO. In Fiscal 2022, our independent directors met in both types of executive sessions at all four of our scheduled quarterly Board meetings.

Director Attendance at Annual Meeting

We do not have a formal policy regarding attendance by members of the Board at our annual meetings. We expect that our directors will attend each annual meeting, absent a valid reason. All Board members attended our 2021 Meeting.

Board Self-Assessments

The NCGC oversees an evaluation process, conducted at least annually, whereby outside corporate counsel for NVIDIA interviews each director to obtain his or her evaluation of the Board as a whole, and of the committees on which he or she serves. The interviews solicit ideas from the directors about, among other things, improving the quality of Board and/or committee oversight effectiveness regarding strategic direction, financial and audit matters, executive compensation, acquisition activity and other key matters. The interviews also focus on Board process and identifying specific issues which should be discussed in the future. After these evaluations are complete, our outside corporate counsel summarizes the results, reviews them with our Lead Director, and then submits the summary for discussion by the NCGC.

In response to the evaluations conducted in Fiscal 2022, our Board focused on the Company's supply chain and acquisition activities, requested that the CC report on the Company's return to office initiatives, as well as oversee additional topics on diversity and inclusion, and began transitioning to in-person Board and committee meetings during Fiscal 2023.

Director Orientation and Continuing Education

The NCGC and our General Counsel are responsible for new director orientation and for administering or approving eligible director continuing education programs. Continuing education programs for directors may include a combination of internally developed materials and presentations, programs presented by third parties, and financial and administrative support for attendance at qualifying academic or other independent programs.

Director Stock Ownership Guidelines

Our Corporate Governance Policies require each non-employee director to hold shares of our common stock with a total value equal to six times the annual cash retainer for Board service during the period in which he or she serves as a director (or six times his base salary, in the case of the CEO). The shares may include vested deferred stock, shares held in trust and shares held by immediate family members, but unvested or unexercised equity awards do not count for purposes of this ownership calculation. Non-employee directors have five years after their Board appointment to reach the ownership threshold. Our stock ownership guidelines are intended to further align director interests with stockholder interests.

Each non-employee director and Mr. Huang currently meets or exceeds the stock ownership requirements.

Hedging and Pledging Policy

Under our Insider Trading Policy, our directors, executive officers, employees, and their designees may not hedge their ownership of NVIDIA stock, including but not limited to trading in options, puts, calls, or other derivative instruments related to NVIDIA stock or debt. Additionally, directors, executive officers, employees, and their designees may not purchase NVIDIA stock on margin, borrow against NVIDIA stock held in a margin account, or pledge NVIDIA stock as collateral for a loan. We allow for certain portfolio diversification transactions, such as investments in exchange funds.

Management Development

The Board reviews, on an annual basis, management development for senior executives and discusses candidates to fulfill the CEO's responsibilities on an interim basis in the event our CEO is incapacitated. The Board's goal is to have long-term, effective leadership continuity.

Outside Advisors

The Board and each of its principal committees may retain outside advisors and consultants of their choosing at our expense. The Board need not obtain management's consent to retain outside advisors. In addition, the principal committees need not obtain either the Board's or management's consent to retain outside advisors.

Code of Conduct

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. Our credibility and reputation depend upon their good judgment, ethical standards and personal integrity. Our Code of Conduct applies to all executive officers, directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. The Financial Team Code of Conduct applies to our executive officers, directors and members of our finance department. We regularly review our Code of Conduct and related policies to ensure that they provide clear guidance to our directors, executives and employees.

The Code of Conduct and the Financial Team Code of Conduct are available under Governance in the Investor Relations section of our website at www.nvidia.com. If we make any amendments to either code, or grant any waiver from a provision of either code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

Corporate Hotline

We have established an independent corporate hotline to allow any employee, contractor, customer or partner to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing, Code of Conduct or other matter of concern (unless prohibited by local privacy laws).

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board regarding nominations of directors or other matters may do so by sending electronic written communications addressed to Timothy S. Teter, our Secretary, at shareholdermeeting@nvidia.com. All stockholder communications we receive that are addressed to the Board will be compiled by our Secretary. If no particular director is named, letters will be forwarded, depending on the subject matter, to the chairperson of the AC, CC or NCGC. Matters put forth by our stockholders will be reviewed by the NCGC, which will determine whether these matters should be presented to the Board. The NCGC will give serious consideration to all such matters and will make its determination in accordance with its charter and applicable laws.

Majority Vote Standard

Under our Bylaws, in an uncontested election, stockholders will be given the choice to cast votes **FOR** or **AGAINST** the election of directors or to **ABSTAIN** from such vote and shall not have the ability to cast any other vote with respect to such election of directors. A director shall be elected by the affirmative vote of the majority of the votes cast with respect to that director, meaning the number of shares voted **FOR** a director must exceed the number of votes cast **AGAINST** that director. If the votes cast **FOR** an incumbent director in a non-contested election do not exceed the number of **AGAINST** votes, such incumbent director shall offer to tender his or her resignation to the Board. The NCGC or other committee that may be designated by the Board will make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board will act on such committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of certification of the stockholder vote. In making their decision, such committee and the Board will evaluate the best interests of the

Company and its stockholders and shall consider all factors and information deemed relevant. The director who tenders his or her resignation will not participate in such committee's recommendation or the Board's decision.

In a contested election, in which the number of nominees exceeds the number of directors to be elected, stockholders will be given the choice to cast **FOR** or **WITHHOLD** votes for the election of directors and shall not have the ability to cast any other vote with respect to such election of directors. Our directors will be elected by a plurality of the shares represented at any such meeting or by proxy and entitled to vote on the election of directors at that meeting. The directors receiving the greatest number of **FOR** votes will be elected.

In either case, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will have no effect on the vote.

Board Meeting Information

The Board met five times during Fiscal 2022, including meetings during which the Board discussed the strategic direction of NVIDIA, explored and discussed new business and strategic opportunities and the product roadmap, and other matters facing NVIDIA. We expect each Board member to attend each meeting of the Board and the committees on which he or she serves. Each Board member attended 75% or more of the meetings of the Board and of each committee on which he or she served.

Committees of the Board of Directors

The Board has three committees: an AC, a CC and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes regular committee rotations are a good corporate governance practice which introduces diverse perspectives and ideas, more fully informs its members regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole. The composition and functions of our committees are set forth below.

AC
Michael G. McCaffery (Chair) Mark L. Perry A. Brooke Seawell Aarti Shah Mark A. Stevens
In Fiscal 2022, the AC met four times and selected highlights from its agenda topics included: supply chain investments, cash usage and strategy, COVID-19 and return to work, tax, treasury, and information security reviews, and our enterprise resource planning system upgrade.
Committee Role and Responsibilities • Oversees our corporate accounting and financial reporting process; • Oversees our internal audit function; • Determines and approves the engagement, retention and termination of the independent registered public accounting firm; • Evaluates the performance of and assesses the qualifications of our independent registered public accounting firm; • Reviews and approves the retention of the independent registered public accounting firm for permissible non-audit services; • Confers with management and our independent registered public accounting firm regarding the results of the annual audit, our quarterly financial statements and results, and the effectiveness of internal control over financial reporting, including those regarding information security; • Reviews the financial statements to be included in our quarterly reports on Form 10-Q and annual report on Form 10-K; • Reviews earnings press releases and the substance of financial information and outlook provided to investors and analysts on earnings calls; • Prepares the report required to be included by SEC rules in our annual proxy statement or Form 10-K; • Reviews the adequacy and effectiveness of our information security policies and practices; and • Establishes procedures for the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

CC
Dawn Hudson (Chair) Robert K. Burgess Tench Coxe John O. Dabiri Harvey C. Jones
In Fiscal 2022, the CC met four times and selected highlights from its agenda topics included: executive and employee compensation practices, review of benefits and well-being programs, human capital management and employee demographics, review of pay equity, employee retention, and the Company's share usage and strategy.
Committee Role and Responsibilities • Reviews and approves our overall compensation strategy and policies; • Reviews and recommends to the Board the compensation of our Board members; • Reviews and approves the compensation and other terms of employment of Mr. Huang and other executive officers; • Reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management; • Reviews and approves the disclosure contained in CD&A and for inclusion in the proxy statement and Form 10-K; • Administers our stock purchase plans, variable compensation plans and other similar programs; • Oversees our human capital management practices; and • Assesses and monitors whether our compensation policies and programs have the potential to encourage excessive risk-taking.

NCGC
Harvey C. Jones (Chair) Persis S. Drell Stephen C. Neal Mark L. Perry Mark A. Stevens
In Fiscal 2022, the NCGC met four times and selected highlights from its agenda topics included: consideration of Board recruiting matters; the Company's ESG efforts, particularly those related to climate change and our diversity and inclusion initiatives; and addressing stockholder concerns.
Committee Role and Responsibilities • Identifies, reviews and evaluates candidates to serve as directors; • Recommends candidates for election to our Board; • Makes recommendations to the Board regarding committee membership and chairs; • Assesses the performance of the Board and its committees; • Reviews and assesses our corporate governance principles and practices; • Monitors changes in corporate governance practices and rules and regulations; • Approves related party transactions; • Reviews and assesses our ESG matters periodically; • Establishes procedures for the receipt, retention and treatment of complaints we receive regarding violations of our Code of Conduct; and • Monitors the effectiveness of our anonymous tip process.

Environmental, Social and Corporate Governance

NVIDIA invents computing technologies that improve lives and address global challenges. We integrate sound ESG principles and practices into every aspect of the Company. The NCGC is responsible for reviewing and discussing with management our practices concerning ESG. The CC is responsible for reviewing and discussing with management our human capital management practices, including diversity and inclusion matters. We undertake an annual analysis to ensure that our ESG priorities remain aligned with stakeholder expectations, market trends, and business risks and opportunities. These issues are important for our continued business success and reflect the topics of highest concern to NVIDIA and our stakeholders.

The following section provides an overview of some of these principles and practices. More information can be found on the CSR section of our website and in our annual CSR Report. Information contained on our website or in our annual CSR Report is not incorporated by reference into this or any other report we file with the SEC. Refer to "Item 1A. Risk Factors" in our Form 10-K for a discussion of risks and uncertainties we face related to ESG.

Climate Change

In the area of sustainability, we address our climate impacts across our product lifecycle and assess risks, including current and emerging regulations and market impacts.

In our CSR Report, we report several metrics related to our environmental impact, our most recent full reporting year being Fiscal 2021, with our Fiscal 2022 metrics expected to be published in May 2022. There has been no material impact to capital expenditures, our results of operations or competitive position associated with global sustainability regulations, compliance, or costs from sourcing renewable energy. By the end of Fiscal 2025, our goal is to purchase or generate enough renewable energy to match 100% of our global electricity usage for our offices and data centers.

Whether it is creation of technology to power next-generation laptops or designs to support high-performance supercomputers, improving energy efficiency is important in our research, development, and design processes. GPUs are inherently more energy efficient than other forms of computing because they are optimized for throughput and performance per watt rather than absolute performance. GPU servers can be 40x more energy efficient than traditional CPU servers for AI inference workloads. The power efficiency of our products is evidenced by our continued strong presence on the Green500 list of the most energy-efficient systems. We powered 23 of the top 25 systems on the November 2021 Green500 list.

We plan to build Earth-2, an AI supercomputer dedicated to predicting the impacts of climate change. The system will build a digital twin of the Earth on our Omniverse platform, enable scientists to do ultra-high-resolution climate modeling, and put mitigation and adaptation tools into the hands of cities and nations so they can act with more urgency.

Human Capital Management

We believe that our employees are our greatest assets, and they play a key role in creating long-term value for our stakeholders. As of January 30, 2022, we had 22,473 employees in 32 countries. 16,242 were engaged in research and development and 6,231 were engaged in sales, marketing, operations, and administrative positions.

To be competitive and execute our business strategy successfully, we must recruit, develop, and retain talented employees, including qualified executives, scientists, engineers, and technical and non-technical staff.

Recruitment

The demand for talent in new markets such as AI and deep learning, is increasingly competitive. With differentiated hiring strategies for university, professional, executive, and for diversity, we have been successful in attracting top talent to NVIDIA.

We attract global talent from universities, collaborations with college programs, professional organization affiliations, industry conferences, community resource group participation, direct sourcing and outreach. Our employees play an important part in recruiting, with over 39% of our new hires coming from employee referrals.
