

Corporate Responsibility

NVIDIA invents computing technologies that improve lives and address global challenges. Our goal is to integrate sound CR principles and practices into every aspect of the Company. Our Board and management believe that environmental stewardship, social responsibility and solid governance are important to our business strategy and long-term value creation. While the full Board has ultimate responsibility for CR matters that impact our business, each committee of the Board oversees CR matters across our business operations in the areas that align with their respective responsibilities. The NCGC is responsible for reviewing and discussing with management our policies, issues and reporting related to CR, including overall CR strategy, risks and opportunities, and related programs and initiatives. The AC has primary responsibility for overseeing our risk management program, and supplements the Board's oversight of risks related to the adequacy and effectiveness of the Company's information security policies and practices and the internal controls regarding information security risks. The CC is responsible for reviewing and discussing with management our human capital management practices, including diversity and inclusion matters. We assess our programs annually in consideration of stakeholder expectations, market trends, and business risks and opportunities. These issues are important for our continued business success and reflect the topics of highest concern to NVIDIA and our stakeholders.

The following sections provide an overview of our principles and practices. More information can be found on the Corporate Responsibility section of our website and in our annual Corporate Responsibility Report, or CR Report. Information contained on our website or in our annual CR Report is not incorporated by reference into this or any other report we file with the SEC. Refer to "Item 1A. Risk Factors" in our Form 10-K for a discussion of risks and uncertainties we face related to CR.

Climate Change

In the area of sustainability, we address our climate impacts across our product lifecycle and assess risks, including current and emerging regulations and market impacts. The NCGC oversees NVIDIA's strategy for managing climate-related risks, opportunities and initiatives.

In our CR Report published in July 2022, we published metrics related to our environmental impact for Fiscal 2022. Fiscal 2023 metrics are expected to be published in the first half of Fiscal 2024. There has been no material impact to our capital expenditures, results of operations or competitive position associated with global sustainability regulations, compliance, or costs from sourcing renewable energy. By the end of Fiscal 2025, our goal is to purchase or generate enough renewable energy to match 100% of our global electricity usage for our offices and data centers.

Whether it is creation of technology to power next-generation laptops or designs to support high-performance supercomputers, improving energy efficiency is important in our research, development, and design processes. GPUs are inherently more energy efficient than other forms of computing because they are optimized for throughput, performance per watt and certain AI workloads. The energy efficiency of our products is evidenced by our continued strong presence on the Green500 list of the most energy-efficient systems. We powered 23 of the top 30 most energy efficient systems, including the top supercomputer, on the November 2022 Green500 list.

We plan to build Earth-2, a digital twin of the Earth on NVIDIA AI and NVIDIA Omniverse platforms. Earth-2 will enable scientists, companies, and policy makers to do ultra-high-resolution predictions of the impact of climate change and explore mitigation and adaptation strategies.

Human Capital Management

The CC is charged with oversight of human capital management, including with respect to employee diversity, equity and inclusion, talent acquisition, retention and development, employee engagement and corporate culture. In addition, the full Board periodically discusses these topics. We believe that our employees are our greatest assets, and they play a key role in creating long-term value for our stakeholders. As of the end of Fiscal 2023, we had 26,196 employees in 35 countries, 19,532 were engaged in research and development and 6,664 were engaged in sales, marketing, operations, and administrative positions.

To be competitive and execute our business strategy successfully, we must recruit, develop, and retain talented employees, including qualified executives, scientists, engineers, and technical and non-technical staff.

Recruitment

As the demand for global technical talent continues to be competitive, we have grown our technical workforce and have been successful in attracting top talent to NVIDIA. We have attracted strong talent globally with our differentiated hiring strategies for university, professional, executive and diverse recruits. The COVID-19 pandemic created expanded hiring opportunities in new geographies and provided increased flexibility for employees to work from locations of their choice. Approximately 80% of our workforce is technical and approximately 50% of our workforce holds advanced degrees.

In Fiscal 2023, we slowed our hiring to focus on our current employees and manage costs. We continue to attract global talent from universities through on-campus collaborations with professors and student organizations, as well as engagement with technical organizations and participation at industry conferences. Our employees also help to recruit top talent, with over one third of our new hires in Fiscal 2023 coming from employee referrals.

Development and Retention

We encourage life-long learning. We support employee development through self-learning, on-the-job experiences, and learning from each other. We have an extensive library of on-demand technical and non-technical content. We provide in-person learning experiences that include interactive workshops, panel discussions and speaker forums. We curate learning paths on targeted areas of skill development. We offer tuition reimbursement programs to subsidize educational programs and advanced certifications. We encourage internal mobility through career coaching that advises employees on developmental activities and internal transfer opportunities. We have implemented specifically designed mentoring and development programs for women and employees from traditionally underrepresented groups to ensure widespread readiness for future advancement.

To evaluate employee sentiment and engagement, we use pulse surveys, a suggestion box, and an anonymous third-party platform. Pulse surveys help us gain insight into employee experience and provide ideas so that we can prioritize areas to take action. The suggestion box is an always-on, interactive tool where employees share their thoughts about making our company a better place to work. The anonymous third-party platform is designed to protect the identity of the reporter and provide a mechanism for reporters to follow an investigation and receive responses.

We want NVIDIA to be a place where people can build their careers over their lifetime. Our employees tend to come and stay. In Fiscal 2023, our overall turnover rate was 5.3%.

Compensation, Benefits, and Well-Being

Our compensation program rewards performance and is structured to encourage employees to invest in the Company's future. Employees receive equity, except where unavailable due to local regulations, that is tied to our stock price and vests over time to help retain employees while aligning their interests with those of our stockholders.

We offer comprehensive benefits to support our employees' and their families' well-being, including physical, mental and financial health. These benefits include our 401(k) programs in the U.S., statutory pension programs outside the U.S., our employee stock purchase program, flexible work hours and time off, and programs to address mental health, stress, and time-management challenges. We evaluate our benefit offerings globally and aim to provide comparable support across the regions where we operate. We are committed to providing tailored benefits based on community needs, including assistance for military members, additional mental health benefits, and support for new birth parents, and those who wish to become parents.

Diversity and Inclusion

We believe that diverse teams fuel innovation, and we are committed to creating an inclusive culture that supports all employees.

When recruiting for new talent or managing current talent, we focus on recruiting, developing, and retaining a more diverse workforce with a focus on those historically underrepresented in the technology field, including women, Black/African American, and Hispanic/Latino candidates.

To this end, we:

- Partner with institutions and professional organizations serving historically underrepresented communities;
- Assign dedicated recruiting teams to support candidates from historically underrepresented groups through the interview process;
- Embed inclusion recruiting partners throughout the business to help align candidates with internal opportunities;
- Support the development of women employees through programs aimed at building a pipeline of future leaders;
- Provide peer support and executive sponsors for nine internal community resource groups;
- Provide training and education to managers and peers on fostering supportive environments and recruiting for diversity;
- Ensure we have and review a diverse pool of candidates for job requisitions; and
- Measure year over year progress and provide leadership visibility on diversity efforts.

As of the end of Fiscal 2023, our global workforce was 80% male, 19% female, and 1% not declared, with 6% of our workforce in the United States composed of Black or African American and Hispanic or Latino employees. Of our NEOs, 40% are women and 40% are ethnically and/or racially diverse.

We strive to provide equitable compensation and opportunities for advancement to all employees and to achieve promotion parity based on gender, race, and ethnicity.

To ensure pay parity, defined as no statistically significant differences in compensation based on gender, race, or ethnicity, we have used a third-party firm each year since 2015 to analyze our pay practices for gender, race and ethnicity, including based on individual performance ratings, education, years of experience, job function, job family, and position level. We have achieved pay parity for the past several years and seek to continue doing so.

In Fiscal 2023, we promoted 14% of our workforce, with women and men being promoted at an approximately equal rate.

Health and COVID-19

We supported our employees and their families in making their health and safety a top priority during Fiscal 2023 and throughout the COVID-19 pandemic to keep our workforce safe.

Hybrid Working Environment

We support a hybrid work environment, understanding that many employees want the flexibility to work in the office or from home, and to make that decision based on the conditions around them at any point in time.

Steps we have taken to support employees working from home include:

- Home-focused health and well-being programs;
- Learning and development resources on how to work, lead and manage remotely; and
- Opportunities for employees to socially connect with one another virtually.

During Fiscal 2024, we will continue a flexible work environment. We have also instituted Company-wide “rest days” each quarter where the Company unplugs for two consecutive days so that employees can recharge.

Information Security and Data Privacy

We design our products to protect the privacy, networks, computers, programs, information and data of our customers, partners, and employees. The Board is committed to strong and meaningful information security and privacy protections. Our Chief Security Officer and members of our security team present at least annually to our Board and provide updates throughout the year as needed. These leaders also update the AC quarterly.

Our information security, including cybersecurity, practices comprise the physical, procedural, and technical safeguards we take and are designed to protect customer and employee information from unauthorized access or attack, and measures designed to secure NVIDIA networks, systems, devices, products, and services in order to secure the privacy of our customers’ and employees’ data. We established a cross-functional leadership team, consisting of executive-level leaders, that meets monthly to review cybersecurity matters and evaluate emerging threats. To ensure a robust breadth of knowledge, the team consults as needed with external parties, such as computer security firms and risk management and governance experts. With oversight and guidance provided by the cross-functional leadership team, our information security teams continually refine our practices to address emerging security risks and changes in regulations.

We have a privacy policy that describes how we collect, use, store, process, share and protect customer data, as well as how customers can access and manage their personal data. We seek to uphold the legal protections safeguarding the privacy of our customers’ data. Our employees are required to complete information security awareness training and to comply with our information security and privacy policies.

Human Rights

We define human rights as the fundamental rights, freedoms and standards of treatment belonging to all humans. Our approach to human rights is aligned with internationally recognized human rights principles, including the United Nations Global Compact, the United Nations Guiding Principles, the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the International Covenant on Economic, Social and Cultural Rights, the Core Conventions of the International Labour Organization, and the International Labour Organization Declaration on Fundamental Principles and Rights at Work, and we follow the laws of the countries in which we operate.

We have codified our approach to human rights in our Human Rights Policy and work to embed human rights considerations into decision-making processes throughout the Company.

Supply Chain Management

We seek to promote human rights throughout our supply chain and expect our suppliers to respect human rights whenever they provide products or services for us.

We are a full member of the RBA, an international industry organization dedicated to corporate social responsibility in global supply chains. Since adopting the RBA Code of Conduct in 2007 when we first became an RBA member, we have continued to integrate its elements into our processes, including auditing strategic suppliers and conducting internal assessments to confirm that we are addressing all aspects of responsible supply chain management. All of our manufacturing suppliers are expected to comply with the RBA Code of Conduct and associated NVIDIA policies, including an Agreement for Manufacturer Environmental Compliance.

We expect our suppliers to maintain progressive employment, environmental, health, safety and ethical practices that meet or exceed applicable laws, the RBA Code of Conduct, our Corporate Social Responsibility Directive, our Code of Conduct and our Human Rights Policy. We also encourage suppliers to use the RBA Code of Conduct as a platform to go above and beyond compliance. We monitor our supply chain through the RBA's Validated Assessment Program and work directly with suppliers to implement any corrective actions.

We seek to use in our products gold, tantalum, tungsten, and tin from conflict-free sources, as explained in more detail in our Responsible Minerals Policy.

Trustworthy AI

We seek to advance trustworthy AI that is founded in our core values, reflects our Code of Conduct and is rooted in the principles of upholding human rights. We recognize that technology can have a profound impact on people and the world and have therefore set priorities that aim to foster positive change and enable trust and transparency in AI development.

Our products are programmable and general purpose in nature. When we provide tools to help developers create applications for specific industries, we focus on creating products and services that enable developers to create and accelerate socially beneficial applications.

Public Policy Engagement and Accountability

Our NCGC oversees our public policy engagement and accountability. Our Government Relations team engages in public policy advocacy to affect government action on issues of importance to our business, customers, stockholders, and employees, and to provide thought leadership to global governments on issues that directly affect our business. It is also a platform for educating policymakers through demonstrations of NVIDIA's technology, amplifying our work in targeted areas, and collaborating with various organizations on issues of shared interest. We focus our public policy activities in AI, specifically to promote investment in core AI research, support workforce development around AI, and provide educational resources to technology policy advisors. NVIDIA may incur expenditures to support or educate viewpoints on public policy issues, including expenditures for intermediaries that advocate on our behalf if it is in our best interest.

NVIDIA does not make contributions of any kind (money, employee time, goods or services, or employee expense reimbursements), to political parties or candidates, including any direct contributions to any intermediary organizations, such as PACs or lobbyists, campaign funds, or trade or industry associations or super PACs. This policy applies in all countries and across all levels of government, even where such contributions are permitted by law.

We belong to trade associations worldwide, representing the interests of the technology industry, industries in which we operate and the broader business community. Where required by law, we file lobbying disclosure reports with U.S. federal, state and local governments.

Management reports to the NCGC about our policies and practices in connection with governmental relations, public policy advocacy, and related expenditures.

NVIDIA's policies and practices related to public policy matters, including lobbying activities, trade association memberships, and related expenditures, are available on our website at <https://investor.nvidia.com/governance/governance-documents>.

Director Compensation

The CC reviews our non-employee director compensation annually with the assistance of Exequity LLP, the CC's independent compensation consultant. Exequity LLP prepares a comprehensive assessment of our program, including comparison to the executive compensation peer group most recently approved by the CC at the time of assessment, an update on recent trends in director compensation, and a review of related corporate governance best practices.

For our non-employee director compensation program for the year starting on the date of our 2022 Meeting, or the 2022 Program, the CC recommended, and the Board approved, maintaining the same compensation as the previous year — a mix of cash and equity awards with an approximate annual value of \$340,000. This was slightly below the median total annual compensation paid by the peer group to their non-employee directors. We do not pay additional fees for serving as a Lead Director, as chairperson or member of our AC, CC or NCGC (our three standard Board committees), or for meeting attendance. Directors who are also employees do not receive fees or equity compensation for service on the Board.

Cash Compensation

The cash portion of the annual retainer was \$85,000, paid quarterly.

Equity Compensation

The target value of the equity portion of the annual retainer was \$255,000, granted as RSUs on the first trading day following the date of our 2022 Meeting, or the 2022 Program RSUs.

The number of shares subject to each director's 2022 Program RSUs equaled this value, divided by the 30-calendar day trailing average closing price of our common stock ending the business day before the 2022 Meeting. A trailing average was used instead of a single stock price on the date of grant to reduce possible market volatility. The CC understands that using historical average stock prices can result in the ultimate grant date value of an award, as required to be reported in the Director Compensation Table under ASC 718, being different than the target equity value the CC intends to deliver. The CC considered various approaches to calculating the number of shares underlying the 2022 Program RSUs and determined the process described above is appropriate at this time.

To correlate the vesting of the 2022 Program RSUs to the directors' service on the Board and its committees over the following year, 50% of the RSUs vested on the third Wednesday in November 2022 and 50% will vest on the third Wednesday in May 2023. If a director's service terminates due to death, their RSU grants will immediately vest in full for the benefit of their beneficiaries. Directors do not receive dividend equivalents on unvested RSUs.

Non-employee directors can elect to defer settlement of RSUs upon vesting for tax planning purposes to the earlier of (i) a future year (no sooner than 2024 for the 2022 Program RSUs) or (ii) in connection with the director's cessation of service or certain change in control events, in accordance with the rules under Section 409A of the Internal Revenue Code. Messrs. Cox and Jones, and Dr. Shah elected to defer settlement of their 2022 Program RSUs.

Other Compensation/Benefits

Our directors are reimbursed for expenses incurred in attending Board and committee meetings and continuing educational programs pursuant to our Corporate Governance Policies. We do not offer change-in-control benefits to our directors, except for vesting acceleration under our equity plans that applies to all award holders under such plans if an acquirer does not assume or substitute for those awards.

Director Compensation for Fiscal 2023

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$) ⁽¹⁾	Total (\$)
Robert K. Burgess	85,000	268,978	353,978
Tench Coxe	85,000	268,978	353,978
John O. Dabiri	85,000	268,978	353,978
Persis S. Drell	85,000	268,978	353,978
Dawn Hudson	85,000	268,978	353,978
Harvey C. Jones	85,000	268,978	353,978
Michael G. McCaffery	85,000	268,978	353,978
Stephen C. Neal	85,000	268,978	353,978
Mark L. Perry	85,000	268,978	353,978
A. Brooke Seawell	85,000	268,978	353,978
Aarti Shah	85,000	268,978	353,978
Mark A. Stevens	85,000	268,978	353,978

⁽¹⁾ Amounts shown do not reflect amounts actually received by the director. Instead, these amounts reflect the aggregate full grant date fair value, calculated in accordance with ASC 718, for RSU awards granted during Fiscal 2023. The assumptions used in the calculation of award values are set forth in Note 4 to our consolidated financial statements titled *Stock-Based Compensation* in our Form 10-K. On June 3, 2022, each non-employee director serving on the Board received their RSU grant for 1,438 shares, representing their 2022 Program RSUs. The grant date fair value per share for these awards as determined under ASC 718 was \$187.05.

The following table provides information regarding the aggregate number of unvested RSUs held by each of our non-employee directors as of January 29, 2023:

Name	RSUs	Name	RSUs
Robert K. Burgess	719	Michael G. McCaffery	719
Tench Coxe	719	Stephen C. Neal	719
John O. Dabiri	1,135	Mark L. Perry	719
Persis S. Drell	719	A. Brooke Seawell	719
Dawn Hudson	719	Aarti Shah	1,287
Harvey C. Jones	719	Mark A. Stevens	719

None of our non-employee directors held unexercised stock options as of January 29, 2023.

Review of Transactions with Related Persons

Employees, officers and directors must avoid any activity that conflicts with, or has the appearance of conflicting with, our interests. This policy is included in our Code of Conduct and our Financial Team Code of Conduct. We regularly conduct a review of all related party transactions for potential conflicts of interest and all transactions involving executive officers or directors must be approved by the NCGC in compliance with the Company's policies and the Listing Standards of The Nasdaq Global Select Market. Except as discussed below, there were no transactions with related persons in Fiscal 2023 that would require disclosure in this proxy statement or approval by the NCGC.

Transactions with Related Persons

The daughter of Jen-Hsun Huang, our President and Chief Executive Officer and a member of our Board, is employed at NVIDIA. She does not share a household with Mr. Huang, is not one of our executive officers and does not report directly to Mr. Huang. Her compensation was determined in accordance with NVIDIA's compensation practices applicable to employees with comparable qualifications and responsibilities and holding similar positions and without the involvement of Mr. Huang. Her total compensation for the fiscal year ended January 29, 2023 did not exceed \$165,000. She has received and continues to be eligible for equity awards on the same general terms and conditions as applicable to employees in similar positions who do not have such family relationship.

Additionally, the son of Mr. Huang is employed at NVIDIA. He does not share a household with Mr. Huang, is not one of our executive officers and does not report directly to Mr. Huang. His compensation was determined in accordance with NVIDIA's compensation practices applicable to employees with comparable qualifications and responsibilities and holding similar positions and without the involvement of Mr. Huang. His total compensation for the fiscal year ended January 29, 2023 did not exceed \$130,000. He has received and continues to be eligible for equity awards on the same general terms and conditions as applicable to employees in similar positions who do not have such family relationship.

We have entered into indemnity agreements with our executive officers and directors which provide, among other things, that we will indemnify such executive officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, executive officer or other agent of NVIDIA, and otherwise to the fullest extent permitted under Delaware law and our Bylaws. We intend to execute similar agreements with our future executive officers and directors.

See the section below titled *Employment, Severance and Change-in-Control Arrangements* for a description of the terms of the 2007 Plan, related to a change-in-control of NVIDIA.

During Fiscal 2023, we granted RSUs to our non-employee directors, and RSUs and PSUs to our executive officers. See the section above titled *Director Compensation* and the section below titled *Executive Compensation*.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information as of April 3, 2023 as to shares of our common stock beneficially owned by each of our NEOs, each of our directors, all of our directors and executive officers as a group, and all known by us to be beneficial owners of 5% or more of our common stock. Beneficial ownership is determined in accordance with the SEC's rules and generally includes voting or investment power with respect to securities as well as shares of common stock subject to options exercisable, or PSUs or RSUs that will vest, within 60 days of April 3, 2023.

This table is based upon information provided to us by our executive officers and directors. Information about principal stockholders, other than percentages of beneficial ownership, is based solely on Schedules 13G/A filed with the SEC. Unless otherwise indicated and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned. Percentages are based on 2,473,105,748 shares of our common stock outstanding as of April 3, 2023, adjusted as required by SEC rules.

Name of Beneficial Owner	Shares Owned	Shares Issuable Within 60 Days	Total Shares Beneficially Owned	Percent

FMR LLC	138,693,959 ⁽¹⁸⁾	—	138,693,959	5.61%

* Represents less than 1% of the outstanding shares of our common stock.

⁽¹⁾ Includes (a) 60,580,404 shares of common stock held by Jen-Hsun Huang and Lori Huang, as co-trustees of the Jen-Hsun and Lori Huang Living Trust, u/a/d May 1, 1995, or the Huang Trust; (b) 4,948,956 shares of common stock held by J. and L. Huang Investments, L.P., of which the Huang Trust is the general partner; (c) 2,228,000 shares of common stock held by The Huang 2012 Irrevocable Trust, of which Mr. Huang and his wife are co-trustees; (d) 2,969,050 shares of common stock held by The Jen-Hsun Huang 2016 Annuity Trust II, of which Mr. Huang is trustee; (e) 2,969,050 shares of common stock held by The Lori Lynn Huang 2016 Annuity Trust II, of which Mr. Huang's wife is trustee; and (f) 5,007,800 shares of common stock held by The Huang Irrevocable Remainder Trust u/a/d 2/19/2016, of which Mr. Huang and his wife are co-trustees. By virtue of their status as co-trustees of the Huang Trust, The Huang 2012 Irrevocable Trust, and The Huang Irrevocable Remainder Trust, each of Mr. Huang and his wife may be deemed to have shared beneficial ownership of the shares referenced in (a), (b), (c) and (f), and to have shared power to vote or to direct the vote or to dispose of or direct the disposition of such shares.

⁽²⁾ Includes 400 shares held by son 1, 400 shares held by son 2, and 76,768 shares held by a limited liability company, the sole member of which is an irrevocable trust of which the trustee is an independent institution.

- (3) Includes (a) 133,280 shares of common stock held by the Ajay K Puri Revocable Trust dtd 12/10/2015, of which Mr. Puri is the trustee and of which Mr. Puri exercises sole voting and investment power, and (b) 4,636 shares of common stock held by The Puri 2019 Irrevocable Children's Trust dtd 12/06/2019, of which Mr. Puri is one of the trustees. Mr. Puri disclaims beneficial ownership of the shares held by The Puri 2019 Irrevocable Children's Trust, except to the extent of his pecuniary interest therein.
- (4) Includes 162,944 shares of common stock held by the Debora C. Shoquist Revocable Living Trust dtd 6/13/2002, of which Ms. Shoquist is the trustee.
- (5) Represents shares of common stock held by the Horne Teter Family Living Trust, dated February 1, 2019, of which Mr. Teter is a co-trustee and exercises shared voting and investment power.
- (6) Includes (a) 685,248 shares of common stock held in a retirement trust over which Mr. Coxе exercises sole voting and investment power, and (b) 3,497,136 shares of common stock held in The Coxе Revocable Trust, of which Mr. Coxе and his wife are co-trustees and of which Mr. Coxе exercises shared voting and investment power. Mr. Coxе disclaims beneficial ownership on the shares held by The Coxе Revocable Trust, except to the extent of his pecuniary interest therein. Mr. Coxе shares pecuniary interest in shares held in his individual name pursuant to a contractual relationship. Mr. Coxе disclaims beneficial ownership of these shares, except to the extent of his pecuniary interest therein.
- Does not include an additional 719 shares of common stock that Mr. Coxе has deferred for future issuance.
- (7) Does not include an additional 2,848 shares of common stock that Ms. Hudson has deferred for future issuance.
- (8) Includes 866,396 shares of common stock held in the H.C. Jones Living Trust, of which Mr. Jones is trustee and of which Mr. Jones exercises sole voting and investment power.
- Does not include an additional 5,283 shares of common stock that Mr. Jones has deferred for future issuance.
- (9) Includes 13,984 shares of common stock held by the McCaffery Family Trust U/A DTD 11/07/1994 of which Mr. McCaffery is trustee.
- Does not include an additional 2,848 shares of common stock that Mr. McCaffery has deferred for future issuance.
- (10) Includes (a) 1,900 shares of shares of common stock held by the 2013 Stephen C. Neal Revocable Trust, of which Mr. Neal is trustee and of which Mr. Neal exercises sole voting and investment power, and (b) 2,252 shares of common stock held by the Neal/Rhyu Revocable Trust dated 05/02/2017, of which Mr. Neal is a co-trustee and exercises shared voting and investment power.
- Does not include an additional 11,264 shares of common stock that Mr. Neal has deferred for future issuance.

FMR is located at 245 Summer Street, Boston, Massachusetts 02210.

Proposal 2—Advisory Approval of Executive Compensation

What am I voting on? A non-binding vote, known as “say-on-pay,” to approve our Fiscal 2023 NEO compensation.

Vote required for approval: A majority of the shares present, in person or represented by proxy, and entitled to vote on this matter.

Effect of abstentions: Same as a vote AGAINST.

Effect of broker non-votes: None.

In accordance with Section 14A of the Exchange Act, we are asking our stockholders to vote on an advisory basis, commonly referred to as “say-on-pay,” to approve the Fiscal 2023 compensation paid to our NEOs as disclosed in the CD&A, the compensation tables and the related narrative disclosure contained in this proxy statement. This vote is intended to address the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement, rather than any specific compensation component.

In response to our stockholders’ preference, our Board has adopted a policy of providing for annual “say-on-pay” votes.

This advisory proposal is not binding on the Board nor us. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the CC intend to consider the results of this vote in making determinations in the future regarding NEO compensation arrangements.

Recommendation of the Board

The Board recommends that our stockholders adopt the following resolution:

“RESOLVED, that the Fiscal 2023 compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**.”

Executive Compensation

Compensation Discussion and Analysis

This CD&A describes our Fiscal 2023 executive compensation philosophy, design and process, and how our corporate results affected performance-based payout. Our Fiscal 2023 NEOs were:

Jen-Hsun Huang
President and CEO

Colette M. Kress
EVP and CFO

Ajay K. Puri
EVP, Worldwide Field Operations

Debora Shoquist
EVP, Operations

Timothy S. Teter
EVP, General Counsel and Secretary

Fiscal 2023 Executive Compensation Highlights

Financial Results and Review

Fiscal 2023 was a challenging year, with macroeconomic headwinds, channel inventory corrections, COVID-19 and product architecture transitions affecting several of our businesses. As a result, our Fiscal 2023 revenue and Non-GAAP Operating Income performance fell short of the CC's pre-established goals for executive compensation. As we move into Fiscal 2024, we expect new product architectures to ramp, alongside new opportunities from areas such as generative AI and language models, NVIDIA cloud services and digitalization. TSR for the 1-year, 3-year and 5-year periods concluding at the end of Fiscal 2023 were (11%), 226% and 238%, respectively, representing cumulative stock price appreciation with dividends reinvested.

Fiscal 2023 Revenue

\$27.0 billion

Fiscal 2023 Non-GAAP Operating Income ⁽¹⁾

\$9.0 billion

Fiscal 2021 to 2023 TSR ⁽²⁾

189%

⁽¹⁾ See *Reconciliation of Non-GAAP Financial Measures* below for a reconciliation between the non-GAAP financial measures and GAAP results.

⁽²⁾ Represents TSR for purposes of the MY PSU performance goal, calculated using cumulative stock price appreciation with dividends reinvested and the average closing stock price for the 60 trading days preceding the start, and preceding and including the last day, of the 3-year performance period.

Fiscal 2023 Executive Compensation Program Elements, Adjustments, Achievement and Payouts

NVIDIA's executive compensation program in Fiscal 2023 continued to be guided by a pay for performance philosophy to align NEO pay with our stockholders' interests. Approximately 96% of our CEO's total target pay, and approximately 56% of our other NEOs' total target pay, was dependent on corporate performance. Executive compensation elements were:

Base Salary	+	Variable Cash	+	Equity
		Based on annual revenue		CEO SY PSUs based on annual Non-GAAP Operating Income performance, vesting over 4 years MY PSUs based on 3-year TSR relative to the S&P 500, vesting over 3 years
				NEOs other than CEO SY PSUs based on annual Non-GAAP Operating Income performance, vesting over 4 years MY PSUs based on 3-year TSR relative to the S&P 500, vesting over 3 years RSUs vesting over 4 years

Target Pay Adjustments

- No changes to base salary or variable cash
- Increased target equity value for each NEO by \$2 million, maintaining the same proportions as Fiscal 2022 across SY PSUs, MY PSUs and RSUs

Increased Performance Goals

- Threshold goals for Revenue and Non-GAAP Operating Income each set above record-level Fiscal 2022 actual performance

Performance Achievement and Payouts

Fiscal 2023 revenue fell short of Threshold goal	→	No Variable Cash Plan payout	Fiscal 2023 Non-GAAP Operating Income fell short of Threshold goal	→	No SY PSUs eligible to vest	Fiscal 2021 to 2023 3-year relative TSR at 99th percentile, exceeding Stretch Operating Plan goal	→	Maximum MY PSUs granted in Fiscal 2021 eligible to vest
