Mr. Stevens holds a BSEE degree, a BA degree in Economics and an MS degree in Computer Engineering from the University of Southern California and an MBA degree from Harvard Business School.

Mr. Stevens brings to the Board a deep understanding of the technology industry, and the drivers of structural change and high-growth opportunities. He provides valuable insight regarding corporate strategy development and the analysis of acquisitions and divestitures. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies (as further described below) require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq.

Dr. Drell has served as Provost of Stanford University since 2017. NVIDIA has entered into transactions, relationships or arrangements during the past three fiscal years with Stanford University for the support of research and activities related to NVIDIA's industry and line of business. The amount that NVIDIA paid in each of the last three fiscal years to Stanford University, and the amount received in each of those years by NVIDIA from Stanford University, did not, in any of those years, exceed the greater of \$200,000 or 1% of either entity's consolidated gross revenues.

After considering the above arrangements, and all other relevant relationships and transactions, our Board determined that, except for Mr. Huang, all of our directors are "independent" as defined by Nasdaq's rules and regulations. The Board also determined that all members of our AC, CC and NCGC are independent under applicable Nasdaq listing standards, and that each of Messrs. McCaffery, Perry and Seawell of the AC are "audit committee financial experts" as defined under applicable SEC rules.

Board Leadership Structure

Our Board ensures that each member has an equal voice in the affairs and the management of NVIDIA by having an independent Lead Director, rather than a chairperson, which the Board believes best serves our stockholders. Our Lead Director is an integral part of our Board structure and critical to our effective corporate governance. The independent directors consider the role and designation of the person to serve as Lead Director on an annual basis. The Board recognizes that different board leadership structures may be appropriate under different circumstances and its annual review includes consideration of whether having a Lead Director continues to best meet NVIDIA's evolving needs and serves in the best interest of its stockholders.

Our Board believes its current leadership structure is appropriate because the active involvement of each of our independent directors, combined with the qualifications, significant responsibilities and strong oversight by our Lead Director, provide balance on the Board and promote independent oversight of our management and affairs. Our Board also believes its current leadership structure is appropriate because it effectively allocates authority, responsibility and oversight between management and our independent directors and it provides the right foundation to pursue the Company's strategic and operational objectives, particularly in light of the evolution of our business and operating environment. Our CEO has primary responsibility for the operational leadership and strategic direction of the Company, and the Lead Director facilitates our Board's independent oversight of management, promotes communication between management and our Board, and supports our Board's consideration of key governance matters. This arrangement promotes open dialogue among the Board, including discussions of the independent directors during quarterly executive sessions without the presence of our CEO, which are led by our Lead Director. We believe that our current structure best serves stockholders, without the need to appoint a person to serve as chairperson of the Board.

Under our corporate governance policies, the Board may select a chairperson in its discretion, but, if it does not, a Lead Director shall be designated annually by a majority of the independent directors and identified in the Company's proxy statement. These policies help to ensure a robust independent leadership structure on our Board.

While the Board has the discretion to consider other leadership structures, including having the Lead Director (or chairperson, if any) and CEO roles filled by a single individual, it would only consider a change if it best aligned with the interests of our stockholders, management, and the Board, and it complied with applicable laws and regulations. If in the future our CEO were to take a leadership position on the Board, such as chairperson, we expect that the Board would continue to appoint an independent Lead Director to maintain a balanced and strong leadership structure and otherwise represent the Board independently from the Company's management team. Any changes to the Board's leadership structure would take into account stockholder views, including through our ongoing stockholder outreach, and would be communicated to stockholders on our Investor Relations website and in our proxy statement.

Contingent upon re-election to the Board, as of the 2023 Meeting, Mr. Neal will be appointed as our Lead Director and also take over as NCGC Chairperson, the latter of which will afford him increased engagement with Board governance and risk assessment and with management of the Company, as well as input on the design and composition of the Board. Our Lead Director may provide input on the design of the Board as requested by the NCGC. In his role as NCGC Chairperson, we expect our Lead Director to lead discussions, provide input and oversee the design of the Board itself.

Mr. Neal has served as a director since 2019 and currently serves as a member of the NCGC. Mr. Neal has extensive experience as a trial lawyer and has advised numerous companies, boards of directors and individuals on corporate governance and legal matters. He has also helped clients manage internal and government investigations. Mr. Neal also has executive experience from his time serving as Cooley LLP's CEO, and board experience from serving on the Levi Strauss & Co. board of directors. The Board believes Mr. Neal's experience, breadth of knowledge and contributions to the

Board position him well to provide strong leadership and oversight of ongoing Board matters and to contribute valuable insight with respect to the Company's business. The Board believes that Mr. Neal is highly qualified to assist the Board in overseeing the identification, assessment and management of the Company's exposure to various risks as a result of his extensive risk management, legal and executive experience. The Board believes that Mr. Neal will be able to provide leadership and help guide the Board's independent oversight of the Company's risk exposures through his role as Lead Director. Further information on the Board's oversight of risk management is detailed below under *Role of the Board in Risk Oversight*.

Our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include the duties listed below.

Duties of Our Lead Director	
✓	Determining an appropriate schedule of Board meetings and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations
✓	Working with the CEO, and seeking input from other directors and relevant management, as to the preparation of the agendas for Board meetings
✓	Advising the CEO on a regular basis as to the quality, quantity and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material
✓	Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board and acting as principal liaison between them and the CEO on sensitive issues
✓	Presiding over Board meetings when the CEO is not present
✓	Convening meetings of the independent directors as necessary or appropriate
✓	Being available to engage with stockholders, as necessary or appropriate
✓	Performing such other duties as the Board may determine from time to time

Our Lead Director may require Board consideration of risk matters, including adding them to board agendas or as topics for executive sessions of the independent members of the Board. As discussed further below, the Board maintains oversight of strategic risks for the Company and works with the CEO to address risk management matters.

In addition, our Lead Director may represent the Board in communications with stockholders and other stakeholders. The Lead Director makes themselves available for consultation with major stockholders pursuant to our Corporate Governance Policies. For the past five years that Mr. Perry served as Lead Director, he participated in our annual stockholder outreach meetings. We expect Mr. Neal to continue this participation.

Committees of the Board of Directors

The Board has three committees: an AC, a CC and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes regular committee rotations are a good corporate governance practice which introduces diverse perspectives and ideas, more fully informs its members regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole. The composition and functions of our committees are set forth below.

AC

Members as of our 2022 Meeting

- **Michael G. McCaffery (Chairperson)**
- A. Brooke Seawell
- Mark L. Perry

Members as of our 2023 Meeting

- **Stephen C. Neal (Chairperson)**
- Harvey C. Jones
- Persis S. Drell
- Mark L. Perry
- Mark A. Stevens

In Fiscal 2023, the NCGC met three times. Selected highlights from its agenda topics included: consideration of Board recruiting matters, and current Board member backgrounds and skills; the Company's CR efforts, particularly those related to climate change, corporate responsibility and our diversity and inclusion initiatives; and addressing stockholder concerns.

Committee Role and Responsibilities

- Identifies, reviews and evaluates candidates to serve as directors;
- Recommends candidates for election to our Board;
- Makes recommendations to the Board regarding committee membership and chairpersons;
- Assesses the performance of the Board and its committees;
- Reviews and assesses our corporate governance principles and practices;
- Monitors changes in corporate governance practices and rules and regulations;
- Approves related party transactions;
- Reviews and assesses our CR strategy, risks and opportunities periodically, including related programs and initiatives;
- Oversees and reviews policies and practices on trade compliance, regulatory matters and related risks;
- Establishes procedures for the receipt, retention and treatment of complaints we receive regarding violations of our Code of Conduct; and
- Monitors the effectiveness of our anonymous tip process

Role of the Board in Risk Oversight

The Board oversees risk management at NVIDIA and delegates oversight of appropriate topics to its committees. The oversight responsibility of our Board and its committees is enabled by management reporting processes, including our ERM process, that are designed to provide visibility to our Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. Our Board retains direct oversight of strategic risks to NVIDIA and other risk areas not delegated to one of its committees.

Provides independent assurance on design and effectiveness of internal controls and governance processes		

A review of risk and risk management by our Board, including strategic and information security matters, is integral to NVIDIA's long-term objectives, and by retaining oversight of risks at the Board level, we believe we have established a process allowing for thorough assessment of these matters. Given the importance of topics like information security to our business, which includes cybersecurity, the Board has determined that these matters should remain under the full Board's oversight. The AC supplements full Board oversight by reviewing and reporting on the adequacy and effectiveness of the Company's information security policies and practices and the internal controls regarding information security risks. The AC receives quarterly information security updates from management, including our Chief Security Officer and members of our security team. The full Board also receives annual reports on information security matters, including cybersecurity, from our Chief Security Officer and members of our security team.

The involvement of our Board committees is designed to increase the effectiveness of the Board's risk oversight by allocating authority and responsibility, as set forth in committee charters, to the particular committee that is best equipped to provide guidance and oversight regarding the operations, issues and risks presented, with escalation to the full Board as appropriate. The AC also meets in executive session with the leaders of our key control functions, which ensures that Board members have direct access to these teams, and that these teams are appropriately staffed and resourced. Committee chairpersons provide regular reports to the full Board regarding matters reviewed by their

committees, including key risks, and the committees work together with the full Board to facilitate the receipt of the information deemed necessary to fulfill their oversight responsibilities over our risk management activities. Our Board believes that our Board leadership structure helps to facilitate its oversight of risk at the Company because its strong independent Lead Director and independent committees proactively provide oversight of and engage with management on the Company's key risks. For further discussion, please see *Board Leadership Structure* above.

Each year management leads an ERM process, which includes a formal assessment of the Company's risk environment. The ERM process is overseen and reviewed by the Board on an annual basis. Our ERM process identifies, assesses and manages the Company's most significant risks and uncertainties that could materially impact the long-term health of the Company or prevent the achievement of strategic objectives.

Our ERM team works with senior management to identify major risks to the Company. The ERM process results are reviewed by our CEO, CFO, EVP of Worldwide Field Operations, EVP of Operations, General Counsel and internal audit team. We do not have a member of senior management with the title of Chief Compliance Officer, as we believe it is more effective to have our senior management, who report directly to our CEO, responsible for managing key risks specific to their functional areas. Because risks are considered in conjunction with the Company's operations and strategies, including long-term strategies, risks are identified and evaluated across different timeframes, including in the short-, intermediate- and long-term, depending on the specific risk. In evaluating top risks, the Board and management consider short-, intermediate-, and long-term potential impacts on the Company's business, financial condition, and results of operations, which involves looking at the internal and external environment when evaluating risks, risk amplifiers and emerging trends, and they consider the risk horizon as part of prioritizing the Company's risk mitigation efforts. The Company's most significant risks identified through the ERM process are reviewed annually with the Board, including the potential impact and likelihood of the risks materializing over the relevant timeframe, future threats and trends, and the actions, strategies, processes, controls, and procedures used or to be implemented to manage and mitigate the risks. As a part of this annual process the Board provides feedback on risk ranking and risk management strategies, as well as the ERM process.

The Board and its committees receive updates, as appropriate, during the year from management regarding the risk management processes, operations and organization, the mitigation of key existing and emerging risks and, as appropriate, provide feedback to address these matters, including those related to cybersecurity, trade compliance and strategy. Management's regular attendance at Board and committee meetings provides Board members direct access to our management team and the opportunity for the Board to receive updates on our risk exposure. Further, the agendas for each Board meeting, as determined by our CEO and Lead Director, are developed and adjusted throughout the year, to adapt to any emerging risks or key topics.

The Company's ERM process is structured to achieve robust and thoughtful Board-level attention on the Company's risk management process and the nature of the material risks faced by the Company. It is also designed so that the Board can respond to and mitigate these risks in a manner that closely aligns to the Company's disclosure controls and procedures. The ERM results are reviewed and considered by members of management who are responsible for our public reporting and the Board. Our public reports are prepared by management who participate in the ERM process, and are reviewed by the Board or its committees, as appropriate, and this process contributes to the effective functioning of our disclosure controls and procedures. Our risk oversight processes and disclosure controls and procedures are designed to appropriately identify potential risks for disclosure.

The Board, each of its committees, and senior management may, and have in the past, engaged outside advisors, experts and consultants, to help develop and analyze the Company's risk management and mitigation efforts and associated controls and procedures, as well as to help the Company anticipate future threats and trends which could have an impact on our business. The ERM process also facilitates the incorporation of risk assessment and evaluation into the strategic planning process and the provision of regular reports to senior management, including the CEO, regarding the actions, strategies, processes, controls, and procedures specific to managing, mitigating, and anticipating significant risks.

Corporate Governance Policies of the Board of Directors

The Board has adopted Corporate Governance Policies to ensure that the Board has the necessary authority and processes in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. These policies include practices the Board follows with respect to its composition and selection, regular evaluations of the Board and its committees, Board meetings and involvement of senior management, senior management performance evaluation, and Board committees and compensation. These policies may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Executive Sessions of the Board

As required under Nasdaq's listing standards, our independent directors meet regularly in scheduled executive sessions at which only independent directors are present, as well as in sessions with the CEO. In Fiscal 2023, our independent directors met in both types of executive sessions at three of our scheduled quarterly Board meetings.

Director Attendance at Annual Meeting

We expect that our directors will attend each annual meeting, absent a valid reason. All Board members attended our 2022 Meeting.

Board Self-Assessments

The NCGC oversees an evaluation process, conducted at least annually, whereby outside legal counsel for NVIDIA interviews each director to obtain his or her evaluation of the Board as a whole, and of the committees on which he or she serves. The interviews solicit ideas from the directors about, among other things, improving the quality of Board and/or committee oversight effectiveness regarding strategic direction, financial and audit matters, executive compensation, acquisition activity and other key matters. The interviews also focus on Board process and identifying specific issues which should be discussed in the future. After these evaluations are complete, our outside corporate counsel summarizes the results, reviews them with our Lead Director, and then submits the summary for discussion by the NCGC.

In response to the evaluations conducted in Fiscal 2023, our Board determined to focus on the Company's supply chain, cybersecurity, human capital management, environmental commitments, and regulatory matters, and requested additional reviews of senior management performance. The Board also determined to focus on the Board's composition and process for Board refreshment.

Director Orientation and Continuing Education

The NCGC and our General Counsel are responsible for new director orientation and for administering or approving eligible director continuing education programs. Continuing education programs for directors may include a combination of internally developed materials and presentations, programs presented by third parties, and financial and administrative support for attendance at qualifying academic or other independent programs.

Director Stock Ownership Guidelines

Our Corporate Governance Policies require each non-employee director to hold shares of our common stock with a total value equal to six times the annual cash retainer for Board service during the period in which he or she serves as a director (or six times his base salary, in the case of the CEO). The shares may include vested deferred stock, shares held in trust and shares held by immediate family members, but unvested or unexercised equity awards do not count for purposes of this ownership calculation. Non-employee directors have five years after their Board appointment to reach the ownership threshold. Our stock ownership guidelines are intended to further align director interests with stockholder interests.

Each non-employee director and Mr. Huang currently meets or exceeds the stock ownership requirements, with the exception of Dr. Dabiri, who joined our Board in 2020 and has five years from joining the Board to reach the ownership threshold.

Hedging and Pledging Policy

Under our Insider Trading Policy, our directors, executive officers, employees, and their designees may not hedge their ownership of NVIDIA stock, including but not limited to trading in options, puts, calls, or other derivative instruments related to NVIDIA stock or debt. Additionally, directors, executive officers, employees, and their designees may not purchase NVIDIA stock on margin, borrow against NVIDIA stock held in a margin account, or pledge NVIDIA stock as collateral for a loan. We allow for certain portfolio diversification transactions, such as investments in exchange funds.

Management Development

The Board reviews, on an annual basis, management development for senior management and discusses candidates to fulfill senior management's, including the CEO's, responsibilities on an interim basis in the event that a member of senior management is disabled or otherwise incapacitated. The Board's goal is to have long-term, effective leadership continuity.

Outside Advisors

The Board and each of its principal committees may retain outside advisors and consultants of their choosing at our expense. The Board need not obtain management's consent to retain outside advisors. In addition, the principal committees need not obtain either the Board's or management's consent to retain outside advisors.

Code of Conduct

Our directors, executives and employees are expected to conduct themselves with the highest degree of integrity, ethics and honesty. Our credibility and reputation depend upon their good judgment, ethical standards and personal integrity. Our Code of Conduct applies to all executive officers, directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. The Financial Team Code of Conduct applies to our executive officers, directors and members of our finance department. We regularly review our Code of Conduct and related policies

to ensure that they provide clear guidance to our directors, executives and employees. We also regularly train our employees on our Code of Conduct and other policies.

The Code of Conduct and the Financial Team Code of Conduct may be viewed under Governance in the Investor Relations section of our website, at www.nvidia.com. If we make any amendments to either code, or grant any waiver from a provision of either code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website or in a report on Form 8-K. Information contained on our website is not incorporated by reference into this or any other report we file with the SEC.

Corporate Hotline

We have established an independent corporate hotline to allow any employee, contractor, customer or partner to confidentially and anonymously submit a complaint about any accounting, internal controls, auditing, Code of Conduct or other matter of concern (unless prohibited by local privacy laws).

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate with the Board regarding nominations of directors or other matters may do so by sending electronic written communications addressed to Timothy S. Teter, our Secretary, at shareholdermeeting@nvidia.com. All stockholder communications we receive that are addressed to the Board will be compiled by our Secretary. If no particular director is named, letters will be forwarded, depending on the subject matter, to the chairperson of the AC, CC or NCGC. Matters put forth by our stockholders will be reviewed by the NCGC, which will determine whether these matters should be presented to the Board. The NCGC will give serious consideration to all such matters and will make its determination in accordance with its charter and applicable laws.

Majority Vote Standard

Under our Bylaws, in an uncontested election, stockholders will be given the choice to cast votes **FOR** or **AGAINST** the election of directors or to **ABSTAIN** from such vote and shall not have the ability to cast any other vote with respect to such election of directors. A director shall be elected by the affirmative vote of the majority of the votes cast with respect to that director, meaning the number of shares voted **FOR** a director must exceed the number of votes cast **AGAINST** that director. If the votes cast **FOR** an incumbent director in a non-contested election do not exceed the number of **AGAINST** votes, such incumbent director shall offer to tender his or her resignation to the Board. The NCGC or other committee that may be designated by the Board will make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken. The Board will act on such committee's recommendation and publicly disclose its decision and the rationale within 90 days from the date of certification of the election results. In making their decision, such committee and the Board will evaluate the best interests of the Company and its stockholders and shall consider all factors and information deemed relevant. The director who tenders his or her resignation will not participate in such committee's recommendation or the Board's decision.

In a contested election, in which the number of nominees exceeds the number of directors to be elected, stockholders will be given the choice to cast **FOR** or **WITHHOLD** votes for the election of directors and shall not have the ability to cast any other vote with respect to such election of directors. Our directors will be elected by a plurality of the shares represented at any such meeting or by proxy and entitled to vote on the election of directors at that meeting. The directors receiving the greatest number of **FOR** votes will be elected.

In either case, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will have no effect on the vote.

Board Meeting Information

The Board met seven times during Fiscal 2023, including meetings during which the Board discussed the strategic direction of NVIDIA, explored and discussed new business and strategic opportunities and the product roadmap, and other matters facing NVIDIA. We expect each Board member to attend each meeting of the Board and the committees on which he or she serves. Each Board member attended 75% or more of the meetings of the Board and of each committee on which he or she served during Fiscal 2023.
