He provides valuable insight regarding corporate strategy development and the analysis of acquisitions and divestitures. His significant financial community experience gives the Board an understanding of the methods by which companies can increase value for their stockholders.

Information About the Board of Directors and Corporate Governance

Independence of the Members of the Board of Directors

Nasdaq rules and our Corporate Governance Policies (as further described below) require that a majority of our directors not have a relationship that would interfere with their exercise of independent judgment in carrying out their responsibilities and that they meet any other qualification requirements required by the SEC and Nasdaq.

Dr. Drell served as Provost of Stanford University from 2017 to 2023. NVIDIA has entered into transactions, relationships, or arrangements during the past three fiscal years with Stanford University for the support of research and activities related to NVIDIA's industry and line of business. The amount that NVIDIA paid in each of the last three fiscal years to Stanford University, and the amount received in each fiscal year by NVIDIA from Stanford University, did not, in any of the previous three fiscal years, exceed the greater of \$200,000 or 1% of either entity's consolidated gross revenues.

After considering the above arrangements, and all other relevant relationships and transactions, our Board determined that, except for Mr. Huang, all of our directors are "independent" as defined by Nasdaq's rules and regulations. The Board also determined that all members of our AC, CC, and NCGC are independent under applicable Nasdaq listing standards, and that each of Mr. Seawell and Ms. Lora of the AC, and Mr. Jones who will join the AC after the Annual Meeting, are "audit committee financial experts" as defined under applicable SEC rules.

Board Leadership Structure

Our Board ensures that each member has an equal voice in the affairs and the management of NVIDIA by having an independent Lead Director, rather than a chairperson, which the Board believes best serves our stockholders. Our Lead Director is an integral part of our Board structure and critical to our effective corporate governance. The independent directors consider the role and designation of the person to serve as Lead Director on an annual basis. The Board recognizes that different board leadership structures may be appropriate under different circumstances and its annual review includes consideration of whether having a Lead Director continues to best meet NVIDIA's evolving needs and serves in the best interest of its stockholders.

Our Board believes its current leadership structure is appropriate because the active involvement of each of our independent directors, combined with the qualifications, significant responsibilities, and strong oversight by our Lead Director, provide balance on the Board and promote independent oversight of our management and affairs. Our Board also believes its current leadership structure is appropriate because it effectively allocates authority, responsibility, and oversight between management and our independent directors and it provides the right foundation to pursue the Company's strategic and operational objectives, particularly in light of the evolution of our business and operating environment. Our CEO has primary responsibility for the operational leadership and strategic direction of the Company, and the Lead Director facilitates our Board's independent oversight of management, promotes communication between management and our Board, and supports our Board's consideration of key governance matters. This arrangement promotes open dialogue among the Board, including discussions of the independent directors during quarterly executive sessions without the presence of our CEO, which are led by our Lead Director. We believe that our current structure best serves stockholders, without the need to appoint a person to serve as chairperson of the Board.

Under our corporate governance policies, the Board may select a chairperson in its discretion, but, if it does not, a Lead Director shall be designated annually by a majority of the independent directors and identified in the Company's proxy statement. These policies help to ensure a robust independent leadership structure on our Board.

While the Board has the discretion to consider other leadership structures, including having the Lead Director (or chairperson, if any) and CEO roles filled by a single individual, it would only consider a change if it best aligned with the interests of our stockholders, management, and the Board, and it complied with applicable laws and regulations. If in the future our CEO were to take a leadership position on the Board, such as chairperson, we expect that the Board would continue to appoint an independent Lead Director to maintain a balanced and strong leadership structure and otherwise represent the Board independently from the Company's management team. Any changes to the Board's leadership structure would take into account stockholder views, including through our ongoing stockholder outreach, and would be communicated to stockholders on our Investor Relations website and in our proxy statement.

Mr. Neal has served as our Lead Director since 2023 and currently serves as the Chairperson of the NCGC. Our Lead Director may provide input on the design of the Board as requested by the NCGC. In his role as NCGC Chairperson, our Lead Director will continue to lead discussions, provide input, and oversee the design of the Board itself.

Mr. Neal has served as a director since 2019 and has extensive experience as a trial lawyer and has advised numerous companies, boards of directors, and individuals on corporate governance and legal matters. He has also helped clients manage internal and government investigations. Mr. Neal also has executive experience from his time serving as Cooley LLP's CEO, and board and chairman experience from serving on the Levi Strauss & Co. board of directors. The Board believes Mr. Neal's experience, breadth of knowledge, and contributions to the Board position him well to provide strong leadership and oversight of ongoing Board matters and to contribute valuable insight with respect to the Company's business. The Board believes that Mr. Neal is highly qualified to assist the Board in overseeing the identification,

assessment, and management of the Company's exposure to various risks as a result of his extensive risk management, legal, and executive experience. The Board believes that Mr. Neal will be able to provide leadership and help guide the Board's independent oversight of the Company's risk exposures through his role as Lead Director. Further information on the Board's oversight of risk management is detailed below under *Role of the Board in Risk Oversight*.

Our Lead Director has significant responsibilities, which are set forth in our Corporate Governance Policies, and include the duties listed below.

Duties of Our Lead Director	
✓	Determining an appropriate schedule of Board meetings and seeking to ensure that the independent members of the Board can perform their duties responsibly while not interfering with the flow of our operations
✓	Working with the CEO, and seeking input from other directors and relevant management, as to the preparation of the agendas for Board meetings
✓	Advising the CEO on a regular basis as to the quality, quantity, and timeliness of the flow of information requested by the Board from our management with the goal of providing what is necessary for the independent members of the Board to effectively and responsibly perform their duties, and, although our management is responsible for the preparation of materials for the Board, the Lead Director may specifically request the inclusion of certain material
✓	Coordinating, developing the agenda for, and moderating executive sessions of the independent members of the Board and acting as principal liaison between them and the CEO on sensitive issues
✓	Presiding over Board meetings when the CEO is not present
✓	Convening meetings of the independent directors, as necessary or appropriate
✓	Being available to engage with stockholders, as necessary or appropriate
✓	Performing such other duties as the Board may determine from time to time

Our Lead Director may require Board consideration of risk matters, including adding them to board agendas or as topics for executive sessions of the independent members of the Board. As discussed further below, the Board maintains oversight of strategic risks for the Company and works with the CEO to address risk management matters.

In addition, our Lead Director may represent the Board in communications with stockholders and other stakeholders. The Lead Director makes himself available for consultation with major stockholders pursuant to our Corporate Governance Policies. As Lead Director, Mr. Neal has participated in our annual stockholder outreach meetings and we expect this practice to continue.

Committees of the Board of Directors

The Board has three committees: an AC, a CC, and a NCGC. Each of these committees operates under a written charter, which may be viewed under Governance in the Investor Relations section of our website at www.nvidia.com.

Committee assignments are determined based on background and the expertise which individual directors can bring to a committee. Our Board believes regular committee rotations are a good corporate governance practice which introduces diverse perspectives and ideas, more fully informs its members regarding the full scope of the Board and our activities, and benefits each committee and the Board as a whole. The composition and functions of our committees are set forth below.
